

Board of Home Missions General Synod Evangelical Lutheran Church in U. S.

To Meeting Held February 14th 1888I. NE-
BRASKAI. LINCOLN

LINCOLN

LIN-
COLN.II. Nebraska. I. Lincoln.

In accordance with instructions by letter and telegram, from Secy. Glutz, I visited the Lincoln Mission, at the appointed time for Congregational Meeting, January 12th 1888. My presence was evidently not desired by the portion of the congregation favoring another change in location and they took no great pains to conceal their feelings. Deeming it unwise to be "entertained" at ^{any} private house of either party, I took a room at the hotel and remained there until morning after Congregational Meeting. Being obliged to remain in Lincoln because of the fearful "blizzard" and drifted snow. I accepted an invitation from Mrs. S. A. Rogers, one of the earlier members of the Mission, but now not active, to come to her house after the Congregational Meeting. I did this, not only to save expense to the Board, but also to learn from her all I could concerning the work, her purposes &c. &c.

Thursday, January 12th - was the day of the great storm - the most severe known in the North-West. By five o'clock P.M. it looked as though it would be unsafe to venture out even in a city like Lincoln. The wind was reported at thirty miles an hour, and whirling sleet and snow and powdered ice into every crack and crevice. It seemed as though it would be utterly vain to attempt to hold a meeting of any kind, and an ef-

-fort was made by the pastor, and a member of the church who "had not taken sides" to have the meeting postponed to the next evening. The effort was not successful, the party favoring change of location being ready, and the evening being a better one for them, than a more pleasant one. The meeting was called to order by Pastor Sipe, and the devotional exercises conducted by the Western Secy.

The scripture selection was Philippians III: 7-21, suggested as appropriate by Secy. Zimmerman of Bd. of Church Extension.

The devotional exercises ended, Pm. S. F. M. Easterday objected to Rev. S. S. Sipe presiding, saying he was "no longer pastor", and therefore had no right in the chair as such. He moved, as a matter of courtesy that Bro. Sipe - Mr. Sipe be requested to preside".

The pastor said he "intended to preside as pastor, and not by courtesy, ^{but} by right, that the Conf. meeting accepting his resignation was not a legal one &c. &c., the regular notice not having been given. After some discussion the question was referred to me, and I read to them the discipline and also called for their own constitution, showing from both that the meeting so suddenly called and held was not in accordance with the law, and therefore its action not binding.

They yielded, and concluded that the work of that meeting must be done over if it was to stand. I enclose the record of proceedings as furnished by the Secretary

of Church Council (called "clerk" according to Nebraska laws) - marked A. The meeting was commenced by Bros. Sipe and Brust, as "the most respectable and orderly compen-
tional meeting held by them in a long time".

They felt confident that the presence of a representative of the Board had done much to keep order and make the meeting respec-
table. And yet, I would not like to call that meeting "a heavenly place", by any means.

Several times during the consideration of Mr. Sipe's resignation, there was manifest a most unchristian spirit. It was diffi-
cult for me to be calm, or to keep from rebuking with sharpness and insective, some of those who were instrumental in calling Mr. Sipe to Lincoln, and so soon as they could not use him for their party,
ready to denounce him. But, though "the fire burned" "while I mused", grace
was sufficient to keep calm and collected.

Prof. L. J. M. Casterday moved "that the resigna-
tion be accepted the next day at high
noon". Another moved that "it be accepted
at high noon on Monday, January 15th", giving
chance to prepare (on Friday and Saturday) and
reach farewell sermon, and say goodbye to S. School.

Finally the question of "time for acceptance"
was referred to me, and I said: "The Board
of Home Missions fix the time at close of
present quarter - Jan. 31st 1888". So it was
ordered, "Provided Prof. Sipe would resign from
all committees, that a new chairman might
be appointed, and the work pursued during

Remainder of Jan., and month of Feb.
as N. A. or N. H. Committee may allow
them that time &c. &c."

The question of change of location for
church-building now came up, and the
"protest" presented by Bro. Orust, was handed
to the Secy. Several of the friends of De-
moral objected to it being recorded or
going on record. I insisted that it must
go on the record, as every one protesting
had a right to vote, and a right to have
their opinion recorded, the storm keeping
them away from the meeting. At this
juncture I, in the name of Bro. of Home Missions,
protested against change in location or
any further agitation of the subject, de-
claring it as my candid conviction that
the sale of property first purchased was a
mistake, and all the real-estate agitation
a positive hindrance to the growth and
up-building of the congregation. I said
"You would have been better off to-day in
every respect, had you remained in property
first purchased, and stronger, as a congre-
gation and S. School in every way." They
agreed to this statement, but "as they had
made a move, and found they could make
a better one, they passed 16th & R. St."

