1961

1959-1961 DOOR PANELS

Corvette America is dedicated to continually improving their interior products with over three decades of research, development and manufacturing experience. That dedication to quality improvement is evident in the new 1959-1961 Door Panels.

These Door Panels are improved with raised inserts that are reshaped and rounded for a softer, more original appearance that fit perfectly with the new S-Trim. The upper part of the panel now has a thin layer of foam padding under the vinyl for a more upholstered look and feel. The arc of the sew line on the upper panel is patterned to the upper part of the chip board for a parallel fit between the two pieces. The top of the panel has been radius cut to match the contour of the original GM panels.

1962

1959-1962 DELUXE DOOR PANELS AVAILABLE IN 100% LEATHER

INTERIOR DYES

Corvette America's Interior Dye produces accurate color and solid coverage on leather, vinyl, fiberglass, plastic and metal.

Available in a 12-oz. Aerosol spray or Quart. Use your interior Color Code to complete the part number.

DYE SURFACE PREP

Use our Surface Prep to remove dirt, oils and residue before priming. Fast drying and ready to paint in minutes.

ADHESIVE PROMOTER

Promotes strong, even adhesion of topcoat material when repairing or refinishing plastics. Also works on most flexible or rigid plastics on painted surfaces.

PRIMER

For best results, finish off your prep work with our quality primer. Promotes even paint coverage and a better finish.

SPRAY ADHESIVE

Our high-tack Interior Spray Adhesive is easy to work with and produces a strong bond between hard parts and materials.

INTERIOR DYE CLEAR COAT

Protect your reconditioning work for years to come with our Interior Clear Coat. Covers your interior components with a smooth, protective finish & preserves your interior's color.

DUAL MASTER CYLINDER CONVERSION KIT

Convert to a dual master cylinder configuration without altering your Corvette's firewall or hood for clearance. Mounting bracket attaches to stock location on firewall. Kit comes with new master cylinder, mounting bracket, adjustable pushrod and hardware.

42544 53-62 Single-to-Dual Master Cylinder Conversion Kit.... **\$305⁹⁹**

FRONT DISC BRAKE CONVERSION KIT

This kit bolts on easily with stock spindles and features a special adapter that mounts a manual, dual master cylinder without modifying your firewall or hood. Kit includes: Caliper Brackets, New GM Calipers w/ Pads, Bearings, Seals & Dust Covers, Rotors, Brake Hoses, New Dual Master Cylinder, Pushrod & Proportioning Valve.

NOTE: Kit fits 1953-62 Corvette spindles but dual master cylinder will not fit 1953-55 with original engine or 1956-62 with stock fuel injection.

DIRECT-FIT ALUMINUM RADIATORS

These Direct Fit Aluminum Radiators fit the factory hoses and original supports – no cutting, bending or installing different hoses. Each core features a double row of wide, high-quality tubes, louvered fins and press-formed end tanks. Cores are furnace brazed for the ultimate tube-to-header welds without epoxy. Best of all, they cost much less than other Aluminum Radiators. Three-year Manufacturer's Warranty. Standard Direct-Fit Radiators feature 1" tubes, while High Performance (HP) Direct-Fit Radiators feature 1.25" tubes.

REPRODUCTION RADIATORS

Stacked Aluminum Design. Original Look. Better Performance.

Reproduced to exact specifications with the stacked aluminum design, these Aluminum Radiators maintain the look of original equipment but perform better – guaranteed to run at least 20 degrees cooler than any aftermarket copper/brass replacement. Backed by a 5-year manufacturer's warranty. Specify build date or VIN # when ordering.

FENDER GRIPPERS

Protect your paint when you're under the hood. You'll be able to work in style knowing that your exterior is protected from those annoying scratches that might otherwise ruin your work of art. Made from a non-slip material. You can rest assured that your tools will not slip off the fender gripper. Remember, Fender Gripper is completely washable and impervious to motor oil, so clean up is a snap!

PERFORMANCE DISTRIBUTOR & IGNITION

Mallory components are carefully developed and thoroughly tested to deliver serious power to your ignition system so you get the maximum performance from your Corvette. Mallory Ignition components boost your ignition's performance with better timing accuracy, higher output and efficiency, and even a boost in RPM. Please Note: Not for sale or use in California on pollution-controlled vehicles.

PERFORMANCE IGNITION COMPONENTS FROM ACCEL

Accel Ignition Coils and Distributor Components are designed to make your Corvette's ignition perform reliably and efficiently. Accel's innovations in ignition wire and distributor technology have earned the trust of auto and performance enthusiasts everywhere. Accel delivers a better spark and more MPG's. Get started with Accel.

HOLLEY INTAKE MANIFOLD - BIG BLOCK CHEVY - 4500 EFI

Features open plenum/single plane design. No EGR provisions. 3000-7500 RPM power band. 4500 carburetor mounting flange. Includes fuel rails and mounting brackets. Designed for today's larger cubic inch big block Chevy race engines. Perfect for hard core drag racers in the NHRA Super Comp, Super Gas and Street classes as well as IHRA Quick Rod, Super Rod and Hot Rod categories. Oval port dimensions: 1.87" high x 1.60" wide. Rectangle port dimensions: 2.28" high x 1.48" wide. Height: front 5.96", rear 5.96".

