

Board of Home Missions General Synod Evangelical Lutheran Church in U. S.

To Meeting Held November 11th 1886

<u>II. CALI-</u>	<u>II. California. A. San. Francisco.</u>
<u>FORNIA</u>	Though I have already reported by letter, of the visit to California, it may be well to have a more extended account in this more permanent form. Two Sundays and eleven week days were spent in San. Francisco and the neighborhood, and every hour made to count for the interest of our work. The reports from this field have not been at all exaggerated, and if the Missionary can sustain himself and keep the interest growing, as he has done from the beginning, the Mission at San. Francisco will be an unprecedented success. Calling them throughout the members of our Mission at San. F. are considerably above the average of our Mission congregations. All are intelligent, most of them are young people full of activity, and many of them have had Suthern training. One of the elders is from the German Church of the Wisconsin Synod. Pastor Behler says "he has been waiting and praying and hoping for many years for an English Suthern Church." The young people from this German Church and many of the parents also, are attending the English services. Thus far the work has been well done - the foundations wisely laid. At first, Bro. Miller had but little encouragement. Some of our Suthern people, who twenty years ago

united in a call to Rev. Theo. Stork D.D., offering a salary of \$6000.00, said "they had waited so long, and been so frequently disappointed, that they had written with other churches, and would remain with them." Even the venerable Dr. Specker under the influence of his benevolent son - Rev. S. Specker Jr. D.D. of the Pres. Ch - advised the missionary to leave San. F. & begin at So. Angeles, because "Samuel said the Lutheran Church had no field in San. Francisco." After the organization however, the venerable Dr. wrote Bro. Miller a letter re. calling all he had said in opposition, and bidding the Mission and Missionary a hearty God speed.

Rev. Selleen of the General Council under the influence of Rev. Dr. Papavant manifested his opposition by speaking of Bro. Miller as "an impostor" &c. &c. Pastor Pehler abused the General Synod soundly, and our Mission and Missionary likewise. None of these things however, moved the Missionary. He told Dr. Specker Sr. that he "had come to San. F. to build up a General Synod Lutheran Church or die," and that he believed God would permit him to live and accomplish the work. Amid all these discouragements, the work has gone on with remarkable success. The Mission has in it also several business men of more than ordinary ability, who will be of exceeding value in the financial

SAN-

3

and building management. The great need at this time is a suitable lot on which to erect a Chapel or Church.

I send a special communication to the "Board of Church Extension" telling of my examination of some seventeen different locations, and kindly urging the great importance and necessity of securing one of them without any delay.

True, our Mission at San F. has now a beautiful and well furnished and well located Hall in which to hold Sunday Services. Week-night services - as prayer-meetings - baptism services, Catecheticle class - cannot be held in the Hall, as it is occupied during the week for music and dancing classes.

The membership of the Mission are united and harmonious, and seem as one in every labor of love. The attendance at public service and Sunday School was most excellent, and has been steadily growing. Our work has also "a good report of them that are without". Recognizing an old friend in the compensation, and inquiring him who had been a Presbyterian of Miss Ave. I asked him how he happened there.

He answered: "Since in San Francisco, I have visited every church in the city. I have heard eloquence and music and theology and science, and fruits and eloquence - indeed everything but that which fed my soul. Seeing an advertisement of

SAN-FRANK-
cisco.

SAN-FRANCISCO

Sutheran Services at Irving Hall, and having heard Sutherans in Philadelphia, I concluded to call around. Here I heard the gospel, the gospel, and my soul was fed. It was the second or third service these people held, and I have not missed one since, and will not miss one if I can help it."

SAN-FRANCISCO.

This testimony made me feel good. Isaac Nisbett of York Pa., formerly publisher of "The Missionary Journal," now Editor of "The Del-Monte Wave," also bore strong testimony to the favor with which our mission and missionary are being received in that great city.

SAN-FRANCISCO.

Brother Miller has, of course, many sad hours, and bears a heavy burden on account of his suffering and invalid wife, and separation from her. For his sake, and her sake, and the world's sake, this condition of things must not be prolonged beyond absolute necessity. If Mrs. Miller gathers enough strength to reach a sleeping car, she should be taken to San Francisco. If necessary that she go to one of the choice and comfortable hospitals immediately on arrival in the city no time should be lost in having her join her husband. I told him that it would be better to have her undertake the journey, even though she died on the way, than not to make the effort to have her reach San Fr.

At considerable discomfort I

SAN-FRANCISCO CALI.

SAN-F.MrsMILLERSAN-F.THEWIFEOFTHEMISSION--ARY.SAN-F.
SACRIFICE

Made a visit to Mrs. Miller, at her Father's house - 16^½ miles from Dayton O. Rev. Mr. Shidle very kindly offered his horse and buggy and also his own services for the visit. I felt it due the faithful and self-denying little woman, to take her message direct from her husband and his work, and if possible to cheer her with "good news from a far country". She seemed overjoyed at what she called "the great kindness", the great sacrifice of time "de. oe.", and for many minutes buried her face in her hands and wept. Mind that I have the power - the gift of language to describe the hours in the down and by the bed-side of this devoted self-denying hand-maid of the Lord. Her intense interest in the work and field to which God has called her husband, her willingness to sacrifice herself, their home - everything - that he may do the will of the Master in San Francisco, indicate a consecration to the Mission work too seldom found. I have no doubt at all but that the fervent prayers of this noble woman have much to do with Bro. Miller's success at the great and wicked city by the golden gate. When I asked her whether it would not be best that her husband return & remain with her, she replied with in tears, while choking back sobs & tears.

Oh! No. No. He could do little or nothing for Christ and the Sutheran ch.

SAN-F.MrsMiller

here, and that is what he has pledged his life to. It is hard to have him so far away, but we can only pray that God will help me that I may soon go to him, or be called up higher and to even a more beautiful country, if it be not the Lord's will that I go to California.

Wise one! Faithful woman! May our Lord hear her sighs and prayers for relief!

I tell Bro. Miller that the Board approving, I would bring Mrs. Miller part way or all the way, so soon as she is strong enough to travel, or that I would take the work at San-F. - the Board approving - while he came back for his wife.

SAN-F.MrsMiller

Happily, Dr. Hammarskjold will make my going unnecessary, as he has kindly consented to take the work at San-F. while Bro. Miller makes the journey to Farmersville, Ohio.

Though Mrs. Miller is at "her father's house", and they are very kind to her after a fashion - the surroundings are not such as one of her spirit and church-life desired.

Her parents are "Dunkards" and have no sympathy whatever with mission work. They take no interest in the things in which she has deep and abiding and intense interest. Her many letters, her church papers have nothing for them, and she is virtually isolated from the people and interests nearest her heart.

So too, she is without the many little

SAN-FRANCISCO
CAV

SAN-FRANCISCO

Delicacies and attentions which she had at Clear-Rapids, and greatly misses the loving visits and words hereto fore so helpful and refreshing to her. For all these reasons, and many more, Mrs. Miller should be joined to her husband, just as soon as she gathers sufficient strength for the journey. I discussed this entire matter with Brother Miller, told him he must not "whine" before the people in their homes. Neither before the Episcopation, nor talk too much of his sorrow and "Ainsle heart-ache." I tried to make clear to him his duty, at any sacrifice of money, to have his wife with him.

When at Springfield I, I heard of rumors of "wonder whys" &c. &c. which can do no good. Reflections upon him as "heartless", "unnatural" &c. &c. have also been quite frequent on the part of those who have not reached the plane of self-denial and sacrifice reached by our Missionary and his wife. All these matters were also discussed with the officers of the Executive Com. Mr. H. D. M. Doey, and the same conclusion reached. viz. that so soon as at all practicable, Bro. Miller should come East, and take Mrs. Miller to the Coast. The splendid climate, good physician and kindly attention which Mr. Miller will have in California, will cheer her, if even they do not permanently benefit her.

CAL.

There is much

SAN-FRANCISCO.
more to be reported concerning this great
city of San-Francisco, with its 250,000
people, and our important work there.

CAL.
Fifty pages might be written, and an
entire day spent in Board Meeting con-
sidering them. The many other points
to be touched, however, and the limited
time and resources of the Board, seem to
say "Concerning San-Francisco, tis enough.

B. LOS-ANGELES. Four days were
spent in this beau-
tiful and flourishing city of 40,000
souls. Four services were held, the one
of Sunday afternoon an entirely Suth-
eran service, with our own usages.

There was great joy among our
Sutheran people and kindly interest on
the part of other evangelical Christians.

The services were fully reported in
the Women's Dept. of "Los-Angeles Christian
Advocate" (by the editor herself) the organ
of the U. P. Church, South, in California.

Greater kindness I have never re-
ceived, than that shown by Rev. Dr. W.
P. Stradly - Pastor U. P. Church, South-
and his people. Indeed such Christian
courtesy is rare. The same kindness
was shown Bro. Miller during his visit
to Los-Angeles by this same pastor &
his people. I called on every Sutheran
family I could find, and addressed
postal cards to those I found find.

Two former members of the Sutheran

LOS
ANGELES

Church of Sonisville Ky. were fifteen miles distant from Los Angeles but, being telegraphed for, put in an appearance on Saturday night, saying "Ah we could not miss it, we will have a full Lutheran Day tomorrow sure."

I predict for Bro. Heisler great success in this field, though it will not be, as some of the local brethren suppose, "a bed of roses," or orange blossoms either. It will require, as do all our missions, faithful and hard work with much prayer for endurance.

As Bro. & Mrs. Heisler are, no doubt, now on the ground, you will likely have some report from them in time for the Member meeting.

