SECURITIES AND EXCHANGE COMMISSION

[File No. 500-1]

Panacolor, Inc.; Order of Suspension of Trading

July 14, 1980.

It appearing to the Securities and Exchange Commission that Panacolor, Inc. has failed to file with the Commission its Annual Report on Form 10-K for the year ending December 31, 1979 and its most recent Quarterly Report on Form 10-Q for the period ended March 31, 1980 and that, as a result, there is a lack of current adequate and accurate public information about the operations and financial condition of Panacolor, Inc., the Commission is of the opinion that the public interest and the protection of investors require a summary suspension of trading in the securities of Panacolor, Inc.

Therefore, it is ordered, pursuant to Section 12(k) of the Securities Exchange Act of 1934, that trading in such securities on a national securities exchange or otherwise is suspended, for the period from 11:30 a.m. on July 14, 1980 through July 23, 1980.

By the Commission.
Shirley E. Hollis,
Assistant Secretary.

BILLING CODE 8010-01-M

[File No. LA-319]

Liberty Oil Corp.; Order of Suspension of Trading

August 4, 1980.

It appearing to the Securities and Exchange Commission that there is insufficient information currently available to the public regarding the amount of common stock outstanding and the identity of the controlling shareholders of Liberty Oil Corporation, the Commission is of the opinion that the public interest and the protection of investors require a summary suspension of trading in the securities of Liberty Oil Corporation.

Therefore, it is ordered, pursuant to Section 12(k) of the Securities Exchange Act of 1934, that trading in such securities on a national securities exchange or otherwise is suspended, for the period from 9:45 a.m. on August 4, 1980 through August 13, 1980.

By the Commission.
Shirley E. Hollis,
Assistant Secretary.

SMALL BUSINESS ADMINISTRATION

[Proposal No. 05/05-0147]

Bando-McGlocklin Investment Co., Inc.; Application for a License as a Small Business Investment Company

Notice is hereby given of the filing of an application with the Small Business Administration pursuant to § 107.102 of the SBA Regulations (13 CFR 107.102(1980)), by Bando-McGlocklin Investment Co., Inc., 13555 Bishops Court, Brookfield, Wisconsin 53055 for a license to operate as a small business investment company (SBIC) under the provisions of the Small Business Investment Act of 1958 (the Act), as amended (15 U.S.C. 661 *et seq.*).

The proposed officers, directors and shareholders are:

Name, Title, and Percent of Ownership

Richard Van Eerden, director—8.33¹
Salvatore Bando, president, treasurer, and director—8.33¹
Jon McGlocklin, executive vice president, secretary, and director—8.33¹
George Schonath², investment adviser—
Bando-McGlocklin Enterprises, Inc.—25

The Applicant proposes to begin operations with a capitalization of approximately \$1,150,000 to primarily make loans to manufacturers and wholesalers secured by a first mortgage on real estate not to exceed eighty percent (80%) of the value of the real estate. The purpose of the loan shall be to finance the acquisition or expansion of real estate and to refinance existing real estate which will create funds to be used for working capital. The Applicant may render management consulting services to small business concerns.

Bando-McGlocklin Enterprises, Inc., owns more than ten percent (10%) of the shares of the Applicant. The stockholders and the percentage each owns is as follows:

¹ The shares stated as owned by Richard Van Eerden, Salvatore Bando and Jon McGlocklin are the shares of the Applicant owned by Bando-McGlocklin Enterprises, Inc. Salvatore Bando, Jon McGlocklin and Van Eerden & Associates, Inc., are the stockholders of Bando-McGlocklin and Van Eerden & Associates, Inc., are the stockholders of Bando-McGlocklin Enterprises, Inc. Richard Van Eerden is the sole stockholder of Van Eerden & Associates, Inc.

² George Schonath is a self-employed consultant doing business as Corporate Alternatives, a sole proprietorship.

Stockholder, Address, and Percentage of Stock Owned

Jon McGlocklin, 13555 Bishops Court,
Brookfield, WI 53005—33 1/3
Salvatore Bando, 13555 Bishops Court,
Brookfield, WI 53005—33 1/3
Van Eerden & Associates, Inc., 13555 Bishops Court, Brookfield, WI 53005—33 1/3

Matters involved in SBA's consideration of the application include the general business reputation and character of the proposed owners and management, and the probability of successful operations of the new company under their management, including adequate profitability and financial soundness, in accordance with the Act and Regulations.

Notice is further given that any person may, not later than August 29, 1980, submit written comments on the proposed SBIC to the Associate Administrator for Investment, Small Business Administration, 1441 "L" Street, N.W., Washington, D.C. 20416.

A copy of this Notice will be published in a newspaper of general circulation in Milwaukee, Wisconsin.

(Catalog of Federal Domestic Assistance Program No. 59.011, Small Business Investment Companies)

Dated: August 5, 1980.

Michael K. Casey,

Associate Administrator for Investment.

BILLING CODE 8025-01-M

TENNESSEE VALLEY AUTHORITY**Implementation of Procedures on the National Environmental Policy Act****AGENCY:** Tennessee Valley Authority.**ACTION:** Final procedures implementing the National Environmental Policy Act.

SUMMARY: On November 29, 1978, the Council on Environmental Quality (CEQ) promulgated uniform procedures for implementing the National Environmental Policy Act (NEPA), 42 U.S.C. 4321 *et seq.* (1976), 43 FR 55,978-56,007 (1978) (hereinafter all references to CEQ's procedures will be to the parts of the Code of Federal Regulations where they are codified). CEQ requested Federal agencies to adopt procedures implementing and supplementing its procedures. The Tennessee Valley Authority (TVA) has adopted the following amendments to its internal procedures in response to CEQ.

FOR FURTHER INFORMATION CONTACT: Mohamed T. El-Ashry, Ph.D., Director, Environmental Quality Staff, Tennessee Valley Authority, Norris, Tennessee 37828.

SUPPLEMENTARY INFORMATION: TVA has adopted the following amendments to its internal procedures implementing NEPA. TVA Code IX Environmental Quality. TVA's existing procedures were published on February 14, 1974, and appear at 39 FR 5671 (1974). These procedures, as amended, provide interagency guidance for compliance by TVA with NEPA. TVA published for comment on July 6, 1979, its proposed amendments (44 FR 36,679 (1979)). During the development of its proposed and final amendments, TVA consulted with CEQ in accordance with 40 CFR 1507.3(a)(1979) and CEQ had no objections to TVA's amendments.

Comments

TVA received 18 sets of comments on its proposed amendments. These comments fall within the following general categories:

1. Request to include state and regional A-95 clearinghouses in the NEPA review process.
2. The need to increase or decrease public involvement in TVA's NEPA review process.
3. Questions concerning the number and type of actions TVA proposed as categorical exclusions.
4. Objections to internally scoping an environmental impact statement (EIS) without public involvement.
5. Miscellaneous comments pertaining to the proposed format of the procedures.

Involvement of State and Regional A-95 Clearinghouses

Several A-95 clearinghouses requested more direct input into and involvement in TVA's NEPA review procedures. It has always been TVA's practice to coordinate closely with clearinghouses in its NEPA review process and the input received in the past has been valuable to TVA in its decisionmaking. It is TVA's intention to continue this practice and the amendments have been revised to expressly provide for this. Specifically, sections 5.3.4 (Finding of No Significant Impact), 5.4.5 (DEIS Transmittal and Review), 5.4.7 (FEIS Transmittal), and 5.7.2 (Private Applicants) have been revised to expressly include A-95 clearinghouses.

Public Involvement

Striking the appropriate balance between increased public involvement in the NEPA process and avoiding unnecessary delays is difficult. Both are objectives of CEQ's procedures. See 43 FR 55,978-90 (1978). TVA believes that public involvement in the NEPA process is essential. Therefore, the amendments have been revised to expressly state that TVA intends to encourage and actively seek public participation in its NEPA review process (§ 5.7.16).

With regard to public involvement in the preparation of EIS's, the adopted scoping process procedure (§ 5.4.3) will ensure that the public is given an opportunity to participate meaningfully in the assessment of major actions significantly affecting the quality of the human environment. TVA believes that public involvement at this early stage is essential in order to ensure that any divergent views regarding the environmental consequences of such actions are appropriately considered at the outset.

