ONYX CAR COVERS 3 YEAR WARRANTY

INDOOR COVER — The Onyx Indoor Car Cover is the Premium cover for the Premium Sports Car. Made of a Polyester blend that includes Lycra/Spandex, it creates the perfect combination of a Satin-like exterior feel with a luxuriously soft underside to pamper your Mustang's finish. The front and rear hems, mirror pockets and generation-specific patterns are tailored to your Mustang. Its stretchability results in a sleek, form-fitting look that is easy to slip on. **FREE storage bag & 3 Year Warranty Included!**

AIR INTAKE

INTECH COLD AIR INTAKE

Holley's new patented Intech Cold Air Intake brand represents the highest degree of technology, performance and style for late model cars, trucks and suv's. This system is designed for the popular 2011-14 Ford Mustang GT V8-5.0L and produced + 17.1 Hp and + 16.27 lbs. X ft. Torque on the dyno with a very broad power curve. All Intech sealed intakes feature a unique slip-seal housing-filter-tube interface that eliminates the use of hose clamps and adapters for a seamless installation.

5.0 AIR INTAKES

Increase Power and Performance! BBK designed these cold air intake systems back in the eighties to increase the performance of 5.0L Mustangs. They are still one of the best modifications for your Fox-Body. This cold air kit replaces the entire factory GT or LX system with large diameter tubing and a reusable, high-flow air filter. Made in the USA.

5.0 BILLET MASS AIR METERS

Precisely Calibrated. These BBK 76mm mass air meters for 1986-93 Mustangs are calibrated to work with the injectors to support more power. Starting with an all new 356 aluminum casting each unit is fully CNC machined to exact specifications before being fitted with one of BBK's electronically calibrated mass air sensor modules to ensure an accurate air/fuel ratio for the best possible performance potential.

Gain Up To 15 RWHP in Minutes. Dyno testing has shown up to 15 RWHP gains while maintaining an accurate air/fuel ratio unlike some competitor's units that are not electronically calibrated and may fail to maintain the all important air/fuel ratio.

INTAKE MANIFOLDS

The Holley Systemax intake is designed to be the highest performance street manifold on the market for the popular Fox Body Mustang. With it's long transition design, this intake produces maximum volume and horsepower.

#MA91596	86-93	Intake Manifold - Systemax - Lower	\$464 ⁹⁹
#MA91599	86-93	Intake Manifold - Systemax - Upper	\$370 ⁹⁹
#MA91595	86-93	Intake Manifold Kit - Systemax Upper/Lower	\$771 ⁹⁹
#MA91598	86-93	Intake Manifold Kit - Systemax Upper/Lower - Black Manifold	\$823 ⁹⁹

INTAKE MANIFOLD LIDS

Hi-Ram cast aluminum side mount plenum top for EFI Hi-Ram manifolds. Holley now has cast aluminum plenum top options for those of us with limited room in the front of our engine bays. The cast aluminum side mount plenum tops resemble the older Ford EFI manifolds and will allow you to mount the throttle body on the side. This will allow for easier fabrication for boosted applications or for just a different look on your hi-ram manifold.

UN0021	79-93	Cast Hi-Ram Side Entry Lid - 105mm	\$259 ⁹⁹
UN0022	79-93	Cast Hi-Ram Side Entry Lid - 95mm	\$259 ⁹⁹

INTAKE MANIFOLD KITS

UN0033 - The EFI Hi-Ram Manifold Line has a new addition for the 8.2" Sbf Ford application. This manifold comes with a 95mm 1986-95 Ford 5.0 Throttle Body Flange Side Mount Top. The runner length and tapered cross section design will perform well for a wide range of engine combinations. The engineering team also redesigned the water crossover passage to allow room for distributor phasing. This manifold is designed for a 8.2" deck height.

UN0034 - This EFI 351W Hi-Ram Manifold comes with a 95mm 1986-95 Ford 5.0 Throttle Body Flange Side Mount Top. The runner length and tapered cross section design will perform well for a wide range of engine combinations. The engineering team also redesigned the water crossover passage to allow room for distributor phasing. This manifold is designed for a 9.5" deck height.

