WORLD RELIEF CANADA REPORT TO THE DENOMINATIONAL HEADQUARTERS OF THE FREE METHODIST CHURCH IN CANADA

FROM

TONY DAVIES, DIRECTOR, CANADIAN MINISTRIES

"Let us not become weary in doing good, for at the proper time we will reap a harvest if we do not give up." Gal. 6:9

The unrelenting wave of human disasters that are brought to our attention through the news media or directly through our brothers and sisters overseas, often lead to what is termed in charitable organizations as "donor fatigue". Disaster situations can become so commonplace and ongoing that we do indeed tend to become "weary in doing good".

Your denomination's support of World Relief Canada's ministries this past year has given the church of Jesus Christ in the Third World the tools with which to continue to "do good" in war-torn, hunger-ravaged and poverty-stricken countries. Thank you for partnering with us in obedience to our Lord's command. World Relief is pleased to report to you on what has been done as unto the Lord this past year.

THE FREE METHODIST CHURCH IN CANADA AND WORLD RELIEF CANADA

The support of the Free Methodist Church in Canada during the year ended December 31, 1992 has been a real encouragement to us. World Relief Canada represents evangelical churches in Canada in ministering to the needs of the hurting and hungry of the Third World, and acts in the name of Christ and through the church of Christ. Thank you for sharing in this ministry.

Giving by your denomination over the past four years is indicated on the attached report.

CANADIAN HIGHLIGHTS

Resignation of Reg Reimer - In early February, after nearly ten years at the helm of WRCanada, Reg Reimer announced his resignation. Those of us who worked closely with Reg knew that he had "been feeling the stirrings of change for some time." Brian Stiller commented that Reg's leadership at WRCanada will be missed, "but by his life and gifts he will doubtless continue to spread the message of God's compassionate concern for the poor." The Board of Directors of WRCanada has commenced a search for a new chief executive officer.

Canadian Foodgrains Bank - Since 1991 World Relief Canada has been a member of the Canadian Foodgrains Bank (CFGB) representing the Apostolic Church of Pentecost, Associated Gospel Churches, Baptist General Conference of Canada, the Evangelical Covenant Church of Canada, the Evangelical Free Church in Canada and the Free Methodist Church in Canada. Through this membership, farmers' grain donations are generously matched (most at 4:1) by the Canadian International Development Agency to meet the needs of the hungry around the world. Major desitinations for CFGB assistance this year were in the Horn of Africa; of particular concern was the situation in Somalia and southern Sudan.

Chinese Concert for Somalia - A capacity crowd attended the WRCanada Concert for Somalia at Toronto's Bayview Glen Alliance Church on November 28, 1992. This Chinese concert raised almost \$130,000 in gifts and pledges. The response to this concert, which was sponsored by a number of Chinese Christians in the Toronto area, caused us to once again acknowledge that our God is greater than economic downturns.

Travel With A Difference - Our Travel With A Difference program saw a number of Canadian Christians travel to the Philippines in January of this year to visit with some of their brothers and sisters and meet a few of the people that they are trying to reach in the name of our blessed Lord. This has proven once again to be a life-changing experience for those who are able to participate.

World Relief Sunday - World Relief Sunday continues to be a significant activity. There are now hundreds of churches in Canada who set apart at least one Sunday a year to focus (supported by WRCanada materials) on their brothers and sisters around the world who live and seek to serve Christ under circumstances that we sometimes simply cannot comprehend. These churches provide some 60% of WRCanada's non-governmental revenue. The other 40% is from individual supporters.

World Relief Sunday this year is scheduled for October 10, 1993 (or any other Sunday more convenient to your churches). Please watch for our offer of materials. Your participation with us on World Relief Sunday will have a major impact on our ministry to the needy in our world.

