Organization Made Easy

All lecture sessions cover essential concepts following the American Board of Optometry (ABO) detailed exam content outline. A textbook will be mailed to you with your course purchase and we ask that you bring it to the lectures. Interactive feedback via electronic audience polling encourages attendee participation.

Course Speakers

KMK Board Certification Services was founded in 2010 as an affiliate of KMK Educational Services, which provides board exam review services to thousands of optometry students in the United States and Canada. They strive to maintain a modern, clinically-focused review curriculum without sacrificing scientific accuracy. The instructors believe there is a huge difference between relaying information and actually teaching it, and they are passionate about doing the latter.

Kyle Cheatham, O.D., F.A.A.O.

Graduated from the Indiana University School of Optometry and completed a residency at the Kansas City VA Hospital. Dr. Cheatham practices at Heartland Eye Consultants, a secondary eyecare center in Omaha where he specializes in ocular disease and low vision. He serves as an adjunct faculty member of six schools and colleges of optometry teaching optometric interns at Heartland Eye Consultants.

Christopher Wolfe, O.D., F.A.A.O.

Completed optometry school at Northeastern State University Oklahoma College of Optometry. While in school he served as president of the American Optometric Student Association. Dr. Wolfe practices at Exclusively Eyecare in Omaha, Nebraska. He specializes in anterior segment pathology with emphasis on post-surgical and corneal ectatic contact lens cases.

Melissa Cheatham, PA-C, MPAS

Received her Master's in Physician's Assistant Studies from the University of Nebraska Medical Center. She is board certified and has clinical experience in family practice, obstetrics and gynecology and most recently has practiced as a physician assistant in cardiology with the Bryan Heart Institute in Lincoln, NE.

Sarah Dougherty Wood, O.D., MS, F.A.A.O.

Graduated with honors from the IU School of Optometry and completed a residency at the Kansas City VA Hospital, where she also served as director of the low vision program for 3 years. Dr. Wood completed a two year research fellowship at the Boston VAMC in 2009 and received a Master's degree in Vision Science from The New England College of Optometry in 2010. She currently practices at Tufts Medical Center and The Dorchester House while also serving as adjunct faculty at NECO and an instructor of ophthalmology at Tufts University School of Medicine.