Notes: Not legal for install or use on emissions controlled vehicles. May not clear stock hood.

UN0025 53-62 Holley Intake Manifold - Big Block Chevy - 4500 EFI - Oval **\$390⁹⁹**

UN0027 53-62 Holley Intake Manifold - Big Block Chevy - 4500 EFI - Rectangle **\$390⁹⁹**

#UN0024

INTAKE MANIFOLD - BIG BLOCK CHEVY- 4150 EFI

These intakes are ideal for converting your big block high performance or racing engine from carburetion to fuel injection. Computer designed and dyno proven to produce more horse power and torque than other EFI manifolds. Includes anodized and laser etched fuel rails and two sets of mounting brackets (brackets allow use of 1.48" or 2.56" O-Ring to O-Ring injector lengths). Open plenum/single plane design. No EGR provisions. 3500-8000 RPM power band. 4150 carburetor mounting flange. Includes fuel rails and mounting brackets. Oval port dimensions: 1.87" high x 1.60" wide. Rectangle port dimensions: 2.28" high x 1.48" wide. Height: front 5.96", rear 5.96".

Notes: Not legal for install or use on emissions controlled vehicles. May not clear stock hood.

UN0024 53-62 Holley Intake Manifold - Big Block Chevy - 4150 EFI - Oval **\$356⁹⁹**

UN0026 53-62 Holley Intake Manifold - Big Block Chevy - 4150 EFI - Rectangle **\$356⁹⁹**

HOLLEY INTAKE MANIFOLD - SMALL BLOCK CHEVY - EFI INTAKE AND FUEL RAIL KIT

Features single plane design with isolated plenum. 4150 square bore mounting flange. Power band: 2500-7500 Rpm. Height: Front 4.18", Rear 5.28". Port Size: 1.92" Height 1.20" Width. Lower throttle body mounting height to help with hood clearance. Holley laser etched logos on the black coated fuel rails and bracket assortment are included so that you can install the injectors of your choice. Fuel rail designed for maximum throttle lever clearance. **Notes:** Not legal for install or use on emissions controlled vehicles. May not clear stock hood.

UN0036 53-62 Holley Intake Manifold - Small Block Chevy - EFI Intake and Fuel Rail Kit **\$407⁹⁹**

HOLLEY INTAKE MANIFOLD - SMALL BLOCK CHEVY - CARB SINGLE PLANE KIT

The new single plane Intake Manifold is designed to provide a broad RPM powerband for high-performance street/strip engine applications to a maximum engine speed of 7500 Rpm. The carburetor-mounting pad is designed to accept all stock or aftermarket square-bore carburetors with manual or electric chokes. These intake manifolds are designed to accept most stock hardware and accessory brackets, but offer performance features like an updated plenum divider area, a 1" shorter height than the 300-25 manifold and a choice of two distributor clamp locations. The isolated design of the air/fuel passages helps to increase charge air density and performance. **Notes:** Not legal for install or use on emissions controlled vehicles. May not clear stock hood.

UN0035 53-62 Holley Intake Manifold - Small Block Chevy - Single Plane Kit **\$285⁹⁹**

HOLLEY INTAKE MANIFOLD - SINGLE PLANE - BIG BLOCK CHEVY - OVAL

Carburetor intake manifold 396Ci-502Ci with Oval Port Heads. Single plane / open plenum design. Deep plenum design with isolated runners. 4150 square bore carburetor mounting flange. Power band: 4500-8500 Rpm. Height: front 4.75", rear 6.25". Port size: 1.85" height 1.60" width. **Notes:** Not legal for install or use on emissions controlled vehicles. May not clear stock hood.

UN0023 53-62 Holley Intake Manifold - Single Plane - Big Block Chevy - Oval **\$271⁹⁹**

HOLLEY INTAKE MANIFOLD - SMALL BLOCK CHEVY - LATE DUAL PLANE - SQUARE BORE EGR

Street Dominator Intake Manifold with EGR 1987-Later with cast iron head. High rise dual plane design. Square carburetor mounting flange. EGR provisions. Power band: idle-6000 Rpm. Height: front 3.68", rear 5.02". Port size: 1.90" height 1.16" width. **Notes:** Not legal for install or use on emissions controlled vehicles. May not clear stock hood.

UN0031 53-62 Holley Intake Manifold - Small Block Chevy - Late Dual Plane - Square Bore EGR **\$236⁹⁹**

HOLLEY INTAKE MANIFOLD - SMALL BLOCK CHEVY - EARLY SINGLE PLANE - SQUARE

Strip Dominator Intake Manifold 1957-86 262Ci-400Ci, 1987-Later with aluminum heads. Single plane with isolated plenum. Square bore carburetor mounting flange. Isolated water cross-over. Power band: 4500-7600 Rpm. Height: front 5.11", rear 5.97". Port size: 2.05" height 1.22" width. **Notes:** Not legal for install or use on emissions controlled vehicles. May not clear stock hood.

