Twenty-five things to see, hear, watch, and read.

Art

10. See Diane Simpson: Samurai

A sparkling start to a new space.

The 80-something sculptress Diane Simpson organizes wonderful wooden planes into odd origami forms that suggest shields, temple figures, and huts from other dimensions. We see a sweet Cubism folding in on itself, presented in ways and scales that make us feel it could come out of a kit and be assembled under the Christmas tree. — J.S.

JTT, 191 Chrystie Street, through January 15.