INTERNATIONAL HIGHLIGHTS

Croatia - In September 1992, David Stiller, former Board Chairman of WRCanada, visited Croatia and met with representatives of AGAPE, the relief and development arm of the new Union of Evangelical Churches in Croatia. Brutal fighting and "ethnic cleansing" in the former Yugoslavian states have resulted in an estimated 630,000 refugees looking for temporary asylum and assistance in Croatia. The evangelical church is attempting to minister to them. Recognizing an excellent opportunity to help strengthen an emerging partner organization within the network of the World Evangelical Fellowship and encouraged by grassroots support by a number of London, Ontario churches as the result of the personal efforts of David Stiller, WRCanada has been able to ship three containers (more than 40 metric tonnes) of much-needed clothing, medical supplies, stoves and non-perishable food items to Croatia earlier this year. Funds have also been sent to AGAPE to purchase fuel, blankets, clothing, food and material for winter shelter.

Eritrea - With substantial inputs from the Canadian International Development Agency, WRCanada is involved in a major rehabilitation and afforestation program in Eritrea valued at over CDN \$1 million. Kila Reimer (daughter of Reg and Donna Reimer) is seconded to the Eritrean Kale Haywet Church, our partner in this project.

Liberia - Enid Gray, a Canadian nurse, has been seconded to the Evangelical Alliance of Liberia to assist in their food aid and health care program in that war-torn country. With inputs from the Canadian International Development Agency, WRCanada is supplying two containers of cooking oil to this project.

Moscow - The Konkova District Evangelical Church in Moscow has begun serving hot meals to vulnerable people in that city. The economic upheavals of the former Soviet Union have been well-publicized and the Christian community is responding as much as they can. WRCanada in partnership with the Canadian Foodgrains Bank has supplied a container-load (18 metric tonnes) of lentils to the Konkova Church. This will feed 150 people one meal per day, seven days per week for one year.

Mozambique - Chartered by the Canadian Foodgrains Bank, the grain ship "Dinara" began its voyage from Goderich, Ontario to Mozambique on September 1, 1992, carrying 14,000 tonnes of food for relief projects in southern Africa, including 2,250 tonnes of corn for WRCanada's Mozambiquan project. Attention is focusing on Mozambique as the UN Department of Humanitarian Affairs has concluded that Mozambique will become "the next crisis spot to follow Somalia".

Somalia - Compelled by the intensifying food shortage in Somalia, WRCanada increased its response to this destitute region. In the Fall of '92 WRCanada began providing food aid for the starving victims inside Somalia through World Concern (an evangelical relief agency with 11 years of experience in Somalia). Over 11,000 mothers and children are being fed twice daily through 27 feeding centres.

Earlier this year WRCanada commissioned three Canadian nurses -- Robin Schroder, Sandy Ewan and Katherine Weins -- to assist with the food aid and health care programs in Somalia. Factional fighting and hostility toward foreign intervention have hampered relief efforts in the Kismayo area, where Sandy and Robin were posted, necessitating periodic evacuations. The situation in Somalia continues to demand much prayer both for the safety of the team members and the success of their work.

Southeast Asia - In other areas such as Southeast Asia our work continues through World Evangelical Fellowship affiliates such as PHILRADS in the Philippines, LEADS in Sri Lanka, NEICORD and EFICOR in India and Koinonia in Bangladesh. Many development programs including livelihood loans, housing, wells and latrines enable the body of Christ to minister to their neighbours in these areas.

Sudan - Working through the Fellowship for African Relief, WRCanada is involved in ongoing famine relief in Sudan in partnership with Emmanuel International and SIM Canada. Involvement in this effort is widespread including support from TEAR FUND UK and SIM Australia.

Refugees - Assisting Refugees in need continues to be an important component of the work of WRCanada. In addition to providing emergency food supplies and other assistance to displaced populations (such as those in Croatia) WRCanada seeks to provide protection for refugees in search of safety and security. WRCanada has a Master Agreement with Canadian Immigration which enables us to resettle refugees to sponsoring churches throughout Canada. Presently, we are seeking resettlement opportunities for Iraqi asylum-seekers in Cyprus.