UN0030 53-62 Holley Intake Manifold - Small Block Chevy - Early Single Plane - Square Bore **\$262⁹⁹**

HOLLEY INTAKE MANIFOLD - SMALL BLOCK CHEVY - EARLY SINGLE PLANE - SQUARE BORE - KEITH DORTON

This is a great manifold designed for competition engines built for circle track and drag racing using 23 degree standard port heads. Ideal for classes that require cast iron heads that require an unported intake manifold. Power band: 4500-8500 Rpm. Isolated water cross-over. Square bore carburetor mounting flange. Single plane with isolated plenum. Port size: 2.00" height, 1.20" width. Height: front 6.13", rear 6.13". **Notes:** Not legal for install or use on emissions controlled vehicles. May not clear stock hood.

EXHAUST

EXHAUST PIPES & MUFFLERS

These Complete Exhaust Systems give you convenience and flexibility with everything you need (pipes, mufflers, flanges, sleeves, donuts and clamps as required), or just the pipes and mufflers you want. Manufactured of aluminized steel to OEM specifications with the correct fit, look and sound. Round mufflers were used on high-performance engines, ovals on low horsepower ones. Glass Pack mufflers are an economical alternative. All come with welded header pipes as original.

SYSTEM WITH GLASS PACK MUFFLERS

35490 61-62 Low hp 1x4 - 2" **\$397⁹⁹**

SYSTEMS WITH ROUND MUFFLERS

HOOKER® COMPETITION HEADERS

Hooker® competition headers offer the best value in the high performance header market. Designed for the value-conscious buyer who is running either a stock or mildly-modified engine, hooker competition headers offer premium features at a very competitive price. Made of durable 16 gauge mild steel tubing, the hooker competition header design utilizes a long transition collector to reduce back pressure and increase exhaust flow. A perfect sealing surface is assured with the 5/16" machined flanges, with welded o-ring seals. Experience has proven that this flange size is ideal to maintain header integrity and be pliable enough to seal each exhaust port. Tubing is mandrel-bent to maintain metal strength and provide consistent tube diameter at radii to maximize performance.

- 57372** 55-62 Competition Long Tube Headers - Painted Black Finish - SBC - All Necessary Hardware Included **\$242⁹⁹**
- 57373** 55-62 Competition Long Tube Headers - Ceramic Coated Silver - SBC - All Necessary Hardware Included **\$510⁹⁹**
- 57380** 55-62 Competition Long Tube Header - Titanium Ceramic Coated - SBC - All Necessary Hardware Included **\$516⁹⁹**
- 57382** 55-62 Competition Long Tube Header - Black Ceramic - SBC - All Necessary Hardware Included **\$516⁹⁹**

#57372 Painted Black Finish

#57380 Titanium Ceramic Coated - All Necessary Hardware Included.

#57373 Ceramic Coated Silver - All Necessary Hardware Included.

#57382 Black Ceramic - All Necessary Hardware Included.

HOOKER® HEADER GASKET SETS

Precision-matched super competition OEM quality header gaskets provide a sure fit and unmatched exhaust sealing. Constructed of a thick (.060") synthetic hi-temperature gasket material with a perforated steel core, which provides superior grip and adhesion. This construction also contributes to exact fit compliance between the cylinder head and header flange, offering excellent sealing properties during extreme temperature and operating conditions.

- 57371** 55-62 Header Gasket Set Hi-Temperature Material, Square Ports **\$14⁹⁹**
- 57374** 55-62 Header Gasket Set Hi-Temperature Material, Round Ports **\$14⁹⁹**

1956-1962 GAS TANK

GAS TANKS

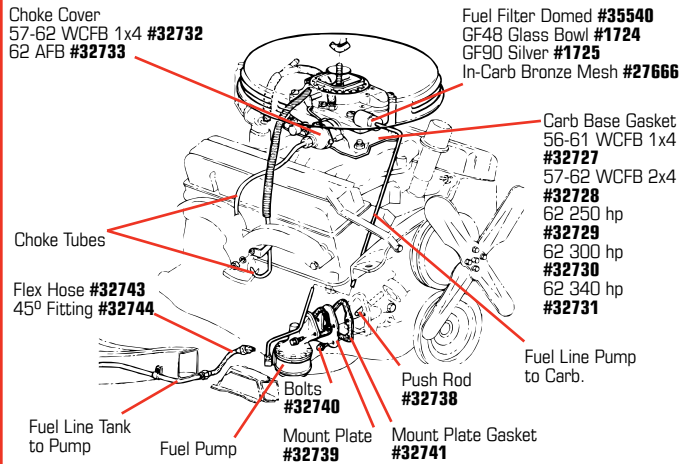

These Reproduction Gas Tanks are manufactured with corrosion-resistant steel and have the same shape, indents, welds and connections as the original tanks. For true reproduction accuracy, tanks are stamped with the O. L. Anderson Logo, manufacturer of the original Corvette tanks! #42951 and #43311 include Vent. #42952 and #43312 include Vent and Baffles.

HARDTOP & ROOF PANEL CART

This easy-to-use cart is the perfect way to store your Corvette's hardtop or roof panel when it's not in use. Sturdy aluminum construction and padded contact points offer stable and safe support, and the best part is you can roll it around the garage on four swivel casters. Some assembly required. Instructions included.

51000 Hardtop & Roof Panel Storage Cart **\$159⁹⁹**

PREMIUM FLANNEL HARDTOP COVERS

This flannel hardtop cover protects the inside & outside of your hardtop like a security blanket during storage. Cover simply drapes over hardtop to provide protection and easy use.