I suggest a resolution of thanks to Rev. W. B. Stradley and his people, for Christian kind help to the representatives of the "Board of Home Missions of the General Synod, Evan. Lutheran Church in the U.S." it was fifty spoken, how good it is.

LOS ANGELES
CA.

C. SAN
JOSE.

SAN-JOSE.

C. San-Jose. This beautiful city of 25,000 inhabitants, fifty miles south of San Francisco, is ready for our occupation, so soon as the church will furnish the means to begin the work, by placing a man in the field, and securing suitable property for church-building.

The city is one of the prettiest &

SAN-
JOSÉ

most promising in the great state, and is having a solid and substantial growth. Would that we could occupy it now!

D. SAC-
RAMEN-
-TO.

SACRAMENTO:

D. Sacramento. This, one of the oldest cities of the Golden State, should also be occupied by the General Synod, as early as possible. It is a most important centre, and growing rapidly. Had we the men - the right kind of men - and the money to sustain them, we might ere the close of 1886 have enough pastors in California to form a Conference.

E. SAN
DIEGO

SAN
DIEGO:

SAN
DIEGO:

E. San-Diego is growing as rapidly as any city of California, and having the best harbor between San-Francisco and Guaymas, and the warmest and driest climate near the ocean, it is destined to become a very important city. Dr. Herbst of Abilene I.C.S. (formerly of Hagerstown, Maryland) has advised me of a lot in San-Diego, and will also report what prospect he has for an early organization. The city is filling up with an excellent class of people from the Northern & Southern states, real estate has more than doubled in value since May 1886, and great prosperity is manifest on every hand. Here too, "Now is the accepted time" for us to begin work.

GREAT

COUN-

-TRY.

CALIFORNIA

E. Openings innumerable.

California is indeed a great state, with innumerable openings and opportunities for the General Synod. It is "a big and wonderful country, not a little district. It is more than three times as large as New York State, and larger than Italy, which with natural resources little superior, has 29,000,000 inhabitants. For the last thirty-five years California has played an important part in the history of the world, and, as yet, is only at the beginning of its influence and growth".

Here are grand opportunities for mission work. The immigration to California is destined to be immense and the tide has already set in. The low rates of last year - the meetings of the Grand Army of the Republic, and Knights Templar with their hundred thousand visitors to the Pacific Coast, have so advertised that portion of our country, and so set forth its advantages and beauty, that multitudes are now seeking homes, buying farms, starting factories &c. &c., thus adding greatly to population and wealth to the already great country. We must keep our eyes on these whitening fields, and more and more arouse the church to the need of men and money to occupy them. I believe the General Synod has come to the Kingdom for such a time as this.

F. MEN
FOR
CALIFOR
-NIA.

MEN
FOR
CALI-
-FORNIA

MEN
FOR
CALI-
-FORNIA

F. Men for California.

Of course there are any quantity of men who want to enter the California field. I have never before heard of as many "Delicate Wives" "Malarious Districts", "Chronic Sicker Troubles" precipitating change of Climate" &c. &c. &c. as have been reported since our entering the California field. In addition to all other diseases, the applicants in most cases have a serious attack of "California fever".

We can get twenty men to sacrifice themselves and "their dear people" to go to California to one to go to Middle Tennessee. I enclose two letters marked A. 1 and A. 2 from Rev. W. H. Gottwald of Milton Pa. Mr. Barnitz answered the first one telling him I was absent & that "the Board could not at this time undertake any more work, neither open any more new fields in California because of lack of funds and demands of other places", that "All-Monte" is not a town or city, but "a resort", that the nearest city is the old one of Monterey, where we have no field, that San Jose and Sacramento are fine openings, but that the Board cannot enter these nor any new California fields at this time, nor for some time to come.

I enclose my reply to his second letter, I do not like the tone of this second letter. I think but little personally,

MEN
FOR
CALIFORNIA

of Rev. W. H. G. since he left College. He seems to have been successful at Milton. At College he was not noted for a high type of purity, but has, no doubt changed. The Board can ~~not~~ find out all about him, I presume, as Milton is not far from Baltimore.

Rev. Thomas Stines of Barn. Hart's Mills Pa. writes an excellent letter marked B. He is a good man and has been very successful. He is a true man, and all he says of his physical condition can be relied upon. Mr. B. answered his letter, saying it was appreciated, and if the Board could undertake work in Oregon, he would, no doubt, be considered, but that the work could not now be extended, because of limited funds.

I do not know whether Pro. Stines can be used in the Kansas field or New Iowa openings. He was almost wrecked in health in the swamp region of Indiana.

He is "pure gold" and has a good record.

CALIFORNIA

O. OREGON

A. PORTLAND.

PORLAND.

2. Oregon. A. Portland. A day spent in this beautiful and growing city, developed the fact, that here too, as in a hundred other cities, we might to have a well equipped English Sutherland Mission of the General Synod. We have some very choice people here, and at one time had a church. The "wrong man" spoiled

the splendid opportunity, twenty years ago. The city is destined to grow, and grow and grow. Its trade and commerce are already immense, and its manufacturing interests quite large.

3. Washington. A. Seattle. B. Tacoma.

What is true of Portland, Oregon, is also true of Seattle and Tacoma in Washington Territory. There can be no doubt, as far as any human judgment or intuic^tion is concerned, of their future. How that lots have been secured in them years ago. These cities can be added to the list of "grand opportunities" for the general survey of Sherman, Smith, Ch. in U.S.

4 Montana. A. Helena.

Here too, is a field of vast importance - a rising and very prosperous city. It was my hope to spend Sunday - on first 15 - in Helena, but the earlier sailing of the steamer - from Portland to San Francisco - than had been announced - prevented me from doing so. All these places are becoming "centres of population and influence" in their relation to the states and territories in which they are located.

Oh, that every member of every congregation in the general survey could see the fields "white unto the harvest" for himself and herself. There would then surely be even greater consecration of souls and dollars.

"Hasten, Lord, the glorious time!!"

5. WY-
OMING.

A. LARA-
-NIE
CITY.

LARAMIE
CITY

LARAMIE

GERMAN.

5. Wyoming. A. Saramie.

About September first I had a letter from Mr. F. Brahl of Saramie, intimating that Rev. F. M. Anderson was not giving satisfaction etc. etc. I replied to letter saying that as soon as practicable I would visit Saramie and look into the matter. At the Meeting of the Synod of Nebraska I had a conversation with Pastor Anderson told him of the complaints etc. etc. and asked him about them. He seemed quite surprised, and said Mr. Brahl had evidently "written without authority". On his return to S. pastor Anderson sent me enclosed letter and card marked C.

From this letter and card it will be seen that the congregation at S. have received a bill for the church lots there, and have compromised with the man who offered them for bills and then bought them in for \$17.00. They have received enough from him (about \$1000.00) to pay their entire church debt. Have the Board of Church Extension any security for this property? They should, at least, have a Firstname Mortgage. I called the attention of Western Secy. B.C.P. - Bro. Denker to this matter, and he has probably looked after it.

At the Synod of Nebraska I also learned that the German Congregation at S. were because Rev. G. W. Grancz of Plattsmouth, Rev. as pastor. No information since

LARAMIE that time, concerning the German work.

WYO-
NING It is my purpose and hope to visit Laramie, at as early a date as possible - perhaps at time of North Platte Dedication - and look into the matter as set forth in Mr. Boahl's letter &c. &c.

B. CHEY-
ENNE.

CHEYENNE: If the congregation at Laramie could secure good titles to the lots in that city, by the payment of a small amt. of money, why cannot Board of Church Extension secure good and correct Deeds to lots in Cheyenne by doing likewise? There is no time to be lost in this matter. My hope for Cheyenne is an English Lutheran Church even though it be in the future. The thing to do now is to make title of the lots by securing undisputed title to them. They will soon be worth enough money to pay for a church building.

6. NE-
BRASKA.

A. THE
NEBRASKA
SYNOD.

6. Nebraska. A. The Nebraska Synod.

On account of "wash-out" and detention of 36 hours, I did not reach the Synod of Nebraska until Saturday afternoon, hence could only attend one of its business sessions. Home Missions and Church Extension were presented on Saturday night, and had also occupied much of the time and attention of the four days preceding. A "State

STATE

SUPT.

NEB.

"Secretary" or "Superintendent of Missions" is in the mind and eye and heart of the zealous members of the Nebraska S.S. and I guess they better be allowed to try it. I told them I felt sure the Board will not object, provided the Supto. paid all the salary and expenses.

They took pledges, and I guess, secured about one third enough to half the thing. He is to be "a first class man, like Werner of New York City".

Of course I said "go ahead, if you can get Werner or the likes of him".

In a consultation with Prof. Heidenball, I found however, that "the Western Secy. would be asked to visit Nebraska in the interest of the Superintendency, because means for his support etc., "just as we do in our Y.M.C.A. work".

As the Secy. has not sent me any official communication from the Board, and the Adm. Board has not sent any action, nor the "Special Committee", of which Dr. Disenwip is a member, any "resolutions", we need not "cross this bridge until we come to it". A "State Superintendent of Missions" would be a good thing for Nebraska and several other States, provided he had the right kind of men for the work, and enough money to properly maintain them. As long however, as he cannot secure the right kind of men, for the fields already open to us, neither sufficient money to sus-

SYNOD
of
NEBRASKA.

17

Tain them, there is but little practical sense in the "State Superintendent" idea.

The Synod of Nebraska has grown and is growing wonderfully, and the work has improved much more since they have not had a "Synodical Missionary" than while they had one.

