Live COPE Online Interactive Continuing Education Courses

COPE will be implementing the new Synchronous and Asynchronous course formats with all new course and activity submissions on January 1, 2023. It is important to note that individual State and Provincial Licensing Boards may limit the number of Synchronous Virtual and Asynchronous hours optometrists can take for license renewal. COPE advises optometrists to contact the State or Provincial Board where they are licensed for verification of what is acceptable.

Live COPE Online Interactive Continuing Education Courses

The period of 1/1/2022- 12/31/2022 will be a transition period for the COPE Governing Committee to complete research, develop a proposal, and collect stakeholder feedback on proposed format changes. During this 6-month transition period, post-course tests will NOT be required for COPE Accredited INTERACTIVE DISTANCE LEARNING courses/activities.

(Florida does not accept clinical virtual internet courses)
