

Due to the ongoing COVID-19 pandemic and the uncertainty surrounding the status of vaccine deployment and large gathering restrictions by this summer, we are taking a multi-faceted approach to this year's spring education! First, we will hold a one-day Virtual Spring Seminar on Saturday, April 10 to offer everyone the chance to earn CE from the safety of their home. We are also tentatively planning a lower-capacity, socially-distanced Spring Congress on the original dates of June 11-13, dependent on the climate of the pandemic at that point.
