Feb. 23, 1957 -

May 15, 1958

Sadler
his seal

Feb 28, 1957

The sesai wuloni early this a.m. & the children were up & ready for them, with torches & lanterns, leaving about 4:40 a.m.

Overcast a.m. (no rain last night);
sun beg. to come out at 7:15.

The grass is getting greener. During Feb 18-25, when I was down, there were 2 hard rains here, & the grass was green-brown. Feb. 26, ^{7:30} P.M., there was a hard rain, lastly ^{about} 45 mins; the grass is now rather green. Sun came out fully at 9: a.m. Hot day. Clouds & lite wind & brief sporadic rain at 6 PM for 15 mins. Overcast thereafter & cooler. Lite rain & brief, beg. 9:30.

Feb. 28, 1958

March 1, 1957.

Cool & overcast till 9 or so. Sun. Rather hot.
Pleasant evening; stars.

March 1, 1958

March 2, 1957

Sun at 6:15 or a bit before. Rice, grass almost
completely green. Many sesai wings about. Sunny
except for a few clouds now & then. Pineapples,
the big ones, are available.

March 2, 1958

March 3, 1957

A bright early a.m., with the sun almost
out. Clear sun at 9 or so. All sunny. Warm
at night.

March 3, 1958

March 4, 1957

Clear sun before 6:15; bit cloudy at 7; much sun
by 8 or so; hot; very little 3 min. sprinkle at 1:10 pm; hot &
close. The fish were "in" today. The people lined up at
11:40 a.m. & made the big reel at 11:50.

Heavy 30 min. wind by. at 5; sporadic, but not
hard, gusts of rain until 7:00 or so. Cool evening.

March 4, 1958

March 5, 1957

Overcast & cool a.m.

Little sun today; no rain; stars; not cool.

March 5, 1958

March 6, 1957

Overcast till 9 or so, clear sun till about
2:30; star clouds in east. Nice day until
about 2; then hot; skirts of a moon. I saw 3
house flies in the bath June at 5 pm.

March 6, 1958

March 7, 1957

Bright early a. m., Full sun around 9,
mostly sunny. Skies of a moon; warm?

March 7, 1958

March 8, 1957

A beautiful & comfortable a. m., with
sun before 6. Some cloudiness in aft; dark
clouds forming in WNW at 4:30 pm or before; little
wind but hard rain for 20 mins beg. at 6;
then dwindling. Cool. Rain stopped at 9 or so.

Flies are plentiful; saw another bee.

No lightning; distant thunder.

March 8, 1957

March 9, 1957

Beautiful a. m., cool; sun all
day. Rain at 8 pm, light & no wind.

March 9, 1957

March 10, 1957

Not a sunny early a.m., with sunny; hot clouds in East Bay. 4:30 a.m.; wind at 5:30, rain, sporadic, for 2 hours. Horse flies & other

March 10, 1957

March 11, 1957

Beautiful early a.m., overcast at 7:40 a.m. Perioptera (med.) are in. People cutting underbrush & have been doing so for about 4 hrs, Sun ~~4:30 a~~ ~~until 5~~ all day; thunder at 6:30, sporadic or a short, light + rain at 6:45; moon at 9; partly cloudy. Horse flies & other flies. These are in.

March 11, 1957

March 12, 1957

Beautiful early a.m., cool; but not ~~get~~ sun all day; moon; warm at night. Getting some crayes

March 12, 1958

March 13, 1957

partly overcast; late rain beg 5:50 p.m. ~~at sunset~~
wasflies

2 never bled,
stopped at 9:00
so.

March 13, 1958

March 14, 1957

mostly sunny. Wind beg. a bit past
midnight, then rain for 40 mins or so (hard
rain). Wasflies.

March 14, 1958

March 15, 1957

Beautiful early a.m. overcast
beg 7:20; mostly overcast til 12:40; distinct
thunder & overcast at 12:40 & overcast; a very
brief (1 min.) & late rain at 2 pm or so;
cont overcast, with rain, bled, beg. at 5:45
& lasty, but not bled, until 9 pm.