At this writing the Synod numbers 61 Ministers, and of Congregations already organized, I believe only one - Ponca - is vacant. It has 60 Churches and 32 stations. The contributions were

Home Missions \$677.00. Foreign Missions \$641.00 Church Extension \$369.00 W.H.O.F. M. Soc. \$262.00 Benefic. Education \$259.00

The Union of the Nationalities was never more cordial and hearty than at the late meeting. Altogether the outlook for this great State is very cheering.

95 needs, however, are correspondingly great. Their fields are opening every day - new towns being started - new territory being opened up. The General Synod must keep pace with this progress. Let us go up and possess this goodly land - for we are able.
"Arise, Awake; but on thy strength, O Zion."

B.
AUBURN
AND
STELLA.

B. Auburn and Stella. I had a conference with the Church-Council at Auburn, and every one present (four) expressed their entire satisfaction with Mr. Griffith and his work, saying they were getting along harmoniously.

~~AUBURN
STELLA.~~

that they would soon pay B. Ch. R. the Amr. due them, that Bro. Griffeth was "a leader to them &c. &c. I heard not one word of complaint by the Auburn people. Spent Sunday evening at Stella, and though the notice of service was a very brief one, the church was crowded to its utmost capacity. It was refreshing to see the handsome improvements in the church property. It has been so renovat-ed as to change its appearance entirely.

Good taste and church-linef are mani-fest in all the improvement. There is a great desire at Stella to form a new charge, consisting of Stella and several neighboring openings. I told the Compe-tition the difficulty would be the se-cur-ing of a man for Auburn - that appropriation must be diminished rather than increased &c. &c. They think they & the new point can raise a support for Bro. G. I enclose a re-cent note from Missionary Griffith, Mark D. He would evidently like to be relieved of Auburn, so as to com-mence his labor at Stella & the several new openings near there. Had he a good man for Auburn with no ob-ception for increased appropriation, I would favor a division of the Mis-sion, as I believe we can take possession of Stella and the surrounding country.

Bro. Griffeth has no doubt commu-nicated directly with the Board.

C. BEATRICE
- RICE

BEATRICE

BEATRICE

D. BOOR-
-HEEB.

BOORHEEB

C. Beatrice. The new Church building at Beatrice will, D.V., be dedicated Sunday A.M. 14th. The Missionary reports that he has raised about \$2000.00 of the \$3000.00 needed for the debt and that the work is cheering. I expect to be present at dedication, and also at a conference with the business men of the town, concerning an "Institution of Searning," the Friday night previous.

The "Board of Trade and leading citizens" ask for this conference with members of the "Board of Education of the General Synod, Evan. Lutheran Church in the U.S." and promise very handsome gifts of land and money for a College or Academy. Bro. Albright and his church entice are also very urgent to be therefore will look into this matter at time of dedication. See letter marked E.

D. Boorheeb. The Pastor - Mr. Schuman and also Rev. Mr. Mepsner report myself at this mission, and asks a small appropriation for the coming year. The Missionary is now on his way to New York to meet his bride, who will arrive from Europe in a few days. He asked me to secure for him, and his wife, reduced rates, which I did. I suggest a reduced appropriation. Pastor Schuman impressed me very favorably, and stands well with all the members of Nebraska synod.

E. KEARNEY.

E. Kearney. The Nebraska Synod will pay the interest on the money loaned by Board of Home Missions to Kearney Neb., and has apportioned the amt. necessary to the specifications. The Missionary - Rev. J. Stärmer. says his field is entirely too large for him to do justice to it, and asks for an additional laborer. The Nebraska Synod licensed a Swedish minister, who may take part of this territory. I have not received particulars of the proposed Division, neither the plans of Advisory Board of Nebraska Synod concerning it. Pastor Stärmer also asks for General Synod tracts in Swedish and English. I have applied to Publication Board for a donation for him & trust it will be granted. Would that we could begin English work at Kearney and Hastings. See our work in the Scandinavian and German language must, in my judgment, be with a view to English in the future.

KEARNEY

F. HARDY.

F. Hardy. Met Missionary Mauser, and also the delegate from Hardy, at Synod. They report the work as prosperous. Not very rapid but of sure growth, and "reaching out into the country round about Hardy."

HARDY

I was pleased with the report of the delegate, and also with the good sense and admirable spirit the wife of the missionary.

G. LIN-
COLN.

G. Lincoln. In conversation with Brother Sipe, I learned that he is encouraged, that they have been offered \$4500.00 for their property, but are holding it for \$5000.00 for the use of the old building until ready to enter the new. I will stop in Lincoln enroute to or from Beatrice - November 11-15.

LINECOLN.

H. NORTH
-PLATTE.

H. North-Platte. The dedication at North Platte has been fixed for Decem. 12th. D.V. I am not sure that I can attend at that date, but will try. Dedications are piling from all quarters, and other demands more so. I enclose letters from Bro. Stump, marked F.

I. RISING

DAVID
CITY.

RISING

DAVID
CITY.

I. Rising City & David City.

Rev. P. J. Pugh, reports his work at these places quite encouraging, but too laborious. He says he "will keep on with it, and do the best he can, just as long as he has the strength to keep up." He is a noble and faithful missionary. I advised him to drop some of the country points or not serve them so frequently - to save himself as much as possible and put his strength on the towns, urging the people within four to six miles to attend the services at Rising or David city.

PUBLI-
-CAN
VALLEY
MISSION.

RE PUB-
-LICAN
VALLEY

MISSION

J. Republican Valley Mission.

Rev. G. W. Linnell reports very favorably of the work in his field, says "Franklin Church will be ready for dedication after March 13th and says the field is too large and the labor too great for him. See letter, marked G. In another letter he speaks of Rev. Robt. Atkin for a part of the field. I advised him strongly against making any arrangement with Rev. Robt. Atkin or anybody else until he had the approval of the Board, told him of his former experiences in selecting men - as Rev. W. Martinez, Rev. Stebbins, Rev. Gearhardt &c. He seems to have ignored the advice and invited Rev. Atkin to the field. I do not know Rev. Robt. Atkin, excepting as a farmer and plasterer. He may be a very good man, and earnest preacher and ~~use~~-lepsie pastor, but if so, there was no need of his being out of the active work, for a number of years.

I also advised Bro. Linnell to discourage anybody at ~~Stella~~ Auburn who talked of his return to that field, told him that "talk was cheap" and that the Church-Council expressed no such wish in my conference with them. I suggested that he stay away from Auburn, and attend exclusively to his own field.

When in Omaha,

REPUB-
-LICANVALLEYMISISONREPUB-
-LICANVALLEYMISISON.

Next week, I will see Mr. Dusti, General Passenger Agt. of B. & M. R. R. in Webster concerning renewal of Bro. Kimmel's Pass.

I doubt however, whether it can be obtained. There has been a new Passenger Association formed, & the rules are very rigid. It looks as though 1887 would be a difficult year for transportation. I will do the best I can.

As I have said from the beginning, Bro. Kimmel has intense deal, but it is not always "according to Kimmel's".

He likes his own way, and chafes under restraint. His wife is like unto him. He is however, devoted to the work & a great success in raising money for church-building. I will D. V. attend the dedication at Franklin, and see as much of the field as possible, in the short time I can take from other work that is just as pressing.

K. TE-
-KAMAHOAK-
-LAND.GRACE.

K. Settannah, Oakland, "Grace".

Pastor White reports the work at each of these points in his field, as cheering and "looking up". I secured half rates for his family, Kansas City to Oakland, and they are now settled there. "The class of catechumens at Oakland numbers fifteen, with more to follow." I have no word from the people at either Settannah or Oakland, but presume they are satisfied or we would hear without delay.

L. WA-
VERLY.

L. Waverly. Prof. Custer seems encouraged in his work in this field, though he seems to regard himself as "only a supply until a younger and better man can be had." He is one of "the excellent of the earth," and if satisfactory to the people at Waverly, we do not need any other man.

M. WAYNE

M. Wayne. Rev. M. S. Melick reports the work at Wayne as "hopeful" and cheering, but a "little difficult because of the Germans." This difficulty will be removed in a short time, as one of the German pastors will hold an occasional service at Wayne, and thus hold off the Missouri Synod man who comes around to entice and draw away our members.

WAYNE.N. WEST
-POINT.

N. West Point. Brother Jacoby is quite enthusiastic in his work at West Point, and the new point he has developed nearly.

See the reports are good from this field. The interest is growing. Conventions and Sunday School increasing, and benevolence being developed. There was "a little breeze" because of a temperance sermon believed it necessary to preach, but the breeze was soon over, and without having done any injury.

O. YORK
COUNTY
NEB.

O. York County, Neb.

Rev. G. A. Schnur^{sr}, the missionary at this Missn, complained less than at any time I have ever known him. His delegate also, a Chronic gambler, was in smiles. Perhaps if I had been at the Synod of Nebraska a longer time, I would have heard complaints and murmurings from both, though from all accounts there is ground for neither. The Pres. of Synod, and neighboring pastors said: "Schnur is doing well in the York County field."

See Setters and Hand-bill from Rev. L. Baird - Market H - concerning the new opening in W. D. Nebraska.

These developments have an important bearing upon our work in Sioux City Iowa, Dakota &c. &c. Bros. Baird & Sennett have already secured the promise of lots in the new town.

Q. SALEM.
DAKOTA
CO.
NEB.

Q. "Salem", Dakota Co. Neb.

The new "Salem" Church to take the place of the one destroyed by lightning some months ago, is now being painted, and will be ready for dedicating in a few weeks. The glory of the new will be greater than that of the former building. Thus the work of church building goes forward in the great State of Nebraska! Praise the Lord!!

