

# Society for Hematopathology

## **Society for Hematopathology Berard-Dorfman Founders Award**

It is time to think about nominating your colleagues for the Berard-Dorfman Founder's award.

Two categories of individuals are eligible to be nominated for the award.

1. Young Investigator (10 years or less since fellowship training) demonstrating excellence in research (basic or translational) based on a body of work or a best paper
2. Senior Leadership: a mid-career to senior individual who has demonstrated excellence in any or all areas of hematopathology including teaching, humanitarian contributions, and leadership.

Awards in one or both of these categories may be given each year, dependent upon the nominations received. A new, simplified nomination form for the 2018 Berard-Dorfman Founder's Award is available under the tab of "About SH-resources" (subheading Berard-Dorfman Founder's Award). Nominations should be submitted to Nilda Barrett at ASCP ([nilda.barrett@ascp.org](mailto:nilda.barrett@ascp.org)) no later than January 12, 2018 for consideration for the awards to be presented at the March 2018 USCAP Meeting in Vancouver. We look forward to receiving your nominations to recognize your peers who have made significant contributions to the field of hematopathology.