UN0033 79-93 302W Hi-Ram - 95mm Side - 8.2" \$769⁹⁹
UN0034 79-93 351W Hi-Ram - 95mm Side - 9.5" \$796⁹⁹

HOLLEY DOUBLE PUMPER CARBURETORS

Double Pumper Carburetors are an American icon when it comes to performance carburetors. From their roots as the premier carburetor on many factory muscle cars to powering thousands of vehicles across the finish line, the double pumper is a great choice whether you are burning up the street or the quarter mile. The Double Pumper is designed for use on lightweight vehicles with a manual transmission or an automatic transmission with a high stall and low rear end gears. Mechanical secondaries for great performance.

HOLLEY STREET AVENGER CARBURETORS

Street Avenger Carburetors are known to bolt on right out of the box and have great features such as a quick change vacuum secondary for easy fine tuning. Optimized street calibrations. Four vacuum ports for all necessary vacuum accessories. Factory preset electric choke for easy start ups. Built-in fuel filters. The avenger series are the first carburetors to have a limited lifetime warranty. With a great warranty like that and the included comprehensive instruction manual, you can count on years of worry free service.

FULL H-PIPES

BBK High Flow Performance H Pipes are designed to maximize the horsepower and torque of your 1986-93 Ford Mustang 5.0 V8. Every BBK Performance H Pipe is designed as a direct replacement for the factory pipe and features larger diameter 16 gauge 2-1/2" CNC mandrel bent amuminized steel tubing (with H Crossover) and High Flow Catalytic Converters to help increase exhaust flow and maximize performance to the rear wheels. These BBK Catted H Pipes will install directly to the factory exhaust headers or any aftermarket shorty exhaust and feature factory O2 Sensor placement for simple direct installation.

HOOKER HI-TEMP HEADER GASKETS

Hooker's precision-matched Super Competition header gaskets provide a sure fit and unmatched exhaust sealing. This OEM quality gasket is constructed of a thick (.060") high temperature, synthetic hi-temperature gasket material with a perforated steel core, which provides a superior grip and adhesion. This construction also contributes to exact fit compliance between the cylinder head and header flange, offering excellent sealing properties during extreme temperature and operating conditions.

HOOKER AERO CHAMBER MUFFLERS

The Aero Chamber Muffler produces a deep throaty powerful sound that will not change with time. Single 2-1/2" Offset Inlet, Single 2-1/2" Offset Outlet. The raw aluminized steel Aero Chamber is designed to do much more than simply muffle exhaust noise. The Aero Chamber Muffler produces a deep throaty powerful sound that will not change with time. The Hooker Aero Chamber uses a unique step principal, similar to that which is currently popular in racing header design. The aerodynamically designed chambers flow 23% better and produce more horsepower and torque than the most popular high performance brand.

BLACKHEART ENGINE SWAP TRANS CROSSMEMBER

Hooker continues to set the standard of performance with the Blackheart line of engine swap system components. We are proud to offer these two engine swap transmission crossmembers for 1979-1993 Ford Mustangs, which provide an efficient way to install popular GM (LS swaps), Ford (Coyote swaps), or Tremec (LS and Coyote swaps) transmissions into these cars as part of an engine swap project. Each are designed specifically for use with Hooker Blackheart engine mounting brackets/methods and provide high-clearance exhaust arches that directly accommodate the tube bend geometry of the Hooker Blackheart headers and exhaust systems developed for engine swaps in these cars.

SEAT FOAM

#MA3701
1983

#MA3702
1984-86

SEAT FOAM

For that factory new look, replace old seat foam when installing new seat covers. Our seat foam is manufactured to the correct density like original. Each bucket seat foam set includes 1 top & 1 bottom.

AERO KITS

Aero Kits

APR Performance Widebody Aerodynamic Kits are designed to achieve the best possible aerodynamic characteristics. Each APR Performance Widebody Aerodynamic Kit is engineered to reduce drag coefficients, widen stance & increase traction. Not only are the kits fully functional but also provide a unique look that matches the curves and shapes of each specific vehicle. To ensure the quality, fitment & finish, high grade fiberglass & carbon fiber materials are used in the construction of these aero kits.