Some commenters stated that public involvement in the process of preparing environmental assessments would unduly complicate the NEPA process, increase paperwork, and generate delays. Nevertheless, TVA believes that public input may be beneficial in specific instances, and the final procedures reflect TVA's intention to seek public involvement in this process when it is appropriate (§§ 5.3.2, 5.3.4, 5.7.16).

The proposed amendments (§ 6.4.2) included a 15-day public comment period to allow public input into the scope of each environmental assessment prepared. Public reaction to this proposal was mixed. One commenter criticized it because it deviated from CEQ's procedures and he believed it

would accomplish little. Another commenter pointed out that establishing a uniform 15-day comment period may not permit interested persons sufficient time to evaluate actions in all instances. In the interim since TVA proposed its amendments, it has gained experience in implementing this provision and concurs that flexibility is needed in this area. The final procedures have, therefore, been revised to state that the type of and format for public involvement would be selected as appropriate to best facilitate timely and meaningful public input into EA process (§ 5.3.2).

The final procedures also provide for public review of Findings of No Significant Impact in certain instances (§ 5.3.4). A public comment period of 30 days is provided, and all public comments received will be considered before a decision is made on whether or not to proceed with the proposed action.

Categorical Exclusions

In its efforts to reduce delay in the NEPA process, CEQ requested agencies to develop categories of actions which do not individually or cumulatively have a significant impact on the quality of the human environment and, therefore, require the preparation of neither an EIS nor an EA. 40 CFR 1507.3(b)(1979). TVA concurs with this approach which continues the format established in TVA's prior procedures (39 Fed. Reg. 5672 (1974)).

The categories listed in TVA's procedures, as amended, are those which TVA has determined will not normally have a significant impact on the environment (§ 5.2). This determination is premised upon TVA's experience in both assessing and implementing the listed categories in its prior procedures.

Several commenters objected to categorically excluding certain activities from the requirement to prepare an EA. Of these comments, most objected to the categorical exclusion of uranium exploration activities including hydrologic investigations. Beginning in 1972, TVA prepared detailed, individual environmental evaluation prior to undertaking uranium exploration activities in particular states. Those evaluations documents identified the procedures that would be followed and the precautions taken to ensure that the exploration activities would not result in significant environmental impacts. Ultimately, TVA prepared a generic environmental assessment for this class of actions which was completed on April 14, 1977.

This generic EA evaluated in detail the methods used in uranium exploration and the associated

environmental impacts. Included in this EA was a set of detailed guidelines for the protection of the environment. These guidelines form the basis for requirements and restrictions which are imposed on all exploration contractors to ensure that no significant environmental impacts result from exploration activities in which TVA is involved.

These restrictions require, among other things, reclamation and revegetation of disturbed land, the use of existing roads and trails when feasible, the reclamation of any new trails or roads in coordination with the appropriate local authorities or private landowners, and limitations on the disturbance of surface water sources. The document further prohibits exploration activities in certain specified areas such as National or state parks, wilderness areas, and state wildlife refuges.

The EA concluded that if exploration activities are carried out consistent with the guidelines and restrictions set forth in the EA, no significant environmental impacts would be expected to result. For these reasons, TVA has decided to retain uranium exploration as a categorical exclusion (§ 5.2.21). Of course, if there are unusual circumstances associated with exploration of a particular area, TVA would prepare an individual environmental assessment consistent with these procedures (§ 5.2).

The listed categories certainly do not reflect every type of action which would be appropriately treated as a categorical exclusion. Those listed reflected only the types of actions which, in TVA's experience in implementing NEPA, have been encountered frequently and which were determined to be appropriately treated as categorical exclusions. Other activities which are determined to normally have no associated significant environmental impacts will be treated as if categorically excluded and handled accordingly (§ 5.3.5).

TVA recognizes that a specific action within a category may, due to extraordinary circumstances, pose a greater risk of impact. In such a case, TVA would prepare an EA as provided in section 5.2. This is consistent with CEQ's regulations, 40 CFR 1508.4 (1979).

Scoping Process

In response to comments stating that public scoping of EIS's should be utilized to obtain input in the preparation of every EIS, section 5.4.3 of the procedures has been changed to state that the scoping process will normally consist of interagency scoping and public scoping. The reference to

interagency or internal TVA scoping has been deleted. TVA agrees that public input into the evaluation of any actions which are the subject of an EIS would generally be beneficial and believes that the adopted scoping process strikes the correct balance to achieve the dual goals of appropriate public participation and efficient and effective Federal decisionmaking.

Miscellaneous Comments

One commenter criticized the proposed amendments because they had, to a large extent, paraphrased CEQ's procedures. It is TVA's intention that its procedures be in a form which provides clear and understandable direction to its various offices of what is required to properly evaluate proposed actions and to comply with NEPA. To the extent that the phraseology of CEQ's regulations, in certain instances, best accomplishes this, TVA has adopted CEQ's phraseology. Paraphrasing has been avoided to the extent possible in the final version of TVA's amendments.

Finally, one commenter pointed out that adopting a Limited Categorical Exclusion provision conflicted with CEQ's request that all agencies use similar terminology. 40 CFR 1508.1 (1979). TVA concurs and has deleted this provision in its final version of the amendments.

Tennessee Valley Authority's Procedures for Compliance With the National Environmental Policy Act

Environmental Review Procedure

1. *Purpose.*—These procedures provide guidance for compliance by the Tennessee Valley Authority (TVA) with the National Environmental Policy Act, 42 U.S.C. 4321, et seq. (1976) (NEPA) and other applicable guidelines, regulations, and Executive Orders implementing NEPA. It is intended to incorporate the concepts and implement the policies in the regulations promulgated by the Council on Environmental Quality (CEQ) at 40 CFR Parts 1500-1508 (43 FR 55978-56007 [1978]).

2. *Policy.*—TVA, to the fullest extent possible, incorporates environmental

considerations into its decision-making processes. In carrying out this policy, these procedures assure that actions are viewed in a manner to encourage productive and enjoyable harmony between man and the environment. Commencing at the earliest possible point, and continuing through implementation, appropriate and careful consideration of the environmental aspects of proposed actions is built into the decision-making process in order that adverse environmental effects may be avoided or minimized.

3. Abbreviations:

3.1 CEQ—The Council on Environmental Quality.

3.2 EA—Environmental Assessment.

3.3 EIS—Environmental Impact Statement—D-Draft; F-Final.

3.4 NEPA—National Environmental Policy Act.

3.5 TVA—The Tennessee Valley Authority.

4. *Definitions.*—Unless otherwise inconsistent with the context in which they appear or unless otherwise expressly defined, all terms herein shall be given the same meaning as set forth in CEQ's currently effective regulations (see CEQ Regs. part 1508).

5. Procedures:

5.1 *Action Formulation and NEPA Determination.*—Each office within TVA is responsible for integrating environmental considerations into its planning and decision-making process at the earliest possible time in order to ensure that potential environmental effects are appropriately considered to avoid potential delays and to minimize potential conflicts. Environmental analyses are to be included in or circulated with and reviewed at the same time as other planning documents. This responsibility is to be carried out in accordance with the environmental review procedures contained herein.

The General Manager and Board of Directors are the major decision points within the Agency for TVA's principal programs likely to have a significant effect on the quality of the human environment. The alternatives considered by the General Manager and the Board of Directors shall be encompassed by the range of alternatives discussed in relevant environmental documents and the General Manager and the Board of Directors shall consider the alternatives described in relevant EIS's.

At the earliest possible time the office proposing to initiate an action will initially propose the level of environmental review required for a specific action. An action will be in one of the following categories:

Procedure

Categorical Exclusion—5.2

Environmental Assessment—5.3

Environmental Impact Statement—5.4

5.2 *Categorical Exclusions.*—The categories of actions listed in this section are those which do not normally have, either individually or cumulatively, a significant impact on the quality of the human environment and require neither the preparation of an EA nor an EIS. The office proposing to initiate an action shall determine in consultation with the

Environmental Quality Staff whether or not the proposed action is categorically excluded. An action which would normally qualify as a categorical exclusion shall not be so classified if: (1) the proposed action could have a potentially significant impact on an endangered species, wetland or floodplain, cultural or historical resource, or other environmentally significant resource; or (2) substantial controversy over the significance of the environmental impacts associated with the proposed action has developed.

