

# Global Outreach

New Life Community Church

# Global Outreach

God's kingdom is so much bigger than just Artesia, Cerritos and this local area. The whole earth is His and God's family includes people from all races, cultures and countries. At New Life, global outreach is aimed at building strategic relationships to reach specific regions of the world with God's transforming love.

## Vision Statement

To raise up and equip global disciples of Jesus with mentorship, love and support.

## Mission Statement

Based on Hope, Equality, Love and Prayer (HELP) to identify needs in the world and partner together in creating healthy biblical communities.

## Philosophy of Mission

Based on Acts 1:8

But you will receive power when the Holy Spirit comes on you; and you will be my witnesses in Jerusalem (Artesia, Cerritos, etc.), and in all Judea and Samaria (America), and to the ends of the earth (global missions).

## Why Artesia?

Our local community is our number one focus as we are New Life for the City.

## Why America?

To reach beyond just our local communities.

## Why the World?

God's Kingdom is the whole earth; including all races, cultures and countries.

# Focus And Priority

# OVERSIGHT & RESPONSIBILITY

## MEMBERS IN MISSION (MIM)

Support a number of mission partners throughout the world, including various ministries, Bible translators, and NLCC church partners stationed in mission fields abroad.

## HELP INDONESIA (LONG TERM SUPPORT)

YAHELPI Indonesia: YAKAP Orphanages-Sentani, Papua, YACAN Orphanages-Medan, PACN Orphanages-Bogor, and Guntung Island Orphanages. We are hopeful to expand our long term partners in the future.

## SHORT TERM MISSION TRIPS

Working with mission needs on a short term basis, often closer to home.

## RCA MISSION PROJECT(S)

Collaborating with the Reformed Church of America in their mission efforts.

## GLOBAL OUTREACH TEAM MEMBERS

Our Global Outreach Team is comprised of various NLCC partners of different ages, backgrounds, and mission experiences. They were selected through an application process based upon their individual gifts and talents and are led by Pastor Ricky.

## HELP INDONESIA

HELP stands for Hope, Equality, Love and Prayer. The focus is to help Indonesian children who have lost their parents and are unable to get education. It focuses on poverty and education, sharing Christ's love in providing orphaned and less fortunate children with food, shelter, medical treatment and education in a safe and loving environment. The vision is to bring healing to hurting communities in Indonesia by providing assistance in health, education, social and economic development to rebuild these communities into self-sustaining entities. New Life Indonesia supports mission work in Sentani-Papua, Medan, Bogor, and Pulau Guntung. An orphanage was built in Medan to care for 37 children and an orphanage was also built in Sentani, Papua to care for 27 children. Once a year we hold an event to raise money to help build the house of a missionary/pastor in remote areas of Indonesia. We also support Rev. Titus Dima, an Indonesian missionary in Guinea Bissau, by sending him much needed vitamins and medications.

## MEMBERS IN MISSION (MIM)

Members-in-Missions (MiM) is all about furthering New Life's rich legacy as a "sending" church. We develop and send financial support, prayer and encouragement to our church members who serve on the mission field – some locally, some globally.

# PARTNERS IN EAST AFRICA

*The East Africa Partnership - in collaboration with the RCA Mission Partnership*

Since 1994, this partnership has been dedicated to improving the lives of people in East Africa by providing clean water, care and education for orphaned, destitute and vulnerable children; accessible, affordable, and quality healthcare; improvements in agriculture, sustenance, and nutrition; and other services that improve the physical, social and spiritual well-being of the people in East Africa.

## Why East Africa?

- Because of the deep practical issues and needs affecting the region - drought, slavery, economic exploitation, political unrest, and AIDS to name a few - and God's call to bring justice and healing.
- Because of the large numbers of people in the region who have yet to hear the message of Jesus in a life-changing way.
- Because of the connection many members of the New Life family have with the region after taking trips, supporting this mission, and developing a heart for East Africa.

For more information on these Global Outreach initiatives, to join regular prayer meetings, or if you have any questions, please contact Pastor Ricky Lomban at [RickyL@nl-cc.org](mailto:RickyL@nl-cc.org).
