Dear Colleagues,

The Saratoga Springs Primary Eye Care Conference is in its 20th year. We are very proud of the group of speakers and topics. Among the new faces are Christopher Lievens, OD, Professor and Chief of Staff at the Southern College of Optometry, Renee Reader, OD, Associate Professor at the Illinois College of Optometry serving as Chief of the Cornea Center for Clinical Excellence and Nate Lighthizer, OD, Associate Professor of Optometry at the Oklahoma College of Optometry serving as the Chief of Specialty Care Clinics and the Chief of Electrodiagnostics Clinic.

On Sunday Evening, you will be offered industry - sponsored dinners in restaurants in Saratoga for more education on products such as Revolution EHR and Konan's new VEP/ERG system. Vision Source Doctors will have a dinner at the Inn at Saratoga on Sunday night. We will be announcing new managed care initiatives at this time.

The Exhibit Hall will have several new companies and 2016 is the first year that the Exhibit Hall is filled to capacity with 42 Exhibitors prior to January 1st. This speaks to the quality of this meeting.

Thank you all and see you in Saratoga.

Cordially,