Categorical exclusion actions are:

1. Routine operation, maintenance, and minor upgrading of existing TVA facilities.
2. Technical and planning assistance to State and local organizations.
3. Establishment of environmental quality monitoring programs and field monitoring stations.
4. Procurement activities.
5. Personnel actions.
6. Contracts for the sale, purchase, or interchange of electricity.
7. Accounting, auditing, financial reports, and disbursement of funds.
8. Communication, transportation, computer service, and other office services.
9. Activities related to the promotion and maintenance of employee health.
10. Activities of TVA's Equal Employment Opportunity staff.
11. Preliminary planning, studies, or reviews consisting of only paperwork.
12. Minor research, development, and joint demonstration projects.
13. Visitor reception.
14. Property protection, law enforcement, and other legal activities.
15. Emergency preparedness.
16. Minor non-TVA activities on TVA property authorized under license, permit, and covenant agreements, including utility crossings, encroachments, agricultural uses, rental of structures, and sale of miscellaneous structures and materials from TVA land.
17. Sale or abandonment of minor tracts of land or landrights.
18. Transmission line relocation, tap ins, or modifications or substation alterations due to conflicts such as new highway projects and projects requiring acquisition of small amounts of additional substation property or transmission line right of way easements.
19. Construction and operation of communication facilities (i.e., powerline carrier, insulated overhead ground wire, VHF radio, and microwave).
20. Purchase and lease purchases of stepdown facilities by TVA directly served customers.
21. Exploration for uranium, including hydrologic investigations.
22. Backslope agreements involving properties on which TVA holds an interest between operators and other adjacent mining companies.
23. Permits under section 26a of the TVA Act for minor structures, boat docks, and shoreline facilities.
24. Administrative actions consisting solely of paperwork.
25. Development of minor TVA public use areas and stream access points.
26. Preliminary onsite engineering and environmental studies for future power

generating plants and other energy-related facilities.

27. Actions which were the subject of an EA which concluded that the category of such actions should be treated as a categorical exclusion.

5.3 Environmental Assessments:

5.3.1. *Purpose and Scope.*—An EA will be prepared for any appropriate action not qualifying as a categorical exclusion. An EA is not necessary if it has been determined that an EIS will be prepared.

5.3.2. *Public Participation in EA Preparation.*—The initiating office, in consultation with the Environmental Quality Staff and other interested offices, may request public involvement in the preparation of the EA. The type of and format for public involvement would be selected as appropriate to best facilitate timely and meaningful public input into the EA process.

5.3.3. *EA Preparation.*—The initiating office is responsible for the preparation of the EA. The EA will include the identification and, as appropriate, discussion of questions and concerns raised during the public input period, if any. The EA will include brief discussions of the need for the proposed action, reasonable alternatives, the environmental impacts of the proposed action and alternatives, and a listing of the agencies and persons consulted. The EA will briefly provide sufficient data and analysis for determining whether to prepare as EIS or a Finding of No Significant Impact. The EA will be reviewed by the Environmental Quality Staff and other interested offices. After completion of the review, the Environmental Quality Staff will, in consultation with the Office of the General Counsel, make one of the following determinations: (1) the action does not require the preparation of an EIS, (2) the action will require the preparation of an EIS, or (3) the EA is incomplete or the decision will be deferred until a later stage in the planning process. Environmental mitigation measures committed to in the EA will be implemented as described in § 5.5 (Mitigation Commitment Identification, Auditing, and Reporting).

5.3.4. *Finding of No Significant Impact.*—If it is concluded, based on an EA, that a proposed action does not require the preparation of an EIS, the initiating office will prepare a Finding of No Significant Impact and transmit it to the Environmental Quality Staff for approval on the merits and the Office of General Counsel for legal sufficiency.

Appropriate notice of Findings of No Significant Impact shall be made available to the public.

In the following circumstances, the Environmental Quality Staff, in consultation with the Office of General Counsel and the initiating office, will make a Finding of No Significant Impact available for public review and comment (including, if appropriate, State and regional A-95 clearinghouses) for a period of time (normally 30 days) before a final determination is made as to whether or not to prepare an EIS and before the proposed action may begin:

1. The proposed action is, or is closely similar to, an action listed in § 5.4.1.

2. TVA has previously announced that the proposed action would be the subject of an EIS.

3. The nature of the proposed action is one without precedent.

5.3.5. *Generic EAs.*—For any class of actions not described in § 5.2 (Categorical Exclusions), the initiating office may prepare a generic EA. The EA will be prepared, reviewed, and approved as would any other EA. Upon completion of review, the Environmental Quality Staff, in consultation with the Office of General Counsel, will determine whether or not the class of actions may normally be treated as if listed in 5.2 as a categorical exclusion.

5.4 Environmental Impact Statements:

5.4.1. *Purpose and Scope.*—The following actions normally will require an environmental impact statement:

1. Large water resource development and water control projects;
2. New nuclear-powered generating plants;
3. New coal-fired generating plants;
4. New pumped-storage plants;
5. Addition of new navigation locks;
6. Uranium mining and milling complexes;
7. Port facilities;
8. Any major action, the environmental impact of which is expected to be highly controversial; and
9. Any other major action which will have a significant effect on the quality of the human environment.

An EIS should include an analysis of the proposed action; alternatives thereto, including the no action alternative; and probable environmental impacts associated with the proposed action and the alternative actions. The scope and detail of the EIS should be reasonably related to the scope and the probable environmental impacts of the proposed action and alternative actions (see CEQ Regs. § 1502.10).

5.4.2. *Lead and Cooperating Agency Determinations.*—As soon as possible after the decision is made to prepare an EIS, the Environmental Quality Staff, in consultation with the initiating office and the Office of General Counsel, shall consider requesting other Federal, State, or local agencies to participate in the preparation of the EIS as lead, joint lead (see CEQ Regs. § 1501.5), or cooperating agencies (see CEQ Regs. § 1501.6). If TVA is requested to participate in the preparation of another Federal agency's EIS, TVA will consider whether and to what degree TVA should participate. All decisions involving TVA participation with another agency in preparation of an EIS will be made by the General Manager or a designee.

5.4.3. *Scoping Process.*—As soon as possible after the decision to prepare an EIS is made, the initiating office in consultation with the Environmental Quality Staff will organize a scoping committee to tentatively define action alternatives, probable environmental issues, and a schedule for EIS preparation. The scoping committee will consist of representatives of the Environmental Quality Staff, the initiating office, the Office of General Counsel, and other interested or affected offices.

The scoping process will normally consist of interagency scoping to coordinate action with and obtain inputs from other interested

agencies and public scoping to obtain input from interested members of the general public. The Environmental Quality Staff, in consultation with the scoping committee, will determine the need, nature, and format for the various scoping sessions. Session types and format will be selected to facilitate timely and meaningful public input into the EIS process.

As soon as practicable in the scoping process, the initiating office will prepare and the Environmental Quality Staff in consultation with the Office of General Counsel will review and make available a Notice of Intent to Prepare an EIS. This notice should briefly describe the action, alternatives thereto, and potential environmental impacts associated with the action. In addition, those issues which have tentatively been determined to be insignificant and which will not be discussed in detail in the EIS should be identified. If appropriate, the scoping process should be described and, if a scoping meeting will be held, where and when the meeting is to occur. The notice should identify the person in TVA who can supply additional information about the actions and to whom comments should be sent. There will normally be a public input period of 30 days from the date of publication of the Notice of Intent in the *Federal Register* to allow other interested agencies and the public an opportunity to review the action alternatives and probable environmental issues identified by the scoping committee. On the basis of input received, the Environmental Quality Staff in consultation with the scoping committee, may determine what, if any, additions or modification in the scoping process or schedule are required and establish the scope of the EIS.

At the close of the scoping process, the Environmental Quality Staff, in consultation with the scoping committee, will identify the following EIS components: (1) key action alternatives; (2) significant environmental issues to be addressed in detail; (3) probable nonsignificant environmental issues that should be mentioned but not addressed in detail; (4) lead and cooperating agency assignments, if any; (5) related environmental documents; and (6) other environmental review and consultation requirements.