CONCLUSION

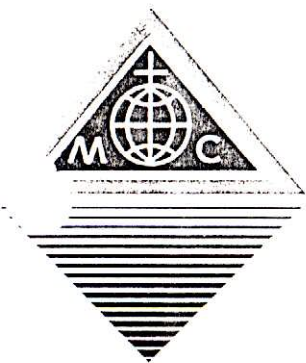

Much has been accomplished this past year in the name of our Lord and for the furtherance of His kingdom. So then, "let us not become weary in doing good, for at the proper time we will reap a harvest, if we do not give up." May the peace and strength of our Lord be yours as you serve Him.

R.A. (Tony) Davies

Dear Bishop Bastian:

Warmest greetings in Christ! I was very pleased to receive your May 25 letter and to know that your General Conference which is to be held in the end of July-early August is at hand. I was distressed to learn that you will be retiring from office this summer. Because of who you are, and that for which you stand, I share your confidence that "the best is yet to be."

You may recall that in my letter of November 4, 1992 I mentioned that the Council Executive Committee had just met in Bulgaria, and we did not receive your letter in time to take action there.

Our world officers meet in December, 1993 in Bombay. Dr. English and I are agreed that the application of the Free Methodist Church in Canada only lacks formal confirmation there, and that approval will be granted following principles previously established.

With regard to the Free Methodist Church of North America, the membership is "fraternal". I am very happy that The Free Methodist Church in Canada will be the Free Methodist body with full membership, and the history of the full membership of Free Methodists goes back to the beginning of the Council in 1881. It was only in recent years, as you know, the Free Methodist Church based in North America asked to maintain "fraternal" and not full membership.

Bishop Donald N. Bastian
June 10, 1993
Page Two

Your intention to contribute \$1,000. as your share in the annual World Methodist Council budget is very generous, and is a most worthy amount for Free Methodists in Canada to do.

We shall ask the Church to nominate persons to serve on the 500 member World Methodist Council as we gear up for that meeting, to be in Rio de Janeiro, Brazil in 1996. We also hope Free Methodists from Brazil will be present there. As soon as possible, we would ask that the Church name one person to serve on the WMC Executive Committee.

The committee meets every other year. We shall next meet during the period of September 26-October 3, 1994 in Tallinn, Estonia. (Monday, the 26th. and Monday, Oct 3, are arrival and departure dates). Travel to Executive Committee meetings is borne by the member church, when this is possible. If needed grants are available. The Council covers hospitality during the meeting.

Following this meeting, there will be an optional extension for those who wish to visit St. Petersburg and Moscow.

Many thanks again for your timely letter. I join Dr. Donald English in heartily welcoming The Free Methodist Church in Canada to membership in the World Methodist Council.

Our prayers will be with you as you prepare for OTTAWA '93.

With great admiration, and with abiding friendship, I remain

Yours sincerely,

Joe Hale

cc: Dr. Donald English
Chairman, World Methodist Council

General Secretary/Chief Executive Officer: The Reverend Dr. Floyd C. Babcock

REPORT TO THE FREE METHODIST CHURCH IN CANADA

During the period of temptation in the wilderness as recorded in Matthew, Jesus states:

"The Scriptures say: 'No one can live only on food. People need every word that God has spoken.'
Matthew 4:4 (C.E.V.)

"People need the Word of God." The Canadian Bible Society continues to respond to our mandate of translating, publishing and distributing the Scriptures in the common languages of people, at affordable prices.

We are particularly thankful that this past year we were able to publish an updated version of the Inuktitut New Testament. Dedication took place in Iqaluit, Baffin Island with the Inuit present who had worked on the translation. We are presently working on the Old Testament in that language.

We are continuing translation and publishing in indigenous languages.

This past year in Canada we were able to distribute 177,000 Bibles; 295,000 New Testaments; 174,000 Scripture Portions (one book of the Bible) as well as 8.3 million Scripture Selections. Scriptures were distributed in 107 different languages and dialects for use within Canada this year, English and French being the most common. However, we sell many Bibles in Spanish, Portuguese, Ukrainian and Korean.