SALEM.

R. HOMER. R. "Homer" The New Church-Building and Academy will soon be dedicated at this point. The "Sutherland Academy" has already been opened. Bro. Baird has organized a Compensation of the desire of his heart seems to be realized. His predictions also, concerning Rail-Road extension through Homer, are about to be fulfilled, and he is happy.

Though not under the care or support of the Board, this Dakota County work is really Mision Work, and therefore interests and concerns us. A word of encouragement always does Bro. Baird good, even though it cannot change his system of orthography.

S. OMAHA S. Omaha. I. The Missions

I. THE MISSIONS
Mr. Detweiler asks for "at least a half day in Home Mission business with him or Q." See Card marked I -.

He reported to me at Synod that Bro. Schmitz Jr. is popular with the people, preaches well, but is "a little slow".

Of course, it must be understood that along side of Bro. Detweiler there are but few men who are not "slow". Schmitz Jr. reported Bro. Detweiler as very kind and helpful to him, and their relations as very pleasant and harmonious. I think perhaps, the "half day" is wanted with reference to locating the second church building, plans for the building, the South Omaha work etc. etc.

2. The Western Head-quarters.

The letter enclosed - marked J. - which has just been received, shows the importance of our pushing the house project at Omaha, if we desire the advantage of the beautiful location & lots.

They have almost doubled in value since set aside for the Board of Home Missions. I replied to Mr. Knutze that we hoped to commence the building as early in the Spring of 1877 as weather will permit, that I had from \$1000.00 to \$1500.00 apiece, and that would see him D. V. on route from Beatrice on the 15th of March.

If some of the members of the Board would suggest plans for the house to the committee, and also names of such persons as will likely be interested and contribute, it will facilitate the work.

We ought to report the money raised & the Head-quarters well under way by the time of the General Synod's Convention at O.

7. Illinois. A. Synod of S. Illinois.

From the Synod of Nebraska, to the Synod of S. Illinois is a long distance. So also there is a vast difference between the two bodies. It is cheering, however, to note improvement in the churches of the Synod of Southern Illinois, and improvement in the manner of doing the synodical work, conducting the service &c. &c. When in 1852,

the synod met in this same charge "Imola" - such a thing as the "Order of Ser-

SYNOD
of

SOUTHERN
Illinois.

"Vice" was not known at any of the meetings. It is different now! Every public service was opened according to the Book of Worship, and the people joined heartily in the various parts. Several new churches will soon be built in the bounds of the synod, an event which has not taken place for a good many years. There is need of a few good and true pastors on the territory, and also need of a regular visitation of the congregations, with reference to the benevolent work of the church. This is greatly desired also by the pastors who made an earnest plea "that the Board send the secretaries into the congregations of the synod of Southern Illinois".

SYNOD
of

SOUTHERN
Illinois

SYNOD
of

SOUTHERN
Illinois.

The congregation at Anna having become vacant through the resignation of Rev. L. W. Sippel, weakened the synod considerably, it being the best within its bounds. For the sake of the synod, as well as for its own sake, and the work in that part of Illinois it should have a pastor at the earliest possible moment. I urged the appointment of a commission to the Synod of Central Illinois, with a view to uniting the two bodies, and strengthening the working force in S. Illinois. Such commission was appointed, and a union will, I think, be brought about. Thus a very weak synod will be wiped out and a weak one will be strengthened by the addition

Synod
of

Illinois

B. MUR-
-PHYSBORD

of 1020 communicants and seven pastors. I held five services with this synod - three of them being Missionary Services. I suggested a collection at each service, but the pastor "feared it might spoil the collection on Sunday morning, for which he had been kind of laying himself out." I told him the way to make that Sunday morning collection a success was to begin to teach the people how to give on Friday & Saturday nights, and by Sunday they would be in good condition. And so he did, & the result was more on Saturday than Friday, and three times as much, though "a rainy morning" on Sunday.

The contributions of the Synod for W.M. F.M. & Ch. Ft. amounted to \$102.30 or about 10 cents for the three objects from each of the 1020 communicants. Surely this is a strong argument for the need of visitation!

I would a series of Missionary Meetings be arranged, I am sure a cordial welcome will be given the representatives of the Board.

B. Murphysboro. Rev. S. Cambhart reports his work as encouraging, especially in the line of the development of "the grace of giving". He says several of the members of the Mision now devote at least "one tenth" of their income to the S.M.S. cause. I urged upon him to bring the compensation to self-support.

Synod.

8. Pennsylvania. A. Synod of Pittsburgh.

This Synod had a most excellent meeting, with earnest missionary services and good reports. It was pleasant and refreshing to me to meet again with this body, with the members of which I was accustomed to take frequent counsel for more than twenty years.

There is much missionary territory within its bounds, and a strong desire on the part of the members to have it developed. The meeting of the W. A. S. M. Soc. Convention was also a success - increased interest, and increased giving being manifested in all the reports.

9. Ohio. A. Wittenberg Synod.

By request of Secy. Clutzy, I made a hard drive to meet him while in attendance at this Synod. He will report concerning it. To me it was the poorest Synod visited - the uppermost question apparently being not "How shall we most honor our Lord and advance His Kingdom?", but "Who shall be greatest?" "Who shall rule?" Who shall go to general Synod? Who shall be a Director at Mt. Tabor College? Of course the Synod was all behind in apportionment.

B. Miami Synod. Seaving Jeffersontown, Kentucky, after speaking on Tuesday Evening - October 5th. I preached S. School Convention of Miami Synod

Miami
Synod.

at "Hopefire Church" Kentucky at 10 A.M. Wednesday, Oct. 6, having had a night buggy ride of 12 miles, a Ry. ride of 13½ miles, and a wagon ride of 10 miles. Though I could only remain long enough to speak an hour on Home Missions I found the interest in the work of the Board very great, and the missionary spirit truly refreshing.

The church was packed during the meeting and the interest intense. Many of the brethren told me their contributions were far in excess of their apportionment, and their aim, by preaching on missions, teaching missions in S. School, circulating literature &c. to bring their people and children up to the stature of Bullngf. It was a great and blessed meeting of this synod. Brethren cheerfully gave their places on the programme, so that the cause of Home Missions might be presented.

CATION

in Delaware. His management of the new building also entitles him to golden opinions. Wherever I went in Delaware, Bro S. and his wife and their work for Christ were spoken of with admiration and praise. The building is "a gem" of beauty, adaptation and economy, hiding only one defect - a seat one to me. A communion rail or altar. I urged that this be put in, and believe the Board of Church Extension should insist that every church they help build should be a Suthern Church, and have Suthern appointment.

The new church is by far the neatest, brightest and most comfortable in Delaware. Over \$3000.00 were raised on day of dedication, though the people thought \$1500.00 would be an immense sum to raise. Drs. Ort & Helmig did the work - beginning on Saturday & keeping at it persistently. Never have these brethren preached better than at Delaware, and never were better improvements made for genuine Suthernism in a community where it was not known favorably - than in Delaware. On Sunday, October 17 - 1886. I enclose account of dedication - marked K - from Delaware Gazette. "Observer" Evangelist" Also five accounts which have, no doubt, been read by members of the Board.

I attended dedication at Delaware, only because Missionary Shaffer plead

DELA-
WARE
OHIO

so hard for some representative of the Board, and insisted that not to have a representative of the Board present would be a great disappointment to the people. It was a continuous journey of nearly 900 miles from Waterville Kansas (Synod of Kansas), but I believe it paid. Bro. Shaffer handed me Am't. of expenses, but I thought best to turn it into the Home Missions Treasury, as a contribution from Delaware Co., and charge up expenses in regular way, especially as I would have had same expenses in going to Middle Tenn. Synod, had I not taken in Delaware en route. I am sure Board will approve my going to Delaware, and my disposition of expenses. We hail Delaware Missions!!

D. DAYTON.

D. Dayton. I believe the interest of General Synod Lutheranism demands the establishment of a second English Lutheran Church in Dayton O., though I scarcely know how it can be brought about. It ought to be started by and from the First Church, but there is little to be expected from it. New life, more bushy, greater in fellowship & more liberal giving are needed in the young and beautiful city of Dayton. No time is to be lost. Much correspondence with Council of First Church with reference to a new Missions enterprise have any effect. Many Lutherans in Dayton feel the need of it.

E. Cincinnati. By earnest request of Rev. Ezra K. Bell, pastor of Suthern Church of this great city, I spent a day with him in the interests of New Missions in that part of the territory of the Miami Synod. Several localities were suggested - as "Walnut Hills", "Price's Hill" etc., at either or all of which most promising Missions can be established. So these localities prominent and active Members of the First Church are moving who will take an interest and become efficient in Churches established near their homes. Bro. Bell is intensely interested in extending our influence in Cincinnati, and will do everything he can to aid in establishing a Second Church, or Mission. He will gladly furnish data, or particular information and will co-operate with the Board, or Secretary, or Missionary, to the extent of his ability. Bro. Bell has, under God, done a noble work in developing the First Church of Cincin, and now, longs to see the new life and energy manifested for the extension of Suthern Christianity in the new parts of the city where material is very abundant. I suggest the following action: Whereas, Cincinnati now offers special inducements for opening one or more Missions of the General Synod, be it therefore Resolved, that Rev. Dr. W. W. Hamm, Member of the Board of Home Missions, now organizing in

CIN-
CIN-
NATI

Cincinnati, be requested to co-operate with Rev. Dr. G. C. Pell, in ascertaining what number of members can be enrolled for a mission on Walnut Hills, how much can be raised toward salary of missionary, and such other information as they deem necessary for the proper beginning of such mission.