5.4.4. DEIS Preparation.—Based on information obtained and decisions made during the scoping process, the initiating office, in consultation with the Environmental Quality Staff and other interested offices, will prepare the Preliminary DEIS using an appropriate format (see CEQ Regs. § 1502.10). The Preliminary DEIS will be circulated by the initiating office to the Environmental Quality Staff, Office of General Counsel, and other interested offices for review and comment. All reviewing offices will, as soon as practicable, and normally within 30 days, supply comments concerning the Preliminary DEIS to the initiating office, the Environmental Quality Staff and the Office of General Counsel. These comments will include lists of agencies, A-95 contacts, groups and individuals (both proponents and opponents, if any, of the proposed action) who should receive a copy of the DEIS. After the preliminary DEIS is revised, the initiating office will transmit it to other interested

offices for their final approval. The Environmental Quality Staff will, in consultation with the Office of General Counsel, review the document and will transmit it to the General Manager for approval.

5.4.5. DEIS Transmittal and Review.—Upon notification of approval from the General Manager, TVA will transmit the DEIS and appropriate notices to the Environmental Protection Agency (EPA) and other interested Federal, State, and local agencies (including State and regional A-95 clearinghouses). The Citizen Action Office will coordinate overall DEIS distribution and will maintain a master list of those who receive it. The length of the DEIS public comment period, normally no less than 45 days from publication of the notice of availability in the *Federal Register*, will be determined by the scoping committee. Copies of an EIS are normally provided free of charge unless the quantity, volume of demand, or the costs of distribution are unreasonable.

At any time in the DEIS process, the initiating office, in consultation with the Environmental Quality Staff and other interested offices, may provide for additional public involvement to supplement DEIS preparation. The type of and format for public involvement would be selected as appropriate to best facilitate timely and meaningful public input into the EIS process.

5.4.6. FEIS Preparation.—At the close of the DEIS public review period, the Environmental Quality Staff will, in consultation with the initiating office and other interested offices, determine the need for the preparation of a FEIS. If the requisite changes in the DEIS are limited to making minor factual corrections and explaining why the comments received do not warrant further response, an Errata Sheet containing only DEIS comments, responses, and factual corrections in the DEIS may be prepared by the initiating office. If other more extensive modifications are required, the initiating office will, in consultation with the Environmental Quality Staff and other interested offices, prepare a Preliminary FEIS utilizing an appropriate format (see CEQ Regs. § 1502.10). The Errata Sheet or Preliminary Final EIS will be prepared and circulated by the initiating office to the Environmental Quality Staff, Office of General Counsel, and other interested offices for review and comment. All reviewing offices will supply written comments concerning the Errata Sheet or Preliminary Final EIS to the initiating office with copies to the Environmental Quality Staff and Office of General Counsel.

The initiating office, with the advice and assistance of the Environmental Quality Staff, will review all comments received and modify, as appropriate, the Errata Sheet or the Preliminary FEIS. After the Errata Sheet or Preliminary FEIS is revised, the initiating office will transmit it to other interested offices for their final approval. The Environmental Quality Staff will, in consultation with the Office of the General Counsel, review the document and will transmit it to the General Manager for approval along with a list of environmental commitments made in the EIS.

Environmental mitigation measures committed to in the FEIS will be identified and implemented as described in section 5.5 (Mitigation Commitment Identification, Auditing, and Reporting).

5.4.7. FEIS Transmittal.—Upon notification of approval from the General Manager, TVA will transmit the FEIS and appropriate notices to EPA and other Federal, State, and local agencies (including State and regional A-95 clearinghouses) to whom copies of the DEIS were sent. The FEIS will also be sent to every person and organization to whom copies of the DEIS were sent or from whom comments were received.

5.4.8. Record of Decision.—After release of the FEIS, a Record of Decision shall be prepared by the General Manager or a designee. The record shall state what the decision was, what alternatives were considered, and which alternative(s) was considered to be environmentally preferable and the alternatives' associated environmental considerations (which may include a discussion of measures to be taken to mitigate adverse environmental impacts); (see CEQ Regs. § 1505.2), and monitoring reporting, and administrative arrangements. Records of decision will be made publicly available.

5.4.9. Revisions and Supplements.—If significant new information concerning action modifications, alternatives, or probable environmental effects becomes available, TVA will make such information available to the public. The initiating office shall consider preparing a revision or a supplement to any environmental document. The Environmental Quality Staff will, in consultation with the initiating office, Office of General Counsel, and other interested offices determine the method of making such information available to the public. If a formal administrative record is required for any action to be approved by the Board of Directors and if an EIS Supplement is prepared with respect to the proposed action, the EIS Supplement will be made a part of the administrative record.

5.4.10. Adoption of Another Federal Agency's EIS.—Whether or not TVA participated in its preparation, TVA may adopt another Federal agency's EIS if TVA determines that the other agency's EIS adequately assesses the TVA action. The Environmental Quality Staff shall determine whether the adopted EIS is still generally available. This determination may be based on consultation with other agencies and consideration of such factors as project size and initial date of issuance of the adopted EIS. If the adopted EIS is available, TVA will circulate its written finding that the adopted statement meets the standards for an adequate EIS, advise that copies of the EIS will be sent to any person or agency who so requests, and make the adopted statement available for public examination.

If the adopted EIS is not generally available, TVA will circulate its written finding that the adopted statement is an adequate EIS along with either the adopted EIS or a summary thereof (see CEQ Regs. § 1502.12).

If TVA decides to adopt another agency's EIS in whole or part, but determines that

significant supplementary information is needed, the Environmental Quality Staff will determine whether the adopted EIS is still generally available. If the EIS is still available, TVA will circulate only the TVA Supplement as a draft and final supplement, advise that copies of the adopted EIS will be sent to any person or agency who so requests, and make the adopted statement available for public examination. If the EIS is not generally available, TVA will circulate its supplement along with either the adopted EIS or a summary thereof (see CEQ Regs. § 1502.12).

5.5 Mitigation Commitment Identification, Auditing, and Reporting.—All measures which are planned to minimize or mitigate expected significant environmental impacts shall be identified in the EIS or EA. Each such commitment will be tentatively assigned by the initiating office to the appropriate responsible office and such assignments shall be transmitted to the Environmental Quality Staff and the affected offices. The initiating office should consult with the assigned offices to resolve assignment conflicts, to identify supporting offices, and to determine schedules for commitment resolution as necessary. The initiating office will report to the Environmental Quality Staff the status of commitment resolution. The Environmental Quality Staff will ensure that commitments are met and will, as it deems appropriate, audit commitment resolution.

5.8 Emergency Action.—Because of unforeseen situations or emergencies, or through inadvertence, or for other reasons, some of the steps outlined in these procedures may be consolidated, modified, or omitted. The Environmental Quality Staff and the Office of the General Counsel shall be promptly notified and asked to approve any such consolidation, modification, or omission, and may do so if such change would conform to legal requirements and substantially comply with the intent of these procedures. The Environmental Quality Staff, in consultation with the Office of the General Counsel, will consult with CEQ when appropriate before such changes are approved.

5.7 Miscellaneous Procedures:

5.7.1 Proposals for Legislation.—Proposals for Congressional legislation significantly affecting the quality of the human environment will require the preparation of an EIS (see CEQ Regs. § 1506.8).

5.7.2 Private Applicants.—In those cases when private applicants or other non-Federal entities propose to undertake an action that will require TVA's approval or involvement, and which is not covered under a categorical exclusion, the contacted office will as soon as possible notify the Environmental Quality Staff of the proposed action. Each office will maintain information to advise potential applicants of studies or other data that may be required in connection with applications, and will take reasonable steps to publicize accessibility of such information. The office charged with the responsibility of initiating action upon the applicant or requesting party's request, will in consultation with the Environmental Quality Staff, when practicable, advise the applicant or

requesting party of the information or studies (including the preparation of environmental documents, if necessary) that will be required in order for TVA to fulfill its responsibilities hereunder. The applicant or requesting party must provide to TVA sufficient information to allow an accurate determination of the environmental impacts of the proposed action. TVA may require that this information be submitted in the form of a written environmental report. If TVA is required to make investigations or otherwise incur additional expenses, the applicant may be charged for TVA's service. The Environmental Quality Staff, in consultation with the Office of General Counsel, will also determine the need to consult early with appropriate Federal, State, and local agencies (including State and regional A-95 clearinghouses); Indian tribes; and other interested persons regarding TVA's involvement in or approval of the applicant's proposed action and, where appropriate, should commence such consultation at the earliest practicable time.

