Lena Spencer, MA, HTL(ASCP) QIH^{CM}

Welcome to the April 2017 edition of the International Certification Newsletter. Fall 2016 was an exciting time for the ASCP BOC international team. At the September BOC Board of Governors meeting, the board revised several international examination eligibility requirements and approved requirements for a new international specialist certification: International Specialist in Molecular Biology, SMB(ASCP).

Just prior to the September board meeting, Jennifer Young, CT (ASCP)^{CM}, ASCP Director of International Strategy & Operations, was the Keynote speaker at PAMET-USA, Inc.'s 15th Biennial National Convention. Jennifer's presentation highlighted global connections made through ASCPⁱ with a focus on global growth. The BOC also exhibited at the 32nd World Congress of the International Federation of Biomedical Laboratory Science (IFBLS) in Kobe, Japan. The 2016 IFBLS Congress marked the first time three Japanese medical laboratory associations met simultaneously for a joint event. As such, it represented a

unique opportunity for the BOC to reach out to Japanese medical laboratory professionals and students.

We are also starting off 2017 by strengthening our efforts in the Middle East and North Africa. On Feb. 4, at the Four Points Sheraton in Dubai, UAE, the BOC hosted a Middle East Advisory Board Chairs' Meeting to discuss challenges and successes we've had in promoting ASCP BOC international certification in the Persian Gulf region. The international team then staffed an exhibit booth at MedLab from Feb. 6-9 in Dubai, distributing information on international certification and CMP to thousands of laboratory professionals.

Clearly, 2017 is already shaping up to be a very successful year for promoting ASCPⁱ across the globe. We hope you enjoy reading about these stories and our other efforts to contribute globally to the highest standards of patient safety.

Hideo Sakamoto, PhD, ASCP BOC Japan Advisory Board Chair, and student assistants at ASCP BOC's IFBLS exhibit booth

The 32nd World Congress of the International Federation of Biomedical Laboratory Science (IFBLS) took place from Aug. 31 to Sept. 4, 2016, in Kobe, Japan. The theme was “International Innovation of Laboratory Medicine Basic and Advanced.” The 2016 congress was unique because it simultaneously incorporated the congresses of three Japanese medical laboratory associations: Congress of the Japanese Association of Medical Technologists (JAMT), Congress of the Japanese Society of Laboratory Medicine (JSLM), and Congress of the Japanese Association of Medical Technology Education (JAMTE). The IFBLS World Congress marked an excellent opportunity for ASCP BOC to meet and exchange ideas with a large number of Japanese technologists, doctors, professors, and students.

During the event, ASCP BOC distributed information on ASCP[®] certification, CMP, and Labs Are Vital. Patricia A. Tanabe, MPA, MLS (ASCP)^{CM}, Executive Director, ASCP BOC, and Jennifer Young, CT(ASCP)^{CM}, ASCP, Director of International Strategy & Operations, also met with a number of ASCP BOC International Advisory Board Members and Chairs representing Qatar, Greece, India, Hong Kong, Japan, Korea, Philippines, and Taiwan.

Ms. Young served as an invited lecturer to the congress and gave a presentation entitled “HPV DNA Testing in Primary Cervical Cytology Screening: The Controversies in its Clinical Applications.”

PAMET-USA, Inc.'s 15th Biennial National Convention

Jennifer Young (pictured center) with PAMET-USA, Inc. representatives during the 15th Biennial PAMET-USA, Inc. National Convention

The Philippine Association of Medical Technologists (PAMET) USA, Inc.'s 15th Biennial National Convention took place on Aug. 6 at the Palace Station Hotel in Las Vegas. Numerous representatives from PAMET-USA, Inc., member chapters were in attendance. PAMET-USA, Inc.,

was formed in the 1980s when many Filipino medical technologists began relocating to U.S. states, such as California, Illinois, and New York. Jennifer Young, CT(ASCP)^{CM}, ASCP, Director of International Strategy & Operations, was invited by PAMET-USA, Inc., to keynote the 2016 convention. During a meeting with PAMET-USA, Inc., leadership, Ms. Young discussed education, advocacy, and certification as possible opportunities for collaboration between ASCP and PAMET-USA, Inc.

