Title 20—EMPLOYEES’ BENEFITS
Chapter II—Railroad Retirement Board

MISCELLANEOUS AMENDMENTS TO CHAPTER

Pursuant to the general authority contained in section 10 of the act of June 25, 1923 (52 Stat. 1107, as amended; 45 U.S.C. 228j) and in section 13 of the act of June 25, 1938 (53 Stat. 1107, as amended; 45 U.S.C. 362), §§ 239.1 of Part 239 (20 CFR 239.1), 262.12(a) of Part 262 (20 CFR 262.12), and 365.1(b) (2) of Part 365 (20 CFR 365.1(b) (2)) of the regulations under such acts are amended by Board Orders 71-25, 71-25, amended; 45 U.S.C. 228j) and in section 10 of the act of June 24, 1937 (50 Stat. 314, as amended; 45 U.S.C. 362), §§ 239.1 of Part 239 (20 CFR 239.1), 262.12(a) of Part 262 (20 CFR 262.12), and 365.1(b) (2) of Part 365 (20 CFR 365.1(b) (2)) of the regulations under such acts are amended by Board Orders 71-25, 71-25, and 71-26, respectively, dated March 3, 1971, to read as follows:

PART 239—PROOFS REQUIRED IN SUPPORT OF CLAIMS FOR BENEFITS
§ 239.1 Proof of age.
(a) An applicant for an employee annuity shall file supporting evidence showing the date of his birth if his age is a condition of entitlement or is otherwise relevant to payment of benefits. However, if an employee applicant cannot submit acceptable supporting evidence of his age, the Board may establish the date of birth stated in the application on the basis of information in Board records, if it is satisfied that the date is correct. Such evidence shall also be required by the Board from an applicant for such a spouse’s annuity or from an applicant for an insurance annuity or from any other individual if such applicant’s or such other individual’s age is a condition of entitlement or is otherwise relevant to payment of benefits.

(b) In determining the weight to be given to evidence offered to prove age, consideration shall be given to its general probative value and to its position in the following enumeration:

1. Civil record of birth;
2. Church record of birth or baptism;
3. Notification of registration of birth;
4. Hospital birth record or certificate;
5. Physician’s or midwife’s birth record;
6. Bible or other family record;
7. Naturalization record;
8. Military record;
9. Immigration record;
10. Passport;
11. Census age or World War I draft registration record;
12. School record;
13. Vaccination record;
14. Insurance record;
15. Labor union or fraternal record;
16. Employer’s record; or
17. Other evidence of probative value.

In lieu of the original of any record, except a Bible or other family record,

there may be submitted a copy of such record or a statement as to the date of birth shown by such record, duly certified by the custodian of such record or by an individual designated by the Board. If the proof submitted is of recent origin or is not convincing, additional proof may be required. If proof is not obtainable, the reason therefor should be stated and the applicant may submit the sworn statements of two other persons having knowledge of the age in question. A date of birth may be fixed by the Board where proof to establish age or birth date cannot be obtained.

PART 262—MISCELLANEOUS
§ 262.12 Representatives of claimants.
(a) Power of attorney. A claimant shall not be required to hire, retain or utilize the services of an attorney, agent, or other representative in any claim filed with the Board. In the event a claimant desires to be represented by another person, he shall file with the Board prior to the time of such representation a power of attorney signed by him and naming such other person as the person authorized to represent the claimant with respect to matters in connection with his claim. However, the Board may recognize one of the following persons as the duly authorized representative of the claimant without requiring such power of attorney when it appears that such recognition is in the interest of the claimant:

1. A member of Congress;
2. A person designated by the claimant’s railroad labor organization to act in behalf of members of that organization on such matters; or
3. An attorney, who in the absence of information to the contrary, declares that he is representing the claimant.

PART 395—PLAN OF OPERATION DURING A NATIONAL EMERGENCY
§ 395.5 Organization and functions of the Board, delegations of authority, and lines of succession.

... (b) In the absence or incapacity of the chairman of the Board, the authority of the chairman to act for the Board shall pass to the available successor highest on the following list:

Labor Member of the Board.
Management Member of the Board.
Chief Executive Officer.
Director of Retirement Claims.
Director of Unemployment and Sickness Insurance.
Director of Data Processing and Accounts.
Director of Budget and Fiscal Operations.
Director of Management Control.
The Regional Director highest on the following list:

Chicago.
Kansas City.
Cleveland.
Atlanta.

