Leadership Academy: Introduction to Leadership

INTRODUCTION

Although many use the terms interchangeably, leadership and management are two distinctly separate sets of behaviors. Successful leaders are clear about their authentic expression of what it means to be a leader. This foundational webinar will help participants distinguish between leadership and management as well as explore ways to identify their unique leadership philosophy.

LEARNING OUTCOMES

You will be able to:
• Create a personal, working definition of leadership
• Compare and contrast leadership with management
• Identify ways to increase personal leadership voice

CONTENTS

What is leadership? .............................................................. 4
Leadership vs. Management ....................................................... 12
Developing Your Own Leadership Voice .................................... 14

To see if this program has been renewed after this date, please search by title in ASHA’s online store at www.asha.org/shop.

This course is offered for 0.1 ASHA CEUs (Introductory level, Related area).

STATEMENT ON EVIDENCE-BASED PRACTICE

It is the position of the American Speech-Language-Hearing Association that audiologists and speech-language pathologists incorporate the principles of evidence-based practice.
based practice in clinical decision making to provide high-quality clinical care. The term *evidence-based practice* refers to an approach in which current, high-quality research evidence is integrated with practitioner expertise and client preferences and values into the process of making clinical decisions.

Participants are encouraged to actively seek and critically evaluate the evidence basis for clinical procedures presented in this and other educational programs.

*Adopted by the Scientific and Professional Education Board, April 2006*