5.7.3 Outside Agency EIS Review.—The Environmental Quality Staff, in consultation with other interested offices, will review EIS's within TVA's jurisdiction, special expertise, or authority submitted to TVA by other Federal agencies. The Environmental Quality Staff will prepare responses to such statements and will, after coordination with the Office of General Counsel, transmit such responses to the initiating agency (see CEQ Regs. §§ 1503.2 and 3).

5.7.4 Supplemental Instruction.—The Environmental Quality Staff, in consultation with interested offices and with the concurrence of the Office of General Counsel, may issue supplemental or explanatory instructions to these procedures.

5.7.5 Modifications of These Procedures.—The assignments to offices in these procedures can be modified by agreement of the offices involved or by instructions from the General Manager.

5.7.6 Tiering.—An initiating office may consider tiering the environmental review of a proposed action. Tiering involves coverage of general matters in broader environmental documents and subsequent narrower analyses need only incorporate by reference the broader analyses (see CEQ Regs. § 1508.28).

5.7.7 Combining Documents.—Any environmental document may be combined with any other document to reduce duplication and paperwork.

5.7.8 Applicability to Ongoing Actions.—These procedures shall not apply to those actions which have been approved under applicable procedures prior to the effective date of these procedures or for which an EA or a DEIS has already been prepared. No environmental documents need be redone by reason of the adoption of these revised procedures.

5.7.9 Consolidation of Reviews.—Review of proposed actions under these procedures may be consolidated with other reviews where such consolidation would reduce duplication or increase efficiency.

5.7.10 Commencement of Action.—Except in emergency circumstances, an action for which an EIS has been approved should not

commence until 30 days after notice of availability for the final statement has been published in the Federal Register or 90 days after a notice of availability of the DEIS has been published in the Federal Register, whichever is later.

5.7.11 Documents.—The Environmental Quality Staff shall keep on file all final and approved environmental documents.

5.7.12 Substantial Compliance.—Minor deviations from these procedures will be permitted. But in all respects substantial compliance must be achieved. Flexibility is key to implementing these procedures and reviewing proposed actions.

5.7.13 Reducing Paperwork and Delay.—These procedures are to be interpreted and applied with the aim of reducing paperwork and the delay associated with both assessment and implementation of a proposed action. In this regard, data and analyses shall be commensurate with the importance of associated impacts. Less important material should be summarized, consolidated, or referenced.

5.7.14 Office Responsible for NEPA Compliance Efforts.—The Director of the Environmental Quality Staff is designated as that person responsible for overall review of TVA's NEPA compliance efforts.

5.7.15 Status Reports.—Information or status reports on EIS's and other related NEPA compliance activities and documents may be obtained by writing the Director, Environmental Quality Staff, Tennessee Valley Authority, Norris, Tennessee 37828.

5.7.16 Public Participation.—TVA's policy is to encourage public participation in all of its decisionmaking. The policy is implemented through various mechanisms. TVA has open meetings of the Board of Directors. These Board meetings are widely publicized and include a question and answer session between the public and the Board of Directors. TVA has established a Citizen Action Office whose responsibility it is to seek to maximize to the extent practicable the interchange of ideas between TVA and the public in the full range of TVA activities. In addition, TVA has set up a "Citizen Action Line" which allows members of the public to call in on toll-free lines to ask questions and make suggestions or comments to TVA. In line with TVA's broad policies, TVA intends to encourage and actively seek public participation in its NEPA review process. The type of and format for public participation will be selected as appropriate to best facilitate timely and meaningful public input into the review process.

W. F. Willis,
General Manager, Tennessee Valley Authority.

1

FEDERAL DEPOSIT INSURANCE CORPORATION.

Notice of agency meeting.

Pursuant to subsection (e)(2) of the "Government in the Sunshine Act" (5 U.S.C. 552b(e)(2)), notice is hereby given that at 9:00 p.m. on Friday, August 8, 1980, the Board of Directors of the Federal Deposit Insurance Corporation met by telephone conference call to consider certain matters which it determined, on motion of Chairman Irvine H. Sprague, seconded by Director William M. Isaac (Appointive), concurred in by Mr. Cantwell F. Muckenfuss, III, acting in the place and stead of Director John G. Heimann (Comptroller of the Currency), required its consideration on less than seven days' notice to the public.

The Board met in closed session to (1) accept sealed bids for the purchase of certain assets of and the assumption of the liability to pay deposits made in The Mission State Bank & Trust Company, Mission, Kansas, which was closed by the Kansas State Bank Commissioner on August 8, 1980; (2) accept the bid for the transaction submitted by Mission State Bank, a newly-chartered State bank; (3) approve a resulting application of Mission State Bank for Federal deposit insurance, for consent to purchase certain assets of and assume the liability to pay deposits made in the closed bank, for consent to establish the sole office (facility) of The Mission State Bank & Trust Company as a branch of the resultant bank, and for consent to exercise full trust powers; (4) provide such financial assistance, pursuant to section 13(e) of the Federal Deposit

Insurance Act (12 U.S.C. 1823(e)), as was necessary to effect the purchase and assumption transaction; and (5) appoint a liquidator for such of the assets of the closed bank as were not purchased by Mission State Bank.

In considering the matters in a closed session, the Board determined, by the same majority vote, that no earlier notice of the meeting was practicable; that the public interest did not require consideration of the matters in a meeting open to public observation; and that the matters could be considered in a closed meeting pursuant to subsections (c)(8), (c)(9)(A)(ii), and (c)(9)(B) of the "Government in the Sunshine Act" (5 U.S.C. 552b(c)(8), (c)(9)(A)(ii), and (c)(9)(B)).

Dated: August 11, 1980.

Federal Deposit Insurance Corporation.

Hoyle L. Robinson.

Executive Secretary.

2

FEDERAL DEPOSIT INSURANCE CORPORATION.

Notice of changes in subject matter of agency meeting.

Pursuant to the provisions of subsection (e)(2) of the "Government in the Sunshine Act" (5 U.S.C. 552b(e)(2)), notice is hereby given that at its open meeting held at 2:00 p.m. on Monday, August 11, 1980, the Board of Directors of the Federal Deposit Insurance Corporation determined, on motion of Chairman Irvine H. Sprague, seconded by Mr. Lewis G. Odom, Jr., acting in the place and stead of Director John G. Heimann (Comptroller of the Currency), concurred in by Director William M. Isaac (Appointive), the Corporation business required the addition to the agenda for consideration at the meeting, on less than seven days' notice to the public, of the following matters:

A request by First Pennsylvania Bank N.A., Bala-Cynwyd, Pennsylvania for a waiver of Section 6.5 of the Credit Agreement between First Pennsylvania Bank N.A. and the Federal Deposit Insurance Corporation. Memorandum proposing the establishment of a checking account for the receipt and disbursement of funds involved in the operation of San Luis Rey Downs, Inc., a property acquired by the Corporation in connection with the receivership of United

States National Bank, San Diego, California.

The Board further determined, by the same majority vote, that no earlier notice of the changes in the subject matter of the meeting was practicable.

Dated: August 11, 1980.

Federal Deposit Insurance Corporation.

3

FEDERAL DEPOSIT INSURANCE CORPORATION.

Notice of changes in subject matter of agency meeting.

Pursuant to the provisions of subsection (e)(2) of the "Government in the Sunshine Act" (5 U.S.C. 552b(e)(2)), notice is hereby given that at its closed meeting held at 2:30 p.m. on Monday, August 11, 1980, the Corporation's Board of Directors determined, on motion of Chairman Irvine H. Sprague, seconded by Director William M. Isaac (Appointive), concurred in by Mr. Lewis G. Odom, Jr., acting in the place and stead of Director John G. Heimann (Comptroller of the Currency), that Corporation business required the addition to the agenda for consideration at the meeting, on less than seven days' notice to the public, of the following matters:

Application of Bank of Manhattan, a proposed new bank, to be located at the northeast corner of the intersection of 33rd Street and Sepulveda Boulevard in the Manhattan Village Shopping Center, Manhattan Beach, California, for Federal deposit insurance.

Memorandum regarding the submission of periodic reports by First Pennsylvania Bank N.A., Bala-Cynwyd, Pennsylvania. Request by First Pennsylvania Bank N.A., Bala-Cynwyd, Pennsylvania and First Pennsylvania Corporation, Philadelphia, Pennsylvania, for waiver of certain reporting requirements.