New York.
Dallas.
San Francisco.

Dated: March 9, 1971.
By authority of the Board.

LAWRENCE GARLAND,
Secretary of the Board.

Title 24—HOUSING AND HOUSING CREDIT
Chapter II—Federal Housing Administration, Department of Housing and Urban Development

SUBCHAPTER A—GENERAL
PART 200—INTRODUCTION
Subpart D—Delegations of Basic Authority and Functions

MISCELLANEOUS AMENDMENTS
The following amendments reflect modifications to the reorganizations of authority to area office personnel by the Assistant Secretary for Housing Production and Mortgage Credit and Federal Housing Commissioner.

1. In the Table of Contents under Subpart D, the title of § 200.114 is revised to read:

... Sec. 200.114 Assistant Director for Single Family Mortgage Insurance, and Deputy...

2. The preliminary text of § 200.112 is revised to read:

... § 200.112 Chief, Finance and Mortgage Credit Section...

To the position of Chief, Finance and Mortgage Credit Section, in each HUD Area Office, there is delegated the following basic authority and functions:

... 3. The title and preliminary text of § 200.114 are revised to read:

... § 200.114 Assistant Director for Single Family Mortgage Insurance, and Deputy...

To the position of Assistant Director for Single Family Mortgage Insurance in each HUD Area Office and under his general supervision to the position of Deputy there is delegated the following basic authority and functions:

... 4. The preliminary text of § 200.115 is revised to read:

... § 200.115 Program Manager and Multi-family Housing Representative...

To the position of Program Manager in each HUD Area Office and under his general supervision to the position of Multi-family Housing Representative there is delegated the following basic authority and functions:

... 5. In § 200.116 the preliminary text and paragraphs (a) and (b) are revised, and paragraph (d) is added as follows:

... § 200.116 Director, Production Division, and Deputy...

To the position of Director, Production Division, in each HUD Area Office and...
under his general supervision to the position of Deputy there is delegated the following basic authority and functions:
(a) To direct all activities essential to the insurance of mortgages, including the approval of determinations supporting feasibility letters, commitments and insurance endorsements, and the approval of construction change orders, mortgage insurance advances during construction, cost certifications, eligibility statements, regulatory agreements, nonprofit sponsors and housing consultants, all as related to mortgages in programs other than 1- to 4-family housing; to establish and monitor adherence to related processing priorities and schedules, and to perform the functions and exercise the authorities set forth in §§ 200.113, 200.114, and 200.115.
(b) To approve preliminary loan contracts, site reports, development programs, Annual Contributions Contracts, and amendments thereto and related third-party contracts, turnkey housing proposals, preliminary contracts of sale, contracts of sale, and agreements to lease, all as related to the production of low-rent public housing.

(d) To approve, cancel, or modify the reservations of contract authority required for subsidy payments, and the allocations of funds for Below Market Interest Rate Loans, all as related to the insuring of 1- to 4-family and multi-family housing mortgages.
6. In § 200.118 paragraphs (b) and (c) are revised, and paragraph (e) is deleted, as follows:
§ 200.118 Area Director and Deputy Area Director.

(b) To approve applications, feasibility letters, conditional commitments, firm commitments, initial and final endorsements for insurance pursuant to such commitments, project mortgage increases prior to or in conjunction with final endorsement, insurance fee refunds and adjustments pursuant to outstanding fiscal instructions, requests from sponsors for section 106 seed money loans or grants, and Appalachian 207 loans.

(c) To approve applications for program reservations and preliminary loans, to approve ACC (Annual Contributions Contract) Lists and amendments thereto, to approve part I of certificates of completion or consolidated certificates, and to terminate ACC's (Annual Contribution Contracts), all as related to the production of low-rent public housing.

(e) [Deleted]

Eugene A. Gulludge, Assistant Secretary of Housing Production and Mortgage Credit—FHA Commissioner.

