Indiana Optometric Association  
117th Annual Spring Convention  
& Seminar

April 25-27, 2014  
Sheraton Keystone Crossing

**IOA**'s 117th Annual Convention and Seminar will be held April 25-27, 2014 in Indianapolis. This two and a half day seminar offers 16 hours of COPE-qualified continuing education for Optometrists and 6 hours of training for technicians, opticians, and staff. A few of the timely topics include: *Therapeutics in Eye Care, Optic Nerve Disorders, Neuroimaging, Anterior Segment Laser Procedures and Specialty Contact Lens Practice*. This year's event is being held at the beautifully upgraded Sheraton Keystone Crossing Hotel. The Sheraton is conveniently located very near many new restaurants and offers free parking. The hotel is connected by skywalk to the upscale Fashion Mall with more than 100 stores.

## OPTOMETRISTS CE SCHEDULE

### Friday, April 25, 2014

#### 7:30 – 9:30 am Registration & Continental Breakfast

#### 8 – 10 am

##### Final Four: Therapeutics in Eye Care (part I)

This special session presents the state of evolving advances in eye care. Challenges presented by a broad spectrum of conditions, along with the newest treatment options, will be addressed: cutting edge medical management involving topical and oral pharmaceutical agents, off label applications, procedures and diagnostic assessments.

Ron Melton, OD, FFAO-Charlotte, NC

Randall Thomas, OD, MPH, FFAO-Concord, NC

39334-PH COPE Qualified 2 IOB/Legend Drug Hours

#### 10 am – 12 pm

##### Final Four: Therapeutics in Eye Care (part II)

Continuation of Part I.

39335-PH COPE Qualified 2 IOB/Legend Drug Hours

#### 12 – 2:30 pm Indiana OPTOMETRY's Luncheon,

Included in Registration

#### 2:30 – 4:30 pm

##### Differential Diagnosis of Optic Nerve Disorders

A look at differential diagnosis of optic nerve disorders, including optic atrophy, hypoplasia, colobomas, tilted discs, intercranial hypertension, AION, optic disc drusen and neuritis, non-glaucomatous neuropathy and optic nerve tumors, among others.

Denise Goodwin, OD, FFAO-Forest Grove, OR

40164-NO COPE Qualified 2 IOB Hours

#### 4:30 – 5:30 pm

##### Neuroimaging 101 for the Optometrist

The use of neuroimaging is becoming increasingly important in providing quality care to patients. A review of indications, appropriate ordering, and interpretation of CT and MR imaging that may be used in a neuro-ophthalmic practice. Ophthalmic disease cases are used to emphasize clinical application and interpretation of neuroimaging.

Denise Goodwin, OD, FFAO-Forest Grove, OR

37787-NO COPE Qualified 1 IOB Hour

#### 5:30 – 7:30 pm Reception & Exhibit Hall Open

Sponsored by: Essilor

## Saturday, April 26, 2014

#### 7:30 – 9:30 am House of Delegates (breakfast)

#### 7:30 – 9 am Registration & Continental Breakfast

#### 9 – 10 am

##### Pre & Post Op. Considerations in Cataract & Capsule Surgery

Management of cataract and capsule patients from the perspective of a cataract specialty practice. Images and video of common and not so common clinical findings in this important patient population, plus analysis used in management decisions.

James Hunter, OD-Indianapolis, IN

Paul Walton, MD-Indianapolis, IN

COPE Pending 1 IOB Hour

#### 10 – 11 am

##### Ocular Disease is Not Far From Home

A 63 year old female is diagnosed with an asymptomatic Hollenhorst (HH) plaque in the same eye she had suffered an AION 5 years prior. Carotid Doppler revealed 80% blockage and the patient undergoes successful carotid endarterectomy (CEA) surgery. Is there overlap of these two conditions? A review of the current findings and testing of both AION and HH plaque. New adaptive optics scanning laser ophthalmoscopy (AO-SLO) imaging will highlight the NFL loss and the HH plaque.

Victor Malinovsky, OD-Bloomington, IN

40167-PS COPE Qualified 1 IOB/Legend Drug Hour

#### 11 am – 2:30 pm

##### Lunch with Exhibitors & Exhibit Hall Open

#### 2:30 – 4:30 pm

##### New Directions in Glaucoma Diagnostics & Treatments

A review of the newest technology related to glaucoma diagnosis as well as an update in managing clinical glaucoma.

Ian Ben Gaddie, OD-Louisville, KY

34997-GL COPE Qualified 2 IOB/Legend Drug Hours

#### 4:30 – 5:30 pm

##### Anterior Segment Laser Procedures

An examination of the various types of lasers used in the management of glaucoma and secondary cataracts.

Ian Ben Gaddie, OD-Louisville, KY

34646-LP COPE Qualified 1 IOB/Legend Drug Hour

#### 5:30 – 7 pm

##### President's Reception

## Sunday, April 27, 2014

#### 7 – 8 am

##### Past President's Breakfast

#### 7 – 8 am

##### Continental Breakfast

#### 8 – 10 am

##### Anterior Seg. Assault: Common & Uncommon Conditions

We are challenged daily with numerous anterior segment conditions. We'll cover both common and uncommon anterior segment disease states and discuss contemporary diagnostic and treatment options available to help better manage our patients.

Mile Brujic, OD-Bowling Green, OH

39603-AS COPE Qualified 2 IOB/Legend Drug Hours

#### 10 am – 12 pm

##### Developing a Specialty Contact Lens Practice

You will gain a greater appreciation for how to build a specialty contact lens practice through understanding the newest contact lens designs and when to incorporate them into your practice.

Mile Brujic, OD-Bowling Green, OH

36703-CL COPE Qualified 2 IOB Hours

## PARAOPTOMETRICS CE SCHEDULE

### Saturday, April 26, 2014

#### 7:30 – 9 am Registration & Continental Breakfast

#### 9 – 10 am

##### Top Digital Trends that Impact Practice Review

A review of the top digital trends impacting small business.

Tim Gutowski-Fairport, NY

#### 10 am – 12 pm

##### Attitude Stew: How to Keep from Boiling Over When Others are Steamed

Keeping a good attitude can be a challenge when you are dealing with a patient, fellow employee or doctor who "has an attitude". Your attitude can make all the difference in the world as to how the patient perceives the care you give. The right attitude will increase the revenue of your practice, which in turn makes you a super star!

Rebecca Johnson-Fletcher, NC

#### 12 – 2pm Lunch & Exhibit Hall

Included in Registration

#### 2 – 3pm

##### Tour of the Eye

Rebecca Johnson is your guide on this tour of the eye. Get on the bus at the tear film, travel through the layers of the cornea, take a nice swim in the aqueous, enjoy the beauty of the crystalline lens, have lunch in the posterior chamber, and end the hour with a hike through the visual pathway. Don't forget to wear comfy shoes!

Rebecca Johnson-Fletcher, NC

#### 3 – 4 pm

##### Plus or Minus?

Refractive status and the ophthalmic prescription are the focus of this course. Discussion will provide the participant with a working knowledge of the types and causes of ametropia, along with the use of ophthalmic lenses in the correction of visual acuity. The components of the eyeglass prescription, along with add power and prismatic correction will be presented.

Rebecca Johnson-Fletcher, NC

#### 4 – 5 pm

##### The Effect of Systemic Disease on the Ocular System

Why should we complete a full review of systems in an ophthalmic practice? Systemic conditions play a very important role in the health of the eye. This course reviews common systemic diseases and describes their effect on the eye.

Rebecca Johnson-Fletcher, NC

Registrations must be postmarked by April 11 to avoid a \$35 late fee.