Resolved, that this Board appreciates the missionary spirit manifested by Rev. G. C. Pell, and his willingness to dismiss from the First Church, such members as have removed to Walnut Hills, or such as may be useful in establishing and building up a new Lutheran congregation.

I know of no opening at this time superior of the one at Cincinnati.

We must occupy the larger towns of the older states, as well as of the new states and territories. I sincerely believe the General Synod has "Come to the Kingdom for such a time as this." He may be "late" too late almost in some places, but in others it is our time just "our time". The children can now be reached in the English language, where a few years ago, he had no field in the English tongue. Mind that our people - yea our pastors also, as a rule - mind see and realize what he may become as a General Synod, if we are faithful to Home-Mission, Church-Blessing and Education. Now, now! "On to Cincinnati, and let the whole church say AMEN!"

OLIVE
BRANCH
SYNOD.

10. Indiana. A. Olive Branch Synod.

I was not able to be present at the convention of this Synod, but a few hours. Three of the Synods of that week held their meetings from ten to fifteen miles distant from any railroad station, and therefore required much time in getting to, and from them. The Olive Branch Synod met at Jeffersonton, Ky., ten miles from Louisville. The President being absent, because of sickness, "Home Missions" were presented instead of the Sympathetic sermon. The congregation was large, and the interest ten fold up.

It is cheering to note the improvement in this Synod from year to year. A few years ago it was decidedly loose in many respects. Business was done in a "flip-flop" manner and Sutheran usage and literature were ignored. All is changed now. There is order in all the proceedings, and Sutheran usage at all the services. Being obliged to leave immediately after speaking Tuesday night, in order to reach Miami Synod, I could take no part in the proceedings of this year's convention. From the reports, and from private correspondence, I learn that both Synod and W. H. & F. M. Society had most excellent meetings, and that the Mission and Educational work of the church received careful consideration.

Bro. Remmer reports growth and
encouragement in every department of
his work. As an evidence of his own
growth I enclose a document man-
-~~do~~ - which he prepared, as delegate
from the Olive Branch Synod, and
sent to the Synod of Middle Tempe-
-ee. It shows advancement with de-
-fard to Sutheran literature & usage
in Bro. Remmer, which a few years ago
would hardly have been dreamed of.

B. Third Church. Louisville, Ky.

See the report of Bro. McDaniels'
work are good - very good. I straightened
him out on the report that "Western Secy
assured the people of a loan for church
building etc." I asked him to whom
or when the promise was made? He
said the report or idea must have been
grown out of my saying two years ago,
that if they would go right forward
& build, I could secure for them on
first mortgage at six per cent. \$1000.00
or probably \$1100.00. Bro. McDaniels says
they are satisfied with his explanation
and will go along energetically & harmo-
-niously.

12. IOWA.A. THE
SYNODofIOWA.SYNODofIOWA.SYNODofIOWA.12. Iowa. A. The Synod of Iowa.

Taking a good horse and buggy, after speaking at "Hopeful Churchly" (Miami Synod) I reached Cornington (10 miles) in time for night train to Chicago, and reached Chicago next morning in time for train on Rock. W. Ry. to Nevada, Iowa - the meeting place of "The Iowa Synod." The distance between these two synods - or rather the places at which they met is 624 miles.

The Iowa Synod, though a small body, had a great meeting, as had also the Miami Home and Foreign Missy. Society. There was entire harmony, much prayer, business sense and the spirit of missions. There is a longing desire on the part of the brethren of this synod to enlarge the influence of the General Synod in this great state, and to redeem some of the ground lost by the bad and un-Sutheran management of years ago. Synod renewed its promise of \$1000.00 for a lot in Sioux City, and raised nearly the fourth of this sum on the spot. The remainder will be raised by Jan'y 1st 1887. An efficient committee having the matter in charge.

The fourth of this synod, in the grace of giving to Home Missions, since we have had Western supervision, will be seen from the following figure.

for Home Missions Sept. 1881	\$ 202.00
" " " Aug 1882	178.16
" " " Sept 1883	272.22

For Home Missions. Oct. 1884	\$253.38
" " " 1885	374.02
" " " 1886	633.59.

SYNOD
OF
IOWA

In 1882 & 1883, the Synod raised the \$1000.00 for Church Extension at Burlington, and its other contributions were somewhat effected by that effort. The Wm. H. & S. M. Society of Iowa Synod, doubled their contribution in 1886.

"These remaineth yet very much land to be possessed" in Iowa.

B.NE-
VADA.

B. Nevada. Bro. Beisler certainly has done, and is doing a good and blessed work in Nevada, and Storey Co. The confession at Nevada is not likely in the nature of things to grow rapidly, but it is growing sub-stantially. I found everywhere in the town, that our missionary is most highly esteemed for his works sake & that he has the confidence of everybody.

He has managed splendidly in the building of church and parsonage. As all must admit who look upon the beautiful property. His work is hard, because there is much unbelief in the town, and that worst of all items - "perfect love" - the professors of which can hardly be trusted for service over night. The en-tire county of Storey is Lutheran (Nor-wegian) and in time the town will have large accessions from the country & the English Lutheran church have a more rapid growth.

NEVADA

NEVADA.

C. IOWA CITY.IOWA CITYIOWA CITY

C. Iowa City. The report of this mission notwithstanding it has no pastor. Was most excellent, and made every one feel that it would be wrong to desert or abandon the faith. The Lutherans at Iowa City. On this feeling I also share. Indeed I cannot bring myself to the point of abandoning Iowa City. The delegate from that congregation has no doubt that a union with North Liberty can be formed, provided a good man is found for Iowa City. Rev. D. J. Grenoble will likely visit the mission at an early date with a view to accepting a call. He will preach at North Liberty. The contributions from the Iowa City church were up to those of any congregation in the synod - i.e. the average per member, was as high. The Sunday School and prayer-meeting, W. W. Socy. &c. have been kept ^{up}, and the interest not allowed to diminish. That congregation is a most faithful and worthy one!

D. KNOXVILLE.

D. Knoxville. A touching letter marked M - from old Uncle Jimmie Young of Knoxville, speaks for itself. Oh, that he could secure a good man for this field. A wise man, with good common sense, would create a charge of Knoxville and "the Jeffers' young Alab." On receipt of Bro. Young's letter, I wrote him to

KNOX-
VILLE

hold on and pray on.

"Oh, do not be disengaged
for Jesus is your friend".

I also at once arranged for services for
member <sup>7th December Rev. Geo. P. Henry
to visit Keokukville, while I took his
pulpit and S. School in Des-Moines.
I had word sent to Country Members hand-
bills sent through the town &c. &c. They
are very fond of Bro. Henry at Keokukville
and always cheered by his visits. I know
they will have a precious & cheering Sun-
day. Bro. Henry consenting to go to Keokuk-
ville, gives them a service, and allows
me to spend Sunday at home, and also
Saturday afternoon and Monday morning
which I could not spare from my desk.</sup>

KNOX.
IVY
VILLE
LOUVA.

E.
BUR-
LINGTON.

E. Burlington. All reports from
this Mission continue favorable &
indicate that our church and its pastor
are daily growing in favor. Burlington
is improving - enlarging as much as
any city in Iowa, excepting perhaps
Des-Moines and Sioux-City. The transi-
tion from the German and Swedish to
the English will be slow but is sure to
come. The Burlington Mission is already
a valuable addition to the Synod of Iowa.

BUR-
-LINS
-TON.

F. SIOUX
-CITY

F. Sioux-City. The enclosed letter-
marked N - from our faithful and
zealously tried missionary at Sioux-City,
makes me sad. Is there no relief?

SIOUX
CITY

for him and his exceedingly important field from the Board of Church Extension? The Synod of Iowa have made arrangements to pay the \$1000.00 they promised towards lots in Sioux-City, by January 1st 1887, whether it is collected or not. This is "initially a contribution of \$1000.00 to Church-Extension, in addition to apportionment." "Hope deferred maketh the heart sick". Bro. MacKenzie and his wife have "faithfully endorsed" to a greater extent, I think, than any missionaries on our list. I spent Sunday, September 19, at Sioux-City, and took part in the organization of the congregation. It was a day of gladness to missionary people. In visiting friends in Sioux-City, I learned that our pastor and his wife have gained hosts of admirers by their faithful and consistent work & devotion to everything pertaining to the good of the city. He must, however, have a suitable church-building so as to keep going forward, and so as not to lose the ground already gained. The relative importance of Sioux-City to Dakota towns and cities, and to W. L. Nebraska, has often been set forth, and cannot be too strongly emphasized. Can our Board do anything (in a kindly, suggestive way) to have the Board of Church Extension see the importance of early & definite help for lots in Sioux-City?

So my mind Sioux-City & San Francisco are the most important places before the Board of Church Extension.

G. NEW
WORK
IN
IOWA.

I. CLIN.
-TON.

CLIN.
-TON

CLIN.
-TON

G. New Work in Iowa. 1 Clinton.

The proper prosecution of our general synod Sutheran work in the great state of Iowa, means the establishment of new missions in the important centres - the cities and towns. Clinton was presented at the late meeting of the synod of Iowa as a rapidly growing and substantial city, and ready for occupancy.

A number of Lutherans are already there, and others are moving there from the country-towns and villages. Can we encourage them to "Go Ahead!" Shall I visit Clinton, as they earnestly plead, spend a Sunday and look the field over? Some of our Lutherans are waiting to know whether they shall unite with other churches, or whether they can have a Lutheran church. I have promised them a Sunday with the Board's approval. As the new openings come before me I "shan't be burdened". Must we say No! How long, O Lord, how long?

