Education, camaraderie, exhibits, networking, and events — Academy 2022 San Diego has it all. And this year is even more special as we recognize two important milestones, the Academy's Centennial Celebration and the Academy Foundation's Diamond Jubilee. It's quite a year!

Some things you can expect during our four days in sunny San Diego include the unveiling of the American Academy of Optometry Hall of Fame, which honors those who have played an integral role in our growth and success these many years. Our rich history also will be on display in the form of a massive timeline detailing key moments in the Academy's history and important developments in the optometric profession. Academy 2022 San Diego will be capped off with the amazing "Let's Dance & Deal" Centennial bash.

So, take a look at this year's program preview guide and start planning. We think you'll be impressed with the caliber of speakers, presentations, exhibitors, and events.

THE AMERICAN ACADEMY OF OPTOMETRY inspires excellence in eyecare and optometric practice by disseminating knowledge and fostering research in vision science through its journal, *Optometry and Vision Science*, and continuing education presented at its annual meeting.

FELLOWS OF THE ACADEMY are committed to the premise that learning is a lifelong obligation of a professional, as is the commitment to expand the profession's knowledge base through ongoing fellowship and exchange.

HOTEL INFORMATION

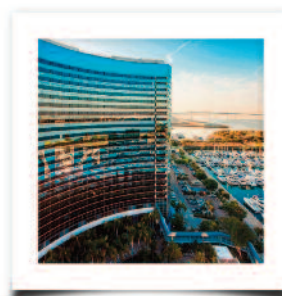

The Academy has contracted with several hotels near the San Diego Convention Center and tourist district to offer attendees conference rates.* Upon completion of registration, you will receive a link to book your room at the contracted hotel of your choice.

For assistance booking a hotel (*registration required prior to calling*) please call Orchid Events at 1-866-365-1113 (International: +1-801-505-4139).

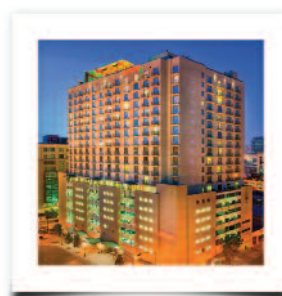

*The Academy aims to offer contracted hotel rates to all registered attendees. We ask that you please do not make two hotel reservations as this takes away room availability from other attendees.

SPECIAL PROGRAMS & EVENTS

Women's Leadership Conference

TUESDAY, OCTOBER 25, 2022, 1:00 P.M. – 6:00 P.M.

Omni Hotel San Diego, Gallery 1

Join Women in Optometry for the fourth annual Women's Leadership Conference – Be the Change. Hear from inspiring speakers who will help attendees develop an action plan for change and ideas to influence your business and career, family life, community and even the profession. *Register at aaopt.org.*

100 Years of American Academy of Optometry

In honor of our Centennial, we are pleased to establish the American Academy of Optometry Hall of Fame, and to recognize our first 100 inductees during this year's annual meeting.

Chicago's Drake Hotel was a frequent meeting site during the Academy's early years. This and more interesting facts about our history and Hall of Fame inductees will be part of a special Centennial timeline display during the meeting.

Armed Forces Optometric Society (AFOS) and Academy Annual Meeting

The Armed Forces Optometric Society (AFOS) is excited to hold its meeting in conjunction with the Academy meeting on Monday, October 24, and Tuesday, October 25.

Plan on attending this great in-person meeting in San Diego, California, featuring excellent continuing education designed for optometrists, residents, and students in the Air Force, Army, Navy, Veterans Affairs, Public Health and Indian Health Services, and enjoy the camaraderie of your federal service colleagues.

The meeting will include the important service specific breakout sessions that enable optometrists to meet with their respective service specialty leaders and discuss current issues facing their service branch. In addition, there will be opportunities to attend hands-on workshops and interact with fellow federal service optometrists and friends at events, including the 2022 AFOS Awards Ceremony.

Join us at the AFOS meeting for excellent continuing education, fellowship, an innovative exhibit hall, and much more. AFOS welcomes and encourages all interested in federal service optometry to attend, including students and residents. Register for the AFOS/AAO Bundle and plan on attending both meetings.
