

UPCOMING TRI-SERVICE VISION CONSERVATION AND READINESS COURSES (TSVCRC)

Our most comprehensive training program is the Tri-Service Vision Conservation and Readiness Course (TSVCRC). Taught as a combination of an online portion and a live portion, this course covers all elements of a Vision Conservation and Readiness Program (VCRP). Instruction concentrates on regulatory requirements and recommended practices to establish or enhance an installation vision conservation and readiness program. The "team" aspect of coordinating safety, occupational health, industrial hygiene, and optometry personnel is emphasized. Personnel completing this course may be able to receive Continuing Education credit.

For the rest of FY17, we have scheduled the following courses:

Yokota AB, Japan – 26-28 April
Makalapa Branch Medical Clinic, Hawaii – 1-3 May 2017
(Note – Registration for these two courses have already open)

Aberdeen Proving Ground, MD – 16-18 May 2017
(Registration to open 10 April)
Fort Eustis, VA – 23-25 May 2017
(Registration to open 17 April)
Fort Huachuca, AZ – 13-15 June 2017
(Registration to open 08 May)

Because of the number of courses which will have registration open at the same time, please be careful that you select the correct course location when registering. To enroll or for more details regarding the TSVCR Course and information regarding upcoming scheduled courses, to be placed on a Waiting List or simply to express an interest, [click here](#). At the bottom of the page are the currently scheduled courses where you can "apply" for a specific course date and location or to simply "Add name to Course Interest List."

In addition, we have put together a tentative schedule for FY18. The tentative locations and dates include:

Aberdeen Proving Ground, MD - 24-16 October 2017
Korea - location TBD - 29 November-01 December
Alaska - location TBD - 4-6 December 2017
Corpus Christi, TX - 23-25 January 2018
Fort Gordon, GA - 6-8 February 2018
Joint Base McGuire-Dix-Lakehurst, NJ - 20-22 March 2018
ARFL, Wright-Patterson AFB, OH - 1-3 May 2018
Joint Base Lewis-McChord, WA - 12-14 June 2018
Aberdeen Proving Ground, MD - 7-9 August 2018

Again, the locations and dates for courses in FY18 are tentative. If you are interested in having a course in FY18 at your site, please contact us.

NOTE: IF YOU HAVE NOT ALREADY DONE SO, YOU WILL NEED TO REGISTER TO THE SITE BEFORE YOU CAN REGISTER FOR THE COURSE.

In addition, we offer the following course:

TRI-SERVICE VISION CONSERVATION AND READINESS - SITE OR OCCUPATION SPECIFIC COURSE – TSVCR-SOS

This custom tailored course is designed to include a site assist visit to evaluate specific vision conservation requirements and up to a 4-hour course specifically tailored to meet the requesting organization's requirements. The specific course topics can include any of the topics listed above. Additional topics can be included based on your specific training requirements or needs. This course is done at the requesting unit's duty station and is scheduled to be accomplished within a single duty day. The course may be requested throughout the year.

For more information, [click here](#). To discuss the Program coming to your site, click on the "Add Name to Course Interest List" link and fill out the form. Someone will then contact you directly to determine your specific needs.

As always, if you have any questions regarding any of the training information, feel free to contact us.