1994-1998 V6 3.8L Chrome Cold Air Intake

More Airflow = More Power! This 1994-1998 Mustang V6 cold air kit replaces the entire factory SN95 inlet system with large diameter, chrome plated tubing and a reusable, high-flow air filter. Made in the USA. Lowers Intake Temps and Improved Appearance. The BBK fenderwell design isolates the air filter in your Mustang's fender well and away from high underhood heat that robs your engine of horsepower and torque. This design also works great to improve the looks of your 3.8L engine bay since the air filter will not be visible.

1994-1995 5.0 Air Intakes - Fenderwell Style

Easy 7-10 Horsepower Increase! More Airflow = More Power! The 1994-95 5.0 cold air kits replace the entire factory SN95 inlet system with large diameter tubing and a reusable, high-flow air filter. Made in the USA. Lifetime washable high-flow air filter. Blue silicone couplers and stainless clamps. Fender well mount design. Installation is simple and takes only half an hour. No special tools or additional hardware are required for installation.

1996-2004 GT Cold Air Intakes

Dyno proven 10-12 Horsepower Gain! Extremely Simple Installation. Fenderwell Mounted Reusable High Flow Filter. All Required Hardware Included. More Air = More Power! These BBK cold air intake kits will decrease intake restriction, significantly increasing the performance of your 1996-04 GT. These kits will also increase your 4.6 V8's throttle response. These kits are designed to pull cooler denser air from inside the fenderwell area, reducing intake air temps and making power gains you can feel. Feature a high flow washable conical cotton filter. Each cold air intake model has been designed and dyno tested at the BBK headquarters in Southern California to maximize performance.

2005-2010 4.0L V6 Cold Air Intakes

Easy 10-15 Horsepower Increase! More Airflow = More Power! These 2005-10 V6 cold air kits replace the entire factory S197 inlet system with large diameter tubing and a reusable, high-flow air filter. Made in the USA. Lowers Intake Temps and Improved Appearance. The BBK airbox design pulls in cooler, denser air for more horsepower and torque. This design also works great to improve the look of your Mustang's 4.6L engine bay. Hardware & Instructions included.

MA91231	05-10	4.0L V6 Cold Air Intake - Blackout	\$219 ⁹⁹
MA91232	05-10	4.0L V6 Cold Air Intake - Chrome	\$219 ⁹⁹

1994-1995 5.0 BILLET MASS AIR METERS

Precisely Calibrated. These BBK 76mm mass air meters for 1994-95 Mustangs are calibrated to work with larger injectors to support more power. Starting with an all new 356 aluminum casting each unit is fully CNC machined to exact specifications before being fitted with one of BBK's electronically calibrated mass air sensor modules to ensure an accurate air/fuel ratio for the best possible performance potential. Gain Up To 15 RWHP in Minutes. Dyno testing has shown up to 15 RWHP gains while maintaining an accurate air/fuel ratio unlike some competitor's units that are not electronically calibrated and may fail to maintain the all important air/fuel ratio. BBK Mustang mass air meters are designed to be a direct fit for a simple installation. Just swap the BBK MAF in place of the stock meter.

2015-17 GT 5.0 Cold Air Induction Systems

More Airflow = More Power! These 2015-17 Mustang GT cold air kits replaces the entire factory inlet system with large diameter tubing and a reusable, high-flow air filter. Like all BBK air intakes, this kit is proudly made in the USA. Features 14-18 horsepower increase. Lifetime washable high-flow air filter. Blue silicone couplers and stainless clamps. No tune required.

MA91223 15-17 GT 5.0 Cold Air Induction Sys. - Blackout*....\$369⁹⁹

MA91224 15-17 GT 5.0 Cold Air Induction Sys. - Chrome*\$369⁹⁹

* This part is NOT C.A.R.B Approved and cannot be installed for use on any emission controlled vehicle in California. It cannot be sold or shipped to any California resident or addressee.

#MA91241

Reusable, washable, high-flow air filter.

2015-2017 EcoBoost Cold Air Intakes

14-18 horsepower increase! Features a life-time washable high-flow air filter, blue silicone couplers and stainless clamps. No tune required. More airflow = more power! These 2015-17 EcoBoost 2.3L cold air kits replace the factory air box and MAF housing with large diameter tubing and a reusable, high-flow air filter. Made in the USA. Lowers intake temps and improved appearance. The BBK airbox design isolates the air filter in your EcoBoost Mustang's engine bay away from high underhood heat that robs your engine of horsepower and torque. Easy installation! No special tools or additional hardware are required for installation.