Title 29—LABOR

Chapter V—Wage and Hour Division, Department of Labor

PART 778—OVERTIME

Clarification of Commission Payments—General

Pursuant to the Fair Labor Standards Act of 1938 (52 Stat. 1060, as amended, 29 U.S.C. 201 et seq.), Reorganization Plan No. 8 of 1950 (3 CFR 1949-53 Comp., p. 1004) and Secretary's Orders Nos. 19-70 and 20-70 (36 F.R. 304, 305), Part 778 of Title 29, Code of Federal Regulations, is amended to delete that portion of the first sentence of § 778.117 which reads "or on a fixed allowance per unit agreed upon as a measure of accomplishment."

This change, which involves only interpretative rules, is not subject to the notice, public procedure and delayed effective date provision of 5 U.S.C. 553, and accordingly shall be effective immediately upon publication in the Federal Register (3-16-71).

As amended, § 778.117 reads as follows:

§ 778.117 Commission payments—general.

Commissions (whether based on a percentage of total sales or of sales in excess of a specified amount, or on some other formula) are payments for hours worked and must be included in the regular rate. This is true regardless of whether the commission is the sole source of the employee's compensation or is paid in addition to a guaranteed salary or hourly rate, or on some other basis, and regardless of the method, frequency, or regularity of computing, allocating and paying the commission. It does not matter whether the commission earnings are computed daily, weekly, bi-weekly, semimonthly, monthly, or at some other interval. The fact that the commission is paid on a basis other than weekly, and that payment is delayed for a time past the employee's normal pay day or pay period, does not excuse the employer from including this payment in the employee's regular rate.

Signed at Washington, D.C. this 8th day of March 1971.

Robert D. Moran, Administrator, Wage and Hour Division, U.S. Department of Labor.

FEDERAL REGISTER, VOL. 36, NO. 51—TUESDAY, MARCH 16, 1971

Title 30—MINERAL RESOURCES

Chapter I—Bureau of Mines, Department of the Interior

SUBCHAPTER O—COAL MINE HEALTH AND SAFETY

PART 70—MANDATORY HEALTH STANDARDS—UNDERGROUND COAL MINES

Formula for Determining Respirable Dust Standard When Quartz Is Present

On September 17, 1970, notice of proposed rulemaking was published in the Federal Register (35 F.R. 14557) to amend Part 70 by prescribing, pursuant to section 205 of the Federal Coal Mine Health and Safety Act (30 U.S.C. 845), the formula for determining the applicable respirable dust standard where the concentration of respirable dust in the mine atmosphere of any working place contains more than 5 percent quartz.

The proposed formula was the result of an opportunity to participate in the rulemaking process through the submission of comments. Pursuant to the notice, a number of comments have been received from State health departments and other interested persons, and due consideration has been given to all relevant material presented.

The comments presented no evidence contrary to that developed by Public Health Service studies involving the effects of free silica on respiratory health. Accordingly, no change has been made in the formula as proposed.

The amendment to Part 70, as set forth below, is hereby adopted effective on the date of its publication in the Federal Register (3-16-71):

§ 70.101 Respirable dust standard when quartz is present.

When the concentration of respirable dust in the mine atmosphere of any working place contains more than 5 percent quartz, the operator shall continuously maintain the average concentration of respirable dust in the mine atmosphere of any working place exposed to which each miner in such working place is exposed at or below a concentration of respirable dust, expressed in milligrams per cubic meter of air, computed by dividing the percent of quartz into the total respirable dust limit in the particular working place.

When the concentration of respirable dust in the mine atmosphere of any working place contains 6.6 percent quartz, the operator shall continuously maintain the average concentration of respirable dust in the mine atmosphere of any working place exposed to which each miner in such working place is exposed at or below a concentration, expressed in milligrams per cubic meter of air, computed by dividing the percent of quartz into the total respirable dust limit in the particular working place.

Robert D. Moran, Administrator, Wage and Hour Division, U.S. Department of Labor.

