“A Comprehensive Update on Contemporary Eye Care: 2017”

Presented by

Randall Thomas, O.D., M.P.H., F.A.A.O.

Program:

This course is intended to equip the audience to more comprehensively assess patient presentations over a wide range of conditions. Numerous clinical case presentations and select pharmacology topics will be discussed. The goal is to teach critical clinical points, which will enable the doctor to more accurately diagnose, and develop an action plan to maximally care for the patient.

- Neurological Eye Disease (2 hrs.)
- Retinal Disease (2 hrs.)
- Ocular Pharmacology Update (4 hrs.)
- Anterior Segment Disease (4 hrs.)

Partial CV:

Dr. Randall Thomas is a North Carolina native. He completed his training in primary eye care at the Pennsylvania College of Optometry in 1981. He has attended the Armed Forces Institute of Pathology Course in “Ophthalmic Pathology for Ophthalmologists.” Dr. Thomas was also a member of the Student Optometric Service to Haiti team in 1981. He has successfully completed the National Board Examination in Optometry and the International Association of Boards of Examiners in Optometry Examination on “Treatment and Management of Ocular Disease.”

Dr. Thomas received the “Glaucoma Educators of the Year” award presented by the American Academy of Optometry. The Southern Council of Optometrists presented the William C. Ezell Award “For the Best Article Based upon a Lecture Given at the Southern Congress of Optometry” to him. He is a Fellow in the American Academy of Optometry. He served as a consultant to the Council on Clinical Optometric Care and the Council on Optometric Education of the American Optometric Association. He has been a consultant in the areas of pathology and ocular pharmacology to the International Board of Examiners in Optometry. He is also a member of the adjunct faculty at the Pennsylvania College of Optometry, Pacific University College of Optometry, and State University of New York College of Optometry.

Dr. Thomas has lectured on the topics of ocular differential diagnosis and medical management of the eye diseases throughout the World. He has authored many articles in the optometric literature, including the annual “Clinical Guide to Ophthalmic Drugs” in Review of Optometry. Dr. Thomas is a full-time clinician delivering primary and secondary eye care.

“Considerations in Ocular Disease Management and Treatment”

Presented by

Mark T. Dunbar, O.D., F.A.A.O.

Program:

This comprehensive lecture series will cover a wide variety of ocular disease topics ranging from anterior and posterior segment disease, glaucoma and even OCT imaging. These lectures will take a blue-collar lunch approach to diagnosing and managing ocular disease. The topics discussed will be clinically relevant and pertinent to your practices.

Courses:

- Tales From the Trenches: Anterior Segment
- Tales From the Trenches: Posterior Segment
- Anterior Segment Ocular Disease Management: An Evidence Based Approach
- Glaucoma Update and Grand Rounds
- Clinical Decisions in Glaucoma
- AMD Overview
- Clinical Decisions in Retina
- Advances in OCT Imaging: The Swiss Army Pocket Knife For Eye Care
- Uveitis Update:

Partial CV:

Dr. Mark T. Dunbar graduated from the Michigan College of Optometry at Ferris State University in 1986 and did a Fellowship in Ocular Disease at the Omni Eye Services of Lexington, KY. Dr Dunbar has been a member of the optometric staff at the University of Miami’s Bascom Palmer Eye Institute for over 25 years. He currently serves as the Director of Optometric Services and the Optometry Residency Supervisor.

Dr Dunbar is a Fellow of the American Academy of Optometry and is a founding member of both the Optometric Glaucoma Society (OGS) and the Optometric Retina Society (ORS). Dr. Dunbar also serves on the Editorial Board for Review of Optometry and currently writes the monthly Retina Quiz.

"A Day in My Retina Clinic"

Presented by

Jay Haynie, O.D., F.A.A.O

Program:

This comprehensive CE course will cover topics specific to the posterior segment. AMD, Diabetic Retinopathy, Retinal Vascular disease, Peripheral lesions, management of retinal breaks and detachment as well retinal complications if obstructive sleep apnea and much more. Numerous grand rounds cases sprinkled throughout the course will allow interaction on diagnosis and management.

Courses:

- Retinal Complications of Obstructive Sleep Apnea - A Growing Concern
- Intravitreal Injections Revolutionizing Treatment of Retinal Disease
- So Now What
- Retina Grand Rounds
- Management of Vitreomacular Traction
- Retina Grand Rounds
- Diabetes Treatment and Management
- Imaging and AMD
- OCT Interpretation: From the Vitreous Through to the Choroid
- Age Related Macular Degeneration - Current concepts in management

Partial CV:

Dr. Jay M. Haynie is the Executive Clinical Director of Retina and Macula Specialists with offices in Washington State. He graduated from Pacific University College of Optometry and completed a residency at American Lake Veterans Hospital in Tacoma, WA. He has been a clinical investigator for Rainier Research and involved in several clinical studies as a sub-investigator. He serves as adjunct assistant Professor at Pacific University College of Optometry in addition to directing an internship for 4th year Optometry students. He is a Fellow of the American Academy of Optometry and a member of the Optometric Retina Society. He is a published author and has become a nationally recognized speaker on new technology and treatment of retinal and macular disease.

