

KAWASAKI Turbomachinery OEM Services

Kawasaki

Operator/ Client:	Kawasaki
Project/ Location:	Gas Turbo-Generators OEM Services/ South East Asia, Pakistan, Iran
Scope of Services:	OEM Services

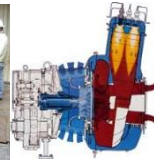

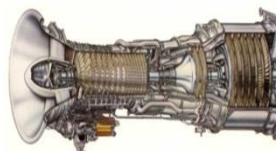

Aramis scope of work:

- *Gas Turbo-Generators installation,*
- *Pre-commissioning,*
- *Commissioning,*
- *Start-up & Performance tests*
- *Completion & Handover,*
- *Operators and Maintenance staff Training,*
- *Warranty surveys,*
- *Maintenance Overhaul*
- *Inspection,*
- *Troubleshooting.*

OEM Services on GTG up to 7,000 kW in the following industries:

- *Power Generation*
- *Paper Mills*
- *Petrochemical Plants*
- *Chemical Plants*
- *Automotive Industry*
- *Equipment Manufacturers*

Malaysia - Commissioning & testing of Torray plastics ABS resin plant gas turbine generators

Singapore – Installation & pre-commissioning of NFL co-generation plant gas turbine generators

Indonesia – Installation and pre-commissioning of Nippon Shukobai acrylic plant gas turbine generators

Iran – Warranty survey and initial inspection for KPIC petrochemical plant gas turbine generators

Indonesia – Installation, pre-com/commissioning of Pelita Cengkareng paper mill gas turbine generators

Pakistan – startup, performance tests, training and handover for Indus motor automobile plant gas turbine generators

Indonesia – Installation, pre-com/commissioning of Bridgestone type manufacturing plant gas turbine generators

Pakistan – Installation, pre-com / commissioning of Century power plant gas turbine generators

Pakistan – Installation, pre-com / commissioning of Century paper mill gas turbine generators

Indonesia – Installation, pre-com / commissioning of Darmex lubricant plant gas turbine generators