Updates from the Fall 2016 BOC Board of Governors' Meeting

The ASCP BOC Board of Governors met in Las Vegas on Sept. 17-18, 2016. The following actions were taken by the Board:

- Eligibility requirements were revised for the following international categories.
 - International Specialist in Blood Banking, SBB(ASCP); and International Technologist in Blood Banking, BB(ASCP)
 - International Specialist in Chemistry, SC(ASCP); and International Technologist in Chemistry, C(ASCP)
 - International Technologist in Cytogenetics, CG(ASCP)
 - International Specialist in Cytotechnology, SCT(ASCP)
 - International Specialist in Hematology, SH(ASCP); and International Technologist in Hematology, H(ASCP)
 - International Specialist in Microbiology, SM(ASCP); and International Technologist in Microbiology, M(ASCP)
 - International Technologist in Molecular Biology, MB(ASCP)
- Eligibility requirements were approved for a new international certification: **International Specialist in Molecular Biology, SMB(ASCP)**. The first examination administration for this new category is anticipated in January 2018.
- The requirements for recertification for individuals required to complete the Credential Maintenance Program (CMP), and who have allowed their certification to expire for 10 or more years, were approved.
- The requirements for those individuals with expired NCA certification who have not reinstated with the Board of Certification by Nov. 1, 2019, the same requirements will also apply.
- The **Guidelines for Ethical Behavior** that all certificants shall abide by were revised.

ASCP Pathology Update Attendees

ASCP Pathology Update 2016 took place Nov. 3-4 at the Dusit Thani Hotel in Abu Dhabi, UAE. The two-day meeting brought together a remarkable group of pathologists and laboratory professionals from all parts of the Middle East and beyond. The enthusiastic participation contributed to robust discussions and helped to make this international conference a resounding success!

ASCP BOC recognized the following institutions for excellence in achieving ASCP® certifications:

- Rashid Hospital Laboratory - Dubai Health Authority
- National Reference Laboratory
- Al Noor Hospital Laboratory

Given the success of the meeting, Pathology Update will be expanding in 2017 with dates in Dubai, November 14-15 and Abu Dhabi November 16-17.

MedLab-Dubai 2017

Front row (from left to right): Hassan Aziz, Maher A. Sughayer, Hassan M. E. Azzazy, and Usman Waheed; Back row (from left to right): Rana Nabulsi, Patricia Tanabe, Jennifer Young, and Colleen Nolan.

In early February, Patricia Tanabe, MPA, MLS(ASCP)^{CM}, ASCP BOC Executive Director; Jennifer Young, CT(ASCP)^{CM}, ASCP, Director of International Strategy & Operations; Colleen Nolan, ASCP, Chief Strategy Officer; and Michael Eicker, ASCP, Director of Educational Conferences & Enduring Activities, were in

Dubai, UAE, to represent the ASCP and the ASCP BOC at MedLab 2017.

Just prior to MedLab, Ms. Young and Ms. Tanabe facilitated a Middle East Advisory Board Chairs' Meeting. Meeting attendees included UAE Advisory Board Chair, Rana Nabulsi, PhD, CPHQ; Jordan Advisory Board Chair, Maher A. Sughayer, MD, FCAP; Qatar Advisory Board Chair, Hassan Aziz, PhD, MLS(ASCP)^{CM}; Egypt Advisory Board Chair, Hassan M. E. Azzazy,

2016 Russian Congress of Laboratory Medicine

Dionysis Vourtsis (right) with Anatoli Kochetov during the 2016 Russian Congress of Laboratory Medicine.

The Russian Congress of Laboratory Medicine (RCLM) is an annual event organized in accordance with the orders of the Russian Federation Ministry of Health, Department of Health of the City of Moscow, the Russian Ministry of Industry, the Russian Trade Federation, and the Russian National Medical Chamber. The 2016 Congress took place Oct. 12-14 in Moscow, Russia.

Dionysis Vourtsis, Chair of the ASCP BOC Greece Advisory Board and Regional Representative for Europe, attended the event on behalf of the ASCP BOC and delivered a presentation that promoted ASCP BOC international certification.

Approximately 6,000 students and 4,330 laboratory professionals from across Russia attended the event. Mr. Vourtsis was able to meet with a number of laboratory managers, technologists, as well as with Anatoli Kochetov, President of the Russian Association of Laboratory Specialists and Organizations.

PhD, SC(ASCP), DABCC, FACB; and Pakistan Advisory Board Chair, Usman Waheed, PhD, BS, MLT, MSc, MPhil. The meeting provided attendees with an opportunity to network and learn about the latest news in BOC certification and report on activities in their region. ASCP and ASCP BOC supported an exhibit booth during the congress and distributed information on certification, education, live events, and continuing professional development.