46362 58-62 Stereo - Custom Fit - 200W **\$305⁹⁹**

AM/FM 200 WATT STEREOS

This new stereo has the same cosmetics as the 300 Watt stereos above, but without USB/MP3 or CD changer control. An awesome looking radio at a great price. Radio has no cassette but comes with auxiliary audio input. If you have a portable MP3 player or Satellite radio just plug it into the Aux input and listen to it through this radio.

52055 53-57 Stereo - AM/FM 200 Watt **\$203⁹⁹**

SECRETAUDIO - SS

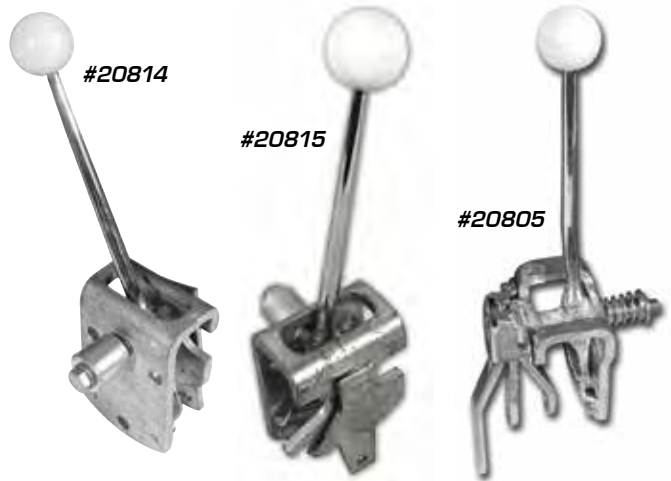

The SST is a 200 Watt AM/FM CD controller with USB MP3/WMA Flash Drive, iPod control, CD control and Satellite Radio Control; Featuring "RF" (radio frequency) remote control, ideal for Street Rods and Classics. The SST hideaway radio is designed to provide a classic car with exceptional audio quality while leaving the dash and original radio visible in the dash. The SST receiver / amplifier unit is usually hidden underneath the driver's seat or behind the dashboard and integrates with the vehicle's speaker system; if the speakers are for a mono radio they should be replaced with Custom Autosound DVC speakers or DUAL speakers. The SST has built in Bluetooth which allows you to stream music from your compatible device. The SST comes with a 10 foot cable connected to a small Bluetooth digital display that mounts flush to the dash or with a bracket, which is included for mounting options. It is controlled by a wireless remote from up to 30 feet away.

STEERING WHEELS

Our Steering Wheels are precise replicas of competition-type wheels with a plastic, leather-grain rim. As noted in the NCRS Judging Manual, they show flashing on the mold seam around outer circumference and the stainless steel spokes have circumferential finishing marks on top side and radial direction marks on bottom.

3-SPOKE 15" STEERING WHEELS

If your goal is to update a C1 Corvette interior without destroying its character and personality, then you'll want to take a close look at these direct replacement steering wheels. These smaller diameter wheels fit the OEM column and feature a thicker more comfortable grip. Solid stainless steel frame. Uses factory hub and horn button.

REPRODUCTION TIRES

Our precision reproductions of Goodrich, Firestone and U.S. Royal tires give your 1955-1962 Corvette a 100% correct look! All are the correct size, 6.70 x 15, and are available in Blackwall or Whitewall like the originals. Whitewalls are of the correct width, ranging from 1" to 2 11/16".

35770	56-62	6.70 x 15 Firestone - Blackwall	\$219⁹⁹
35768	62	6.70 x 15 Firestone - 1" Whitewall	\$219⁹⁹
35767	61	6.70 x 15 Firestone - 2 1/4" Whitewall.....	\$219⁹⁹
35766	56-60	6.70 x 15 Firestone - 2 11/16" Whitewall.....	\$219⁹⁹
1783	55-62	6.70 x 15 Goodrich - Blackwall.....	\$199⁹⁹
1782	62	6.70 x 15 Goodrich - 1" Whitewall	\$219⁹⁹
1781	55-61	6.70 x 15 Goodrich - 2 1/2" Whitewall	\$219⁹⁹
35769	56-62	6.70 x 15 U.S. Royal - Blackwall.....	\$199⁹⁹
35765	62	6.70 x 15 U.S. Royal - 1" Whitewall	\$259⁹⁹
35764	56-60	6.70 x 15 U.S. Royal - 2 1/2" Whitewall	\$259⁹⁹
35763	56-60	6.70 x 15 U.S. Royal - 2 11/16" Whitewall	\$259⁹⁹

WHITEWALL RADIALS

Get vintage looks with radial drivability. These are vintage-looking tires with 2 3/8" wide whitewalls that are actually smooth-riding, gas-saving radials! These are the real thing, not a retread nor painted imitation, with polyester and steel belts for safe, aggressive all-season driving and most importantly, 100% Corvette style.

35773	56-61	P205/75R15 Radial Tire - 2 3/8" Whitewall	\$239⁹⁹

1956-62 DRIP RAILS

Note: 1959 was a split year for this weatherstrip. On the early style, the 2 holes for the push-in retainers were both along the bottom edge of the weatherstrip. On the later style, one hole was moved to a position slightly around the corner of the weather strip, as noted in the illustration.

