EVIDENCE-BASED PRACTICE

It is the position of the American Speech-Language-Hearing Association that audiologists and speech-language pathologists incorporate the principles of evidence-based practice in clinical decision making to provide high quality clinical care. The term evidence-based practice refers to an approach in which current, high-quality research evidence is integrated with practitioner expertise and client preferences and values into the process of making clinical decisions.

Participants are encouraged to actively seek and critically evaluate the evidence basis for clinical procedures presented in this and other educational programs.

Adopted by the Scientific and Professional Education Board, April 2006
INTRODUCTION

In this Part of Perspectives, Bellon-Harn and Weinbaum discuss recruiting students from diverse populations. Dalton, Klein, and Botts describe the use of scholarship of teaching and learning (SoTL) when teaching best practice. The development of strategies for graduate student funding is explored with Anjum and Nagaraj. Edwards and Dukhovny describe technology training for speech-language pathology students, particularly with regard to tables and apps. Finally, Krimm, Schuele, and Brame discuss the use of online learning for ensuring foundational skills in speech-language pathology.

LEARNING OUTCOMES
You will be able to:

- explain the need for increased diversity in SPHS undergraduate and graduate student populations
- explain how to use Scholarship of Teaching and Learning (SoTL) as a bridge from theory to therapy
- demonstrate strategies to search and track a wide array of graduate student funding resources within and across disciplines

PROGRAM HISTORY

Start date: August 14, 2017
Available through: July 10, 2020

IMPORTANT INFORMATION

To earn continuing education credit, you must complete the test with a passing score on or before July 8, 2020.

To see if this program has been renewed after this date, please search by title in ASHA’s online store at www.asha.org/shop.

This course is offered for 0.25 ASHA CEUs (Intermediate level, Related area).