Title 32A—NATIONAL DEFENSE, APPENDIX

Chapter X—Oil Import Administration, Department of the Interior

[Oil Import Reg. 1 (Rev. 5), Amdt. 32]

OI REG. 1—OIL IMPORT REGULATION

Quantities of Imports Under Licenses

There appeared in the Federal Register for November 28, 1970 (35 F.R. 18209), a proposal to promote an orderly method of importation of crude and unfinished oils into Districts I—IV and V. Pending a decision on this proposal, the Administrator, Oil Import Administration, issued 1971 import licenses in accordance with the provisions therein. While many of the comments received were favorable to the general concept of the November 28 proposal, they were not conclusive. Therefore, an alternative proposal was published for comment in the Federal Register of February 12, 1971 (36 F.R. 2916). Comments received on each proposal are part of the public record.

Wildly divergent comments in response to the proposal of February 12 were opposed to the approach put forward in that proposal. Some comments recommended that the proposal of November 28, 1970, be adopted. After a detailed comparison of both groups of comments and a thorough review and analysis of the oil import situation as it has developed during the first 2 months of 1971, it was decided that the proposal of November 28, 1970, should be adopted, with one modification to take account of the difference in methods of allocation to refiners between Districts I—IV and District V. Accordingly, Oil Import Regulation 1 (Revision 5) is amended as set forth below.

As the provisions respecting the issuance of licenses under allocations for the current period should become effective promptly to permit planning by holders of allocations, the public interest would be served by a delay in the effective date of this Amendment 32 and it shall be effective immediately.

G. A. LINCOLN, Director, Office of Emergency Preparedness.

G. A. LINCOLN, Director, Office of Emergency Preparedness.

Section 8 of Oil Import Regulation 1 (Revision 5) (31 F.R. 7747) is amended as set forth below.

Sec. 8 Small quantities.

(a) District Directors of Customs are authorized to permit without a license an entry for consumption of not to exceed 550 U.S. gallons of crude oil, unfinished oils, or finished products which are certified as samples for testing or analysis or which are included in shipments of machinery or equipment and are certified as intended for use in industrial or research entries. Unless notified by the Administrator to the contrary, District Directors of Customs are authorized to permit without a license the entry for consumption of bonded fuel aboard an aircraft diverted from an international flight. In each instance in which such an entry is made, the owner of the aircraft shall promptly file with the Administrator, Oil Import Administration, Department of the Interior, Washington, D.C. 20240, a written report of the circumstances in which the entry was made and the quantity entered. Failure promptly to file such reports may result in the suspension or revocation of the privilege of making such entries.

(b) A person desiring to import small quantities of crude oil, unfinished oils, or finished products not covered by paragraph (a) of this section shall file with the Administrator a written request for authorization to import such unlicensed fuels, and the Administrator, pending an inspection of the importation, shall consider such request as being pending.

In the control of air pollution; as such, comments it should not lend itself to disturbance of orderly patterns of the importation of crude oil into District V. Accordingly, a requirement has been added for issuance of licenses under allocations made pursuant to section 11A.

As 2 months of the allocation period have elapsed, it is important that regular allocations be made to refiners in District V. The program provided for in the amendment of section 11A should be established immediately following the present expiration date of March 31, 1971. The amendment of section 8 will facilitate administration with respect to entries of small quantities. Accordingly, the amendments of section 8 and section 11 set forth below shall become effective immediately, and the amendment of section 11A shall become effective April 1, 1971.

Oil Import Regulation 1 (Revision 5) is amended as set forth below.

RULES AND REGULATIONS

Notices of proposed rule making were published in the Federal Register with respect to the following sections of Oil Import Regulation 1 (Revision 5): Section 8, relating to entries of small quantities (36 F.R. 224); section 11, relating to allocations to refiners in District V (36 F.R. 1487); and section 11A, relating to allocations in District V of imports of crude oil based on production of low sulphur residual fuel oil (36 F.R. 1062).

All comments upon the proposals have been carefully considered. The few comments made on the proposed amendment of section 8 and section 11, as well as the proposed changes, have been in a form to suggest that such a proposal be eliminated were not found to be persuasive.

The comments received on the proposed amendment of section 11A tended to confirm the preliminary view that, as an aid to the control of air pollution in District V, the provisions for allocations of imports of crude oil based on the production of low sulphur residual fuel oil should be made effective without any limitation as to size. The suggestion that low sulphur residual fuel oil consumed by a refiner (as well as such fuel delivered to consumers) to comply with governmental regulations on air pollution should be based upon such allocation was considered but not adopted at this time. Section 11A is designed to assist
without a license, the date when the ship­
it has arrived, and the port of entry.