The Board further determined, by that same majority vote, that no earlier notice of these changes in the subject matter of the meeting was practicable; that the public interest did not require consideration of the matters in a meeting open to public observation; and that the matters could be considered in a closed meeting by authority of subsections (c)(6), (c)(8), (c)(9)(A)(ii),

and (c)(9)(B) of the "Government in the Sunshine Act" (5 U.S.C. 552b(c)(6), (c)(8), (c)(9)(A)(ii), and (c)(9)(B)).

Dated: August 11, 1980.

4

FEDERAL DEPOSIT INSURANCE CORPORATION.

Notice of agency meeting.

Pursuant to the provisions of the "Government in the Sunshine Act" (5 U.S.C. 552b), notice is hereby given that at 4:15 p.m. on Tuesday, August 12, 1980, the Board of Directors of the Federal Deposit Insurance Corporation met by telephone conference call to consider the application of Bank of Manhattan, a proposed new bank, to be located at the northeast corner of the intersection of 33rd Street and Sepulveda Boulevard in the Manhattan Village Shopping Center, Manhattan Beach, California, for Federal deposit insurance.

In calling the meeting, the Board of Directors determined, on motion of Chairman Irvine H. Sprague, seconded by Director William M. Isaac (Appointive), concurred in by Mr. Lewis G. Odom, Jr., acting in the place and stead of Director John G. Heimann (Comptroller of the Currency), that Corporation business required its consideration of the matter on less than seven days' notice to the public; that no earlier notice of the meeting was practicable; that the public interest did not require consideration of the matter in a meeting open to public observation; and that the matter could be considered in a closed meeting by authority of subsections (c)(6), (c)(8), and (c)(9)(A)(ii) of the "Government in the Sunshine Act" (5 U.S.C. 552b(c)(6), (c)(8), and (c)(9)(A)(ii)).

Dated: August 12, 1980.

9

FEDERAL RESERVE SYSTEM.

(Board of Governors)

TIME AND DATE: 10 a.m., Wednesday, August 20, 1980.

PLACE: Board Building, C Street entrance between 20th and 21st Streets NW., Washington, D.C. 20551.

STATUS: Open.

MATTERS TO BE CONSIDERED: Summary agenda: Because of its routine nature, no substantive discussion of the following

item is anticipated. This matter will be voted on without discussion unless a member of the Board requests that the item be moved to the discussion agenda.

1. Proposed Interpretations of Regulation B (Equal Credit Opportunity) relating to credit scoring. (Proposed earlier for public comment; docket No. R-0203)

Discussion Agenda:

1. Alternatives relating to Federal Reserve fleet pursuant to implementation of the Monetary Control Act.

2. Proposed delay of the mandatory effective date of amendments to Regulation Z (Truth in Lending) concerning computation of annual percentage rates.

3. Proposed policy concerning bank holding company participation in financial futures, forward and standby contracts.

4. Any agenda items carried forward from a previously announced meeting.

Note.—This meeting will be recorded for the benefit of those unable to attend. Cassettes will be available for listening in the Board's Freedom of Information Office, and copies may be ordered for \$5 per cassette by calling (202) 452-3684 or by writing to: Freedom of Information Office, Board of Governors of the Federal Reserve System, Washington, D.C. 20551.

11

SECURITIES AND EXCHANGE COMMISSION.

Notice is hereby given, pursuant to the provisions of the Government in the Sunshine Act, Pub. L. 94-409, that the Securities and Exchange Commission will hold the following meetings during the week of August 18, 1980, in Room 825, 500 North Capitol Street, Washington, D.C.

A closed meeting will be held on Tuesday, August 19, 1980, at 10:00 a.m. An open meeting has been scheduled for Thursday, August 21, 1980, at 10:00 a.m. (See 45 FR 53492, August 13, 1980, for previously noticed items on the open meeting agenda.)

The Commissioners, their legal assistants, the Secretary of the Commission, and recording secretaries will attend the closed meeting. Certain staff members who are responsible for the calendared matters may be present.

The General Counsel of the Commission, or his designee, has certified that, in his opinion, the items to be considered at the closed meeting may be considered pursuant to one or more of the exemptions set forth in 5 U.S.C. 522b(c)(4)(8)(9)(A) and (10) and 17 CFR 200.402(a)(4)(8)(9)(i) and (10).

Commissioner Evans, as Duty Officer, determined to hold the aforesaid meeting in closed session.

The subject matter of the closed meeting scheduled for Tuesday, August 19, 1980, at 10:00 a.m., will be:

- Subpoena enforcement action.
- Settlement of injunctive actions.
- Formal order of investigation.
- Access to investigative files by Federal, State, or Self-Regulatory authorities and litigation matter.
- Freedom of Information Act appeals.
- Institution and settlement of administrative proceedings of an enforcement nature.
- Institution of administrative proceedings of an enforcement nature.
- Institution of injunctive actions.
- Regulatory matters regarding financial institutions.
- Freedom of Information Act appeal and confidential treatment request.
- Litigation matter.

The additional matters on the open meeting scheduled for Thursday, August 21, 10:00 a.m., will be:

1. Consideration of whether to issue a release announcing the adoption of amendments to Rule 16b-3 under the Securities Exchange Act of 1934 that would exempt from the short-swing profit recovery

provisions of Section 16(b) of the Act certain acquisitions and dispositions of stock by a director or officer upon the exercise of an employee stock option. For further information, please contact Michael R. Kargula at (202) 272-2573.

2. Consideration of whether to issue the following four releases as part of the integrated disclosure program: (a) a release announcing the adoption of amendments to Form 10-K, Rule 14a-3, Rule 14c-3, and Regulation S-K to revise and restructure the annual report; (b) a release announcing the adoption of Form S-15 for registration under the Securities Act of 1933 of securities issued in certain business combination transactions; (c) a release requesting comments on three proposed new forms to be used to register offerings of securities under the Securities Act; and (d) a release requesting comments on proposed amendments to Form 10-Q. For further information, please contact John J. Huber at (202) 272-2589.

3. Consideration of whether to adopt a general revision of Articles 3 and 5 of Regulation S-X, and related amendments to Article 12 of Regulation S-X, Rules 14a-3 and 14c-3 of the proxy rules, and the creation of a new Item 12 of Regulation S-K. For further information, please contact Arthur J. Schmeiser at (202) 272-2133.

4. Consideration of whether to adopt amendments to existing rules which establish uniform instructions governing the periods to be covered by financial statements included in (1) most registration and reporting forms filed with the Commission under the Securities Act of 1933 and the Securities Exchange Act of 1934, and (2) annual reports to security holders furnished pursuant to the proxy rules; the amendments also permit companies filing registration statements under the Securities Act of 1933 to present interim financial information in the same degree of detail as is presently required in a Form 10-Q under the Securities Exchange Act of 1934. For further information, please contact Lawrence C. Best at (202) 272-2130.

5. Consideration of whether to affirm action, taken by the Duty Officer, granting access to non-public Commission documents to Barbara S. Thomas, Esquire, in connection with her nomination for the position of Commissioner. For further information, please contact Myrna Siegel at (202) 272-2430.

6. Consideration of whether to affirm action, taken by the Duty Officer, granting waivers from certain of the provisions of the Commission's Conduct Regulation in connection with the temporary employment of Edward V. O'Gara, Jr. For further information, please contact Myrna Siegel at (202) 272-2430.

7. Consideration of whether to adopt Rule 465 under the Securities Act of 1933, and related amendments to the registration statement forms for certain investment companies and to the Commission's Rules of Organization and Program Management, to permit most post-effective amendments filed by open-end management investment companies and unit investment trusts to become effective automatically without affirmative action on the part of the Commission or its staff. For further

information, please contact Dianne E. O'Donnell at (202) 272-2115 or Kathleen A. Jackson at (202) 272-2118.

8. Consideration of whether to grant the application of Leasco Corporation ("Leasco") for an order, pursuant to Sections 6(c) and 6(e) of the Investment Company Act of 1940 (the "Act"), subject to certain conditions and exceptions, exempting Leasco from all provisions of the Act. For further information, please contact Christopher Townsend at (202) 272-3035.

9. Consideration of whether to amend the Commission's rules relating to general organization to delegate to the Director of the Division of Investment Management the authority to process registration statements pertaining to contracts funded by or through the general assets or separate accounts of insurance companies. For further information, please contact William L. Strickland at (202) 272-2057.

