*About the program instructors:*

***BERNARD HURLEY***

*Bernard R. Hurley is an Assistant Professor in the Department of Ophthalmology and Residency Program Director at the University of Ottawa as well as the fellowship Program Director for the University of Ottawa Eye Institute. Dr. Hurley completed his post-graduate medical education at the prestigious Wills Eye Hospital in Philadelphia, Pennsylvania.*

*The twice-awarded Outstanding Fellow recipient has written several book chapters and has authored or co-authored many peer-reviewed publications concerning the treatment of choroidal neovascularization and diabetic retinopathy.*

***PAUL KARPECKI***

*Paul M. Karpecki, OD, FAAO, received his doctor of optometry degree from Indiana University and completed a fellowship in medical cornea and refractive surgery in Kansas City in affiliation with the Pennsylvania College of Optometry. He currently works in corneal services, heads the ocular surface disease clinic and is director of clinical research at the Koffler Vision Group in Lexington, Kentucky.*

*Dr. Karpecki was one of two optometrists appointed to the Delphi International Society at Wilmer-Johns Hopkins, which included the top 25 dry eye experts in the world and the National Eye institute's Dry Eye Committee to provide insights around dry eye and women.*

*A noted educator and author, Dr. Karpecki has provided over 1000 lectures at various meetings domestically and covering 4 continents. He has also authored over 1000 papers in optometry journals, book chapters, e-blasts and newsletters.*