Intech Cold Air Intakes

Holley's new patented Intech Cold Air Intake brand represents the highest degree of technology, performance and style for late model cars, trucks and suv's. This system is designed for the popular 2011-14 Ford Mustang GT V8-5.0L and produced + 17.1 Hp and + 16.27 lbs. X ft. Torque on the dyno with a very broad power curve. All Intech sealed intakes feature a unique slip-seal housing-filter-tube interface that eliminates the use of hose clamps and adapters for a seamless installation.

MGP Caliper Covers are a car accessory designed and manufactured specifically for your Ford vehicle to cover up and hide those ugly brake calipers. These aluminum caliper covers are finished with a high-quality powder coat. These caliper covers will enhance your wheel appearance & curbside appeal. MGP Brake Caliper Covers are tested for safe fitment and are licensed by major manufacturers. Set of 4 engraved caliper covers. Includes stainless-steel fastening clips. Made with 6061-T6 Aerospace Grade Aluminum. Powder Coated for Durability. Quick and Easy Installation: about 1 hour. No glue, adhesives or special tools required. Reduces brake dust and dissipates brake heat. Made in the USA.

2009-2017 MUSTANG OVAL EMBLEM OEM CAMERA

The Authentic Ford oval camera kit to integrate with your Mustang aftermarket display or factory display (interface required for factory display integration. This kit includes the factory replacement Ford oval bezel with integrated OEM color camera and chassis harness.

MA91038 09-17 Ford Mustang Oval Emblem OEM Camera.....**\$389⁹⁹**

2015-2020 MUSTANG 4" & 8" DUAL VIDEO INPUTS

This dual camera interface allows users to integrate a new or existing rear view camera, and a front or side camera, into the factory display in a large number of Ford vehicles. Using this interface module, combined with a rear view camera and front or side camera (not included) provides the driver with a complete, unobstructed view of what's around their vehicle, utilizing their existing MyFord factory display.

MA91040 15-16 MyTouch 4" Dual Video Input Interface for Factory Display Radios**\$339⁹⁹**

MA91041 15-20 MyTouch 8" Dual Video Input Interface for Factory Display Radios**\$399⁹⁹**

2016-2020 CAN DECODER

Tapping into the electrical wiring system of modern vehicles can be problematic. These wires can be hard to find and mistakes can lead to expensive repairs. Yet, modern Safety Add-on Products like Radar Blind Spot and 360 Vision often need multiple vehicle signals to work. That's why we developed the Brandmotion CAN Decoder - an easy tool for turning discrete CAN signals into 12-volt outputs in a single location. This reliable data transfer technique is perfect for installing Brandmotion safety products in less time and with less fear.

Brake Master Cylinder Cover

Our 2015-2019 Brake master cylinder cover is designed to improve the appearance of your engine bay, covering the factory white reservoir tank, leaving you with a factory finish look under the hood. Our cover is designed as a direct fit over the existing tank (not a replacement). Each cover comes with one alcohol pad and two strips of velcro for easy installation.

MA0204 15-19 Brake Master Cylinder Cover - Black **\$62⁹⁹**

Battery & Master Cylinder Covers - Black

These covers attach to the front of the cowl, each using two of the "factory" plastic clips that fasten the cowl to the firewall. A concealed interlocking tab on the underside secures the front of the cover to the inner fender flange to provide a securely fastened (yet easily removeable) cover in just minutes. Made of the same injection molded textured plastic as the factory components for a perfect match.

Radiator Cover & Fender Fillers

This one-piece Full-Length Radiator Cover and Fender Fillers are designed to improve the appearance of your engine bay, covering the area above the headlights, leaving you with a factory finish look under the hood. A direct replacement that installs using factory hardware for a simple bolt-on installation. The cover panel and fender fillers come in a black finish and are made of handcrafted fiberglass.