March 15, 1958

March 16, 1957

overcast till - very little sun the whole day; bright but overcast soon at night. Houseflies. Other flies rather plentiful the last 10 days.

March 16, 1958

a beautiful day from early a.m.; little wind, thunder beg. 5:56 p.m., no rain, & then only little & brief, sometime around 11 p.m. Grasses from our tree not yet ripe for grain eating.

March 16, 1957

March 17, 1958

March 18, 1957

A bright early a.m., but no sun. Plenty of sesai this a.m. The people were up at 5 a.m., gathering them. Plenty of wings about. This is probably the real day for them. They were abundant. I saw one child eating them raw (+ salt) from a pan this a.m. Sun about 8:30 a.m. & sunny thereafter. Distinct thunder at 2:45 p.m.

March 18, 1958

March 19, 1957

Clear a.m., sun about 7; briefly overcast
at noon; distant thunder beg. at 4 p.m., from
the east; distant thunder about 7 pm from west;
brief heavy brief drizzle at 6.00; late, brief
rain at 9:15; late-heavy rain briefly during
the night

March 19, 1958

March 20, 1957

an overcast (but bright)
a.m. until noon, when the sun came out
completely. Distant thunder in the east, ^{at 4} dark
clouds that way & EWE, but no rain. Draffles.

March 21, 1957

Quite a.m., but no
sun till 9 or so. A 10-drop spurt.
about 9:30 or 10; sun; stars; warm mt.
large purple: I bought one for 25¢
yesterday.

Mar 21, 1958

Mar 22, 1957

Beautiful early a.m., & partly cloudy
from 12 on; hot; stars.

Mar. 22, 1958

March 23, 1957

Beautiful from early a.m. on; hot;
stars. A bunchful of yellow lilies today. Rather
hard rain during the mt.; fairly long.

March 23, 1958

March 24, 1957

overcast but bright until now; cool; then
the sun; stars. Herzflies.

March 24, 1958

March 25, 1957

Day misty a.m.; warm; sun ^{from} 8:45; hot;
stars.

March 25, 1958

March 26, 1957

Heavily overcast a.m. until 7:40; out
briefly; until steady sun by 11⁰⁰; hot; stars.

March 26, 1958

March 27, 1957

Sun about 7:15; out all day; hot;
split breeze about 1:30; no sign of rain until
distant thunders in WNW beg. at 6:10 PM; some stars; hot.
Houseflies. PSPS. own craves upenig but
not sweet.

March 27, 1958

March 28, 1957

Beautiful day & sunny only all day; hot.
Houseflies. Stars.

March 28, 1958

March 29, 1957

Sun about 7:15 ^{not} much sun; hot; stars.
Houseflies; Distant thunders beg. 9 a.m.

May 19, 1957

Mostly sunny; distant thunder at 3 p.m. or so;
my late 10 min. shower at 3:20; distant thunder
at 6:55 or so, brief late wind, late rain, lasting
an hour or more, beg. at 7:35, cool.

May 19, 1958

May 20, 1957

Beautiful a.m. beg. at 7; some clouds beg.
at 10 a.m. or so; no sun in aft.; ~~mostly~~ very
late & brief drizzle at 4 & again at 6; late
rain sometime during the night.

May 20, 1958

May 21, 1957

Overcast almost the whole day; late, brief spinkle
at 7; 3 showers during the noon. & afternoon, all
of the brief, 2 ^{of them} more than late. Late, ^{steady} rain beg. at
4 & cont. til about 9 pm.

May 22, 1957

Overcast only all day; 3-min. sun at 11 a.m. or so; ^{very} late & brief
rain at 7 a.m., & again at 2 or so; no stars.

May 22, 1958

May 23, 1957

Overcast til 9:30, when there was a very brief sun;
a 10-drop rain at 9:8; 30 or so; sun mostly
sunny after 11 a.m.; warm during; stars.

May 23, 1958

May 24, 1957

overcast; sun beg. at 10 or so; very little &
brief drizzle at 7:30 a.m.; no stars. Houseflies,
not very big.

