Objectives

My name is Tebatso Pride Seloane, I am a full South African citizen. I am passionate about sports coaching and look to gain more experience and exposure as a tutor. I completed my SAFA(South African Football Association D-license coaching course through my regional association SAFA Ekurhuleni(eastrand), offices in Benoni. The course was conducted over a 5 day period on weekends. Held at a conference center at Germiston stadium. Currently I managed to gain acceptance into the University of Johannesburg UJ(217086031) Education faculty program. I am with UJ to Archteburg in Rustenburg where we were motivated and asked to show resilience, work hard and strive for success. This kind of Personal Drive is why I intend to become a tutor to help development of others. I have good integrity and good ethical behavior able to follow set standard and code of conduct that inspires good behavior in others.

At the 5 day training course a short introduction on dealing with every day and how to facilitate sideline treatment of common sports injuries. Covering the 8 main sports injuries namely: Broken leg, Broken arm, Dislocated shoulder, Conscious/Unconscious, Broken Finger/toe, Seizure, Head wound(Gash bleeding). Athletes safety is the coaches responsibility. The mission and philosophy of grassroots or development coaching. Understanding that a coach must act as a role model for youths and others. Preparation of training, organizing and realization of training, aspects of training(physical, Mental, Technical and Tactical) and understanding different player development phases. As a coach I must teach basic Fairplay rules as endorsed by fifa, Safa and Unesco. Work with training sheets including player register. Be able to organize a mini(internal) tournament(festival) inviting the local people, schools, clubs and more importantly parents and guardians.

Education

- **SAFA D-License** (29 April 2016)