Silver Bullet Console

BULLET CONSOLES

The C2 Bullet Console fits over the factory armrest of 1963-1966 Corvettes to provide some much-needed storage space, king-sized cup holders and a comfortable armrest. The padded armrest hinges open to a storage compartment that measures 4.5" wide x 14" long x 3" deep. Bullet Console is custom hand-crafted in America and is upholstered with high-quality, automotive-grade vinyl. Installation is quick & easy, just slip over the factory armrest and start cruising!

1963-1967 Dash Pads *The Finest Dash Pads Available!*

1963-64 Dark Blue
LH Dash Pad

1965-66 Saddle RH Dash Pad

DASH PADS

Corvette America's 1963-67 Dash Pads have always been known for the highest quality and strictest attention to originality. Their expert Research & Development Staff has created a new manufacturing process that ensures thickness consistent to the original GM pads for every Dash Pad we manufacture.

Look no further than Corvette America for 1963-67 Dash Pads that are 100% original and 100% consistent 100% of the time.

Note: All RH Dash Pads include Dash Inserts. Owners of 1964 Corvettes should check their original pad to see whether a 4-Hole or 6-Hole Insert is used, due to mid-year production changes.

Find your Color Code on page 82.

1963-1964 Carpet

LOOP CARPET WITH ORIGINAL FOAM BACK

Loop Carpet with original foam padding. Install as is for an accurate restoration of your 1963-1964 Corvette. For superior noise & heat reduction, also use a Carpet Insulation Kit or Heat Barrier Kit.

Find your Color Code on page 82.

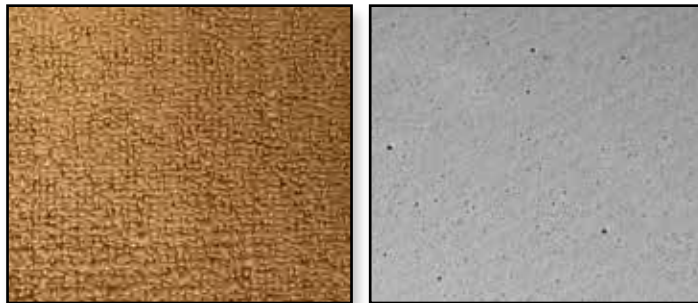

4506 _ 63	Loop Carpet w/ Foam Back Padding - Coupe	\$449⁹⁹
4505 _ 63	Loop Carpet w/ Foam Back Padding - Conv.....	\$449⁹⁹
4508 _ 64	Loop Carpet w/ Foam Back Padding - Coupe	\$449⁹⁹
4507 _ 64	Loop Carpet w/ Foam Back Padding - Conv.	\$449⁹⁹

LOOP CARPET - WITHOUT PADDING

Loop carpet just like our Foam Back sets above, only without padding. Once installed, it looks exactly the same as the original carpet set. But you save more money! For superior noise and heat reduction, also use a Carpet Insulation Kit or Heat Barrier Kit.

4510 _ 63	Loop Carpet w/o Padding - Coupe.....	\$387⁹⁹
4509 _ 63	Loop Carpet w/o Padding - Convertible	\$387⁹⁹
4512 _ 64	Loop Carpet w/o Padding - Coupe.....	\$387⁹⁹
4511 _ 64	Loop Carpet w/o Padding - Convertible	\$387⁹⁹
35611 63-67	Carpet Dimmer Switch Grommet - Rubber	\$9⁹⁹

Note: All Carpet Sets for 1964 Corvette Coupes include the Power Vent Carpet Sections as original.

Incomparable DETAILS & QUALITY!

Correct Foam Backing

*Accurate Dark Gray color (vs. white)
and high density for 1963-1964.*

The ONLY 1963-64 Carpet for the True Restorer!

1963 CARPET WITH TOOLBOX CUTOUTS

4608 _ 63	Convertible Foam Back w/ Toolbox cutouts.....	\$449⁹⁹
4609 _ 63	Coupe Foam Back w/ Toolbox cutouts	\$449⁹⁹

4611 _ 63	Coupe w/ Toolbox cutouts.....	\$387⁹⁹

HEAT BARRIER KITS

If you're concerned with heat reduction, this is for you. Made of technologically advanced ceramic cloth backed by reinforced foil. Heat Barrier Kits reduce interior temperatures by up to 50%! Thermal rated to 2300°. And it's only 1/8" thick, so your carpet will fit perfectly. Choose front-only or a full set.

24330	63-67 Coupe or Convertible - Front-Only	\$132⁹⁹
24440	63-67 Coupe or Convertible - Full Set.....	\$183⁹⁹

**Combine with Underlayment
and Beat the Heat!**

1965-1967 Carpet

LOOP CARPET

Loop Carpet, correctly press-molded. The original 1965-67 Carpet underlayment was a "rubber backed" jute material. Removal of your original carpet may result in damage to the jute portion of the original underlayment. If your rubber backing is damaged, the Original Style underlayment will provide an accurate installation of your 1965-67 Corvette carpet. For economy, you may select a Carpet Insulation Kit (versus Original Style Underlayment) to use for your carpet underlayment. For superior noise and heat reduction, a Heat Barrier Kit can be used in addition to any underlayment selection you make.