The vote was a "peculiar one". They have
manufactured the "proxy" method, and one per-
son can vote for ten, if he secures their
proxies. A good thing for a stormy night,
as all the male members of the Easterday
family could easily get the proxies of the

female members. The first vote taken resulted in the defeat of the proposition to change location. There was consternation. Prof. Carterday said, "Surely some mistake", "Somebody has not voted protes according to arrangement". The roll was called and every one brought to the test. Mr. Royer then voted the protes he had kept back, and the result was a majority of one to make the change - thirteen votes being from one family, and that family interested in the sale of the property at 16th and R. St. Mr. Royer - a builder - was, I think, afraid to vote against removal, lest he would incur the displeasure of the majority. Though there were only five votes against the proposition at this meeting, it was because the people came not yet to the meeting.

Really, the proposition to change location was carried by only one of a majority.

I enclose map of Lincoln showing the different locations. It has been carefully prepared, and is positively accurate.

The heavy green lines show the part of the city seldy inhabited. The parts outside the green lines have been laid out in lots, but not yet built upon, and much if not yet sold as building lots. Square 128, at corner of 10th & H Sts., is the property first purchased - Oct. 1881 - by Dr. Conrad, and by him transferred to Board of Church Extension, ^{or} its cost \$2000.00. This was, to my mind, a good location.

and a change from it was not needed to insure the success of the work. In a little while after Mr. Copeman entered upon his work, lack of marked success was attributed to "poor location" and the subject of "removal" opened up. Mr. Frost, Mr. Rogers and others - the largest contributors - opposed change of location or any agitation of it, and attributed lack of success to defects in the work of the Missionary. Dr. Hanna and myself were appointed a committee to visit Lincoln, investigate matters &c. and were not in the city two hours, until we were unanimous in the opinion that change of location was not essential to the advancement or success of the work. Since the sale of the original church property it has greatly increased in value, and the neighborhood is one of the finest residence neighborhoods in Lincoln. Prof. S. F. M.esterday himself, at the time of our visit (visit of Rev. Dr. Hanna & myself) said "a change of location from 10th and N. St. is not essential to success".

Square 91. Corner of 14th & N. St. is the property now owned by the congregation, and the location on which there was unanimous agreement, and on which a handsome church-building should be this have been erected. Scarcely had it been purchased, however, until building was delayed in hope of "trading it ^{an} an advantage of one or two thousand dollars. This "deal" has

Lin-
-COLN.

Lincoln

-ing "fallen through" it was hoped there would be "an end of controversy", and a beginning of work. The Secretary of Board of Church Extension, and the Secretaries of Home Missions looked over the entire city in July last, examined the different sites, decided against 16th & R. St., and urged the immediate erection of church-building at corner of 14th & N. St. The advice was not taken, but those personally interested in the 16th & R. St. property, in a little while opened up the subject of sale of 14th & N. St. lots, and the purchase of 16th & R. St. lots, claiming an advantage of \$3600.00 for the compensation by the "deal". The lots at 14th & N. St. are the only ones on which the compensation have been unanimous.

Square 32, corner of 16th & R. St. is the property voted for at the meeting Jan'y. 12th, and adopted by me (1) majority as the place for the new church. It is owned by Rev. Dr. Snod, of the Penn. Synod, Boyertown, Berks Co. Pa. and is for sale by Easterday Bros. Dealers in Real-Estate. Lincoln. Neb. Dr. Snod is a noble man, gives literally to our General Synod work, and would do nothing to hinder or injure the work at Lincoln. He has been quoted frequently in this matter, and I believe incorrectly quoted.

He proposes - if the lots owned by him, are entirely suitable - to give \$600.00 towards the erection of the church. This he can easily do, if the lots are sold at present price, and still have a very handsome margin of profit.

LincolnLin-
-coln.

LINCOLN

He would soon have his lot purchased, unless entirely satisfactory to the church, and for the best interest of the cause.

I enclose card and letter from Bro. Groh marked B. In reply to card I assured him that our Board would not in any wise blame him, and told him his agents and special friends alone were responsible for his name being in any wise "mixed up" with lot matters at Lincoln.

Deseret will find also a statement C from the Treasurer's books showing that the property at Lincoln has to this time, not cost the congregation a dollar, but on the other hand has paid over Four Hundred Dollars of their Pastor's salary and current expenses. There has evidently been too much "real estate" and not enough "personal property" in the management at Lincoln.

