Title 3—THE PRESIDENT

Memorandum of July 25, 1961

[CONCERNING THE COMMON-WEALTH OF PUERTO RICO]

Memorandum for the Heads of the Executive Departments and Agencies

THE WHITE HOUSE,
Washington, July 25, 1961.

Because of the importance and significance of Puerto Rico in the relations of the United States with Latin America and other nations, it is essential that the executive departments and agencies be completely aware of the unique position of the Commonwealth, and that policies, actions, reports on legislation, and other activities affecting the Commonwealth should be consistent with the structure and basic principles of the Commonwealth.

On July 25, 1952, the Governor of Puerto Rico proclaimed the establishment of the Commonwealth of Puerto Rico under its constitution. This proclamation was the culmination of a series of legislative and electoral steps which began with the passage of Public Law 600, 81st Congress, 64 Stat. 319 (1950). Public Law 600 made provision for the organization of a constitutional government by the people of Puerto Rico. In a referendum, held on June 4, 1951, the proposals of this law received the overwhelming approval of the people of Puerto Rico.

Following approval, a Puerto Rican constitutional convention drafted a constitution, which was approved by a referendum held on March 3, 1952. The Congress in turn approved this constitution. Public Law 447, 82d Congress, 66 Stat. 327 (1952).

The Commonwealth structure, and its relationship to the United States which is in the nature of a compact, provide for self-government in respect of internal affairs and administration, subject only to the applicable provisions of the Federal Constitution, the Puerto Rican Federal Relations Act, and the acts of Congress authorizing and approving the constitution.

On November 27, 1953, the General Assembly of the United Nations recognized that the people of the Commonwealth of Puerto Rico, exercising effectively the right of self-determination in a free and democratic way, had achieved a new constitutional status and that, in view of this new status, it was appropriate that the United States should cease the transmission of information with regard to Puerto Rico under Article 73(e) of the Charter. U.N. Gen. Ass. Res. 748 (VIII) (1953).

All departments, agencies, and officials of the executive branch of the Government should faithfully and carefully observe and respect this arrangement in relation to all matters affecting the Commonwealth of Puerto Rico. If any matters arise involving the fundamentals of this arrangement, they should be referred to the Office of the President.

The legislative steps which have led to the achievement by Puerto Rico of Commonwealth status have made inapplicable the provisions of Executive Order No. 6726 of May 29, 1934, insofar as they pertain to or are connected with the administration of the Government of Puerto Rico. This order no longer applies to Puerto Rico.

This memorandum shall be published in the FEDERAL REGISTER.

Title 9—ANIMALS AND ANIMAL PRODUCTS

Chapter I—Agricultural Research Service, Department of Agriculture

SUBCHAPTER A—MEAT INSPECTION REGULATIONS

PART 27—IMPORTED PRODUCTS

SUBCHAPTER D—EXPORTATION AND IMPORTATION OF ANIMALS AND ANIMAL PRODUCTS

PART 94—RINDERPEST, FOOT-AND-MOUTH DISEASE, FOWL PEST (FOWL PLAGUE), NEWCASTLE DISEASE (AVIAN PNEUMOENCEPHALITIS), AND AFRICAN SWINE FEVER: PROHIBITED AND RESTRICTED IMPORTATIONS

Restrictions on Importations of Pork and Pork Products Because of African Swine Fever

On May 30, 1961, there was published in the *FEDERAL REGISTER* (26 F.R. 4743) a notice of proposed restrictions on the importation of pork and pork products because of African swine fever. After due consideration of all relevant material submitted in connection with such notice, and pursuant to the provisions of section 2 of the Act of February 2, 1903, as amended (21 U.S.C. 111), Parts 27 and 94 of Title 9, Code of Federal Regulations, are hereby amended in the following respects:

1. The headnote to Part 94 is amended to read as set forth above.
2. A new § 94.8 is added to Part 94 to read:

§ 94.8 Pork and pork products from countries where African swine fever exists.

African swine fever is potentially the most dangerous and destructive of all communicable swine diseases. The causative virus is highly virulent and may be present in pork and pork products originating in countries where the disease exists. The only known practical method of destroying the contagion of the disease in pork or pork products is by heat treatment. In view of these circumstances and in order to prevent the introduction and dissemination of the contagion of African swine fever, the regulations in this section are promulgated with respect to the importation of pork and pork products from the following countries where the disease exists:

All countries of Africa.
Portugal.
Spain.