FYI

Understanding ASCP BOC Certification Examinations

Brief explanations on a variety of topics related to the BOC certification examinations are available at [Understanding ASCP BOC Certification Examinations](#).

Examination Content Guidelines and Reading Lists

Exam content guidelines and reading lists are available for exam preparation in all ASCP BOC certification categories. Please encourage your students to use these resources, available at [Exam Content Guidelines](#) and [Reading Lists](#).

Applicants Requesting Modifications Due to a Disability

If any of your students require a modification due to a disability, we request that your students notify our office in writing at the time of application. Complete information regarding [documentation](#) is available on the website.

How to Locate Your Certification Number

If you need to locate your certification number, you may access it by logging into your ASCP account and clicking on "Home Page" under "My BOC Activities." Then click on the "View Certifications" link.

If you require primary source verification of your certification, this information is available at [Verification of Certification](#). There is a \$16 charge for this service.

BOC Web Pages

A list of [BOC Web Address Shortcuts](#) is available to assist you in getting directly to the information you need.

Important - Program Changes

For program directors from [international countries](#) for ASCPⁱ certification, please notify Angela Sreckovic at Angela.Sreckovic@ascp.org if any of your program information changes.

Inactive Status Due to Military Service

To be considered for an extension of your CMP cycle due to mandatory National Service, please follow the steps below. The \$40 inactive status fee is waived in this case.

1. Submit a written request with a copy of the document (PDF) you received requesting you report for National Service, including the beginning and ending dates.
2. Written request and PDF document attachment may be emailed to cmpinternational@ascp.org.
3. Requests for inactive status are reviewed and approved on an individual basis.
4. Your CMP cycle may be extended based on the timing and length of your military service.

Tennessee Medical Laboratory Board Recognizes International Certification Examinations by the ASCP Board of Certification (ASCPⁱ)

On Jan. 26, 2017, the Tennessee Medical Laboratory Board recognized the international certification examinations as a second alternate pathway for licensure in Tennessee. Examinations must be completed after the following dates for the following licensure categories:

Oct. 1, 2014

For Medical Laboratory Technician licensure: Medical Laboratory Technician examinations [MLT(ASCP) or MLT(ASCPⁱ)]

Oct. 1, 2014

For Medical Laboratory Technologist in Molecular Biology licensure: Technologist in Molecular Biology examinations [MB(ASCP) or MB(ASCPⁱ)]

Jan. 1, 2015

For Medical Laboratory Technologist licensure: Medical Laboratory Specialist examinations [MLS(ASCP) or MLS(ASCPⁱ)]

The ONE^{Lab} International Group is Now Live!

The ASCP BOC International Group is a new online group open to anyone interested in ASCP BOC international certifications. Medical laboratory students, professionals, program directors, and others are encouraged to interact with our knowledgeable volunteers and staff who have years of experience in advising international certification applicants. Whether it's MLS, MLT, CTgyn, MB, PBT, or any other of the BOC's 18 international certifications, this group can answer your certification related questions.

To make this group beneficial and useful, we need you to participate by asking questions, posting responses, and sharing your certification experiences!

[Click here to login and get started.](#)

Revised Publications

January 2017 International Procedures for Examination and Certification

Revised Examination Content Guidelines and Topic Outlines

Examination Content Guidelines for examinations administered beginning Jan. 1, 2017, have been revised for the following categories:

- Phlebotomy Technician (PBT)
- Technologist in Cytogenetics (CG)
- Technologist in Molecular Biology (MB)

Congratulations to our newest ASCPⁱ International Certificants!^{*} Certified August 12, 2016, through March 23, 2017

The **BOC Study Hall** is an open group for students preparing to take BOC certification exams. This group is the place for students to share study tips, post questions, discuss topics, and get support from their peers. They can also test their knowledge with the Question of the Week.

Certification in Cytometry Available Fall 2017

A new certification will be offered in Cytometry in the fall of 2017. This certification will be offered in conjunction with the International Society for Advancement of Cytometry (ISAC) and the International Clinical Cytometry Society (ICCS). Please see the attached [press release](#).

^{*}Starting summer 2017 International certificants will no longer be listed in the International Certification Newsletter. They will be listed quarterly on the BOC website and ONELab.