LINCOLN

The spirit manifest at the meeting - Jany. 12th - and I ^{understand} also at all the compensational meetings - was a very bad one, and far from the spirit of Christ. There seemed to be no disposition whatever on the part of the majority to show any kindness or quarter toward those who differed with them. Every possible advantage that could be taken by the majority was taken, and often in the most abominable manner. For example, a letter from Secy. Zimmerman had in it some very good and plain advice, a little wholesome exhortation. It also had a sentence something

LIN-
-COLN.

LINCOLN

like the following, which suited the majority exactly: "The Board of Church Extension does not deem it necessary to send a representative to the Meeting Jan'y. 12th." The advice and exhortation to unity of action were not seen at all, nor even mentioned, but the alone sentence was used - the "Clerk" saying: "The Board of Church Extension declined to send a Secy. or Representative, though they are interested in the property".

HIN.
COLIN

It was an effort to show that the Board of Church Extension thought the congregation able to manage its own affairs, and refused to comply with Bro. Lipe's request or suggestion. It was also used as a reflection on the presence of a representative of the Board of Home Missions.

I enclose correspondence - D - between Prof. L. F. M. Easterday, and myself. His letter accompanied the report of Empirical meeting, and my reply was in acknowledgment of the same.

LINCOLN

Conclusions reached. 1. That ^{the} Board of Home Missions should not consent to sale of property at 14th & N. St., and purchase of lot at 16th & R. St. True, this is "Church Extension" business more particularly, but our Board will, no doubt, be asked to give consent. 2. That Board of Church Extension should pay off the mortgage on 14th & N. St. property, get clear title into its own hands, and hold the property. It would then be "master of the situation". 3. If it was possible to hold together the

HIN-

LINCOLN

Twenty (20) people composing the minority,
I would suggest the temporary suspension
of the work at Lincoln. I fear, however,
that the minority would "scatter", and with
this fear I am not ^{wanting to} ready to suspend.

I urge Bro. C. J. Ernst to live fast
to the church he so dearly loves, and not
allow himself to be driven away. What he
will do, I cannot tell. He is the largest
contributor and most generous soul in
the mission. It was reported, and generally
supposed that the objection of Mrs. L. W. Rogers
(A sister of Rev. Lewis Hippel) who gave \$150.00
the first year, was on account of Rev. Mr.
Leverman and Mr. Ernst, but during the
recent visit to Lincoln she told me there
was "too much of the one family power
to make it comfortable for her," and that
"Mr. Ernst was generally correct on every
business item, and always ready with work
and money to do his full share".

It is possible that a missionary of
strong will, with abundance of grace, and
good executive ability can go into Lincoln
and make a success of the enterprise. It
may require the martyrdom of some one
man to accomplish the work, but if the
man can be found, I believe there is in
Lincoln a door open for great usefulness.

The latest I have from the mission is
enclosed notice and sketch of Mr. M. E.
As Rev. Geo. W. Jones D.D. was mentioned in con-
nection with Lincoln during the former
vacancy, it is not improbable that his friends
may again urge him as the man for pastor.

Sunday, January 15th, was spent in Omaha, Neb. The day was one of intense and bitter cold, the mercury registering 38 degrees below zero. St. Marks Sunday School was visited in the afternoon, and one hundred scholars and teachers found present. St. Marks has had a successful year, having met all its obligations, including payment on lot. The S. School, Jan. 15th, was larger than the parent school at "Kountze Memorial". I informed Bro. Schmitz that he can confine his labors to St. Marks Congregation & S. School, handing St. Matthew's over to Kountze Memorial workers. He will have abundance of work in connection with Saint Marks.

B. Kountze Memorial.

Though Bro. Peterreiter with heroic manliness and very hard work, has succeeded in lifting the debt, and raising sufficient money to put the church property in splendid condition, and though he has established St. Marks by aid of the boards, and opened St. Matthew's Mission School, and set in foot the "Philly addition" movement, and done more to up-lift and advance the Lutheran Church than any pastor he has had in Omaha, he is nevertheless having a difficult time. Those whom he has antagonized are persecuting him beyond measure, are keeping away from church and keeping others away, and thus injurious both pastor and cause. How long he can endure the persecution remains to be seen. Though this

is not a mission, its effect upon our mission work, and its relation to the State of Nebraska are such, as to make whatever pertains to it, of interest to Board of Home Missions.