May 25, 1957

Overcast; little rain from 7:12 - 7:20; sun at 8:10;
partly cloudy til noon; 2-min. sunshine shows about
4 pm; 1 distant thunder at 6:30; few stars.

May 26, 1957

Brief & little rain about 5 a.m. (I am told); sun at
7 a.m.; mostly cloudy, hazy, til noon; mostly
muggy in aft.; warm.

May 27, 1957

Sun about 8:30; partly cloudy day; warm; a little
for brief rain sometime during the night. Plenty of
crayes now & they are rather sweet.

May 28, 1957

A beautiful early a.m.; some cloudiness
~~throughout~~ off & on during the day; a very brief &
little drizzle about 9 a.m.; a few drops of
rain at 9:30 pm.

May 29, 1957

A few drops of rain about 4 a.m.; bright a.m.
but no sun til 8 or so; 2 min. little sun-shine
shows about 10 a.m.; mostly muggy in aft.; no
stars at 7 pm; warm. Houseflies going; crayes
plentiful.

May 30, 1957

Sun about 8:30; mostly muggy; stars,

May 31 - June 3,
1957

4 was down. No rain here. kite spuddle
in Zephyr to 3-2-57.

June 4, 1957

Beautiful early a.m., then mostly overcast;
mostly sunny in afternoon. Crayes are
sweet. paraphis que. Beautiful
moon + stars; distant thunder at 10;
a very late rain + brief about midnite.

Beautiful early a.m.; see clouds in
a.m. + aft; sea is hot; distant thunder
& clouds in west; overhead thunder,
very black in west; very little
rain (all this at 8:45 pm); stars;
paddy overcast.

June 7, 1957

rain beg. in the mite + raining steadily but
lightly much of the mite (^{the} 2 drums at student house
were filled).

The previous ^{dry} reason
is definitely over.

June 8, 1957

a little drizzle of rain in a.m., mostly
overcast; moon & clouds at 7.20 pm.

June 9, 1957

Beautiful early a.m., partly cloudy
thereafter; moon almost full.

June 10, 1957

Med. rain beg. about 1:30^{a.m.} & lasts
for an hour or so; partly cloudy in
a.m.; rain in distance at 1:35 pm &
approaching, but ^{briefly} recorded here ~~very~~ little &
very brief.

June 11

Dark early a.m.; little brief rain at 8:15;
very dark shortly after and & med. rain;
mostly overcast; heavy overcast at 7 pm; ~~with~~
no rain.

June 12

Overcast til 9 or so; 2 little & brief
rains, 1 in the a.m., 1 in aft.; medium
rain at 5, 10 mins.

June 13

Not a drizzle early a.m.; sunny nearly all
(if not all, possibly) day; little rain, maybe
lasting an hour or so beg. at 11 pm or so.

June 14, 1957
A bright early a.m.; mostly sunny;
hot; distant thunders beg. at 7:30 p.m.; late
rain, lastly about an hour & beg. at 9:45 p.m.

June 15
Bright early a.m.; late 40 min. rain beg.
at 10:40 a.m.; very late & brief at 6:45 p.m., &
again at 8:25 p.m., stoppy at 9:45 or so

June 16
Clear early a.m.; nice day; mostly
sunny; stars.

June 17
Mostly clear; late rain beg.
6:25 p.m., harder & steady ~~at~~ 7:15, and lastly
for 1:45 min about.

June 18
Mostly overcast; ^{very} late ^{very} brief rain at 9 or so
& again at 6:20 p.m., lastly for a couple
of hrs or more.

June 19
Clear early a.m.; rock in Wapi river about
8" out of water; had to cross on Fisebu
bridge; partly cloudy day; late rain sometime
during the night; deerstie(?)

June 20
Clear early a.m.; mostly sunny; 1 star
at 8:15 p.m.; no rain.

June 21, 1957

Sun about 8.45; partly cloudy; distant
thunder beg. 4 PM; very brief & very late rain
at 6:15 pm; stars at 7.30; no rain thereafter.

June 22

Sun at 6 or so; mostly sunny; distant
thunder at 4 & off 4 or; med. rain began
at 6:15 & lasted 30 min; began again (med. &
steady) at 6:50 & lasted til 9:00, I believe.