CARPET SETS

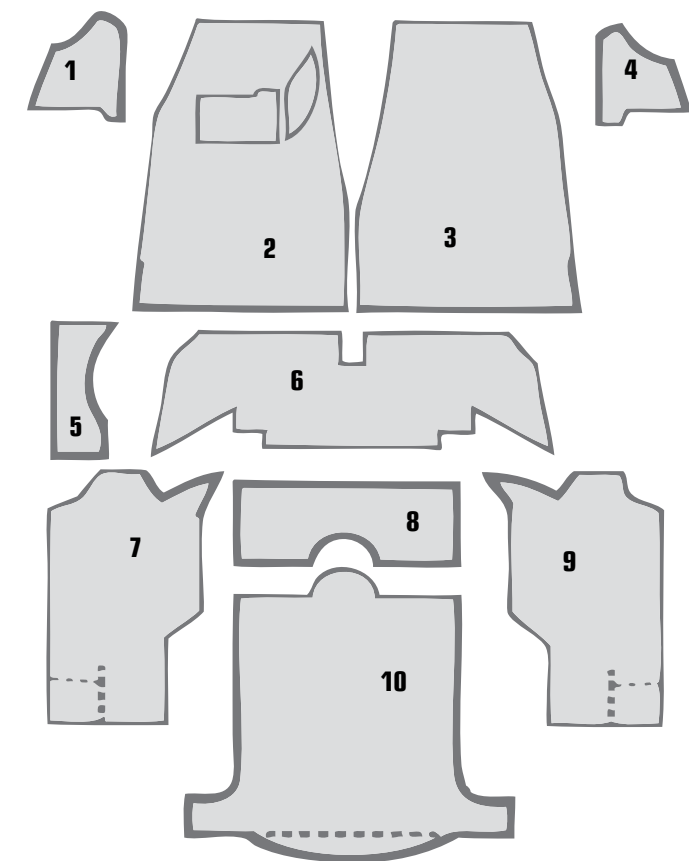

Power vent carpet sections included in all 1965 coupe sets. Padding not included. [Find your Color Code on page 82.](#)

FLOOR DRAIN PLUGS

K1194	63-67 Floor Drain Plugs - 8 pc.....	\$4⁹⁹
--------------	-------------------------------------	-------------------------

Incomparable DETAILS & QUALITY! The ONLY 1965-67 Carpet for the True Restorer!

Jute Padding with rubber backing - just like original!

ORIGINAL STYLE UNDERLAYMENT

The only choice for the true restoration! Exactly like original, jute padding backed with rubber. Nine-piece set covers both front and rear sections of car. All pieces individually die-cut. Combine with a Heat Barrier Kit to maximize heat and noise reduction.

1880	65-67 Coupe - Full Set.....	\$359⁹⁹
1881	65-67 Convertible - Full Set.....	\$359⁹⁹

CARPET INSULATION KITS

Features jute padding backed with heat-reflective felting for a more durable underlayment that provides increased heat and noise reduction – all at an economical price. Full car set for coupe or convertible. Front-only set also available. For optimum heat and noise reduction, combine with Heat Barrier Kit.

26701	63-67 Carpet Insulation Kit - Front - Conv. & Coupe	\$94⁹⁹

Interior Dyes: Corvette America Interior Dye produces accurate color and solid coverage on leather, vinyl, fiberglass, plastic and metal. Available in a 12-oz. Aerosol spray or Quart. Use your interior Color Code to complete the part number.

Dye Surface Prep: Use Surface Prep to remove dirt, oils and residue before priming. Fast drying and ready to paint in minutes.

Adhesive Promoter: Promotes strong, even adhesion of topcoat material when repairing or refinishing plastics. Also works on most flexible or rigid plastics on painted surfaces.

Primer: For best results, finish off your prep work with our quality primer. Promotes even paint coverage and a better finish.

Spray Adhesive: High-tack Interior Spray Adhesive is easy to work with and produces a strong bond between hard parts and materials.

Clear Coat: Protect your reconditioning work for years to come with Interior Clear Coat. Covers your interior components with a smooth, protective finish and preserves your interior's color.

BELTS

Reproduction - wrapped style

Replacement — cut style

REPRODUCTION BELTS — 1963-1967 Original GM Belts were Wrapped design. Include: GM Emblem, GM Part Number, Broadcast Code (where applicable), Belt Size (where applicable), Manufacturer's Symbol and Construction Codes.

Note: Cut Style belts have visible cords showing. Wrapped Style belts have a cloth-like material wrapping the belts.

REPLACEMENT BELTS — 1963-1967 Replacement Belts can be either Cut Style or Wrapped Style belts & will not include GM part number or any markings that were on the original belts. Replacement Belts are strictly a functional replacement.

REPRODUCTION BELTS - A.I.R. PUMP

DUAL MASTER CYLINDER CONVERSION KIT

Everything you need to convert 1963-64 Corvettes from a single reservoir drum brake system to a safer dual master cylinder system.

Includes: New Master Cylinder, 2 Check Valves, Front Master Cylinder Brake Line, Front to Rear Brake Lines w/Union, Brass Brake Line Junction Blocks and Line Clips.