C. "SHULL ADDITION."

Letter marked E from Rev. J. S. Detwiler, gives his opinion of Rev. J. L. Jacoby for the "Shull Addition" Memorial Church. The people themselves have little or no idea of what they want, and "expect the Board to furnish the right man". They "know a few ministers who were entertained in their homes during General Synod", but "cannot judge as to the minister for the field". Certain it is that the Board of Home Missions must begin this work, for though the lots were deeded to Board of Church-Hansen, and assurances given of "pushing the work", it is now manifest that no building work will be done "until a missionary of the Board of Home Missions is placed on the field." From a Board of Church-Hansen letter, received at Omaha Jan'y. 14th, I take the following: "I hope the Board of Home Missions will be able to send a man to begin work in the Southern part of your city early in the Spring. Our Board are willing to send some help in starting the enterprise. J. L. Z. secy." This is a considerable "Come On", from the first assurances.

The under-scores are my own, but the sentences under-scored make it clear to my mind, that Board of Home Missions will be obliged to bear the heaviest responsibility in this new work.

SHULLADDITIONOMAHASHULLADDITION3. WEST
POINT.WEST
POINT.

It was not possible to get at "the amt. which can be raised on the field for the support of a missionary, and I doubt whether this can be ascertained until the missionary is on the ground. In this case, as in all other cases, he will be obliged, I presume, to name a certain salary, and have amt. raised on the field, deducted from approbation. I am not surprised at the feeling of the members of the Board with reference to Rev. J. C. Kauffman, when the work at "Orville" comes up. It may have been his misfortune rather than his fault, but that does not alter the fact before the church, that the Orville work was, & somehow, very badly managed. If Rev. J. C. Jacoby has the ability for the field, his record for Mecef has been a good one from the time of his entering the ministry.

3. West Point.

I have not yet visited West Point. Neither made any definite arrangement for a visit, as I cannot see any special advantage in my presence there, unless the Board desire Bro. Jacoby to remain, and want me to go and tell the Council and congregation that fact. I have no doubt of the accuracy of Bro. Jacoby's statement, as he is in every way reliable, though, of course, sees things from his stand-point. As he has resigned to take effect March 31st, it may be well "to let things alone" at West Point for the present. If, however, the Board think it best that the mission be visited, and the

WESTPOINTNEB.WAVERLYWAVERLYSIDNEYPOTTERHAYS COUNTY

Troubles discussed, I will arrange for the investigation. Oh! my. Deepport, Lincoln West-Point. What next? Rev. Dr. Powers has been spoken of for West Point. He is a fine preacher but not much of a pastor. It is likely that somebody will be obliged to make a fight at West-Point, perhaps somebody be martyred, before everything works smoothly.

S. Benedict. The dedication at Benedict has not yet taken place, the "blizzard" of Jan. 12-14, having prevented Bro. Detreiler from reaching the town. He got within fifteen miles of Benedict, but there all trains were "abandoned", and to go by sleigh was to risk getting "lost" rather than Benedict. As I had been to corner-stone laying and dedication in that neighborhood, I arranged with Bro. D. for an "exchange", he going to Benedict, and I spending the Sunday in Omaha.

BEN-
EDICT

Arrangements were also made with him for "lectures" at different points in Republican Valley, Misuri, to help pay pastor's salaries etc., so that he was "on the road" all that fearful week - Jan. 9th - 16th. It was a splendid week to get "experience", and Bro. Detreiler got it. It was a "specimen" week to act "Secretary", though rather "an exaggerated specimen", and Bro. D. says "if he had ever had any aspirations in that direction, they have forever passed away".

He safely, supposed, as he was on a train "kicked" during that severe Friday. His trip was to little purpose, as the weather prevented people from attending either lectures or dedication. I enclose letters J- from Rev. G. H. Schaur, Missionary at Benedict, and Pres. of Nebraska Synod. They are "characteristic" of the man who wrote them. He gives some information concerning his work, and a good deal of advice in matters with which he has no business. He, no doubt, means it well, but often "spoils things" by being "a little too previous". I think he must be told

to keep hands and pen off of South Omaha, & that the Board of Home Missions and people at O. will attend to that work. He "speaks" at "the Policy of the Board or", and writes his speeches to a man like Dr. Geo. W. Powers. He will make trouble, sure. He replies that he will wait until the meeting of the Nebraska Synod, and then "uncover his accusers".

He may "cool down" by that time, especially if they have much weather such as he describes.

III. Illinois. 1. Polo legacy.

Monday, January 30th was spent at Oregon, Ills.- the County seat of Ogle Co., in the interest of the Catharine Good legacy.

For nearly three hours, I answered questions, and found I knew more about the "General Synod of the Evangelical Lutheran Church in the U.S. of A." than I ever supposed I knew. At the end of the questioning, and after "affirming" the signature of Alexander Gebhart, I received a draft for One thousand Dollars (\$1000.00) payable to the order of Alexander Gebhart

Office Judge of County Court.