June 23

Clear early a.m.; ~~was~~ partly cloudy;
very distant thunder at 6 PM; no
rain; stars.

June 24

Sun for early a.m.; partly cloudy;
fairly close thunder at 4:50 PM;
hard 15 min. shower beg. at 5,
with rain coming from WNW; sun
went down to the west of the st. hard
cottonwood trees; late brief (10 min)
rain again at 6:15.

June 25

Partly cloudy; fair wind, ~~shadder~~ & brief,
at 7, but no rain; ^{some} stars.

June 26, 1957

Clear early a.m.; partly cloudy day; thunders about 5, ~~at~~ very late & very brief rain at 5:45 p.m.

June 27

Lite rain about 3 a.m.; very little quantity; lite drizzle beg. at 7, turning into a lite 15 min. rain at 7:50; another brief shower at 9 or so; mostly sunny in aft.; thunders & a very lite 5 min. rain at 8:15 p.m.

June 28

lite lite brief drizzle about 7:30; mostly sunny; stars at 7:30; thunders at 9:30; med. rain for 8 mins. & no beg. at 10:10.

June 29

Mostly sunny. Very heavy, long rain during night-late.

June 30

Cloudy A.M. Clear, sunny P.M.
Thunder and lightning during evening
Heavy rain at 10. Rained all night.

July 1

Misty showers all morning, sun at short intervals.

Mostly sunny P.M. Rain at 5, short.
Beginning 9:30, all night rain.

July 2

Showers in A.M.
Sun in late P.M.
A few stars, Rain after midnight lasting rest of night.

July 3, 1957

Misty shows in A.M.
Clear and sunny in P.M.
Moon and stars, very clear
Rain toward morning

July 4

Cloudy A.M. Clear P.M. moon & stars:
beautiful.

July 5

a very late 2 min. (hardly a) rain at
9:30 a.m.; sunny thereafter; moon & stars.

July 6

a very late 30 second rain at 8 or 20;
mostly sunny thereafter til 4.00;
overcast; moon & stars.

July 7

overcast in a.m.; another 30 second
rain (9:30); 3 or 4 brief showers
during the day; a med. rain beg. about 9 pm
or so.

July 8

late drizzle, brief in early a.m.; mostly
sunny; rather heavy rain beg. at
7:45 pm & lasted for an hr.

July 9

several brief drizzles in a.m.; partly
sunny in aft.; cloudy noon; ^{very} late rain
during night.

July 1957

Misty start in AM.
Clear and sunny in PM.
Moon and stars very clear.
Rain forecast tomorrow.

July 4

Bill Gotwald started
Luna today.

July 10, 1957

Beautiful early a.m.; much cloudiness later, frequent drizzles & we brief & ~~low~~ ^{little} showers in aft.; hard rain ^{then} & ~~cont~~ ^{cont} rain & steady during the nite.

July 11.

Hard nite's rain cont' little & steady until 7:15 a.m.; drizzles off & on; little rain about 10 pm, not long in duration. Water in Woji river well over the big rock.

July 12

Overcast early a.m.; short, little showers; sun very hot overcast; heavy 25 min. rain begin at 7 pm or so; then very, very heavy at 11:30 & dwindling til 5 a.m. or so.

July 13.

Beautiful early am. til 7:30; short, little showers; grey sky in pm; a little ^{brief} rain during nite.

July 14

Soggy day; brief ^{little} showers; ^{pm} hard & long rain during the day, nite (very hard): big woji bridge out today, ^{other-side} front section completely washed away in a.m.; this section washed against the trees by 1 pm.

July 15

Soggy day; ^{little, brief} showers; sun sun; ~~no rain~~ little or no rain during the nite; water about 3" over Woji rock.

Bridge finished
by now

July 16, 1957
a nice day; some sun; little wind &
a very few drops of rain at 3 pm; beautiful evening sky;
Wuji rock about 3" out of water.

July 17, 1957
cloudy - clear day; ~~Wuji~~
~~rock~~ clear stars & late moon.