Our Lord's children, and the children of the church of the reformation, are asking for bread, the bread of life.

He says "Give ye them to eat". Will not the church hear their cry and the Master's command? Clinton presents as fine a field as Ferguson, and our opportunity is now!

2. O.T.TUNI--WA.3. EASTDESMOINESEASTDES-MOINES13. KAN.SAS.A. THEKANSASSYNOD.

2. Ottumwa. Growing rapidly and substantially, destined to be a large and important manufacturing town. A splendid opening!

3. East Des Moines.

In the eastern division of the Capitae city of Iowa, we ought to open a Mission. I believe the right kind of a man could have a S. School here, in less than six months, of 800 to 1000. It would do the First Church good - provide that membership to better works. The Swedish Lutheran Church now going up will cost \$30,000. The children of the people building this handsome structure are already English, and cannot be held from English Churches very long. The First Lutheran Church - St. John's, is not reaching them. It is too far away.

13. Kansas. A. The Kansas Synod.

I have seen the Synod of Kansas in its convention of 1881 at "Bunker Hill", and to compare the convention of 1886 at Waterville, with that one, almost caused me to cry out: "Can it be possible that it is the same body?" In 1881 looseness, general looseness, was the rule and order the exception. At that time the "Book of Worship" was used in only one or two of the congregations, and the Sunday School literature of the General Synod

THE
SYNOD
of
KANSAS

THE
KAN-
-SAS
SYNOD.

KANSAS
SYNOD.

Scarcely known in any Sunday School of the Synod. Other publications than Sutheran were openly advocated, and even the prominent missions used the publications of the Methodist Episcopal Church. Almost anybody was received into the Synod as a Minister without reference to "Race, Color, Education or Previous Condition". How great the change in five years. Praise the Lord for it! There is scarcely a Sunday School on the territory that does not use our own publications and Order of Service, and scarcely a church that refuses Sutheran usage. In 1881 there was much "Bij Meeting", "Bij Donation", "Resignation", "Bij" Resolutions of "Report" and little, very little giving to Missions. Now there is faithful and steady preaching and teaching the Word of God, with expectation of Jesus every time the gospel is faithfully preached. Now there is a deep interest in all the work of the General Synod. See the following figures, presented by the Treasurer! See and rejoice!!

Years.	Amt Appointed.	Amt Raised
1883	\$ 612.74	\$ 620.91
1884	1037.61	1153.15
1885	1095.00	1163.48
1886	1332.00	2090.07

Receipts of Appointments in 1886 \$758.07.

The Synod also determined to complete its promise of \$500.00 for new church

46

at Emporia. I readily confessed that I had so short a time at this convention of the Synod of Kansas. Delayed by an accident in reaching Waterville, I could only give one evening and the morning to synod. So many matters, pertaining to Home Mission work, come up at every session, that some representative of the Board must really be constantly present.

Somebody is almost certain to offer some "fool thing", just after a secretary has gone, and when the usually wide awake members are so worn out as to be paying but little attention. This synod, like Nebraska and Iowa, complained a little of "a lack of attention to their great field".

They were inclined to the idea that the "other parts of the Home Mission field were receiving more aid, visitation and attention than Kansas". I gave them all a fair chance to ask questions, & to manifest their zeal, and then took my little book, and kindly asked them to make notes while I read. I showed them that during 1885 & 1886, they had received more money than Nebraska, & had as many missions and as much visitation. Their argument was ended, but they very naturally said: Oh the new fields, the good openings, the great need cannot more be done to occupy and supply! In all this feeling, with deference to the new and splendid and prosperous openings in Kansas, I repre-

SYNODOFKANSAS.B. WICH--TA.WI--CHI--TA.WICHITA

ly sympathize. So also, as I told the Synod, does every member of the Board. The question is not one of ~~willingness~~ to occupy, but one of ability to occupy. There are several fields, however, we should at once enter - just as soon as men of the right type can be secured for them!

B. Wichita. This is really one of the most important mission points in the West. The Adv. Board of the Kansas Synod (consisting of the Officers of Synod) was instructed to co-operate with the Board of Home Missions in securing a man for Wichita. The names of Rev. Dr. Miles of Mansfield, and Rev. Dr. Smiley of Bellefontaine, Ohio were suggested, and some of the members of Synod were quite enthusiastic with reference to either of them. Personally, I can hardly endorse Dr. Miles (though he are good friends), because of his management at Wooster, his "Bip Meeting" ideas, and his course at Mansfield & in the Synods of East Ohio & Wittenberg. Dr. W. has an inclination to speculate also, to "buy and sell and get gain"; and it might be great unkindness to him to send him into the "booming" atmosphere of Wichita. Dr. Smiley has, I think, done well at Bellefontaine in Church-Building, Development of Benevolence &c. I inclose letter from President Gurner, marked O. for

WICHITA

information from Wichita, write Henry Blackwelder & Suther Garner. In the Suth-
-ernism of the latter however, I have not very
much confidence. If it had been of the right
type, he might have had a Lutheran Organ-
-ization in Wichita, long ago. With him, or
without him, the time has come, and can-
-not in safety be delayed, to begin at Wi-
-chita! I have consented to go with former
and latter if date of their going will not
conflict with other engagements.

WICH-
-TA.C. BANNER
CITY:

C. "Banner-City". This new place on a
new line of National, is urged for an
appropriation of \$100.00, with Rev. P. B. G.
Bills as Missionary. He has been
preaching in the country near by, and
when the town was started commenced
preaching the town. He know him as a
faithful man. His lay delegate made
a good report of work done & prospects
at "Banner City". A lot has already
been secured for church & parsonage.

I have sent blank application, so
that the matter may come before the

time have expressed my doubts as to
ability of Board to favor the amt.

- size of the Sutherans at all these places, is to have a visit from the "Secretaries of the Board". How to get all this visitation in, and what to say to the people in case the visit can be made. I do not know. I cannot encourage them to hope for Ministers in the near future. What can we, what shall we do?

E. Ottawa. Concerning this Mission, the Kansas Synod "requests the Board of Home Missions to send the Western Secy. to visit it, in order to harmonize the discordant elements & if possible secure a pastor soon". It is easy to dispose of a troublesome matter by "resolution". I believe it would be wise to sell out at Ottawa to the Joint Synod of Ohio. If they will pay back all that P.H.M. and P.C.P. have invested at Ottawa, I do not know, but that it would be wise for us to sell out. The Joint Synod have a man on the ground who can speak English and German, and can perhaps do the work. The Kansas Synod will oppose any such idea, I presume, but really the work has been so botched at O. that I see but little hope for success. Waage would serve in my breast of a first-rate American-German teacher, pastor, and manager could some be found to take the field and stick to it. Alas! My Brothers what shall we do?

FAT-
CHI-
SON.

F. Atchison. Driven out of the Hall.
by God's good Providence I verily believe.
(It's the people stretch up her nest so) this
congregation have bought a very fine
lot, splendidly located. They are now
preparing a dwelling-house that stands
on the lot, for church purposes, and
will soon have it in readiness.

I doubt the wisdom of using over
this old house, for purposes of worship.
I fear it will delay the building of
such a church as we now need at
Atchison, and probably belittle our
work. Many members of the Second
of Kansas agree with me, but pastor &
members at Atchison do not.

The officers of the mission report the
work "going right along", and so also do
"the faithful women".

G. HAYS-
CITY.

G. Hays-Bethy. Rev. J. G. Spaichen
was married in this city, by western
Secy, on Wednesday evening March 3rd.
The bride was Miss Ochs of Iowa City
seventeen years of age - a very pretty &
I think sensible girl. She was one of
the best of our Lutheran workers at Iowa
City. I had quite a long talk with Rev.
G. about his work. He seems encouraged,
and says "though the field is a difficult
one, by perseverance and persistence
success is sure". He means to persevere
and persist. Rev. G. returned directly
to his field, telling his bride again to the
work.

HAYS

H. Ellsworth.
-WORTH.

H. Ellsworth. Rev. & Mrs. Yarger re-report themselves as much encouraged - much more encouraged than three weeks ago.

I. Valley Falls.
-LEY

I. Valley Falls. Good report also from this Mission. Very good report! The new church-building is rapidly approaching completion, and will be one of the neatest and best adapted in that part of Kansas. The town also is growing rapidly. Bro. Geifer seems to be much encouraged.

J. Lawrence.
-RENCE

LAWRENCE

J. Lawrence. I heard the report of the Lay-delegate from this Mission, & from it gathered that the feeling is that Rev. G. J. Dello might remain. He said "a sort of earthquake seemed necessary, & we have had it" and now there is peace and prospects of prosperity. I trust this is all true. There was no opportunity to talk with Missinary Dello, nor indeed with any of the Missinaries. They were busy on Committee or. during most of the ten hours I was present.

K. THE
OTHER
Missions
IN
KANSAS.

K. The Other Missions. On the territory of the State of Kansas, were reported as being well. All of them show hope. I urged increase of salary on their part, and promised decrease on the part of the Board. I said they must grow nearer to self-support every year.

L. ADISTURB.INGELEMENT.L. A Disturbing Element.

I regret very much to note the establishment of a Mission at Hazelton, Kansas. by the General Council, or rather by Rev. W. A. Paparant D.D. in the name of the General Council. (See "Norman" of Novem. 4. page 816.)

Rev. J. Sargent - the Missionary appointed has been one of the most ready of all Dr. Paparant's "men Friday" to disturb and interfere. He was sent out in 1881 to follow the Western Secy. of Home Missions, and tried to hinder at Emporia and other points. The people at Hazelton are probably not posted as to diplomatic relations &c. &c.

