Arrival:

- Senior Swimmers are swimming 7-9am.

Below you will see what is happening in the different areas.

Happening in the Gym:

- Complimentary water available all day in ice chests around the event
- Raising Cane's Certificates available for each 12 & U Swimmer participating in the event
- If you did not purchase an event shirt and plan to, the best thing to do is to purchase it online before the event. Then simply pick up in the gym when you arrive Saturday. Or at the event, you can purchase this item at the Info Booth from remaining stock.

Counting Laps- what you need to know!

- *Senior Swimmers in the 7:00-9:00am flight will track their laps with assistance of coaches.* Some groups may need a few counters- check in with coaches upon arrival. For the most part, the coaches will manage this.
- *Swimmers in the 9:00-11:00am flight (all swimmers not in a Senior division group) will need lap counters!* Sheets to mark off their laps and pencils will be provided.
- If you have a clipboard, please bring it! Crawfish has about 50 but not enough for each family counting laps. They are not required but does make it easier especially if you are counting for more than 1 swimmer!
- If you have swimmers in both pools NO WORRIES- we will help get them covered. Typically, best if you remain with your swimmer assigned to the outdoor pool and get coaches help by either counting or getting another parent from the group to count.
- ***A separate email will go out with Pool Assignments for each group***