July 18
30 min. med. rain beg. at 6:35 am; then
clear, delightful day; stars; Wuji rock 5"-6"
out of water.

July 19
hazy, brief drizzle at 7:30 a.m., much sun from
9:30 or 10 a.m.; hot in afternoon; overcast
at 7 pm. no rain during night.

July 20
hazy, ^{brief} showers off & on all day; no long or
hard rain.

July 21
showers off & on till 9:15 a.m., clear
aft; little, brief shower at 9 pm.

July 22
overcast early a.m. till a watery sun
about 8; a few little ^{brief} showers in a.m., partly cloudy
in aft; overcast in pm, med. rain beg. at 7:00 pm &
lasty till 7:15, then very very ^{heavy} had till 8:02 pm;
cloudy from 8:02 pm till 8:20; very little after that,
probably cont all night.

9 took Land Rover to

July 23, 1957

last night's rain, very lite, cont until 7:15 a.m.;
watery sun at 8:15; lite showers; lite, brief rain about 9:PM;
they say it rained long & hard during the nite,

lite ^{brief} showers throughout the day; little or no sun; Jy 24,

lite, ^{ery} brief showers ^{or drizzles} off & on during the
day. Jy 25

mostly a beautiful day; Woji
rock about 6"-7" out of water; rain
during the nite, Jy 26

Rain beg. at 7:05 or so; med. hard
for 1 1/2 hrs; no sun; no rain
during the nite, I believe. Woji rock
about 7" out of water. Jy 27

lite mist for about 30 mins in a.m.,
beg at 7 a.m. or so; lite brief rain at 4:15 PM;
no ^{real} sun, just a faint, watery brightening; lite, brief
rain at 7:15 PM. Jy 28

lite, ^{brief} drizzle-showers in a.m.; ~~steady med. rain~~
~~beg~~ Jy 29 M

lite brief drizzle-showers; ~~steady, at med. rain beg~~
~~at 6 PM;~~ Woji rock 6"-7" out of water
at 11:30 a.m.; some rain
during the nite. Jy 30 T

lite, brief drizzle-showers; steady med. rain beg. at
6 PM; Jy 31 W

Woji rock 5" out of water at 1:15 PM.

Sketched R & K classroom
today.

Aug 1, 1957 Th
late, brief shower-drizzles in a.m.; little sun.

Aug 2, 1957 F
A fairly clear day till 3:30 PM, then a ~~last~~ 30 min
med. shower; no rain during night.

Aug 3, 1957 S
late, brief shower-drizzles in a.m.; 4 in aft.;
brief sun at 5 PM; late rain sometime during
the night.

Aug 4, 1957
one or 2 late drizzle-showers in a.m.;
mostly sunny; a good day, some late rain
during the night.

Aug 5 W
a bit of sun about 8:30; late brief shower by 12:15 PM;
mostly a good day, with much sun.

Aug 6 T
late, brief shower about 9 a.m. & again
(very brief) at 7:30 PM; mostly a good day,
with much sun.

Aug 7 W
Bright & sunny a.m.; hot sun; late-heavy
20 min. shower by at 12:50 PM;
late drizzle-showers off & on from 3 PM to
9:30 PM; then thunders (overhead & distant) &
a late rain lorry till 9 do not know
when.

Aug 8, 1957 Th

a dark, gray foggy a.m. till 8:15; then a watery sun; some real sun later; little brief showers about 4; beautiful now.

Aug 9 F

a very dark early a.m.; no sun till 10 or so

no hard rains;
drizzle-showers
& short bursts
mostly good days

Aug 10 S

a little, brief showers at 9:15 a.m.; mostly clear till 6:30 p.m.; ~~late~~ medium rain beg at 7 & lasts, pass nearly all night; thunders & 2 5-sec. lightnings, one very sharp & loud.

Aug 12 M

Med. rain until 8 a.m.; Flood Floods a bit more than my ~~to~~ hip-deep; Woogi rock well under water; little rain becoming medium from 8 a.m. - 10:45 a.m.; 2 or 3 little, brief rains in aft; dark aft; little rain beg at 7 & lasts for 5-6 hrs.