I omit whether Dr. Slip of the Gen'l Council & U. M. Committee would approve of Missions in Kansas, connected with the Pittsburgh Synod of the General Council.

He can only await developments and meantime, watch! watch!!

A DIS-TURB.INGELEMENT.M. TEN-NESSEESynodofMIDDLETENNES-SEE.M. Sommee. A. Synod of Middle Ten-

nessee. This body met at "Genius Chapel", eight miles from Shelbyville Tenn. Oct. 20 to 25th 1886. Four Clerical and one Lay Member, one Commissioner and the Western Secy. composed the first body. We had, however, a good meeting. the people turning out to the services in large numbers, and showing considerable interest. Preaching services were held at 11 A.M. and Seven P.M. ("airy candle-

MIDDLETENN-
ESSEE.SYNOD

-lighten") each day. Pastor Raymond of Nashville, and the Western Secy. of Home Missions did all the preaching, but the Synodical sermon, which was preached by Rev. W. L. Barnett. He tried his utmost to have one of us do it, but we persistently refused, and thus made him do it. Even in this Synod there is improvement, especially in the order and decency of its services. We used the "Book of Worship" at every service, and did not sing

"Plunged in a gulf of dark despair
Smy Hallelujah!"

at a single meeting. The church-building in which the meeting was held, is a new one - just finished. It was dedicated during the convention of Synod - Oct. 24 - free of debt. It is nicely finished & furnished - painted, carpeted in aisle and pulpit, and a marked improvement on any church building - outside of Nashville and Dickson. The meeting was very superior to the one at Dickson, because the people filled the house & were interested. Pm. Raymond and myself urged a union with the Olive Branch Synod, which I believe will be accomplished. Then may we hope to set a different class of ministers into the territory and as a result entirely different church work. We have some most excellent material in the hands of this Synod, and a

MIDDLETENN.SYNOD.SYNOD
OFMIDDLETENN.

SYNODofMIDDLETEN--NES--SEE.SYNODofMIDDLETENN.oB.CHAT-TANOO.-G.A.CHAT--TANOO--G.A.

number of good members. There has however, been no training of the right kind. There was no improvement in "the grace of giving". The Apportionment table made by Bro. Clark and myself last year, was burned with Mr. Mr. Anthony's house and effects, and never reached the printer's hands.

A number of the congregations were without pastors all the year & are still vacant. The great need of this entire territory is Sutheran ministers of the right type. My hope is in a union with the Olive Branch of Indiana. This will cause the ministers of that synod to be interested in the territory and the churches upon it. We have a field in Tennessee, and if we can furnish laborers, we will reap a harvest - a large harvest.

B. Chattanooga. Parts of October 19, and October 20th were spent in the rapidly forming city of Chattanooga. I held a meeting with the "so-called" compensation and tried to show them their duty. There is little or no hope for success in this organization.

They have a few good people, but the "head-men" are of but little account. They lack harmony, spirituality, and common sense. I talked plainly and kindly to them, and urged them to duty and privilege. They

^{Part}CHAT.ANOO.GA.CHAT.ANOO.GA.CHAT.ANOO.GA.

Made many promises, but Stendel writes that they broke them the day after I left. There is no question as to our having a field in this growing city. These are over 3000 Germans in the city, and over 1500 of them are Lutherans. By confirmation and training. There are 576 German voters in Chattanooga. The membership of the organization, as now "re-organized" is 34. They owe \$500.00 on the church building - the lot of which has increased in value 25 per cent during the past year. One hundred dollars of the debt is in the shape of a mortgage to Rev. W. H. Buelter of Pittsburgh Penna. Rev. Pastor Stendel has now a situation as Professor of German and French in Chattanooga University - a new M.-P. institution just built, and opened with 130 students. In view of this his living being now assured, and in view of the fact that the officers of the congregation promised me to raise some money for him at once, I advised him to continue preaching, visiting &c. &c. as pastor of the congregation. As the building is there, and an organization, I urged him to continue in the same place, suggesting that as new members are added, he can change the officers, and in time have an entirely different organization. He consented.

CHAT-
TANOO.
GA.

but from letters - marked Q - since received, he has evidently changed his mind. Rev. Robert Stendel is, I believe, a very worthy and excellent Christian minister. He is, however, like many Germans "quell as a flash", gets "mad" in a minute, is "tender as a sensitive plant", and thinks he knows more than he really does know. I urged him to give the work in Chattanooga a careful and thorough trial, which he can now do, and suggested that, if he found it impossible to succeed in the old place, he open a Sunday School, and begin services in the Lecture-room of the 1st Presbyterian Church, Mr. Wible offered for the purpose. I had a conference with Rev. Dr. Bachman, ^{Pastor} of the 1st Pres. Church, who is exceedingly anxious that we begin in Chattanooga, saying there is a large field which only the general superintendence of the Lutheran Church can successfully cultivate.

He will give the work every encouragement in his power. Dr. Bachman is a relative of Mr. Dr. Bachman, D.D., of Charleston S.C.

Rev. Stendel complains of "having been misled in coming to C." expected aid from Board of C. He quotes Sevenhuijsen, Snyder D.D. as giving him encouragement. I told him Mr. Board was not responsible for the opinions of individual ministers out-

CHAT-
TA.
NOO.
GA.

CHAT--TANOO--GA.

-side the Board, and that he should have written the Board before expecting to receive an appropriation.

The Synod of Middle Tenn. has appointed a Committee, consisting of Raymond and Com., to visit Chattanooga, investigate charges against Rev. C. Del. D.C. D.C.

In view of all the facts, observations &c, I suggest the following action.

"Resolved, that Rev. Robert Steedle be encouraged to continue the work in Chattanooga Tenn., either in the Church-building already erected, or at such other place as may be selected, for English and German ^{Sudan} Church services. Resolved that as soon as there are evidences or assurances of success, an appropriation will be made, and a Commission 'opened'.

The Board can, no doubt, alter, amend and improve the above, or take action which may be wiser & better. I really do not know what else to suggest. There is much more to be said concerning Chattanooga & our work there - its difficulties and prospects - but enough has been written to give the Board the condition of the field. It is a large field, but will require patient and most persistent cultivation, in order to have it yield fruit unto holiness.

CHAT--TA-NOOGA.

C. DICK
-SON.

C. Dickson. There has been some progress at Dickson. The Church-Building has been plastered, painted &c. and a new roof put on. The church at Nashville furnished pulpit, altar railings &c. and the house is almost ready for dedication. The congregation have paid for the improvements, and reduced their debt about \$100.00. The Missionary needs to be stirred up, waked up to greater energy and efficiency. In his report to Tyro, he talked about "re-opening the Sunday School next Spring" and I asked him why not at once. He said, "Well, the children are somewhat scattered and in other schools, and it would be a pity to disturb them." I told him to "disturb them at once on his return, and open the Sunday School so soon as the building is ready." I suggest that he be questioned very closely by Secy. Club concerning S. School, Prayer Meeting, number of time he preaches, Catechization &c.

DICK
-SON.

D. NASH
VILLE

D. Nashville. I spent a part of a day in Nashville, visited Mr. Fred. Capham, of the Church Council, and took other observations. Bro. Raymond has somewhat of a temperance fight on hand, but seems to be "on top". Mr. Capham is one of our best Lutherans people, and says Pastor Raymond is right. The offence which started some of the "Dutch" was his preach-

NASH-
VILLE

-ing of a gospel sermon (Not a temperance sermon) in a hall where temperance services had been held. They have been fighting him also on having English Services. He has kept up English preaching every Sunday night, and now asks for one English service a month in the morning. Mr. Napham says the young people and the professing people are all with pastor Naymrod. How the matter will come out I know not. A compensational meeting was held Oct. 31, but I have no report of the result.

I found Mr. Naymrod and his wife very highly spoken of by the American people of Nashville, outside the Sutheran Church.

Of course the "Dutch" will cut his salary.

NASH
VILLE15. OB-
SE R-
VATIONSA. THE
SYNODS

15. Observations A. The Synods.

Perhaps no better convention of synods - with one or two exceptions - have ever been held, than the conventions of 1886. The improvement all along the line is cheering, and in some synods marvelous.

Something, however, should be done to prevent so many meetings at the same time. There were nine conventions in one week, and four or five of them from eight to twelve ~~distance~~ distant from a Ry. station.

OBSER-
VATIONS

THE
SYNODS

THE
SYNODS

B. GEN-
ERAL
SYNOD

C. BILL
OF
EXPEN-
-SES.

I could not reach the Synod of Central Illinois at all, having had three other synods that week, and two of them requiring a visit home after speaking. I requested Rev. Dr. Rhodes to present the cause of Home Missions at Central Synod, wrote them a letter & sent an abundance of W.M. folders.

A united request on the part of the Boards might probably induce the synods to arrange their meetings for the highest good of the Church, rather than the beauties of Monogat.

B. General Synod, will D.V. meet at Omaha, according to announcement. Committee on Programme, Speaker &c. should be elected early. We must make it a great Home Mission occasion!!

C. Bill of Expenses, from June 21st to October 27th has been sent to Bro. Hensler - the Treasurer - and will be presented by him. Board will notice in it Farms from Phellman, Palace Car Co., American Express Co., D.C. Our influence is gradually forming, and I desire to know that in keeping my own expenses, the Boards and Secretaries of sister denominations cannot equal us.