MA0210 15-17 Full Length Radiator Cover & Fender Fillers . **\$438⁹⁹**

Radiator Cover Panel

This is a genuine Ford panel that we have modified to accept either Drake style of Hood Pin Kit. Makes installation much easier and saves time. Note: Our hood pins include instructions to help you modify your original panel should you chose to modify your existing part, so this panel is not required. Does not fit and is not required for GT500.

1994-1995 FULL H-PIPE w/ CONVERTERS

BBK High Flow Performance H Pipes are designed to maximize the horsepower and torque of your 1994-95 Ford Mustang 5.0 V8. Every BBK Performance H Pipe is designed as a direct replacement for the factory pipe and features larger diameter 16 gauge 2-1/2" CNC mandrel bent aluminized steel tubing (with H Crossover) and high flow Catalytic Converters to help increase exhaust flow and maximize performance to the rear wheels. These BBK Catted H Pipes will install directly to the factory exhaust headers or any aftermarket shorty exhaust and feature factory O2 Sensor placement for simple direct installation.

MA91394	94-95 Full H-Pipe w/ Converters - GT/Cobra - 2.5"	\$429⁹⁹
----------------	---	---------------------------

#MA91391

1994-1998 FULL OFF ROAD H-PIPES

BBK High Flow Mustang Off Road H Pipes eliminates the Catalytic Converters and are designed for off road race use only to effectively maximize the horsepower, torque and sound of your 1994-95 Ford Mustang 5.0 V8 at the track. These free flowing BBK H Pipes are designed as a direct replacement for the factory pipe and feature larger diameter 16 Gauge, 2-1/2" CNC mandrel bent aluminized steel tubing and an H Crossover to maximize exhaust flow and performance to the rear wheels. These BBK Off Road H Pipes install directly to factory exhaust headers or any aftermarket shorty exhaust. They also feature factory O2 Sensor placement for simple direct installation.

#MA91393

1996-2017 SHORT H-PIPES

BBK Performance Short Mid H Pipes with Catalytic Converters are specifically designed to be used with BBK Full Length Exhaust Headers to complete the exhaust installation to your cars cat back exhaust system. This BBK mid pipe is designed and built with 2-1/2" CNC mandrel bent tubing for maximum exhaust flow and high flow Catalytic Converters. All BBK Mid Pipes feature ball and socket style connectors for simple installation and adjustment for good ground clearance. The BBK H Pipe Crossover is designed to equalize the exhaust flow potential of your Mustang's high performance engine to get the maximum horsepower and torque available to the ground. Every BBK Mid X Pipe offers performance, quality and value that guarantees years of top performance for your Mustang.

1994-1999 HOOKER AERO CHAMBER MUFFLERS

The Aero Chamber Muffler produces a deep throaty powerful sound that will not change with time. Single 2-1/2" Offset Inlet, Single 2-1/2" Offset Outlet. The raw aluminized steel Aero Chamber is designed to do much more than simply muffle exhaust noise. The Aero Chamber Muffler produces a deep throaty powerful sound that will not change with time. The Hooker Aero Chamber uses a unique step principal, similar to that which is currently popular in racing header design. The aerodynamically designed chambers flow 23% better and produce more horsepower and torque than the most popular high performance brand.

2015-2017 BLACKHEART CAT-BACK EXHAUST

Hooker continues to push the boundaries of performance with the BlackHeart line of exhaust products. We proudly offer this cat-back exhaust system for 2015-17 Ford Mustang Shelby GT350/GT350R. This system retains the factory quad tips, and uses an x-pipe design to maximize performance and reduce in-cabin drone. It is built from 3 inch mandrel bent 304 SS for lightweight, strength and durability. The aggressive tone was achieved with dual 304 SS high flow, straight through design mufflers. All this produced Dyno gains of +21.07HP & +33.92 LB.FT. torque.

Hood Strut System

This high-tech system provides smooth controlled opening of the hood, allowing owners to get rid of the flimsy prop rod. Each system features long extruded aluminum hood reinforcement brackets with multiple mounting points to prevent the Mustang's aluminum hood from flexing or distorting during operation. Unlike other hood strut kits that use weak plastic joints, the AlumaLift system utilizes heavy-duty stainless steel ball and socket joints that won't break or wear out. Precision tuned gas struts effortlessly raise the hood with a fluid motion, then slows to a stop without any jerky movement. Each system includes stainless steel hardware and thorough instructions for a professional installation.