The Canadian Bible Society is affiliated with the world-wide fellowship of the United Bible Societies, and through this avenue, 16,871,360 Bibles; 13,759,552 New Testaments; 30,167,612 Portions; 500,013,411 Selections; 18,146,676 New Reader Portions and 39,226,736 New Reader Selections were distributed.

The latest figures available, as published in the United Bible Societies 1992 Annual Report, indicates that complete books of the Bible are now available in 2,009 different languages. Of these, thirty-one were first recorded during 1992.

I want to thank you for your support. Without people like you supporting the Bible cause we would not be able to accomplish as much as we do. Please continue to pray and support the ministry of the Bible Society.

Respectfully submitted,
Floyd C. Babcock

MEMORANDUM

TO: FREE METHODIST CHURCH CONFERENCES

FROM: W. RICHARD STEPHENS

DATE: Summer, 1993

RE: Summary Report Concerning Greenville College

I. Student Body

The 101st year of Greenville College brought the largest new student enrollment ever--348, making a total enrollment of 864. All of these were from the traditional 18-24 year-old cohort, and were primarily residential students (80 percent). The academic measures of these students exceeded the national norms of college-bound students. For example, more than 50 percent of the entering freshmen at Greenville graduated in the upper quartile of their high school classes. The students' social and spiritual sensibilities and commitments were clearly evident in their wide participation in campus activities, in Bible studies, in church programs, and in various other ministry groups. The student body was more diverse than in recent years in terms of their ethnic, national, and racial backgrounds as the following table demonstrates.

Trends (HC)

in

Minority Enrollment

	<u>1985</u>	<u>1986</u>	<u>1987</u>	<u>1988</u>	<u>1989</u>	<u>1990</u>	<u>1991</u>	<u>1992</u>

Non-Residential								
Alien	<u>10</u>	<u>9</u>	<u>6</u>	<u>7</u>	<u>9</u>	<u>17</u>	<u>18</u>	<u>15</u>
TOTAL	<u>46</u>	<u>65</u>	<u>84</u>	<u>82</u>	<u>73</u>	<u>91</u>	<u>118</u>	<u>141</u>
Total Student	628	634	711	753	746	849	893	864
Body								
Percent Minorities	8%	10%	11%	11%	10%	11%	13%	16%

*Upwards of 95 percent of these students are residential making an effective cultural impact of nearly 20 percent.

Due to federal and state aid losses many admitted new students were kept from matriculating at the college this year. Nevertheless, the new freshman class was the largest to enroll. Hence, the five-year trend of enrollment increases was maintained; but due to the economic recession, and the largest number of mid-year graduates ever, second semester's enrollment dropped below budget projections. For the 1992-93 academic year 935 different individual students were served, and for the fiscal year over 1,135 students enrolled in courses.

Student Characteristics

	<u>1989-90</u>	<u>1990-91</u>	<u>1991-92</u>	<u>1992-93</u>

Faculty/Student Ratio	13.6:1	15.7:1	13.1:1	15:7:1

II. Special Accomplishments of the 1992-93 Academic Year

A. During commencement exercises on May 23, 1993, 170 seniors were graduated. This class continued Greenville's high academic reputation by their admission to graduate and professional schools. Among the universities they will attend are Washington University, St. Louis University, Asbury Theological Seminary, and University of Illinois.

Attached is the senior reflection statement given by Anne Dawdy during commencement. Also attached is the presentation that honored the senior recipient of the President's Citation Award. The senior receiving this highest award was Brandon Demaray Hill. Brandon plans to work in the Business Office at Greenville College.

B. Dr. James A. Reinhard, Professor of Religion at Greenville College, class of '54 provided us with a premier viewing of "Jim Reinhard Live." The first guests to be interviewed--Richard and Arlene Stephens. Over 500 alumni and other friends enjoyed the banquet with Mr. John P. Ellis, class of '58, as the master of ceremonies. Mr. Ellis is currently administrator of Deaconess Hospital in Oklahoma city. Dr. Dale Martin of the Department of English was recipient of the Faculty Award.

