## EYE CARE

continues to evolve with innovative treatments and advances in technology, but at the heart of our field are people — both the patients who trust their care to us and providers like yourself who share our work and vision. It is our pleasure to welcome you and your team to a symposium dedicated to educational updates and time spent together. Connect with us at Symposium.

doctor education

8.5 COPE Credits Pending

staff education

7.0 JCAHPO, AOA, and AAPC Credits Pending

## ACCOMMODATIONS

Planning to stay overnight in Bozeman? A block of hotel rooms has been set up at the SpringHill Suites Bozeman. Call (406) 586-5200 and mention the Vision Foundation or Vance Thompson Vision. Please call before August 14th to reserve your room in order to take advantage of the special rate.

## ABOUT THE VISION FOUNDATION

Members of the Vision Foundation have committed to improving eye care related access to the communities we serve across the Mid- and Mountain West. We do so by educating through Symposium events, education sessions and webinars. Not only are we able to bring advanced treatments to rural areas, we're able to build relationships with providers on a similar mission.