(a) Pork or pork products will not be permitted entry into the United States from any country where African swine fever exists unless:

(1) Such pork or pork products have been sterilized by heat in hermetically sealed containers; or

(2) Such pork or pork products have been processed by heat to such extent that, upon inspection incident to entry into the United States, the meat has a thoroughly cooked appearance throughout; and when so directed by the Director of the Animal Inspection and Quarantine Division, such pork or pork products are consigned directly from the port of entry in the United States to a meat processing establishment operating under Federal meat inspection approved by the Director for further processing such pork or pork products by heat.

(b) Pork or pork products consigned from the port of entry to an approved establishment under the provisions of subparagraph (2) of paragraph (a) of this section shall be moved from the port of entry to the approved establishment under Customs seals or seals of the Animal Inspection and Quarantine Division and shall be otherwise handled as the Director of the Division may direct in order to guard against the introduction and dissemination of the contagion of African swine fever. Seals applied under this section shall not be broken except by persons authorized to do so by the Director of the Division.

(c) Pork or pork products imported into the United States from a country where African swine fever exists which do not meet the requirements specified in this section shall be seized, quarantined, and disposed of as the Director of the Animal Inspection and Quarantine Division may direct in order to guard against the introduction and dissemination of the contagion of the disease.

§ 27.2 [Amendment]

3. Section 27.2(b) of Part 27 is amended by deleting the phrase "from countries in which the contagious and communicable disease of rinderpest or of foot-and-mouth disease exists" and substituting therefor the phrase "from countries in which the contagious and communicable disease of rinderpest, or of foot-and-mouth disease, or of African swine fever exists".

The foregoing amendments shall become effective on September 1, 1961.

(Sec. 2, 32 Stat. 792, as amended; 21 U.S.C. 111)

Done at Washington, D.C., this 21st day of July 1961.

M. R. CLARKSON,
Acting Administrator,
Agricultural Research Service.

Bent Co., Inc., Boston, Mass., Docket 8282, June 13, 1961]

Consent order requiring a Boston, Mass., manufacturer to cease violating the *Wool Products Labeling Act* by labeling and invoicing as "85% cashmere, 15% wool", woolen stocks which contained a substantial quantity of other fibers than cashmere and wool, and by failing to label certain wool products as required.

The order to cease and desist is as follows:

It is ordered, That respondent Robert M. Bent Co., Inc., a corporation, and its officers, and respondent's representatives, agents and employees, directly or through any corporate or other device, in connection with the introduction or manufacture for introduction in commerce, or the offering for sale, sale, transportation or distribution in commerce, as "commerce" is defined in the *Federal Trade Commission Act* and the *Wool Products Labeling Act*, of wool fibers or other wool products, as such products are defined in and subject to said *Wool Products Labeling Act* do forthwith cease and desist from misbranding such products by:

1. Falsely or deceptively stamping, tagging, labeling or identifying such products as to the character or amount of the constituent fibers contained therein.

2. Failing to affix labels to such products showing each element of information required to be disclosed by section 4(a)(2) of the *Wool Products Labeling Act* of 1939.

It is further ordered, That respondent Robert M. Bent Co., Inc., a corporation, and its officers, and respondent's representatives, agents and employees, directly or through any corporate or other device, in connection with the offering

for sale, sale or distribution of wool fibers or other merchandise, in commerce, as "commerce" is defined in the Federal Trade Commission Act, do forthwith cease and desist from, directly or indirectly: Misrepresenting in sales invoices, shipping memoranda, or in any other manner, the fiber content of said products.

By "Decision of the Commission", etc., report of compliance was required as follows:

It is ordered, That respondent herein shall, within sixty (60) days after service upon it of this order, file with the Commission a report in writing setting forth in detail the manner and form in which it has complied with the order to cease and desist.

Issued: June 13, 1961.