C. The new 25,000 square foot, four-story, Irvin L. Young Memorial Library Tower addition to the Ruby E. Dare building was in full service this year. With renovations of the Dare building finished, the library totals 41,000 square feet. State-of-the-art resources are housed in this new facility, thus making it the center piece which focuses the college's important mission in the Christian liberal arts.

With the lap exercise pool addition, the Sports Training Annex is now a state-of-the-art health and fitness center. The swimming pool supplements services now in place including free weights and exercise machines, aerobic room, public dressing rooms, saunas, whirlpools, showers, lockers, and athletic dressing and meeting rooms.

A health and recreation building addition is almost completed. This 17,000 square foot facility will join the existing Burritt Gymnasium. Already in use, this lovely facility contains a three-lane exercise track, two full basketball courts, badminton courts, volleyball courts, tennis courts, soccer court, track and field events spaces, along with large storage rooms. This facility will serve the health and physical education teaching program, intramurals, intercollegiate sports, and community and church programs.

D. The 1992 Greenville Conference on Ministry featured North American Bishops--Gerald Bates, David Foster, and Richard Snyder in a Bishops' School for Renewal. Total registration for the conference was 130.

The 1993 Greenville Conference on Ministry is scheduled for October 12-14. Speakers will be Douglas Crossman and Dennis Kinlaw. This plans to be another exciting conference.

E. Six faculty members pursued graduate study during the year. Approximately 55 percent of the teaching faculty will hold the doctorate during the 1993-94 academic year.

Three faculty members were on sabbatical leave during the year 1992-93--Merril McHenry, Ralph Montgomery, and W. Richard Stephens, Jr.--all during Semester I.

F. Again this year several meetings were held on campus and in our supporting conferences to increase college-church programming. Meetings with our seven conference superintendents, with the Greenville Conference on Ministry Committee, and with ministers in various zones were cordial and effective.

Also, several superintendents, pastors and churches have assisted with our new pastoral training program. In response to the Bishop's call for a New Day in our church, we addressed the need for new pastors. The result is that a new bachelor's degree program is now producing entry-level pastors. This new program maintains close ties with local churches, MEG Boards, superintendents and the college in the education of new pastors and church planters.

How effective has this fifth year of the new pastoral training program been? Outstanding! That is the only appropriate description. Note the following:

- 25 students are majoring in this program, and these come from 11 Free Methodist Conferences.

- 8 seniors graduated with pastoral ministry majors.

- 2 seniors are serving pastoral internships this summer, 1993, in some of our most successful churches.

- 31 students are majoring in the new youth ministries program, now completing its second year.

- 7 are serving in youth ministry internships this summer, 1993, in some of our most successful churches.

- \$165,000 was carried in the college's budget to support scholarships and salaries for this NEW DAY program. (We need much more direct church support for this program.)

- students in this program are excellent intellectually and spiritually, and they have been a vital part of the spiritual renewal which occurred on-campus this year.

Note: A total of 33 Free Methodist students are majoring in the Department of Philosophy and Religion, 17 of whom are in the Pastoral Ministry major.

What are the needs? Inasmuch as these new pastoral and youth training programs are for the church directly, and are a part of the NEW DAY to raise up more pastors and new churches, it is to the local churches and conferences that we look for three things:

Students--Each church should provide frequent opportunities for God's call to the pastoral ministry to be sensed and followed. Then, it should point those who respond to Greenville's New Day pastoral ministry program.

Funds-----Scholarships are needed. For 30 students, plus faculty, we will need over \$200,000 for the 1993-94 academic year! Each church and conference is urgently requested to include funds in its budget for supporting students.

Prayer----Except the Lord build the house, say the scriptures, our labors are in vain. This new program at the college, and the college itself, needs your prayers, your faith, and your active involvement.

G. Free Methodist Futures was continued this year with 212 Greenville College students receiving the \$200 award. Many excellent reports about this came from pastors, lay parents, and students. Though this program was not funded by the general church this year, Greenville College chose to continue recognizing our Free Methodist young people with their own funding.