"Exploring Specialty Niches Within Optometry"

Presented by

Edward L. Paul, Jr., O.D., Ph.D.

Program:

This is a COPE approved 16 hour course covering new, innovative, and invigorating ideas to make your practice more fulfilling. These never before presented courses will include a comprehensive nutritional medicine "boot camp" for optometrists - including a section on how to manipulate genes with Nutrigenetics. Dr. Paul will cover the latest in retinal degenerative diseases - including a special course on "Creating an AMD Center of Excellence" within your practice. Rounding out this "Seminar in Paradise", the all new practice management track will cover universal pillars of a successful organization. Together, these lessons forge an enduring bond between inspired doctors, motivated employees, satisfied patients, and an ability to grow your practice.

Courses:

- Establishing an AMD Specialty - Optometry's Expanding Role in Macular Degeneration
- The Medical Model - Red Eyes and Urgent Emergent Eye Complaints
- Become a Nutritional Genius - OD Bootcamp
- The Dark Side of Pharmacology
- Low Vision Rehabilitation from A to Z
- Success Principles for the OD

Partial CV: Recognized as one of the world's foremost authorities on macular degeneration, ocular nutritional and low vision rehabilitation, Dr. Edward Paul is the researcher and inventor of TOZAL®, a patented prescription medication for the prevention and treatment of age-related macular degeneration (AMD).

A graduate of the Southern College of Optometry in Memphis, Tennessee, Dr. Paul completed his internship training at Womack Army Hospital at Fort Bragg in Fayetteville, North Carolina, and St. Luke's Eye Institute in Tarpon Springs, Florida. In addition to his doctorate in optometry, Dr. Paul also holds a Ph.D. in nutrition. He is considered by his peers and colleagues as a leading clinician and educator whose approach to medicine is years ahead of the conventional medical establishment. Dr. Paul holds multiple U.S. and international patents on pharmaceutical agents and medical devices used in medical practices all over the world. He has been recognized by the Consumers' Research Council of America as one of the nation's top eye physicians and is one of only 30 physicians in the United States to be selected as a Fellow of the International Academy of Low Vision Specialists.

Dr. Paul is an experienced clinician and educator having served as professor of ophthalmology at St. Luke's University School of Medicine in Belize. He was recently chosen as one of "America's Top Optometrists" by the Consumer's Research Council of America. Dr. Paul is one of 30 eye physicians in the United States to be recognized as a Fellow of the International Academy of Low Vision Specialists. He is a 1986 graduate of Southern College of Optometry in Memphis, TN, where he received a Doctor of Optometry degree (O.D.), and also holds a second doctorate, a Doctor of Philosophy degree (Ph.D.), in Nutrition, and is a member of the American Optometric Association, the North Carolina Optometric Society and is a Diplomate, International Academy of Low Vision Specialists (IALVS).

Beyond his research and medical practice, Dr. Paul is the author of several books, including Conquering Macular Degeneration, Alternative Cures, and 101 Great Ways to Improve Your Health. Furthermore, he serves as a contributing writer for several national magazines including Rodale Press, publishers of Prevention magazine. He is a frequent guest on television and radio programs, having recently been featured on NBC, CBS, ABC, FOX, and Lifetime Television. Dr. Paul is the founder and medical director at the Paul Vision Institute in Wilmington, NC. Dr. Paul is an accredited diplomat by the United States Department of State representing the Central American nation of Belize as Consul to the United States of America.

"Therapeutic Advances in Ocular Disease 2017"

Presented by

Ron Melton, O.D., FAAO

Program:

Join us for 12 hours of COPE approved CE. The program will reach the cutting edge of contemporary medical management with topical and oral drugs used to treat eye disease, including glaucoma. Clinical application of the oral pharmaceuticals will be stressed with case presentations. Emphasis will be given to sharpening the clinician's skills in diagnosing and medically managing a variety of ocular disease entities. The seminar will be presented during non-strategic cruising times.

- Therapeutic Update - 4 hrs
- Clinical Grand Rounds - 4 hrs
- Comprehensive Glaucoma Update - 4 hrs

Partial CV: Dr. Melton is a North Carolina native. He completed his training in primary eye care at the Pennsylvania College of Optometry in 1981. He has attended the Armed Forces Institute of Pathology Course in "Ophthalmic Pathology for Ophthalmologists." Dr. Melton was also a member of the Student Optometric Service to Haiti team in 1981. He has successfully completed the National Board Examination in Optometry and the International Association of Boards of Examiners in Optometry Examination on "Treatment and Management of Ocular Disease."