10. Consideration of whether to issue a release setting forth interpretations of Rules 17Ad-1 through 17Ad-7, the turnaround rules, applicable to all registered transfer agents. For further information, please contact Lisa Gessow Michelson at (202) 272-2895 or Thomas V. Sjoblom at (202) 272-2910.

11. Consideration of a rulemaking petition filed by the Columbia Transfer Company, pursuant to Rule 4(a) of the Commission's Rules of Practice, seeking to have the Commission adopt a rule requiring all registered transfer agents and trust companies to place a restrictive legend on certificates of securities issued in unregistered offerings. For further information, please contact Lisa Gessow Michelson at (202) 272-2895 or Philip L. Sbarbaro at (202) 272-2911.

12. Consideration of whether to adopt a proposed amendment to Securities Exchange Act Rule 19d-1 to exempt national securities exchanges from having to provide the Commission with notice of uncontested summary disciplinary actions involving infractions of floor decorum regulations. For further information, please contact Susan M. Wilk at (202) 272-2824.

The following additional item will be considered at the closed meeting on Thursday, August 21, 1980, following the 10:00 a.m. open meeting:

Freedom of Information Act appeal and confidential treatment request.

At times changes in Commission priorities require alterations in the scheduling of meeting items. For further information and to ascertain what, if any, matters have been added, deleted or postponed, please contact: Marsha McHarg at (202) 272-2468.

August 13, 1980.

Part II

Department of Labor

Employment Standards Administration

Minimum Wages for Federal and Federally Assisted Construction; General Wage Determination Decisions

DEPARTMENT OF LABOR

Employment Standards
Administration, Wage and Hour
DivisionMinimum Wages for Federal and
Federally Assisted Construction;
General Wage Determination
Decisions

General wage determination decisions of the Secretary of Labor specify, in accordance with applicable law and on the basis of information available to the Department of Labor from its study of local wage conditions and from other sources, the basic hourly wage rates and fringe benefit payments which are determined to be prevailing for the described classes of laborers and mechanics employed on construction projects of the character and in the localities specified therein.

The determinations in these decisions of such prevailing rates and fringe benefits have been made by authority of the Secretary of Labor pursuant to the provisions of the Davis-Bacon Act of March 3, 1931, as amended (46 Stat. 1494, as amended, 40 U.S.C. 276a) and of other Federal statutes referred to in 29 CFR 1.1 (including the statutes listed at 36 FR 306 following Secretary of Labor's Order No. 24-70) containing provisions for the payment of wages which are dependent upon determination by the Secretary of Labor under the Davis-Bacon Act; and pursuant to the provisions of part 1 of subtitle A of title 29 of Code of Federal Regulations, Procedure for Predetermination of Wage Rates (37 FR 21138) and of Secretary of Labor's Orders 12-71 and 15-71 (36 FR 8755, 8756). The prevailing rates and fringe benefits determined in these decisions shall, in accordance with the provisions of the foregoing statutes, constitute the minimum wages payable on Federal and federally assisted construction projects to laborers and mechanics of the specified classes engaged on contract work of the character and in the localities described therein.

Good cause is hereby found for not utilizing notice and public procedure thereon prior to the issuance of these determinations as prescribed in 5 U.S.C. 553 and not providing for delay in effective date as prescribed in that section, because the necessity to issue construction industry wage determination frequently and in large volume causes procedures to be impractical and contrary to the public interest.

General wage determination decisions are effective from their date of publication in the **Federal Register** without limitation as to time and are to be used in accordance with the provisions of 29 CFR Parts 1 and 5. Accordingly, the applicable decision together with any modifications issued subsequent to its publication date shall be made a part of every contract for performance of the described work within the geographic area indicated as required by an applicable Federal prevailing wage law and 29 CFR, Part 5. The wage rates contained therein shall be the minimum paid under such contract by contractors and subcontractors on the work.

Modifications and Supersedeas
Decisions to General Wage
Determination Decisions

Modifications and supersedeas decisions to general wage determination decisions are based upon information obtained concerning changes in prevailing hourly wage rates and fringe benefit payments since the decisions were issued.

The determinations of prevailing rates and fringe benefits made in the modifications and supersedeas decisions have been made by authority of the Secretary of Labor pursuant to the provisions of the Davis-Bacon Act of March 3, 1931, as amended (46 Stat. 1494, as amended, 40 U.S.C. 276a) and of other Federal statutes referred to in 29 CFR 1.1 (including the statutes listed at 36 FR 306 following Secretary of Labor's Order No. 24-70) containing provisions for the payment of wages which are dependent upon determination by the Secretary of Labor under the Davis-Bacon Act; and pursuant to the provisions of part 1 of subtitle A of title 29 of Code of Federal Regulations, Procedure for Predetermination of Wage Rates (37 FR 21138) and of Secretary of Labor's Orders 13-71 and 15-71 (36 FR 8755, 8756). The prevailing rates and fringe benefits determined in foregoing general wage determination decisions, as hereby modified, and/or superseded shall, in accordance with the provisions of the foregoing statutes, constitute the minimum wages payable on Federal and federally assisted construction projects to laborers and mechanics of the specified classes engaged in contract work of the character and in the localities described therein.

Modifications and supersedeas decisions are effective from their date of publication in the **Federal Register** without limitation as to time and are to

be used in accordance with the provisions of 29 CFR Parts 1 and 5.

Any person, organization, or governmental agency having an interest in the wages determined as prevailing is encouraged to submit wage rate information for consideration by the Department. Further information and self-explanatory forms for the purpose of submitting this data may be obtained by writing to the U.S. Department of Labor, Employment Standards Administration, Wage and Hour Division, Office of Government Contract Wage Standards, Division of Construction Wage Determinations, Washington, D.C. 20210. The cause for not utilizing the rulemaking procedures prescribed in 5 U.S.C. 553 has been set forth in the original General Determination Decision.

PAID HOLIDAYS:

A-New Year's Day; B-Memorial Day; C-Independence Day; D-Labor Day; E-Thanksgiving Day; F-Christmas Day.

FOOTNOTES:

- a. 7 paid holidays: A, C, D, E, F, Decoration Day & Good Friday.
- b. 1 paid holiday: Good Friday. Employee must work 3 days during the work week in which the holiday falls, if scheduled, and if scheduled, the working day before and the working day after the holiday.
- c. 4 paid holidays: B, C, D, and Good Friday. Employee must be employed 14 consecutive days immediately, prior to the holiday.
- d. 3 paid holidays: C, D, and E.
- e. \$7.50 per day.
- f. 3 paid holidays: B, C, and D.
- g. The last 4 regular working hours prior to Christmas shall be paid half day.
- h. 6 paid holidays: A through F.
- i. Employer contributes 8% of basic hourly rate for 5 years or more of service or 6% basic hourly rate for 6 months to 5 years of service as vacation pay credit.
- j. 9 paid holidays: A through F, Washington's Birthday, Good Friday, and Columbus Day.
- k. 9 paid holidays: A through F, Washington's Birthday, Good Friday, and Columbus Day.
- l. The last 4 hours on Christmas Eve is a paid half day, if employee has worked 5 consecutive days prior to Christmas Eve.
- m. 9 paid holidays: A through F, Washington's Birthday, Good Friday, and Christmas Eve provided the employee has worked 45 full days for the employer during the 120 days prior to the holiday and is available for work the day preceding and following the holiday.
- n. 1% of the gross electrical labor payroll.
- o. Employer contributes \$1.50 per day to a supplemental unemployment fund.
- p. 9 paid holidays: A through F, Washington's Birthday, Good Friday, and a floating holiday per year provided the employee has been employed for a period of 5 working days prior to the holidays and works the scheduled work days immediately preceding and following the holidays.
- q. 1 paid holiday: 1/2 day pay on Labor Day.
- r. 2 paid holidays: C and D providing the employee works the day before and the day after the holiday.
- s. 4 paid holidays: B, C, D, and E providing the employee works the day before and the day after the holiday.
- t. 2 paid holidays: B and D and half day paid holiday the Friday after Thanksgiving and the last working day before Christmas and Good Friday paid half day.
- u. 1 paid holiday: D and four hours for the day after Thanksgiving.
- v. Employer contributes \$100.00 per year to the apprenticeship and training fund.
- y. 3% of gross earnings to SASMI.