STRUT TOWER BRACE - STEALTH EDITION

The 550R Aluminum Strut Tower Brace is available with a stealth satin black powder coat finish. This high-tech strut tower brace adds strength and style under the hood of 2015-19 Mustangs with V8 and Ecoboost engines. It is designed to provide enhanced chassis rigidity by reducing flex in high g-load driving situations. This robust chassis stiffening brace features extruded 6061-T6 aluminum construction, precision CNC machining, flawless welds and a durable black powder coat finish. By providing a stronger chassis the 550R aluminum strut tower brace helps improve suspension performance and overall road-feel. Installation is a simple bolt-on affair with no drilling or modifications required. Note: Does not fit V6 Mustangs.

2015-2020 ABS SPLASH GUARDS - GT350

Add extra style and protection to your Mustang with a set of our front fender splash shields. Protect your pony's paint from stones and road debris. Our American made shields are made from durable ABS plastic and are precisely cut to the shape of your Mustang's wheel well openings and grab the fender edge firmly and securely. The hardware installation kit allows you to utilize your existing inner fender wheel well mounting holes.

Throttle Position Sensor

THROTTLE INTAKE

Easy Bolt-On Power! The BBK throttle intake is the perfect way to add horsepower and torque to your 1996-04 Mustang GT. BBK's patented Mustang throttle intake incorporates a high flow upper plenum with a 73 or 78mm throttle body combined into one unit. This makes for a perfectly smooth transition and saves you money over buying the intake plenum and throttle body separately. Easy Installation! BBK's throttle body intake simply requires unbolting the stock unit and transferring a couple of sensors. The entire install can typically be done in 30 minutes or less and requires only basic hand tools.

Anthracite Machined Lip

Black Machined Lip

The finish on these wheels is achieved through several different phases. The finishing process includes a powder coat foundation followed by two layers of clear coat, not a one stage enamel. This is the correct way to finish a wheel. The lip of the wheel is then precision machined using a coolant and ceramic bit. This method creates a fine machined aluminum appearance on the lip of the wheel. They have an absolutely beautiful finish with a superior sheen due to the additional layer of clear coat.

1994-2004 BULLITT Wheels - Anthracite

Center caps included, factory center caps will interchange. Includes matching lug nuts and locking lugs. Wheels Have A Lifetime Structural Warranty. Bolt Pattern: 5-114.3

MA35504 Shelby Cobra Sign
 Size: 24w x 24h x 4d **\$349⁹⁹**

MA35505 Cobra Shaped Sign
 Size: 20w x 28h x 4d **\$349⁹⁹**

MA35503 Mancave Neon Cave Sign
 Size: 29w x 20h x 4d **\$291⁹⁹**

Neon signs are made the same way since the invention of neon lighting in 1903. Each sign takes about 2 man days to make and each neon sign is made up of between 5 and 12 hand blown neon tubes. All neon tubes start out as 4 foot straight raw tubes of glass. Some tubes have colored glass. When they are turned off, they appear similar to colorful stained glass murals in a church. The stained glass colored tubes are very expensive and are hand drawn even to make the raw tubes. The other primary type of tube is white when turned off. These tubes have a phosphorus coating inside which turns argon gas to yellow, green, purple, white etc. Electricity excites the gas which then lights the phosphorus coating. The phosphorous coatings have different formulations generating different colors, so with handmade welds, a single tube can have many colors when lit. For example, multi-colored neon sculptures are all one single tube, yet they may consist of different phosphorus sticks welded together and then bent over a long torch by hand. Every single tube is welded and then bent by hand over a ribbon burner. Once the tubes are hand bent to the desired shape, the tubes are filled with either an argon/mercury mix or pure neon gas.

NEONETICS inc.