Aug 13 T

Woogi rock about 3" under water at 7:15 a.m.; 1" 2" out of water at 5:30 p.m.; mostly sunny; ^{some} stars.

Aug 14, 1957

W

lite rain beg. at 5:30 on so; stopping at 6:30;
sun at 8:20; & lasting all day; stars.

Aug 15

Th

a dark a. m. till 8 on so; little ~~sun~~ real
sun; hot; lite rain beg. at 6:50 pm, then hard,
then stopping for 40 mins., then hard again
for about 20 mins; 2 meadow thrushes (faint).

Aug 16

F

a soggy a. m.; ~~until~~ lite, brief showers
at 9:25 a. m.; med rain beg. at 6:15 pm on
rt, brief; a few stars at 8.

Aug 17

S

a soggy a. m.; sun in aft.; lite, brief
rain at 8:45 pm.

Aug 18

Overcast; ^{very} lite, brief rain at 9:30 a. m.;
2 lite, brief showers in aft.

Aug 19

M

3 brief lite showers beg. 4:15 pm, then a med.
showers lasting 20 mins; sun seen off & on in aft.

Aug 20

T

a lite steady rain just about all nite &
cont until 8:50 a. m.; sun out for 40 mins, ^{then} lite,
brief showers; no sun again till 10 on so;
very lite, brief showers & sun off & on during the
day; some laundry dried.

Aug 21

W

a bright early a. m.; sun about 8 & sunny throughout;
a good laundry day; stars

Aug 22, 1957 Th

lite rain beg. at 12.05 a.m. & lastly probably all nite; beg again, ^{mid.} ~~late~~, at 8:45 a.m.; hard for 10:30-11; a few mins. of watery sun in aft; no stars,

Aug 23, 1957 F

not a dark early a.m.; lite, ^{sub.} rain beg. at 9 or so & so off & on throughout the day; lite rain beg 7.10 p.m. & lastly 30 mins or so.

→ Aug 24, 1957 S

not a dark early a.m.; mostly sunny. Distant thunder & lightning beg. at 6:30 p.m. or so, a lite, brief rain beg at 7:20; more thunder at 9:30 & off & on, with lite, brief rain. Then, about 4 a.m., I believe, a lite steady rain lastly till 8.30 a.m. on Sunday, ~~lite brief~~ showers till 9; little or no sun; lite, ²⁰ rain Sunday at 5:45 p.m.

Aug. 26, 1957 M

hard rain beg. before midnight, I believe; I do not know how long it lasted, ^{hard} but it with was raining lightly & steadily ~~by~~ until 2 a.m. or after; ^{brief} showers, 1 hard, throughout the day; some sun; ^{lite} ~~lite~~ ^{sub.} showers off & on during the nite, beg at 7:45.

days

Mary. arrived today

Aug 27, 1957
lite, brief rain at 7:10 a.m.; ~~not~~ sun about 9 a.m.
but off & on vly. briefly; med, brief showers
at 1.45 p.m., & lite, brief ves after that until 6:30;
lit-med. rain beg at 6:35; & off & on for
a couple of hrs.

Aug 28, 1957 W
A good laundry day; ^{brief} (drizzle showers (a few) off & on;
much sun; med rain ~~about~~ from 6:15_{pm} - 8:30 p.m.

Aug 29 Th
Very brief drizzle at 7 a.m.;
very brief ~~lite~~ drizzle - showers about 9;
mostly sunny; good laundry day; a series of
moon & stars;

F Aug. 30
med showers, brief at 7:30; same again at
11 a.m. or so; brief, lite showers off & on during
the day.

S. Aug. 31
brief drizzle 2 or 3 times in a.m.; lite, brief
rain at 11.15; lite, brief showers off & on
all afternoon; could not play badminton

Sun Sept 1.
some lite, brief showers; some
hot sun; stars.

M Sept. 2
lite showers off & on all
day. Moon early evening.
Hard rain 10:15 P.M.

T Sept 3, 1957

Drizzle off and on in A.M.
Hard short rain at noon
Some sun in p.m.
Hard rain late after noon
Moonlight early. Light rain
toward morning

W Sept. 4

Drizzle; brief, lite showers.