In the Matter of Container Stapling Corporation, a Corporation, and Dr. Blanche Schafroth, Individually and as an Officer of Said Corporation

Consent order requiring one of the nation's largest manufacturers of carton closing staples, stapling machines, parts, and accessories, to cease selling its products on the condition that purchasers not use or deal in similar products sold by its competitors, and that purchasers of its staplers and parts buy its staples for use therein.

The order to cease and desist is as follows:

It is ordered, That Container Stapling Corporation, a corporation, and its officers, directors, agents, representatives and employees, and Dr. Blanche Schafroth, as an officer of corporate respondent, directly or indirectly, or through any corporate, partnership or other device, in connection with the offering for sale, sale or distribution of carton closing staples, stapling machines, parts or accessories, in commerce, as "commerce" is defined in the Clayton Act and in the Federal Trade Commission Act, do forthwith cease and desist from:

1. Selling or making any contract or agreement for the sale of any such products on the condition, agreement or understanding that the purchaser thereof shall not use, deal in or distribute similar products supplied by any competitor or competitors of respondents.

2. Selling or making any contract or agreement for the sale of stapling machines, parts or accessories on the condition that the purchasers thereof will buy the carton closing staples for use, or for resale for use, in the operation of respondents' carton closing stapling machines from respondents only.

It is further ordered, That the complaint herein be, and the same hereby is, dismissed as to respondent Dr. Blanche Schafroth individually only but not in her capacity as an officer of corporate respondent.

By "Decision of the Commission", etc., report of compliance was required as follows:

It is ordered, That respondents Container Stapling Corporation, a corporation, and Dr. Blanche Schafroth, as an officer of said corporation, shall, within sixty (60) days after service upon them of this order, file with the Commission a report in writing setting forth in detail the manner and form in which they have complied with the order to cease and desist.

[1961 C.C.C. Grain Price Support Bulletin 1, Supp. 2, Rye]

PART 421—GRAINS AND RELATED COMMODITIES

Subpart—1961-Crop Rye Loan and Purchase Agreement Program

SUPPORT RATES

The 1961 C.C.C. Grain Price Support Bulletin 1 (26 F.R. 2106), issued by the Commodity Credit Corporation and containing the regulations of a general nature with respect to price support operations for certain grains and other commodities produced in 1961 was supplemented by 1961 C.C.C. Grain Price Support Bulletin 1, Supplement 1, Rye (26 F.R. 5738), containing specific requirements applicable to price support operations on the 1961 rye crop. These regulations are further supplemented as follows.

§ 421.487 Support rates.

Basic support rates for rye placed under loan or delivered under purchase agreements are set forth in this section.

(a) Basic support rates at designated terminal markets. Basic support rates per bushel for rye grading No. 2 or better, or grading No. 3 on the basis of test weight only, but otherwise grading No. 2 or better, stored in approved warehouses at the terminal markets listed below are as follows:

(b) Basic county support rates. (1)

The following basic county support rates per bushel are established for rye grading No. 2 or better, or rye grading No. 3 on the factor of test weight only, but otherwise grading No. 2 or better. Farm-storage loans and country warehouse storage loans, except as otherwise provided in § 421.483(b), will be based on the support rate established for the county in which the rye is stored.

(2) If two or more approved warehouses are located in the same or adjoining towns, villages, or cities having the same domestic interstate freight rate, such towns, villages, or cities shall be deemed to constitute one shipping point and the same support rate shall apply even though such warehouses are not all located in the same county. Such support rate shall be the highest support rate of the counties involved.

Title 7—AGRICULTURE

Chapter I—Agricultural Marketing Service (Standards, Inspections, Marketing Practices), Department of Agriculture

SUBCHAPTER C—REGULATIONS AND STANDARDS UNDER THE FARM PRODUCTS INSPECTION ACT

PART 70—GRADING AND INSPECTION OF POULTRY AND EDIBLE PRODUCTS THEREOF; AND UNITED STATES CLASSES, STANDARDS, AND GRADES WITH RESPECT THERETO

Miscellaneous Amendments

Notice of the proposed issuance of amendments to the Regulations Governing the Grading and Inspection of Poultry and Edible Products Thereof and United States Classes, Standards, and Grades with Respect Thereto (7 CFR Part 70) was published in the FEDERAL REGISTER on June 2, 1961 (26 F.R. 4889). The amendments hereinafter promulgated are issued pursuant to authority

contained in the Agricultural Marketing Act of 1946 (60 Stat. 1087, as amended; 7 U.S.C. 1621 et seq.).