MA35509 Mustang 15" LED Sign
Size: 15w x 15h x 4d.....\$124⁹⁹

MA35510 Slim LED Sign
Size: 16w x 16h x 3/8d.....\$149⁹⁹

MA35508 Mustang Junior Neon Sign
Size: 17w x 11h x 6d\$149⁹⁹

MA35506 Mustang Art Deco Neon Sign in Steel Can
Size: 39w x 28h x 7d\$832⁹⁹

MA35507 Red 36" Neon Sign in Steel Can
Size: 36" in diameter.....\$874⁹⁹

Neon Signs in Steel Cans feature multi-colored, hand blown neon tubing. Each sign is 3 feet across and the glass tubes are surrounded by a sturdy, commercial grade black steel housing. Your neon sign will arrive at your door suspended in a wood crate made especially to transport this giant neon sign. Unpacking instructions are included. All you do is hang it up and plug it in – no assembly or special wiring required! Neonetics neon signs have a warm mesmerizing glow and are powered by industrial strength transformers, which operate silently and more efficiently than incandescent bulbs.

POLICIES

Terms and Conditions: Goods and/or services sold by our company, hereinafter referred to as "Seller", to customer, hereinafter referred to as "Buyer", are expressly subject to these terms and conditions set forth below. Any proposal for different or additional terms and conditions contained in any prior oral or written communication, including, without limitation, are hereby objected to and rejected, but such proposal shall not operate as a rejection of this agreement unless such variances are in the terms of the description, quantity, price or delivery schedule of the goods and/or services but shall be deemed a material alteration thereof, and this agreement shall be deemed accepted by Buyer without said additional or different terms. Buyer's acceptance of shipment or performance and/or payment for the goods or services constitutes acceptance of Seller's terms and conditions. The Seller may, from time to time, change or supplement these terms and conditions.

Payment: We Accept Credit & Debit Cards, Checks and Money Orders. Payment must be received in full prior to shipment.

Prices Subject to Change: All prices and/or discounts are subject to change without prior notice. All prices quoted by Seller will be in effect for a period of thirty (30) days from the date of the written quotation unless otherwise stated. While every effort is made to ensure accuracy, Seller is not responsible for errors or omissions or unforeseen price adjustments in distributed catalogs or our website. Note: Some non-discount, limited discount or pre-discounted items may be excluded from certain promotional pricing and cannot be combined with other offers.

Limited Warranty: Seller makes every effort to list the warranty for each product on the product webpage. Unless otherwise specified, all products are warranted to be free of defects in workmanship and materials under normal use for a period of 30 days from the invoice date.

Limitation of Liability: Seller's liability on any claim for loss or damage arising out of this contract or from the performance or breach thereof or connected with any goods or services supplied hereunder, or the sale, resale, operation or use of goods, whether based on contract, warranty, tort (including negligence) or other grounds shall not exceed the price allocable to such goods or services or part hereof involved in the claim regardless of cause or fault. Seller shall not under any circumstances be liable for any labor charges without its prior written consent. In no event shall Seller be liable for any incidental or consequential damage, including but not limited to, loss of profits or revenue, loss of use of products or associated product, cost of capital, cost of substitute products, facilities or services, downtime costs, or claims of customers of Buyer for such damage.

Shipping Damage, Lost or Missing

Merchandise: Unless otherwise noted, all sales of goods are made F.O.B. point of shipment and, in all cases, title and risk of loss or damage shall pass upon Buyer with delivery to the carrier at point of shipment. Seller reserves the right of carrier selection. Delivery dates given in advance of actual shipment of goods or performance of services are estimates and shall not be deemed to represent fixed or guaranteed delivery dates. Buyer is required to examine all shipments upon arrival to ascertain condition. If any shortages or damages occurred in transit, please contact Seller within 5 days of receipt for instructions on how to proceed. Failing to do this could jeopardize the refund or replacement of the damaged or missing items. Please save the original box and packaging materials for inspection by the carrier. Damage/loss claims cannot be filed after 15 days from the date of receipt of the package. Items shipped via truck must be opened and inspected while the driver is still on the premises, and damage noted if there is any.

Refused Shipments: If a shipment is refused, customer will be charged for shipping and handling plus a restocking charge of 15% of the product value.