Oregon, Oco Co. Ills. Jan'y 30th 1888

Alexander Gebhart Esq.

Treasurer. General Synod

Evan. Lutheran Church in U.S. of A.

Dayton, Ohio.

Dear Sir:

Though the will of Catharine Good was not as explicit with reference to the corporate title of the Board of Home Missions, as she evidently desired it to be, the residuary legatee - Mrs. Benjamin Good - knowing the intention of the testatrix - has not only consented to its payment but has urged it for the purpose intended. In view of this, and the testimony of the attorney who drew the will, the judge ordered payment to be made through you as the representative of the General Synod of the Lutheran Church. At the time of the writing of the will, Catharine Good - the testatrix - called for "The Lutheran Missinary Journal" to give the attorney the corporate title of the Board of Home Missions, but in the excitement incident to the serious sickness of Catharine Good the book was not found, and the words "Board of Home Missions" were omitted. After the death of the testatrix, the journal was found and a copy handed to me as administrator, and me handed to the attorney who drew the will.

Situationally the persons acquainted with the facts are living witnesses, and their testimony being given to the Judge payment has been ordered. I therefore enclose draft for one thousand dollars (\$1000.00), having received receipt and release from Rev. S. B. Barnitz. I also enclose the part of Missinary Journal which was called for when mine was written.

Respectfully yours.

Telegram and letters marked T - from Mr. Elshart say. Are in reply to my letters, enclosing to him receipt and release for signature and acknowledgement, and notice of "service" for presence at final settlement.

You will notice that Mr. Gebhart says, (in the lines which I have underlined with red)

"The Home Missinary Board can set it then by obtaining an order from the Genl & signed, signed by the Post. & Secy." Whether Mr. G. means he must wait for meeting of General Board, or that he will pay it over at once on order of Dr. Ort. and Mr. Secy, I know not.

It might be well to secure order from Secy. Secy. and Dr. Ort. and try Mr. G.

From above letter of Administrator & all the testimony, Mr. Gebhart is simply under the circumstances, the Agent to hand over the money to our treasurer. I trust he will regard himself, and not ask the Board to wait until June 1889. If he does, he should pay or secure interest on the money.

Legacy
OF
KATIE
GOOD.

LEGACYOFCATHARINEGOOD.

The question of interest on the legacy, has not yet been decided by the judge, though it is very probable he will decide that interest for two years at six per cent must be added to the \$1000.00. In case he does so decide, and the estate must pay the \$120.00, I suggest that it be returned to Mrs. Benjamin Good the residuary legatee. I was glad enough to secure the one thousand dollars, and assured Mrs. Good that the Board of Home Missions would not demand the interest.

The Board will get much more than the \$120.00 by not accepting the interest, or by refusing an offer of its return, than it will by taking the money. So soon as I hear from Judge Jacobs, I will report of the matter can be fully considered. If Mr. G. pays over to Mr. Measuer promptly, we can easily arrange with Mrs. Good, but if he must act for us, it may not be so easy a matter. I suggest that the following resolution be adopted by the Board & forwarded. Resolved that the thanks of the Board of Home Missions are hereby tendered to Mrs. Benjamin Good of Polo, Ogle Co., Illinois - residuary legatee of the Estate of Catharine Good, late of Polo, Ogle Co., Ills. for her unselfish interest in securing to the Board of Home Missions the \$1000.00 devised by Catharine Good for Home Mission purposes. Resolved, that the thanks of the Board of Home Missions are due and hereby tendered to Rev. J. Ford, of Oregon Ogle Co. Ills. for furnishing documents and information to the court, in the matter of

the Catharine Good legacy, and for kindly attention to western secy. During visits to Oregon in the interest of the Board."

The wording in these resolutions can be improved, but I believe the sentiments expressed will do good. I am sure the Board will lose nothing by such recognition.

But for attention to this legacy in person, and closely following it up, we would not have secured it without a fight.

The will was very loosely drawn and the uncertainty concerning the right of the General Secy to make the payment exceedingly doubtful. I heartily rejoice and am thankful that the money has been secured.

Concerning the \$50⁰⁰ complained of, I know nothing, and therefore simply said to Mr. Olin that if the statement of pastor Hansen is correct, they must pay the money, and under any and all circumstances must act honorably and right by their pastor. I have heard nothing directly from Rev. Chas. Ross, who seems to be on the ground at R., but trust information has been sent directly to the Board.

