28. Did some office work this morning, then preparing a card (with Mary) for the K-9 on American site and left on the 11 o'clock train for Weymouth arriving there about 12:35. Had dinner at the American Hotel. Found both the factory (Ken Davis & Rudy) and the 27<sup>th</sup> called on D'Almeida, a Brother's Rev's, who advised me that it made a course for the Hospital until the Rev. called everyone for me for he said you know the Revs, Dutch agent & know that every thing is all right and to convince them that this one must have 9 for for excludable, and then they will give "the Rev's the credit of both on the 3 pm. birds for

Reading among them about 10 o'clock, I tried to get Rev. L. D. Black on the phone but found that he was out of the city, then made an effort to see Gerald King and Ed. But he could not get home, this blocked my way again to get help to get to get L. D. & left for Lawrence on the 8:45 train, which was very nice. Spending night at home of Mrs. Mary Wilton & was especially nice. They promised to be one of several nights with them, return about 11 o'clock.

29. Mrs. Wilton asked me to come last the morning arriving. Had Rs. 1.00, they were concerned about my finances and asked if the Rev's hotel & about American work,

Wrote up the Hospital matters  
with Mr. Wells, Mr. Ferguson -  
some of the things and what Mr.  
Ferguson thought of them. He  
called upon Mr. Wells & the

3. Worked on my monthly report up till 11:00, Paul & I discussed our dinner today, I mentioned that our current help arrangement with Dr. Lewis, Com. for about a year minimum. I should like to know what to come, Ron says Paul is in the middle for Com. Lewis, very open to growth & get out of debt, I think the people, I think one proposal that was more to the point but from follow he held out so strongly that after meeting a fair amount of others, along a solution that I think is practical & when it works Paul was with me, I wanted to say that in getting the chapel - discussing the programs and physical work, I had the end of the chapel the chapel for speed in, meeting in the office & about 5:20.

Next I began to make a Power slide & met with our church email in the last act & Ron. It was decided to make our effort to minimize the cost of our program. This last on Paul got Brad & Leonard ~~to~~ get or to take out Brad & Leonard from the church & I'm in. I saw the Gull & our in-attendance; I'm going to be meeting & meet people & I think they are appointed to impart to the needs & report. Also a Don & Mrs. Miller (Dorothy) & report on Sunday & home. I'm in as appointed. I put the program in shape - from basic needs & studies. I was decided to speak to for a hour to make our church needs ~~the~~ & ~~the~~ (19) 1 - about 1 the from church & Glenburg in ~~class~~ ~~of~~ ~~the~~ ~~and~~ ~~1920~~

abandoned the several numbers  
to select a man to undertake  
for me during my absence,  
the meeting was a pleasant  
one - such as Brother Abbot's

Mr. Easton Webster came in &  
did me good to see so he is going  
back & with the beginning  
of the year, from some time  
on this he had heard my  
going to S. Am. and in speaking  
of it he seemed me that I  
shall have his progress in that  
kind of investigation. Mr. S. M.  
presided very well, did some  
things of interest. He said to  
the effect of the W. & S. Mining  
Act, but some kind of a

immediately, had a long talk with  
him, and showed he was proud  
that we were doing it and no other  
engineer in the world.  
I thought Primrose, chief of

as to point out the way  
direction to him; he is just  
above the ground the furnace.  
I had got some other matter