DECISION NO. CT80-2073

PAID HOLIDAYS:

A-New Year's Day; B-Memorial Day; C-Independence Day; D-Labor Day; E-Thanksgiving Day; F-Christmas Day.

FOOTNOTES:

- a. 7 paid holidays A through F, and Good Friday
- b. 1 paid holiday: Good Friday. Employee must work 3 days during the work week in which the holiday falls, if scheduled, and if scheduled, the working day before and the working day after the holiday
- c. 4 paid holidays: B, C, D, and Good Friday. Employee must be employed 14 consecutive days immediately, prior to the holiday.
- d. 3 paid holidays: C, D, and E.
- e. \$100.00 per year
- f. 3 paid holidays: B, C, and D.
- h. The last 4 regular working hours prior to Christmas shall be a paid half day.
- i. 6 paid holidays: A through F
- j. Employer contributes 8% of basic hourly rate for 5 years or more of service or 6% basic hourly rate for 6 months to 5 years of service as vacation pay credit.
- k. 9 paid holidays: A through F, Washington's Birthday, Good Friday, and Columbus Day.
- l. 9 paid holidays: A through F, Washington's Birthday, Good Friday, and Columbus Day.
- m. The last 4 hours on Christmas Eve is a paid half day, if employee has worked 5 consecutive days prior to Christmas Eve.
- n. 9 paid holidays: A through F, Washington's Birthday, Good Friday, and Christmas Eve provided the employee has worked 45 full days for the employer during the 120 days prior to the holiday and is available for work the day preceding and following the holiday.
- o. 9 paid holidays: A through F, Washington's Birthday, Good Friday, and a floating holiday per year provided the employee has been employed for a period of 5 working days prior to the holidays and works the scheduled work days immediately preceding and following the holidays.
- p. 2 paid holidays: C and D providing the employee works the day before and the day after the holiday.
- q. 4 paid holidays: B, C, D, and E providing the employee works the day before and the day after the holiday
- r. 1 paid holiday: D
- s. Paid holidays: D, and the Friday after Thanksgiving is a paid half day, and December 24, provided it falls on a working day, is a paid half day
- t. 3 1/2 paid holidays: C, D, E, and the half day Friday after Thanksgiving
- u. 1 paid holiday: D
- v. 2 paid holidays: B, D, & half day paid holiday the Friday after Thanksgiving, and the last working day before Christmas, & Good Friday paid half day

MICH-9-PFO-U-2-2

POWER EQUIPMENT OPERATORS:
UNDERGROUND CONSTRUCTION

	Basic Hourly Rates	Fringe Benefits Payments			Education and/or Appr. Tr.
		H & W	Pensions	Vacation	
CLASS I	\$ 9.24	.80	1.00	10%	.05
CLASS II	8.98	.80	1.00	10%	.05
CLASS III	8.52	.80	1.00	10%	.05
CLASS IV	8.27	.80	1.00	10%	.05

CLASS I - Power shovel, crane (crawler, truck type or pile driving), dragline, backhoe clamshell, trencher (over 8' digging capacity), mechanic, endloader (over 1 1/2 cu. yd. cap.), grader, scraper (self-propelled or tractor drawn), dozer (9' blade & over), concrete paver (2 drum or larger), side boom tractor (type D-4 or equivalent & larger), elevating grader, roller (asphalt), gradall (and similar type machine), batching plant operator (concrete), backfiller tapper, well drilling rig, slip from paver slope paver, conveyor loader (euclid type)

CLASS II - Trencher (8' digging capacity & smaller), endloader (1 1/2 cu. yd. capacity or smaller), dozer (less than 9' blade), side boom tractor (smaller than type D-4 or equivalent), pump (1 or more 6" discharge or larger - gas or diesel powered or powered by generator of 300 amps or more inclusive of generator), hoist, boom truck (power sing type boom), tractor (pneu-tired, other than backhoe or front endloader), crusher

CLASS III - Air compressor (2 or more - less than 600 CFM), air compressors 600 cu. ft. per min. or larger), concrete machine (and similar equipment), mechanic helper, maintenance man, boom truck (non-swinging, non powered type boom), welding machine or generator 2 or more - 300 amp. or larger gas or diesel powered), pump (2 or more - 4" up to 6" discharge - gas or diesel powered - excluding submersible pumps), concrete paver (1 drum 1/2 cu. yd. or larger wagon drill (multiple), elevator (other than passenger), concrete breaker (self-propelled or truck mounted - include compressor)

CLASS IV - Hydraulic pipe pushing machine, pumps (2 or more up to 4" discharge if used 3 hours or more a day or diesel powered - excluding submersible pumps), trencher (service), boiler, vibrating compaction equipment, self propelled (6' wide or over), stump remover, mulching equipment, farm tractor (with attachment), finishing machine (self-propelled), concrete saw (40 H.P. or over)

STATE: Michigan
DECISION No. MI80-2063
Supersedes Decision No. MI79-2013, dated May 4, 1979 in 44 FR 26439
DESCRIPTION OF WORK: Building (Does not include single family homes and apartments up to and including four stories) and Heavy (excluding Bridge, Airport and Sewer) Construction Projects.

CLASS 7 - Oilers on Truck Cranes and Gradalls

CLASS 8 - Cranes with boom lengths of 200 feet or more

CLASS 9 - Crane with boom length of 150 feet or more

PAID HOLIDAYS: A-New Year's Day; B-Memorial Day; C-Independence Day; D-Labor Day; e-Thanksgiving Day; F-Christmas Day

FOOTNOTE: A. Holidays: A through F, Veterans Day, Washington's Birthday and Columbus Day.

DECISION NO. NH80-2056

POWER EQUIPMENT OPERATORS
HEAVY CONSTRUCTION

NH 2-PEO-2-3-S

	Basic Hourly Rates	Fringe Benefits Payments				Education and/or Appr. Tr.
		H & W	Pensions	Vocational		
CLASS 1	10.48	.95	.75	a		.05
CLASS 2	10.19	.95	.75	a		.05
CLASS 3	9.96	.95	.75	a		.05
CLASS 4	9.33	.95	.75	a		.05
CLASS 5	8.965	.95	.75	a		.05
CLASS 6	8.36	.95	.75	a		.05
CLASS 7	11.05	.95	.75	a		.05

CLASS 1 - Shovels, Crawler & Truck Crane, Derricks, Backhoes, Trenching Machines, Elevating Graders, Gradalls, Piledrivers, Concrete Pavers, Engineers on Site Processing Plant, Dragline, Clamshell, Cableways

CLASS 2 - Rotary Drill (with mounted compressor), Compressor House (3 to 6 compressors) Rock and earth Boring Machine (excluding McCarthy and similar drills), Grader, Front End Loader (4 yds. or over)

CLASS 3 - Bulldozer, Push Cats, Scraper (Self propelled or tractor drawn), Self-powered Asphalt Paver, (Front End Loader 3/4 to 4 yds.), Mechanics, Well Driller, Pumpcrete Machine, Engineer or Fireman on High Pressure Boiler (on job) Self-loading Batch Plant (on job), Well Point Operators

CLASS 4 - Hoists, Conveyors, Self-powered Rollers and Compactors, Self-propelled Material Spreaders, Self-powered Concrete Finishing Machine Mixers (2 bag with skip), Front End Loader (Under 3/4 yd.), McCarthy & similar Drills, Batch plant (not a self-loading), Bulk Cement Plant

CLASS 5 - Compressor (315 C.F. or over-one or two), Pump 4" or over, Tractor without blades, Drawing Sheeps-foot, Rubber Roller or other type Compactor including Machines for Pulverizing and aerating Soil or Bucket) Drawing Roller Compactors or other Machines

CLASS 6 - Compressor (up to 315 C.F.), Small Mixers with skip, Oilier Pumps up to 4", Grease Truck, Power Heaters, Welding Machines (when 3 or more Welding Machines Class 4 rate applied), A-Frame, Forklifts, (Where grease truck contains powered grease equipment, engineer in charge shall be paid Class 3 rate)

CLASS 7 - Crane with boom length of 200 feet or more including jib

PAID HOLIDAYS: A-New Year's Day; B-Memorial Day; C-Independence Day; E-Thanksgiving Day; F-Christmas Day

FOOTNOTE: A. Holidays: A through F; Washington's Birthday; Veteran's Day and Columbus Day