3. St. Deport. I fear it was a mistake in the H. Com. W. B. & M. Soc. to re-consider resignation of Rev. A. M. Garrett, and a mistake in him to remain at St. Deport. Why did he not find out long ago that his committee were not "attending to the finances"; and himself push things? The Lord give him courage & judgment!

send Rev. Geo. C. Henry to preach for them.

Setter. Marked P. is the reply to my letter, in response to part of which I have promised them services for next Sunday, Feb. 12th. either by Bro. Henry or myself. I repeat some things in the resignation of Bro. Openobie, as they cannot do any good, and are likely to do harm. I wish he had placed the salary season last instead of first. Bro. Openobie has, thus far, not had great or even limited success in the ministry. He is "unstable". True, he has had rather poor fields, but not so poor but they might have been enriched & improved. He reported "Oxford Junction" as dead, and suggested that it be abandoned, and yet the present pastor - regarded as ten weak - is doing a splendid work there. Setter. Q. is from Mr. W. Zellers of North Liberty, Ia, the other part of Iowa City Mission. It is no doubt, a very interesting letter to those who can understand it. I will try to visit North Liberty when at Iowa City, provided the weather is not too severe. At the writing - Thursday, Feb. 9th the mercury registers 22 degrees below zero. The congregation at Iowa City, and the Rev. Iowa Synod, are in correspondence with Rev. J. W. Cleser, Minneapolis Minn.

With reference to undertaking the work.
He has no family and some means of his own.

2. NEVADA.

2. Nevada. Setter, marked R, followed by a personal visit from Rev. J. A. M. Leister took me to Nevada for Sunday, Jan. 29th. The attendance at church and Sunday School was very good, and the interest in the services quite marked. The country Congregation - called "The Grace Church" is in admirable condition, and the town church doing as well, no doubt, as can be expected.

The field is a very difficult one, because of the peculiar elements composing the Nevada population. Bro. & Mrs. Leister became, at times, very much disengaged with the town work, and express a desire for "a change". I urge them to "hold on! hold on!" because I do not know that we can get anyone to do better or more conscientious work, and know a vacancy would be detrimental. I think Bro. Z. should remain until church and parsonage are paid for, and the work to this extent put upon its feet.

The "special services" to which he makes reference are still in progress, and the meetings well attended. Rev. W. G. Kipell of Tipton, Iowa, is sending assistance. I endorsed application for same approbation as last year, because the congregation cannot, with the crop failures of last season, raise more, and the missionary & family cannot go with less. I will also write Mr. Hill of Indiana Co., Pa. for some of the clothing of which he writes, as Mrs. Z. will be grateful for them. Sater report of meetings made O RX.

Letter marked S - from Rev. S. L. Whiley is, I think, a repetition of what you had at last meeting from "Demar".

A "District Missimani" might take this point with others, and probably make something out of it.

H. DU-
-BUQUE.

H Dubuque. On the second of July, I received enclosed letter marked T. from Mr. J. H. Ris of Dubuque, one of the largest and most flourishing cities of IOWA.

I replied that the General Synod had never taken any action with reference to secret societies, believing that to be a matter of Christian liberty, that it required faithfulness in the membership of its churches, that if church duties were neglected on account of secret societies or any other cause members were called to account etc. I furthermore said that individual members belonging to the District Synods composing the General Synod, believed secret societies an evil rather than a blessing, and a hindrance to the church and true Christianity, rather than in any wise helpful.

His letter of July, 3. marked U is the reply, and to my mind shows "an open door beat and effective" in one of the largest cities of Iowa, and one of the most prosperous. It is the old story of trying to enforce Germany in America, and the resistance of the young people. With careful management a mission like that at Delaware, Ohio or Richmond Ind. may be the result. I will promise Mr. Ris a visit at an early day.

The Advisory Board of the Synod of Iowa have issued circular letter & pledge marked V - requesting contributions for the support of a State Secy, according to action of Synod - page 15 of minutes. The President informs me that the responses are not very encouraging, and that if raising the salary depends upon the Churches of Iowa, the project cannot succeed. He pleads for "District Missionary Service", which I heartily endorse, provided the responses to the Board's appeal be so liberal as to justify such an appointment. It is evident that something must be done for Iowa, not alone for the sake of "the things which remain", but in order to occupy new territory.

III. Kansas. 1. Atchison.

There is very general satisfaction with the election of Bro. Reitz for Atchison, especially by those who know him. Mr. Mr. Carkharts work, whatever his motive may be in it, can easily be absorbed by Bro. Reitz when he teaches and occupies the field. There is room for a Mission S. School, and occasional preaching at the point where Mr. D. has opened the S. School, but there must be no drawing of members from the regular mission, and no division of forces. I think all will come right when Bro. Reitz takes charge. As one of the New College-buildings will likely be erected the coming summer, our mission ought to receive additional impetus.