Th Sept 5

^{20³} Brief drizzle - showers; sun; lite, ~~brief~~ rain
fr 6:30^{pm} - 7:00 pm; same more later.

F Sept 6

about 2 brief drizzle showers in a.m.;
distant thunder, dark, lite ~~sun~~ rain beg. 2:30 pm;
stopping about 3:25. Check on the Fair note.

S. Sept 7

Lite, brief showers; ~~no~~ being more
frequent in aft.

Sun Sept 8

Frequent showers, are not too lite, in
a.m.; " " , are med. in aft,
are heavy, beg. at 4:45 + lastly 20 mins
& dwindly for 30 more mins.

M Sept 9

Overcast ^{early} a.m., as has been many of the
previous early mornings; some sun before
now; showers; ~~last~~ med, brief rain dwindling
beg in at 8:15 pm & stops about 10 pm.

T Sept 10, 1957

Overcast; bank on other side of Woozi
bridge under water; W bridge only about
one ft. above water; Hz, going to 20200
before 8 a.m., had to turn back, no rain
until 11:15 pm, which was ^{very} light & very
brief & punctuated by approaching thunders..

W Sept 11,

a sunny early a.m.; ^{mostly} cloudy
from 10 a.m.; clouds & thunders about 2;
hard rain beg. at 6:30 & lasted for
30-40 mins, then dwindling.

Th Sept 12

Overcast early a.m.; some sun around 9;
~~late~~, brief showers at 3:45 pm; late, brief
drizzle at 4:25; dark sky at 7;
late drizzle at 10.

F Sept 13

Late ~~day~~ rain beg. about 5 a.m.; some
sun at 8; overcast at 9; some sun
later, especially in aft; late, brief showers
at 2:30 or so, and again ~~but a~~ at 5,
~~but long~~ but continuing till the following
a.m., some of it, before 10 pm, hard.

S Sept 14, 1957

Overcast til noon, then pure sun; Wagon
rock way under water, but boat not
overflooded, & we were able to go to
Zoya without trouble; used this
Fisebe bridge both ways, but
came thru water on other 7, bridge
on return; saw stars

Sun Sept 15

late rain till 7; mostly clear;
5 sec late rain at 12:30; ~~not~~
quite a bit of sun; one or 2 stars.

Mon. Sept 16

one late, brief shower in a.m., 2 in the
aft. a late, brief rain about 3 a.m. (Sept 17)

T. Sept 17

much sun, a storm built up at 5 PM,
with a bit of preliminary wind & thunder,
but only a brief bit of sparse rain.

W. Sept 18

late steady rain beg, sunrise before dawn &
last till 7:30 or 8 a.m., overcast; mostly overcast;
late, ^{brief} rain beginning beginning 7:15 PM,

Thur Sept 19

off & on late, brief showers & sun; not too much
sun; hard 10 min rain at 4 PM, decidedly to
late, steady & last, till 5:20 PM; late, brief
rain at 6:30; another brief 1 about 9.

Fri, Sept 20, 1957

Partly cloudy; hard rain, with a
brief lute preliminary, beg. at 8.10 &
lasty, hard, til 9:40 or so; then lute.

Sat, Sept 21, 1957

cloudy-clear till now; then a med.
hard & long rain, lasty for about
35-40 mins, drenching & stoppy
about 3:00; stars at 7; cool.

Sun, Sept 22

A lute, cool a.m. & mostly sunny;
brief wind at 6:20 pm & lute¹⁵ rain at 7;
then more rain about 8 & lasty, lute, all
nite.

Mon, Sept 23

Only a very few minutes of no rain this
whole day; no sun; rain was ^{mostly} lute & steady;
a halt in the rain for about 7^{pm}-10 pm,
then started again & lasted nearly
all nite.

Tues Sept 24

A lute-rainy a.m. til 7; very soggy;
~~with~~ a brief, lute rain at 8; faint sun about 11,
~~more~~ more sun in the aft.; stars.

Bill took
exam a
LS 3 at 1 pm 2^{1/2} days

Wed, Sept 25

A fairly dark a.m. til 8:30; sun at 8:45;
mostly sun thereafter; no moon; stars.