H. Some key findings of academic strengths of Greenville College continued strong and again this year were improved. For example, two seniors completed departmental honors papers, which is an independent research project modeled after graduate study.

I. Intercollegiate athletics is a program where student athletes have an opportunity to compete in fourteen sports while pursuing their chosen academic major. Striving for excellence both academically and athletically continues to be our goal.

The 1992-93 season brought one NAIA District championships in men's and women's track and field and an NCCAA District Championship in baseball to Greenville College for the second year running. The baseball team went on to finish fifth in the NCCAA National tournament. The Panther Football team was undefeated in the Illini-Badger football conference.

Greenville College continues to distinguish itself and represent the school with athletic excellence.

The Greenville College Choir of forty-five voices performed twenty-seven concerts in churches, festivals, alumni meetings, as well as singing for events on-campus. The choir traveled over 5,800 miles on three weekend trips (to Illinois and Indiana) and a ten-day spring tour to Arizona and California (including 3,000 miles of air flight from St. Louis to Phoenix and return). Alumni gatherings heard the choir in San Clemente, Santa Barbara and Upland in Southern California; and in Phoenix, Arizona. Offering income from Illinois and Indiana choir concerts totaled \$1,528 and expenses totaled \$3,119.

For the unusual expenses of the spring tour, including air fare and bus, the choir members carried out a letter writing campaign to relatives and friends. This effort realized \$17,400, which netted \$14,750 after expenses. Offering income from the tour was only \$2,287.

Eight student ministry groups (five singing, one drama, one puppet, one flute ensemble) presented 113 programs in churches, schools, and civic organizations. They traveled 12,587 miles in four Free Methodist conferences with an offering income of \$5,104.70.

"Cornerstone 1992", our summer ministry group, also ministered to many churches in Illinois, Indiana, Louisiana, Missouri, Wisconsin, Kentucky, Michigan and Ohio. Their travels covered six Free Methodist conferences, presenting a total of 35 concerts. The gift income was \$4,098.09 with expenses that totaled \$14,948.33.

The Student Religious Life Committee coordinates several opportunities, including "Crossroads," a big brother/sister outreach, inner-city ministries to Lighthouse Church in St. Louis, and other outreach opportunities. In addition, a weekly Vespers service is held in LaDue Auditorium. Covenant groups, small Bible study and discipleship groups, continue to attract over 150 students, faculty and staff each semester.

The 1992-93 Social Life Committee was under the guidance of Social Life Director, Doug Blume. The committee, comprised of three student leaders, met weekly to plan activities and worked with a host of student volunteers to organize and complete an eventful year. Next years staff seeks to build and improve upon this year as they are currently meeting to plan the 93-94 calendar.

J. Alumni Awards presented during the 1992-93 academic year are as follows:

Distinguished Alumnus Award

Robert L. Burtch
Mary Taylor Previte

Faculty Award

Dale F. Martin

Young Alumnus Award

Raymond Edmonds

K. The 1992-93 fund-raising goal was set at \$1,020,000 to assist in balancing the current fund budget. Various systems of fund-raising were used, which included the telephone, direct mail and personal contacts. The annual spring Tele-thon realized a record high in pledges, totaling \$617,502, which was an increase of \$10,217 over the previous year. As of May 1, operating funds in the amount of \$522,053.16 have been received, with an additional \$497,946.84 needed during the remaining eight weeks of the fiscal year. The following five-year summary shows the contributions by conference to the college from church and conference budgets:

	1992-93*	1991-92	1990-91	1989-90	1988-89
Atlantic Southeast	0	243	200	194	210
Central Illinois	10,733	13,333	22,138	22,604	15,189
Florida	4,612	3,730	4,552	7,673	6,018
Illinois - Wisconsin	1,310	1,266	3,951	1,786	2,034
Kentucky - Tennessee	0	300	237	631	417
Louisiana	176	112	536	956	541
Wabash	<u>17,380</u>	<u>19,155</u>	<u>16,890</u>	<u>16,316</u>	<u>13,716</u>
 TOTAL	 <u>\$34,211</u>	 <u>\$38,139</u>	 <u>\$48,504</u>	 <u>\$50,160</u>	 <u>\$38,125</u>

*To date through May 1, 1993

Church budget support of the college took a major step forward when all seven supporting conferences voted that \$7.50 per member be included in each local church budget for Greenville College. This amount is over and beyond that which individual members give directly to the college, in order to generate new gifts to replace the amount in the college's budget which previously has come from the state government. We are thankful for the support from churches and conferences, and our prayer continues to be that all of our churches will show their support by including the college in their budget in the coming years.