42563	63-64	Dual Master Cylinder Conversion Kit	\$329⁹⁹
--------------	-------	-------------------------------------	---------------------------

DUAL MASTER CYLINDER CONVERSION KIT

Easy Installation "Body On" Dual Master Cylinder Conversion Kit for 1965-66 Corvettes with Disc Brakes. Top quality complete kit includes "everything" needed to convert from a single reservoir brake system to a safer dual master cylinder system. The front to rear brake line is made in 2 pieces for a much easier body on installation. **Includes:** New Master Cylinder, Master Cylinder Front Brake Line, Front to Rear Brake Line with Union, Brass Brake Line Junction Blocks, Front to Rear Brake Line Clips & Master Cylinder Line Clips.

1963-67 POWER BRAKE BOOSTER

POWER BRAKE CONVERSION KIT

Converts 63-66 Vettes to 67 Style Brakes with Dual Master Cylinder for Greater Safety. Adds Power Brakes to Non-Power Brake Vettes. Includes Dual Cylinder Master Cylinder. Note: Will Not Fit 1963 with Original Hood without modification to the Hood.

33489	63-66	Power Brake Conversion Kit	\$499⁹⁹
--------------	-------	----------------------------	---------------------------

BRAKE LINES

All Brake Lines are pre-bent for correct fit and they come complete with the correct fittings. Brake Line Sets contain all the lines to replace the system from the master cylinder to the wheels. Connector blocks, clamp sets and flex hoses sold separately. Individual lines are also available.

MODERN RESTORATION CALIPERS

Rebuilt Delco Moraine Castings with O-Ring Technology

Get improved performance that looks just like original when installed. Special O-Rings are used in place of the original lip seals to eliminate leaking and resist piston cavitation during hard driving conditions. Modern Restoration Calipers feature: New Stainless Steel Sleeves, New O-Ring Pistons, Seals, Springs, Dust Covers, Stainless Steel Bleeder Screws and Plugs, Long Lasting Epoxy Paint; and they're Individually Pressure Tested.

Covered by a **LIMITED LIFETIME WARRANTY***. Core Charges Apply+.

WE OFFER MORE CHOICES IN 1965-67 BRAKE CALIPERS & CALIPER KITS!

***LIMITED LIFETIME WARRANTY** — Caliper Sleeves are warrantied to the original purchaser for as long as they own the vehicle, so long as the brake system is properly maintained (correctly replacing brake fluid upon initial installation and each subsequent brake fluid change, which should be done once every two years). New rubber hoses should be installed during the initial installation of the calipers and be replaced every 5 years, as internal hose deterioration can contaminate the brake fluid. All other parts & workmanship of these calipers are warrantied for 90 days from the date of purchase under normal use.

+Core Charge — \$50 per caliper. Returned calipers must be **Original Delco Moraine Castings** without broken ears or altered bleeders. If calipers have been previously sleeved, the core refund will be reduced to \$25 provided it meets the above criteria.

ZINC PLATED CALIPERS - NEW CASTING WITH O-RING

Does not include "Delco" in Casting. No Core Charge Required.

Power Brake

#42047

1963-1964 DISC BRAKE CONVERSION KITS

Upgrade to disc brakes without modifying the firewall or hood. These Conversion Kits make it simple due to an adapter that mounts a manual, dual master cylinder. The Power Brake Kit uses a new booster with a reproduction bracket and Corvette master cylinder. It moves the wheels out 1 1/4" on each side.

Kit includes: caliper brackets, new GM calipers w/ pads, bearings, seals, dust covers, rotors, brake hoses, new dual master cylinder, pushrod, proportioning valve, booster (Power Kit only) and hardware.

42045 63 Disc Brake Conversion Kit - Front Power **\$1079⁹⁹**

42046 63-64 Disc Brake Conversion Kit - Front Manual **\$999⁹⁹**

WILWOOD CLASSIC SERIES FRONT BRAKE KIT

For use with Stock Spindles and Wheels.

The Classic Series Front Brake Kit delivers the braking performance of Wilwood's Forged Dynalite Calipers while maintaining the most wheel clearance of any 4-piston caliper in its class. The forged aluminum calipers are paired with 11" diameter OEM style 1-piece cast iron rotors - a perfect combination for your stock wheels. Kit includes: calipers, pads, rotors, brackets, hardware & instructions. Requires NO modifications.

22377 63-67 Front Brake Kit - Wilwood Stock Wheel..... **\$829⁹⁹**

#22378

#22379

CLASSIC SERIES REPLACEMENT CALIPER KITS

For Use with Stock Wheels — Wilwood's 4-piston calipers mount to the stock brackets on stock rotors to provide a low-maintenance performance upgrade for 1965-1982 Corvettes. These direct OE replacements feature billet aluminum bodies, stainless steel pistons and high-temperature seals. They're lighter than stock, provide consistent braking performance, and put an end to rust and bore pitting that plague the original calipers.

Calipers use original-style D8 brake pads and fit snugly inside most '67 or newer wheels. Some wheels, including the '65-'67 OE "JK" code steel wheels require a 3/16" wheel spacer for clearance. The kit includes DOT Stainless Steel Brake Lines, Calipers and BP-10 Compound Pads.

22378 65-67 Front Caliper Kit - 4 Piston - Stock Wheel **\$729⁹⁹**

22379 65-67 Rear Caliper Kit - 4 Piston - Stock Wheel **\$729⁹⁹**

#22376

WILWOOD DYNAPRO 6 BIG FRONT BRAKE KIT

Give your classic Corvette big-brake performance courtesy of Wilwood's DynaPro 6 forged billet 6-piston calipers and 12" SRP drilled & slotted rotors.