The amendments clarify the authority of the Administrator to issue instructions with respect to rendition of service under the regulations; require proper facilities for the performance of grading or inspection service on a resident basis; limit discoloration due to improper freezing and storage in A and B quality; require poultry to have been examined in an unfrozen state for quality factors if the consumer grade designations are to be applied; and make other minor changes, many of which are for the purpose of conforming Part 70 with the requirements of the poultry inspection regulations set forth in Part 81.

The amendments are essentially the same as proposed in the aforesaid notice of rule-making with the exception that the proposed requirement relating to the holding of turkeys in an unfrozen state for 12 hours if they are to be designated as Grade A has been withdrawn, and the proposal allowing designation of poultry carcasses and parts as U.S. Grade A only if they were graded and identified in an unfrozen state has been clarified to apply to all the consumer grade designations. It does not appear that further public participation in rule-making on these deviations from the original proposal would make additional information available to this Department. Therefore under section 4 of the Administrative Procedure Act (5 U.S.C. 1003) it is found upon good cause that further public rule-making procedure on the amendments is unnecessary.

After consideration of all relevant material, the regulations in 7 CFR Part 70, as amended, are hereby further amended as follows:

1. Section 70.13 is changed to read:

§ 70.13 Supervision.

All grading service and all inspection service shall be subject to supervision at all times by the responsible station supervisor, State supervisor, circuit supervisor, area supervisor, and national supervisor. Such service shall be rendered in accordance with instructions issued by the Administrator where the facilities and conditions are satisfactory for the conduct of the service and the requisite graders and inspectors are available. Whenever the supervisor of a grader has evidence that such grader incorrectly graded a product, such supervisor shall take such action as is necessary to correct the grading and to cause any improper grade marks which appear on the product or containers thereof to be corrected prior to shipment of the product from the place of initial grading.

§ 70.14 [Amendment]

2. Section 70.14 is changed by deleting the first sentence and substituting therefor, "Except as otherwise provided in this section, dressed poultry may be graded or inspected under the regulations in this part only if it was processed in an official plant in accordance with

the regulations in this part, or in Part 81 of this chapter, or was imported from a country with an inspection system approved by the Administrator."

3. Section 70.20 is deleted and a new § 70.20 is added to read:

§ 70.20 Facilities to be furnished for use of graders and inspectors in performing service on a resident basis.

Facilities for proper sampling, weighing, and examination of poultry, products, and other articles under the regulations in this part shall be furnished by the official plant for use of inspectors and/or graders in the performance of their duties under the regulations.

§ 70.93 [Amendment]

4. Section 70.93(b)(3) is changed to read:

(3) The net weight or other appropriate measure of the contents, except that the Administrator may approve the use of labels for certain types of immediate containers which do not bear the net weight: *Provided*, That the retailer or distributor supplying the retailer agrees in writing to the Administrator to mark the true net weight on the label prior to display and sale thereof: *Provided further*, That the shipping container bears a statement "Net weight to be marked on consumer packages prior to display and sale": *And provided further*, That the total net weight of the contents of the shipping container shall be marked on such container. The net weight marked on immediate containers of edible products shall be the net weight of the edible products and shall not include the weights of the wet or dry packaging materials and giblets wrapping materials.

5. Section 70.93(f) is changed by adding at the end thereof the following: "Deviations from the form of labeling required under the regulations in this part may be approved by the Administrator: *Provided*, That the proposed labeling accords to the specifications of the foreign purchaser, that it is not in conflict with the laws of the country to which it is intended for export, and that the outside of the shipping container is labeled to show that it is intended for export; but if such product is sold or offered for sale in domestic commerce, all the requirements of the regulations in this part shall apply."

§ 70.353 [Amendment]

6. Section 70.353(h) is changed to read:

(h) *Freezing defects*. The carcass or part is practically free of defects resulting from freezing. Slight darkening of the flesh over the back and drumsticks is permitted provided the frozen bird has a generally bright appearance. Occasional pockmarks due to drying of the inner layer of skin (derma) may be present, provided that none exceeds the area of a circle $\frac{1}{2}$ inch in diameter on chickens, guineas, ducks, and pigeons, and $\frac{1}{4}$ inch in diameter on turkeys and geese.