L. The growth in the endowment fund continues with payments of pledges and others who have made gifts to the fund. This year, \$147,606.86 has been added to the endowment bringing the total to \$6,087,000.

The endowment campaign has given our churches and our people a new awareness of the importance of the college to our church and young people. It has also made it possible for the college to give more assistance to our Free Methodist youth.

The endowment funds are under the care and supervision of a qualified investment committee who have been very successful in producing more dollars which are flowing into the scholarship fund. Over 2,500 people have given to the campaign and the single largest contributors to the endowment fund have been gifts from alumni and friends.

Cash from Estates	\$1,933,470
Board of Trustees	859,994
Contributions from Businesses and Institutions	832,802
Contributions from Churches	44,213
Gifts from Alumni and Friends	<u>2,145,009</u>
Total Cash Received	\$5,815,488
Total Pledges Remaining	<u>376,800</u>
Total Endowment to Date	<u><u>\$6,192,288</u></u>

The Board of Trustees has also given outstanding support in the cash amount of \$859,994, an average of \$23,889 per board member, along with heavy commitments to the Centennial Capital Campaign.

Please notice that our alumni and friends contributed \$2,145,009, and during that same period gave heartily to the operating fund, making it possible to successfully balance the budget during each year of the campaign.

During the eight years of the endowment emphasis, friends and alumni have continued to respond through estate planning-- 224 wills and trusts have been added to the file as of May 15, 1993, which will continue to build the endowment fund. The value of these documents is difficult to estimate-- perhaps several million, but stated value of some wills and trusts is well over \$3,500,000. For this Greenville College is most grateful.

M. NAMES OF PROSPECTIVE STUDENTS: Over the past nine years Free Methodist pastors have been increasingly aware of the need for providing names of prospective students to the admissions office. During this current year Greenville is happy to report that 105 prospects were referred to the admissions office by Free Methodist pastors. This helped produce 66 Greenville College students.

Campus Visit Policy: any pastor, youth pastor, or youth adult sponsor is invited to bring a carload of high school young people to campus for an official visit. The college will provide meals, overnight accommodations and gas money. Want your young people to attend Greenville College? Bring them to campus! Campus visits sell prospective students.

III. Anticipation of the New Year

A. The fall projected enrollment is for another good year though federal and state budget cuts in student and financial aid are seriously hurting the enrollment plans of many of our students. A tremendous effort is called for if the college's enrollment is to be stabilized.

B. Chapel is an integral part of the Greenville College experience, and serves as the only all-college event offered on a regular basis. We will continue to emphasize our faith and love for Jesus Christ through our chapel program, with special emphasis given to Christian Life Week, a special week of evangelistic services offered in both the fall and the spring.

We incorporate as much student participation as possible in the chapel program, using them to assist in music, prayer and testimony. Our goal is to make chapel a meaningful and sometimes life-changing experience for the entire college family.

We are looking forward to an exciting year of chapel services with a wide variety of speakers and opportunities to grow spiritually, emotionally and intellectually.

C. With the Centennial Celebration building projects completed, the campus has been improved significantly and the college even better positioned to attract students and faculty in the days ahead. When construction bids for these facilities exceeded by significant amounts the architect's best estimates, the trustees decided to move ahead and increase the gift goal from \$3,150,000 to nearly \$5 million. Gifts and pledges now exceed the original goal, but these yet remain right at \$1.5 million to be raised to complete funding. The college needs the help of all churches to meet this goal.