Section 11 of Oil Import Regulation 1 (Revision 5), as amended (36 F.R. 55), is amended to read as follows:

Sec. 11  Allocations; refiners; District V.  
(a) For the allocation period January 1, 1971, through December 31, 1971, the Administrator shall allocate, as provided in paragraph (b) of this section, approximately 228,000 b/d of imports of crude oil into District V among eligible persons having refinery capacity in that dis­

Without a license, the date when the ship­it has arrived, and the port of entry.

Allocations issued under tentative alloca­

Section 11A of Oil Import Regulation 1 (Revision 5), as amended (36 F.R. 55), is amended to read as follows:

Sec. 11A  Allocations of crude oil — District V — based upon production of low sulphur residual fuel oil to be used as fuel in District V.

(a) This section provides for the making of allocations of imports into District V of crude oil based upon the production of low sulphur residual fuel oil. To the extent that the provisions of this section are consistent with the provisions of other sections of this regulation, the provisions of this section shall be controlling.

(b) In addition to the allocations of imports of crude oil made under section 11 of this regulation, each eligible appli­
cant with refinery capacity in District V who produces in District V low sulphur residual fuel oil to be used as fuel which contains not more than five-tenths of one percent (0.5%) sulphur by weight and which is delivered to consumers for use as fuel, in order to comply with govern­

tion shall receive an allocation of imports of crude oil equal to the amount in bar­
rels of such low sulphur residual fuel oil to which the applicant certifies both as to production and delivery.

(c) For the purpose of computing im­port allocations under section 11 of this regulation, crude oil imported pursuant to an allocation under this section 11A or domestic oil received in exchange pur­
suant to the provisions of section 17 and processed will not qualify as refinery in­

Title 45—PUBLIC WELFARE

Chapter I—Office of Education, Department of Health, Education, and Welfare

PART 175—COLLEGE WORK-STUDY PROGRAM

Allocation of Student Aid Funds to Institutions

Part 175 of Title 45 of the Code of Federal Regulations dealing with regulations governing the administration of the College Work-Study Program (Title IV-C of the Higher Education Act of 1965, 42 U.S.C. 2751-2756) is hereby amended by adding a new section, § 175.3a setting forth the method of allocating funds to each institutional applicant equal to the amount reasonably estimated to be needed by students whose adjusted gross income is in the $0-$2,999 bracket per annum.

(b) From such sums as still remain in a State's allotment (or reallocation), funds will then be allocated to each institutional applicant equal to the amount reasonably estimated to be needed by students whose adjusted gross income is in the $3,000-$3,999 bracket per annum. This procedure will be repeated for students whose adjusted gross income is between $4,000-$4,999, $5,000-$5,999, $6,000-$6,999, and $7,000 and over.

(c) Whenever funds available in a State's allotment (or reallocation) are not sufficient to cover the approved institutional requests in a given income bracket, such sums as are available will be distributed on a pro rata basis among all institutional applicants in the State according to the ratio that their respective approved requests in that bracket bear to the total approved requests in that bracket of all institutions in the State.

(d) The allocation of funds to any single institution for any year, however, will be no less than 80 percent of the amount allocated to it for the conduct of the work study program during fiscal year 1971, as reduced on a proportional basis to reflect decreases, if any, in the amount of such institution's approved application or in the amount of the State's allotment and reallocation.

(e) "Adjusted gross income" means the adjusted gross income of a student's parents, provided that where the income of his parents would not be relevant to a determination of such student's financial need (under the method of financial need assessment utilized by the institution concerned in accordance with Schedule A of its agreement with the U.S. Commissioner of Education covering institutional participation in programs of student financial aid), "adjusted gross income" means the adjusted gross income of the student and his spouse. Adjusted gross income has the meaning given to it in section 62 of the Internal Revenue Code, or in the case of residents of Puerto Rico, section 23(n) of the Commonwealth Tax Act.

2. The Table of Contents is hereby amended by adding Sec. 175.3a Allocation of funds to institutions.

(a) Where funds are insufficient to honor all approved requests, an amount will first be allocated to each institutional applicant from the appropriate State's allotment (or reallocation) equal to the amount reasonably estimated to
