## Discussion Topics:

- Corneal Crosslinking, Keratoconus & Beyond
- Surgical Co-Management of Refractive Surgery
- Perioperative Dry Eye Disease Management
- Therapeutics & Post-Op Complications Workshop
- Pre-Operative Diagnostics Workshop
- Modern Glaucoma Managements: MIGS Updates
- Today's Cataract Surgeries: IOL Updates
- Surgical Treatments for Complex Corneas
- Myopia Control and the Growing Myopia Epidemic
- Management of the Irregular Cornea: CLs or Surgery?

**The meeting of the year for ODs** involved and interested in advanced ocular disease management, refractive surgery, cataract surgery, and innovative technologies.

The Optometric Cornea, Cataract and Refractive Society will sponsor its 15<sup>th</sup> annual education symposium. The symposium brings together the most notable experts in the field of cornea, cataract and refractive technology to discuss evolving clinical innovations and management of ocular surface disease and other anterior segment complications.

This interactive meeting encourages questions, comments and audience participation with panel discussion. **Up to 10 hours of CE will be awarded to attendees.** Registration fee includes education, breakfast, breaks, lunch, and a cocktail social.