Returns: You may return products other than Special Orders, if returned in unused, original condition in original packaging. There is no need to call for authorization. Complete the Return Form enclosed with your shipment and send the package back to us. It is recommended that you insure the package and retain your receipt of shipment. No COD returns will be accepted. Qualified returns will be refunded in the same method they were paid (i.e. credit card refund or refund check). There will be a full refund on returns up to 30 days from invoice date. Qualified returns older than 30 days but less than 90 days, will be assessed a 25% restocking fee. Special orders, custom products, electrical products, tools, books, videos, CD's/ DVD's, exhaust products after installation, returns of partial sets/kits or returns more than 90 days old will not be accepted. Any unauthorized returns will be mailed back to customer at customer's expense.

Core Return Policy: Our rebuilders are not able to accept core returns on items once they have been modified in any manner. In order to receive full core credit, core returned must be from a vehicle that is the same year, application and options as the item ordered. Core must be complete, in rebuildable condition and drained of all fluids to receive full credit. Cores are to be shipped to Seller pre-paid by the customer. Core verification takes approximately 3-4 weeks. If you have any questions, please contact our Customer Service Department prior to returning.

Force Majeure: Seller shall not be liable for failure to deliver or for delay in delivery or performance due to (i) a cause beyond its reasonable control, (ii) an act of God, act or omission of Buyer, act of civil or military authority, governmental priority or other allocation or control, fire strike or other labor difficulty, riot or other civil disturbance, insolvency or other inability to perform by the manufacturer, delay in transportation, or (iii) any other commercial impracticability. If such a delay occurs, delivery or performance shall be extended for a period equal to the time lost by reason of delay.

Indemnification: Buyer hereby (1) waives, releases and discharges any and all claims with the exception of claims for breach of this sales contract of every kind, including, but not limited, to injury or death of any person or damage to property, which it may have at any time against Seller, its agents or employees, by reason of or arising out of any condition of or defect in the goods and (2) covenants to indemnify and hold harmless Seller, its agents and employees from and against any and all loss, damage, expense, claims, suits, costs of defense, including attorney's fees which Seller or any or its agents or employees may sustain or incur at any time for or by reason of any injury to or death of any person or persons or damage to any property arising out of any condition of or defect in the goods or any claimed

inadequate or insufficient safeguards of safety devices or warnings.

Governing Law: This Agreement shall be governed by and construed according to the laws of the State of Pennsylvania.

Entire Agreement: This Agreement sets forth the entire agreement and understanding of the parties relating to the subject matter herein and supercedes any prior discussions or agreements between them. No modification of or amendment to this Agreement, nor any waiver of any rights under this Agreement, shall be effective unless in writing, duly executed by both parties.

Severability: If any provision of this Agreement is held to be invalid by a

court of competent jurisdiction, then the remaining provisions shall nevertheless remain in full force and effect.

Assignment: Buyer shall not assign or delegate any or all of its duties or rights hereunder without Seller's prior written consent. Any assignment or delegation made without Seller's consent shall be null and void.

Headings: Headings used in this Agreement are provided for convenience only and shall not be used to construe meaning or intent.

About California Proposition 65

California's Proposition 65 entitles California consumers to special warnings for products that contain chemicals known to the state of California to cause cancer and

birth defects or other reproductive harm if those products expose consumers to such chemicals above certain threshold levels. We care about our customers' safety and hope that the information below helps with your buying decisions.

We are providing the following warning for products linked to this page:

WARNING: This product contains chemicals known to the State of California to cause cancer and birth defects or other reproductive harm.

Motor Vehicles

California requires the following notice:

WARNING: Motor vehicles contain fuel, oils and fluids, battery posts, terminals and related accessories which contain lead

and lead compounds and other chemicals known to the State of California to cause cancer, birth defects and other reproductive harm. These chemicals are found in vehicles, vehicle parts and accessories, both new and as replacements. When being serviced, these vehicles generate used oil, waste fluids, grease, fumes and particulates, all known to the State of California to cause cancer, birth defects, and reproductive harm.

Tools

California requires the following notice:

WARNING: Some dust and particles created by power and hand tools from cutting, sanding, sawing, grinding, drilling and other activities contains chemicals known to the State of California to cause cancer and birth defects or other reproductive harm.

Your risk from exposure to these chemicals varies, depending on how often you do this type of work. To reduce your exposure, work in a well-ventilated area and with approved safety equipment, such as dust masks that are specially designed to filter out microscopic particles.