Thurs, Sept 26

~~sun~~
Clear about 8 or so; mostly hot sun;
thunder & clouds beg. in east at 7:30 pm;
short, very lite rain at 8; some stars
later.

Fri, Sept 27

Dark a.m.; ^{lite} rain began about 4 a.m.
& lasted till about 9; then much hot
sun, & with blue ^{shy with} clumps of clouds.
Stars.

Sat, Sept 28

Lite rain beg. about 4 a.m.; ^{brief} lite rain
alternating with sun till about 10; then a
red shower, brief; partly sunny for
2-4; then cloudy.

Sun, Sept 29

Fairly dark a.m., until 8 or so;
mostly sun; dark p.m. sky; brief lite
rain during the mite.

Mon, Sept 30

Fairly dark early a.m.; ~~hard~~ med.
25 min. showers at 12:15 pm; hot
sun later; brief red rain beg. at 8:30 pm
(20 min rain).

Tues Oct 1, 1957

mostly hot sun; ^{very} late & very brief rain at 4:15 pm
& again at 4:30; moon.

Tues, Oct 8, 1957

a little brief drizzle about 7; mostly sun, tho
plenty of blocks of dark clouds; ~~had hard~~ 30 min.
rain at 8:30 pm, drizzling.

Wed, Oct 9

alternating brief, little showers & sun;
very black in East at 3.30, red band
to mid rain; none.

Thurs, Oct 10

Overcast till 9:30; sunny thereafter.

Fri, Oct 11

Sunny; ^{cloudy} moon; stars.

Sat, Oct 12

Sparsely, little brief rain about 8 a.m.; sunny
thereafter.

Sun, Oct 13

Mostly sunny; hard 15-min rain
about 9 pm.

Mon, Oct 14

Overcast till about 9; then sunny

Tues, Oct 15

a little rain in the early a.m.;
Overcast till 11.30; ^{sun} hot; hard 20 min
rain beg. about 6 pm, drizzling probably
for several hours.

Wed Oct 16
Overcast early a.m.; sun about 9:30; very late &
brief, min. squalls at 4; thunders at in WSW
at 6 pm;

Thurs, Oct 17
Rain, probably late but steady, for much
of the night & cont until 8 a.m.; sun; late,
brief showers at 3 pm; some rain during the night.

Fri, Oct 18
Sun about 8; then much sun; stars.

Sat, Oct 19
Overcast till 8 a.m.; then hot sun; distant thunders
from 3:30 m; stars.

Sun, Oct 20
Sun at 6.40; overcast from 7.15 - 8.30;
mostly hot sun; stars.

Mon, Oct 21
I was in Yanakwela. I was told: a
late, brief rain squalls during the night.

Tuesday, Oct 22
mostly sunny till 1:30; then clouds
forming (but still with sun); a
hard 25 min. shower beg. at 4:10 a.m.

Wed, Oct 23

Bright a.m., sunny till 3; very brief
& sparse rain at 3; dark clouds, some
distant thunders; no stars.

Thurs, Oct 24

Sunny early a.m., then cloudy, sunny;
thunder beg. at 3 or 20; 15 or 20 drops of
rain at 5:30; some stars.

Fri, Oct 25

a very, very dark a.m.; hard 25 min rain, beg
at 7:45 & drizzily for 90 mins or so; north
overcast; next rain, 10 mins, beg. at 7 or 20;
drizzily for 30 mins.

Sat Oct 26

Mostly sunny till 2:45 pm; distant thunders;
lite brief rain at 3:45; no stars.

Sun Oct 27

lite rain (15 mins) at 9 a.m.; mostly
sunny thereafter; lite 25 min rain beg.
at 6:15 pm.

Mon, Oct 28

Beautiful early a.m.; mostly sunny;
shin of moon & stars; overcast later.

Tues, Oct 29

Sunny early a.m.; mostly sunny, but plenty of
grayish white clouds; hard wind & brief spastic
rain (8 mins, about) beg. at 5:35 pm, accompanied
by distant thunders.
