

MICHIGAN OPTOMETRIC ASSOCIATION

MICHIGAN OPTOMETRIC ASSOCIATION

116th ANNUAL MEETING & SPRING SEMINAR

MAY 9 - 10, 2012

DeVos Place/Amway Grand Plaza Hotel
Grand Rapids, MI

C.E. GUEST SPEAKERS

Derek N. Cunningham, O.D., F.A.A.O.

Dr. Derek Cunningham is the director of optometry at Dell Laser Consultants in Austin, Texas. His research involves retinal drug treatments, glaucoma surgery techniques, ocular surface disease and refractive surgery. Previously, Dr. Cunningham was the resident education supervisor at the Division of Ophthalmology, Texas Tech School of Medicine at El Paso and clinic director for a surgery co-management center in Alabama. He has a special interest in sports vision and he routinely lectures and presents at the National Athletic Trainers Association meeting and American College of Sports Medicine meetings. He is also a council member for the American Optometric Association Sports Vision Section.

Eric E. Schmidt, O.D., F.A.A.O.

Dr. Eric Schmidt is the President of Omni Eye Specialists, a multi-specialty practice headquartered in Wilmington, NC. Dr. Schmidt completed his undergraduate degree from the University of Illinois and his O.D. degree from the Pennsylvania College of Optometry. He completed a residency in Ocular Disease from The Eye Institute in Philadelphia and a fellowship in Glaucoma. Dr. Schmidt is an adjunct professor at various colleges of Optometry and lectures internationally on eye disease. He is the author of the textbook Clinical Procedures Of The Lids And Nasolacrimal System and authors the monthly column "*Clinical Challenges*" in Optometric Management. He specializes in treating patients with glaucoma and neuro-ophthalmic diseases.

MOA ANNUAL MEETING & SPRING SEMINAR PROGRAM

Wednesday, May 9, 2012

Thursday, May 10, 2012

7:30am-8:00am DeVos Grand Gallery	Registration		7:30am-8:00am DeVos Grand Gallery	Registration	
8:00am-8:50am Grand Gallery D-F	The Pain Game - Exploring Ocular Pain and Inflammation (30847-PH) Derek Cunningham, O.D. This course will review current understandings of ocular pain and inflammation. Topical therapies of on and off-label medications will be reviewed for primary care and post-surgical applications.	1 hr	8:00am-8:50am Grand Gallery D-F	Iritis, Iritis, Iritis (25307-AS) Eric Schmidt, O.D. Iritis is a condition that has many different clinical presentations and can take on a protracted clinical course. This course will deal with the common and uncommon presentations of iritis. Special attention will be paid to the need for laboratory testing and accompanying systemic diseases. Both short term and long term therapy will be detailed.	1 hr
8:50am-9:40am Grand Gallery D-F	Pregnancy and the Eye (28997-SD) Derek Cunningham, O.D. This course will review ophthalmic conditions related to pregnancy and fetal risk factors that need to be considered by optometrists. The course also will address general guidelines for managing pregnant patients and women of child bearing age.	1 hr	8:50am-9:40am Grand Gallery D-F	Anterior Segment Disease Therapy: A Look Into the Future (31082-AS) Eric Schmidt, O.D. This course will highlight novel approaches to treating anterior segment diseases. New therapies will be discussed as well as yet, unapproved, treatments. Unique and future pharmaceuticals will be detailed and treatment areas such as stem cell therapy, laser, and surgical procedures will be discussed. Future diagnostic and therapeutic technology will also be presented.	1 hr
9:40am-10:10am Grand Gallery	Break and Exhibits		9:40am-10:10am Grand Gallery A-C	Break and Exhibits	
10:10am-11:50am Grand Gallery D-F	Is Glaucoma Surgery Finally Changing? (24744-GL) Derek Cunningham, O.D. Glaucoma surgery procedures have largely gone unchanged in the last 20 years, but recent developments threaten to change this. New technology and a greater understanding of the pathophysiology of glaucoma have led to several new glaucoma surgery developments. Rational for traditional surgeries will be discussed along with current practice patterns. Traditional surgeries will be used as a benchmark to measure the efficacy and utility of newer surgeries.	2 hrs	10:10am-12:10pm Gallery Overlook H	Annual MOA Business Meeting II (MOA Members Encouraged to attend)	
11:50am-1:00pm Grand Gallery A-C	Lunch and Exhibits		12:10pm-1:50pm Grand Gallery A-C	Board of Trustees Installation Lunch and Exhibits (All seminar attendees welcome)	
1:00pm-3:00pm Gallery Overlook H	Annual MOA Business Meeting I (MOA Members Encouraged to Attend)		1:50pm-3:30pm Grand Gallery D-F	Glaucoma for the 'Regular' O.D. (30772-GL) Eric Schmidt, O.D. Glaucoma is a rapidly advancing field within optometry. The advances made can be difficult to keep up with. This course will present the practicing optometrist research data that translates into practical applications that the doctor can use daily in patient care. Information will be provided that will allow the attendee to remain on the cutting edge in practical glaucoma care.	2 hrs
3:00pm-3:20pm Grand Gallery A-C	Break and Exhibits		3:30pm-3:50pm Grand Gallery A-C	Break and Exhibits	
3:20pm-5pm Grand Gallery D-F	First Line Treatment - Sports Injury and General Trauma (24693-GO) This course will review primary diagnosis and treatment of common injuries that walk into eye care offices. Emphasis will be placed on prompt diagnosis and triage of presenting cases.	2 hrs	3:50pm-5:30pm Grand Gallery D-F	Evaluating the Patient with Advanced Imaging Technologies (24718-GO) Eric Schmidt, O.D. This course will look at the usefulness of advanced imaging technologies in day to day clinical practice. Time will be spent discussing the incorporation of such technology into practice, both from a fiscal perspective as well as a practice management perspective. Emphasis will be placed on understanding the usefulness of these technologies and clinical application of these technologies in the context of both the initial diagnosis of the problem as well as the short and long term follow up of the patient with retinal disease and glaucoma.	2 hrs
Total CE = 6 hrs			Total CE = 6 hrs		
6:00pm - 8:00pm Amway Grand Imperial Ballroom	President's Reception Please join us in celebrating Dr. David Cook's ascension to the MOA presidency, along with the Board of Trustees. Hors d'oeuvres, libationas and live music from the band Mid-Life Crisis. <i>Non-members welcome.</i>				
Please Note: Course handouts are available at www.themoa.org approximately 30 days prior to the event. Please print handouts to bring to the seminar, as the MOA does not provide paper handouts.

HOTEL INFORMATION

The Michigan Optometric Association has changed the format of the Annual Meeting and Spring Seminar to include 12 hours of continuing education to better serve Michigan Optometrists. This year's event will be held at the **DeVos Place** in Grand Rapids, with hotel accommodations at the adjacent **Amway Grand Plaza Hotel**.

The MOA has secured group room reservation rates at **\$129 per night** for the Amway Grand Plaza Hotel. Reservations can be made by calling 800.253.3590 or 616.776.6450. Use group code: **10M73W** when calling.

Reservations must be made by **Sunday, April 8, 2012** to guarantee the group rate. After this date, reservations will be accepted on a space and availability rate basis.

Parking

Parking is available at the Amway Grand Hotel if staying overnight or under DeVos Place, which can be accessed from both Michigan and Lyon Streets. Directions and parking maps can be found at www.devosplace.org and www.amwaygrand.com.