Dr. Ron Melton has lectured nationally and internationally at over 800 continuing medical education meetings with a goal of educating optometrists around the world in ocular disease. Was honored as a co-recipient of the "Pioneer in Optometry" recognition by the Editorial Board of Primary Care Optometry News in April 2015 for contributions in optometry education. Dr. Melton was named co-recipient of the American Academy of Optometry 2014 Vincent Ellerbrock Clinician Educator Award for outstanding and sustained contributions to the Academy's Lectures and Workshops program. He sits on the editorial boards of Optometric Physician and Primary Care Optometry News and is a contributing editor to Clinical and Refractive Optometry. Dr. Melton has authored or co-authored over 100 papers on optometry and is the co-author of the popular annual "Clinical Guide to Ophthalmic Drugs" for Review of Optometry. Dr. Melton has acted as an investigator in more than 50 clinical research trials. Currently he is a member of the adjunct faculty at Salus University (Pennsylvania College of Optometry) and Indiana University (School of Optometry). He is in a group practice in Charlotte, North Carolina, where he has staff privileges at Novant Health Presbyterian Medical Center.

- "Always remarkable how the attendance of the seminar maintains at such a high level - a testament to the lecturers." JD
- "Great and relaxing time" EF
- "The course content was excellent" MN
- "Great format, liked the open communication" JM
- "... I don't see how it could be improved" MS
- "Directly applicable to my practice; exactly what I was looking for." TC
- "The people were great. Thank you for your gracious hospitality on the ship." JN
- "Considering it was hot & Sunny on the deck of this cruise ship I attended the entire session; that speaks volumes" EP
- "Good cruise, good lecturer, always a satisfying experience on both fronts" JD
- "Perfect!" JH
- "It was really a Seminar in Paradise." DP

Refund Policy and Disclaimer:

Dr. Travel Seminars, LLC reserves the right to cancel any course, limit enrollment, modify the announced course content, or change the location, time, date and faculty of any course as may be deemed necessary or advisable. Outside vendors (Cruise Ship Companies, Excursion operators, etc.) may also change itinerary as per their disclaimers; this is beyond the control of Dr. Travel Seminars, LLC. Rates may reflect limited time promotions, which may be withdrawn at any time without notification. Not responsible for any errors or omissions. Dr. Travel Seminars, LLC has the right to correct any such errors/omissions, or to make any other changes that it deems necessary, without notice.

Course Cancellation:

Between 6-months and 2-weeks prior to the onset of the cruise there is a \$100 course cancellation penalty. Within 2-weeks prior to the onset of the cruise, no refund for the course will be granted.

Trip Cancellation & Liability:

As of 6-months prior to the departure date of a cruise, there is a \$100 per cabin non-refundable application fee. Cruise, airline seats, hotels, as well as additional purchases made through the cruise line on your behalf, are refundable as per the cancellation policy of the individual cruise line and are available in their entirety on the individual cruise line's web sites. Airline seats purchased through Dr. Travel Seminars, LLC are non-refundable and all restrictions and change fees are as imposed by the individual airline. Hotel reservations made through Dr. Travel Seminars, LLC incur cancellation fees beginning at 12-weeks prior to the reservations and are 50% of the total, and as of 8-weeks are 100%. Dr. Travel Seminars, LLC arranged Transfers & Tours are non-refundable. In addition to all the above listed penalties, all transaction fees incurred by Dr. Travel Seminars, LLC will be deducted from any refunds. Dr. Travel Seminars, LLC is not responsible for any services or products not provided or delivered by travel suppliers. At the discretion of Dr. Travel Seminars, LLC, any seminar can be canceled if an insufficient number of doctors have registered. In that unlikely event, Dr. Travel Seminars, LLC will refund all cruise, seminar, hotel, tour and transfer fees. Dr. Travel Seminars, LLC cannot, however, be responsible for any airline reservations or any other travel related purchase. Dr. Travel Seminars, LLC cannot be held liable for any act of negligence, theft, accident, illness or any other incident that may occur during the entire travel period from client's departure to their return. Dr. Travel Seminars, LLC recommends the purchase of travel insurance and is available to help you with that purchase.

Courses:

Dr. Travel Seminars, LLC is a COPE Approved provider. All optometric courses are provided in partnership with the New Jersey Society of Optometric Physicians.

Conference sessions generally take place during the days at sea, as cruise itinerary allows, avoiding conflicts with ports-of-call or evening entertainment.

All courses are designed for the general practitioner as well as for all specialties. Opticians and staff are welcome. Students may deduct 50% off on seminar fees.

All courses are offered by means of lecture.

Yours truly,

Audrey Pascal
President Dr. Travel Seminars, LLC