2. EFFINGHAM- HAM.

2. Effingham. Haring learned from the Secy. that A.D. had been asked for this point. I wrote Rev. Henry Heiford (now living near Effingham) for any facts he could obtain. His reply, herewith enclosed, is marked W - . If we have now a field at Effingham, there is no reason why it cannot be supplied from Atch. Sm. Pastor and Professors together can surely look after it.

13. Wellington & Minfield, Perth Sc.

An interesting letter from Rev. J. G. W. Hursh, marked D.C., gives some account of the work in that section of Kansas. Hon. Dr. Eaton is mistaken with reference to Minfield. The Missourians cannot do the work in that beautiful city, as it must be English and American. Mr. Eaton has lost interest in church-matters, though at one time "a bright light" in the Sutherland Church at Peccus, O. He has become rich and worldly, and must be brought back.

Minfield is one of the prettiest and most solid towns in Southern Kansas, and he must try to occupy and hold it. My hope is to give Bro. Hursh's territory a week or two in March.

14. Hutchinson. It is a great pity that he cannot take up this most prominent and important point. It is destined to be one of the largest cities of Kansas - a great manufacturing centre & distributing point. scarcely second to Wichita.

Oh! that the Appeal for \$10,000.00 may be promptly responded to, that this and other places like unto it may be occupied. Every day's delay is a loss, from which it is difficult to recover.

DISTRICT MISSION WORK

15. Solomon City. I wonder whether Rev. Theo. S. Gottraet, Rev. F. H. Porch and others in the neighborhood could keep the work at Solomon City going, while an appropriation can be made for a missionary? He must, if at all possible, hold on to our people at Solomon and not allow them to be scattered or taken by others. I fear they will be discouraged, and that Hartsock will use "no appropriation on account of lack of funds", against the Board.

16 District Mission Work in Kansas. With an "empty treasury," it may seem mockery to write of new work or "District Mission Work for Kansas"; but as the Board has announced this as its policy, and as the General Synod heartily endorsed the suggestion of the Board, we must make strong efforts to place one or two District Missionaries in the field in Kansas. The coming Spring, the Adv. Board of Kansas Synod can I am sure raise from \$1200.00 to \$1500.00 for this work on the territory if it will but set at it.

What can be done to set them at it? Should Rev. Angus Love resign at Waterville, he would make an admirable District Missionary. He has all the energy and tact of Prof. Kimmel, and much better judgment. He is a man of deep piety and self-sacrifice, a good preacher and builder, & in every way just the kind of a man for a successful District Missionary.

not carry him as one of our missionaries,
as there are many evidences of imprudence
on his part. Among the Danish-Norwegian

I am glad that he has been relieved of
suffering and distress in his family, but
also glad that he does not hold a commission

Rev. N. O. Opsal has written a very
sensible and pleading letter on behalf of
his countrymen, to Charles Francis Adams
Pres. Amm Pacific Ry., asking for pass in
Wyoming territory, so as to be able to visit
them with the gospel. He sent the letter
to me to forward to Board for endorsement,
but as Mr. Adams take no part in the
management of transportation, I presented
the matter directly to head-quarters at Omaha.

As they wrote me, asking whether they
should grant Rev. Jno. W. Senger a pass, I
informed their manifestation of confidence
and asked for the Wyoming pass for Pastor Opsal.

I have not had reply, as yet, but believe
the favor will be granted. This will enable
Mr. Opsal to preach at a number of settle-
ments along the line - become "a District
Missionary, without Missionary aid. The
more I see of Pastor Opsal, the more favor-
ably he impresses me. He is certainly the
best, most discreet and conscientious
of all our Scandinavian workers. I will
visit Saranee at time of Sidney dedication.

XIII. Our Missionaries & the Boxes.

It is very difficult to picture the trials of some of our Western Missionaries and pastors, or to give the Eastern church and pastors a clear conception of the difference between living in the older states and serving established congregations, and living in the New States and Territories & forming new congregations. Especially severe have the trials been during the months of Decem. 1887, and Jan'y. 1888. I know that pastors in the East, who receive \$600.00 or \$800.00 salary, often question why some of our missionaries in western cities and towns should need \$1000.00 and \$1200.00, and congregations giving money for Home Missions, often no doubt, argue in the same way. Oh! that I could bring these pastors and congregations into the homes of some of our Western Missionaries at this season of the year, and have them for themselves, note the difference. The visits should be made now, rather than in the pleasant summer or golden autumn, to get a true insight. There are missionaries now on our list, who as pastors in Eastern churches on salaries of \$550.00 to \$700.00, were enabled to "lay by a little", who now find themselves "fearfully pinched" to make ends meet on \$800.00 to \$1000.00. The other day I heard a letter read from a pastor in the Schuyler Co. coal region, who complained of the strike, and said: "On account of this, he must now pay \$3.10 per ton for coal".