§ 70.354 [Amendment]

7. Section 70.354(h) is changed to read:

(h) *Freezing defects*. The carcass or part may have moderate defects resulting from freezing. The skin and flesh shall have a sound appearance but may lack brightness. The carcass or part may have a few pockmarks due to drying of the inner layer of skin (derma), provided that no single area of overlapping pockmarks exceeds that of a circle $\frac{1}{2}$ inch in diameter.

§ 70.356 [Amendment]

8. Section 70.356(a) is changed to read:

(a) The United States consumer grades for ready-to-cook poultry are applicable to poultry of the kinds and classes set forth in §§ 70.300 to 70.306, except as provided in paragraph (c) of this section, when each carcass or part has been graded by a grader in accordance with § 70.30 on an individual basis.

9. A new § 70.356(c) is added to read:

(c) Poultry carcasses and parts may be designated in accordance with the United States Consumer Grades for ready-to-cook poultry, only if they were graded and identified in an unfrozen state.

§ 70.360 [Amendment]

10. Section 70.360(a) is changed to read:

(a) The United States Wholesale Grades for dressed poultry and ready-to-cook poultry are applicable to dressed poultry and ready-to-cook poultry of the kinds and classes set forth in §§ 70.300 to 70.306 when graded as a lot by a grader in accordance with § 70.30 on the basis of an examination of each carcass in the lot or each carcass in a representative sample thereof and are based upon the United States standards for quality set forth in §§ 70.350 to 70.355.

§ 70.364 [Amendment]

11. Section 70.364(a) is changed to read:

(a) The United States Procurement Grades for ready-to-cook poultry are applicable to carcasses of ready-to-cook poultry of the kinds and classes set forth in §§ 70.300 to 70.306 when graded as a lot by a grader in accordance with § 70.30 on the basis of an examination of each carcass in the lot or each carcass in a representative sample thereof.

(Sec. 205, 60 Stat. 1090, as amended; 7 U.S.C. 1624. Interprets or applies sec. 203, 60 Stat. 1087, as amended; 7 U.S.C. 1622)

Issued at Washington, D.C., the 24th day of July 1961, to become effective 30 days after publication in the FEDERAL REGISTER.

ROY W. LENNARTSON,
Deputy Administrator,
Agricultural Marketing Service.

Title 14—AERONAUTICS AND SPACE

Chapter III—Federal Aviation Agency

SUBCHAPTER E—AIR NAVIGATION REGULATIONS

[Airspace Docket No. 59-WA-75]

PART 600—DESIGNATION OF FEDERAL AIRWAYS

Alteration of Federal Airway; Change of Effective Date

On March 19, 1960, there was published in the FEDERAL REGISTER (25 F.R. 2360) an amendment to § 600.6139 of the regulations of the Administrator. This amendment, originally to be effective January 12, 1961, altered VOR Federal airway No. 139 between Providence, R.I., and Boston, Mass., concurrently with the commissioning of a VOR near Whitman, Mass. Subsequent to publication of this amendment, a "Modification of Amendments—Change of Effective Date" was published on December 1, 1960 (25 F.R. 12286) changing the effective date to September 21, 1961, due to a postponement of the commissioning date of the Whitman VOR.

The commissioning date of the Whitman VOR has again been rescheduled. Therefore, it is necessary to postpone the effective date of the above-mentioned amendment until February 8, 1962.

Since thirty days will elapse from the time of publication of the rule as initially adopted to this new effective date, this change is made in compliance with Section 4 of the Administrative Procedure Act.

In consideration of the foregoing, and pursuant to the authority delegated to me by the Administrator (25 F.R. 12582), effective immediately, Airspace Docket No. 59-WA-75 is hereby modified as follows: "effective 0001 e.s.t. September 21, 1961" is deleted and "effective 0001 e.s.t. February 8, 1962" is substituted therefor.

(Sec. 307(a), 72 Stat. 749; 49 U.S.C. 1348)

Issued in Washington, D.C., on July 20, 1961.

D. D. THOMAS,
Director, Air Traffic Service.