16. CON-
CHU-
SION.

16. Conclusion. The Board will be glad to notice that this report is really coming to a close. So too, am I. Though it covers sixtytwo pages, I may say "in all good conscience" these remains much more to be said of the field and its needs, of the missionaries and their labor and sacrifice ^{and} of the cheer and encouragement all along the line. The report embraces 129 Days of Service, 16.327 miles of travel, 60 Sermons and Home Missions' addresses, over 400 letters, postals and mail packages. The expense has been \$137.63 for travel, and \$21.60 for postage, telegrams, printing &c. Over \$50.00 were collected and sent to Synodical treasurers which would not otherwise have been secured. God has kept his servant and your servant well & free from accident on land & sea. Every day of the hot season & every other season was a hunting day. Praise the Lord for his goodness and mercy!

With Christian greetings
to every member of the Board -

Very fraternally
Yours servant

Sam'l B. Bramith

Dr. Minis. Drs.
November 8th

Western Secy)

1886.

[From the Milton Argus, October 22, 1886.]

AS AN AUTHOR.
An Industrious Pastor's Literary Work.

We had the pleasure of examining a bound volume of sermons and addresses published by Rev. W. H. Gotwald, of this place, the majority of which were printed at this office. Rev. Gotwald is not only a faithful and efficient pastor, but he is equally as industrious with his pen, and, so far as we know, is the only pastor in Milton who has ever published a volume of sermons. The sermons and addresses in the volume above referred to have received the most favorable notices from the press and individuals. In addition to the above he has also published the following works: "A Temperance Appeal," "A Tract to Awakened Sinners," sermons on "The Character of God's House," "The Coming of Christ," and "The Bad Tongue." Also the following books: "A Catechism, Practical and Historical," "Hans Egede, Missionary to Greenland," "Rich and Poor Man," "Pastor's Confirmation Gift, Nissen's explanation of Luther's Catechism," and "Luthardt's Compendium der Dogmatik." The last five are translations, two of which are yet in manuscript, not having been sent to the printers for publication.

ST. JOHN.

Dedicated to the Service of God Yesterday.

The New Church Home of the
Evangelical Lutheran
Congregation.

The Services of the Day—The Exercises Conducted by Prominent Men of the Church.—The Church Free From Debt.

Delaware is rapidly acquiring a reputation as a city of churches, and boasts of her interest in church affairs.

The events of the past few weeks indeed substantiate both the reputation and the claim. Several new sanctuaries have been planned and their erection made sure. Among the number none has awakened more interest, nor has any been more successful than the congregation of St. John's Evangelical Lutheran church.

The history of the church, since its birth in the unhappy differences in the Lutheran church, eleven months ago, has been narrated from time to time in the GAZETTE, and is too well known to require any repetition now.

The people of the city have watched its movements with deep interest; the formation of the new congregation, the determination to build a new edifice, and the rapid construction of that building. The handsome substantial brick church, with its tall and graceful spire, is well known and highly praised on all sides, and in and out of the membership there was rejoicing when the labors were completed and the structure stood perfect.

To those who have not seen the interior, it might be described in a word—beautiful. The auditorium is forty-five by sixty feet in dimensions, with lofty ceiling. The pulpit, at the east end of the church, is large and being about thirty inches high, is reached by three steps from the floor. The floor itself is raised at the west end, opposite the pulpit, twenty-nine inches higher than at the other end, so that the vision of no one in the congregation is obstructed. The aisles extend from the pulpit diagonally to the doors, being connected with one extending north and south at the front. The seats are arranged in arcs and vary somewhat in length. The plans adopted by the architect, Mr. F. F. Schnitzer, in the arrangement of seats, and elevating the floor are comparatively new in church architecture and entirely new in this city. Both are pronounced successful, and the acoustic properties of the room

welcome news to the congregation, and the day looked forward to with pleasure. The result of the day's services was full of satisfaction.

THE SUNDAY SCHOOL.

The first occupancy of the church was by the Sabbath School, which assembled at 9.30 o'clock. Besides the usual exercises, the school had the pleasure of hearing Drs. Helwig and Barnitz, who delivered interesting addresses, congratulating the children on having such a beautiful church home, and offering wholesome advice.

MORN'G SERVICE.

As the members of the congregation assembled for the first service in their new edifice, there was evident satisfaction and pardonable pride depicted upon every countenance. The beloved pastor, Rev. J. F. Shaffer, to whom more than any other person, the result of the labors of this people is due, looked supremely happy. He has a right, assuredly, to look and feel so.

The pulpit was occupied by Revs. J. F. Shaffer, Drs. Ort, Helwig and Barnitz, Dr. C. H. Payne and Dr. W. F. Whitlock. The music was very fine, rendered by a select choir, composed of Misses Lena and Flora Zimmerman, Jennie Platt and Alice Dangler, Mrs. Charles Rubrecht, Messrs. Louie Culmer, Elmer Heller, D. W. Clark, W. H. Wohleater and George Carder.

Before the sermon the Rev. Shaffer baptized Carrie Eliza, the infant daughter of Mr. and Mrs. Alfred Shively, of Ostrander. An eloquent sermon was delivered by Dr. Ort, President of Wittenberg College, his text being taken from Hebrew II-9; his theme, "The Divinity of Christ, and man exalted through Christ."

After the sermon Dr. Ort announced that it was necessary before the dedication of the church to raise the amount of the debt which stood upon it. That amount he said was \$3000, and he urged prompt and generous aid in liquidating the debt. Subscriptions were called for, and the first response was from Louis Smith, Esq., who subscribed \$500. This generous donation was followed by the announcement that the Sunday School pledged \$200; then nine subscriptions of \$100 each, and so on in smaller amounts, until the sum reached \$2500. It was then quite late and the morning services were concluded with the singing of the doxology.

AFTERNOON SERVICE.

At three o'clock in the afternoon the church was again filled to its utmost seating capacity, and the services were of a most interesting character. The sermon was delivered by Dr. Helwig, of Springfield, his theme being the duties and responsibilities of a Christian life.

Again the people were called upon to increase the fund for the payment of the church debt, and that amount subscribed in the morning was raised to \$2940, when the services concluded.

are perfect. The church is handsomely frescoed in many tints, blue being the dominating color. The windows are well proportioned, furnishing ample light. The handsome stained glass was the gift of members and friends of the church, as follows: On the east the first window was the offering of the Lutheran Sunday School of Cincinnati, the design at the top being the significant bee hive; the next was the offering of Mr. Louis Smith, in memory of his wife, Sebelia Smith, the design a crown; next the offering of Rev. J. F. Shaffer, the pastor, in memory of his son, Ralph Boggs Shaffer, the design the lamb of peace; next an offering in memory of Rev. Ezra Keller, D. D., the founder of Wittenberg College, the design an all-seeing eye. On the north side the first window was the offering of five classes of the Sunday School, the Philosophian, the Excelsior, the Coronation, the Little Gleaners and the Busy Bee classes, the design being a sheaf of grain; next an offering of Mrs. Anna R. Lasher, in memory of her sister, Susan Morgan, design a dove; next the offering of the Banner class of St. John's church, wrought by Matt H. Wagner, design the open Bible; and last a window, with the tablets of the commandments as the design, an offering in memory of Rev. Samuel Sprecher, D. D., L. L. D., the second president of Wittenberg College, which office he held for a quarter of a century. In the front of the church are five large and five small windows of stained glass, the latter being the offering of the Sabbath School. Of the larger windows the central one was presented by Charles Fox, in memory of Ada Ethel Fox; the four being the offering of the Ever Loyal class, the Earnest Workers class, the Senior Bible class, and the Young Men's Bible class. All of them are very handsome. The furnishing of the church is in conformity with the structure itself, substantial and beautiful. The vestibules are covered with heavy cocoa matting, while the floor of the church is laid with a very neat carpet, in which red is the predominating color. The comfortable pews are of ash and walnut, with a capacity of seating four hundred and fifty persons. The reading desk in the pulpit is one of the finest in the city, being of solid walnut, magnificently carved. It is the handiwork of Mr. Nicholas Wagner. The furniture of the pulpit consists of three handsome chairs, walnut with scarlet velvet cushions. This describes the several parts of the church, which taken in view at once is pleasing and comfortable. At the services of yesterday the pulpit was further beautified by three handsome floral crosses and a quantity of cut flower.

THE SERVICES.

The announcement some days ago that the church would be occupied and dedicated on Sunday, Oct. 17th, was

THE DEDICATION.

At seven o'clock in the evening every seat in the church was occupied and the aisles were filled with chairs to accommodate the large congregation. The church, lighted by a carbon burner with twenty-four jets, looked even more beautiful than in the sunlight.

The choir was strengthened by the addition of several voices, among them Miss Della Wentz, whose solo was very fine.

The regular services were conducted by the ministers present, including Rev. Father Lynch, who offered an earnest prayer for the new congregation.

One of the most eloquent sermons ever heard in this city was then delivered by Rev. Dr. Barnitz, the Western Secretary of Foreign and Home Missions of the church. His text was from Isaiah XXXV, 8th, 9th and 10th verses. The pathway of faith; its peace, safety and happiness were presented in language beautiful but simple, and proof plain and convincing.

When Dr. Barnitz had concluded it was announced that the \$3000 had been raised, with a small surplus, and free from debt the church was about to be dedicated. The services were then performed by the pastor, assisted by Drs. Ort, Barnitz and Helwig. The keys of the church were presented by Mr. P. T. Courier, of the Church Council, and received by Rev. J. F. Shaffer, who consecrated the house to the service of God.

The first day of the Evangelical Lutheran church was thus closed. It was a pleasant and interesting one—fraught with good.
