Testimonials

“I took the ABO Board Certification test today and wanted to write to thank and congratulate KMK on a job well-done. The courses and book were spot-on for preparing for the course and made the exam easy.”
~ Gerald Geist, O.D.

“Thank you for bringing the KMK Course to South Carolina. It was the best weekend CE I have attended in my 29 years of practice. Also, your course had the most positive response from attendees of any course sponsored by South Carolina Optometric Physicians Association (SCOPA) in the past 29 years.”
~ James Vaught, O.D.

Established Experts in

Standardized Test

Preparation

KMK Educational Services has helped over 5,000 optometry students prepare for NBEO exams - now they can help you review for the Optometry Board Certification Exam.

On-the-Go Access

Podcasts and KMK mobile apps. are included for the on-the-go clinician.

KMK Board Certification Services was founded in 2010 as an affiliate of KMK Educational Services, which provides board exam review services to thousands of optometry students in the United States and Canada. We strive to maintain a modern, clinically-focused review curriculum without sacrificing scientific accuracy. We believe there is a huge difference between relaying information and actually teaching it, and we are passionate about doing the latter.