The same week I was in the home

of me of our western pastors, where there had been sickness, and where strong fires had to be kept going day and night. Coal was \$14.00 per ton, and the Mercury Refining 38 degrees below Zero. It required three times as much coal at \$14.00 per ton, to keep the rooms of the western pastor warm as it required at \$3.10 per ton to keep the house of the Schuyler Co. pastor warm. I know one of our missionaries who lived in a most beautiful and comfortable house in the East, at \$10. per month, who is now obliged to pay \$30.00 per month for a very ordinary, and in many respects inferior house. And thus I might enumerate many articles coming into the daily living of the missionaries.

It must also be remembered that presents are "few and far between". Not many wedding fees, which so often help out, come to the wives of our western missionaries. One of them wrote me the other week, that he had had his third wedding, and he has been in his present field three years. No old fashioned "butchering" with yards of sausage and cans of lard and quarters of beef set aside "for the minister". No dried fruit, or boxes of butter and baskets of eggs unloaded at the door of the faithful pastor.

All these things, and not merely the amt. of salary in money, must be considered, and should be carefully and prayerfully ^{considered} made, when comparisons are instituted. The Botes, from the

Different Societies have been a wonderful help and blessing. Would that the faithful women who prepared the articles and the faithful men who contributed money to buy the goods could have been, or could be, present to see them opened.

They would feel repaid a thousand fold. Tears of gratitude fill the eyes and the prayer of thanksgiving goes up from heart and lips while children's voices make the little home weal with delight over some book or toy, or tiny garment some thoughtful one, with "Mother love" has put in the lot. I have tried to give personal attention to every missionary and every needy pastor, so that "none lacked", and have been in correspondence constantly with Mrs. Wipson of the W. & M. Soc. G. Com. so that the work could be done with as much system as possible. "Is thy God in the highest" for the organization of the "Woman's Home and P. Missy. Soc. of the General Synod, Evan. Full-Evangelical Church in the U.S. of A." In that great day, when the books are opened and the dead small and great stand before God, many, very many, will rise up to call these societies blessed. And he who sitteth upon the throne, before whom the heavens and the earth will flee away, will say, "Inasmuch as ye have done it unto one of the least of these my brethren, ye have done it unto me". And among "the many" will be our missionary pastors and their families who have been made comfortable during the bitter winter of 1863 and 1864.

~~XIII.~~~~A gift.~~XIV. A gift.

Some months ago, a faithful Sutheran soldier wrote me that he desired to deed his farm to the Board of Education, for the benefit of Illinois College. I answered urging him to divide between Board of Education, and Board of Home Missions, but he does "not see his way clear to do this". He has however consented to deed the farm to Board of Education, proportion given the Bd. at his death, and to devote one half the income each year to Home Missions, and one half to Foreign Missions. I will have the deed written at once, as he has authorized me to do so, he will sign it, and here it recorded.

The minimum value of the farm is \$3000.00. The "leaven" of legacy and bequest is surely rising, and if our people were reached to claim it, and taught to claim it, many will remember the work of the Master.

XV. Conclusion. This is "a long report", perhaps "too long" for the patience and strength of my dear brethren of the Board, and yet it might be twice its present proportions and the half not told. Never in the history of the work, have I spent such a winter, never has "the care of the churches" seemed so weighty & responsible, never has the field seemed so overwhelmingly immense! But strength has abounded, and grace has been given, and "So I am with you always", and "As thy days, shall thy strength be", have been very precious. With ardent hope and strong desire to see you "face to face" in March or April or May
dear ones, 29

Since writing report on Lincoln.

I have received the enclosed - marked JJ - from Prof. J. F. M. Yesterday in reply to my answer to his letter. As I desire to give all parties the advantage of statement and hearing, I send this to Board. All his points can be easily answered, and his sarcasm and insinuation about "not being paid for correspondence", kindly passed by. He insinuates, and no doubt, has said that my visit was in response to request of Mr. Knut. I trust the Board, through Secy. Celius will have him understand that I was ordered to Lincoln, and that my visit was not of my own motion.
