### Presenters

Jeffrey Gerson  
OD, FAAO

A. Paul Chous  
MA, OD, FAAO

# Courses

## Course 1: Diabetes: An Inside Look

This course takes a unique look at diabetes and the eye diseases associated with it. Using several experts, one of whom has lived with diabetes since youth, the course will provide an understanding of patients with/at risk of diabetes and the OD's role in their care. **2-hour course (37201-SD, 2 credits)**

## Course 2: Diabetes: Are You Up to Date?

This course discusses the latest literature and trends in diabetes care. Eyecare is discussed, as well as how changes in systemic care of diabetes affects our patients, practices, and the care we provide. **1-hour course (37476-SD, 1 credit)**

## Course 3: Diabetes Disasters

This course will review some common and not so common disasters pertaining to the care of patients with diabetes and the optometrist's role in preventing these dangerous situations. **1-hour course (37506-SD, 1 credit)**