Kit includes: calipers, pads, rotors, hubs, hardware & instructions. More brake kits are available for use with larger diameter wheels.

22376 63-67 Front Brake Kit - Restored Upgrade..... **\$1269⁹⁹**

DIRECT FIT ALUMINUM RADIATORS

- No Modifications • Fit to Stock Hoses • Greater Cooling Capacity

Direct Fit Aluminum Radiators fit up to the factory hoses & original supports with no modifications. No cutting, bending or installing different hoses. Standard Direct Fit have 1" tubes. The HP have 1.25" tubes. **These cost much less than other Aluminum Radiators & they're backed by a three-year Manufacturer's Warranty.**

BREAKERLESS SE IGNITION KIT

Convert any GM V8 breaker point distributor to a reliable, solid-state electronic ignition and keep the stock appearance! Features an integrated trigger and power module contained inside the distributor and over-current protection. No additional wires protrude from the distributor. Covered by a three-year manufacturer's warranty.

1963-67 Engine Tune-Up Kit

POWER+PLUS INTAKE MANIFOLDS

Add Power and Prolong Engine Life!

The dual-plane, 180° design delivers more power right off idle in all motors and increases power at high RPM for high-performance motors. Power+Plus Manifolds have a square bore carb adaptor plate and gasket for use with Holley or Edelbrock square bore carbs. High-polish or satin finish. Small Block Manifolds include dual distributor hold downs & four corner water outlets.

N11 OFF ROAD EXHAUST SYSTEMS WITH SSP&M

GM reproduction N11 mufflers paired with full pipe kits will give you all you need to make your Corvette sound as Zora intended. Made to fit exactly like the originals, these exhaust systems are made of long-lasting aluminized steel (65% stainless steel, 25% aluminum, and 10% carbon). System Includes pipes, inserts, packing, clamps, flanges & N11 off-road mufflers. For convenience and ease of installation these systems have a separate secondary pipe and muffler. Hangers sold separately - see part 2182. Additional shipping charges may apply.

HOOKE® CLASSIC BACK EXHAUST SYSTEM

Constructed of 2-1/4" 16-gauge aluminized steel tubing for maximum flow and increased performance. This system uses the original equipment tailpipe exit location. Works with any 2-1/4" offset inlet/center outlet muffler.

57412 63-67 Back Exhaust System (No Mufflers) **\$221⁹⁹**

#37185 1965-67
2.5" 396/427 - 4 Speed

COMPLETE EXHAUST SYSTEMS

Made to fit exactly like the originals, these exhaust systems are made of long-lasting aluminized steel (65% Stainless Steel, 25% Aluminum and 10% Carbon). Systems include the header pipe flanges, sleeves, donut gaskets, clamps and mufflers. For originality, we offer systems with welded secondary pipe and muffler for regular or off-road mufflers. For convenience and ease of installation, we also offer systems with a separate secondary pipe and muffler. Pipe sets and mufflers also available separately. Hangers sold separately - see listings. Additional shipping charges apply.

#57600 Side Exhaust Heat Shield with Stingray script & flags

STAINLESS STEEL SIDE EXHAUST HEAT SHIELDS

Every set comes with a pair of shields and a complete installation kit featuring stainless steel hardware and special thermo-tec header wrap to isolate the pipes from clamps and prevent any unsightly scratching. They will fit any side header exhaust system tubes that are between 3.5" and 4" in diameter. Made in the USA!

HOOKER® SUPER COMPETITION HEADER GASKET SETS

Precision-matched Super Competition OEM quality header gaskets provide a sure fit and unmatched exhaust sealing. Constructed of a thick (.060") synthetic hi-temperature gasket material with a perforated steel core, which provides superior grip and adhesion. This construction also contributes to exact fit compliance between the cylinder head and header flange, offering excellent sealing properties during extreme temperature and operating conditions.

HOOKER® COMPETITION HEADERS

Hooker® Competition Headers offer the best value in the high performance header market. Designed for the value-conscious buyer who is running either a stock or mildly-modified engine, hooker competition headers offer premium features at a very competitive price. Made of durable 16 gauge mild steel tubing, the Hooker competition header design utilizes a long transition collector to reduce back pressure and increase exhaust flow. A perfect sealing surface is assured with the 5/16" machined flanges, with welded o-ring seals. Experience has proven that this flange size is ideal to maintain header integrity and be pliable enough to seal each exhaust port. Tubing is mandrel-bent to maintain metal strength and provide consistent tube diameter at radii to maximize performance.

HOOKER® SUPER COMPETITION LONG TUBE HEADERS

With Hooker® Super Competition Long Tube Headers, the objective has always been to make the maximum horsepower and to put it at the optimum point in the power curve. It takes a lot of time and money to do the job right. Hooker® sometimes spends up to 2 to 3 times more just to make the super competition header work only 5 to 10% better. That commitment to excellence has made Hooker® Headers the winningest header manufacturer in automotive drag racing history.

HOLLEY CARBURETOR - 4160 - 600 CFM

Performance upgrade for stock to mildly modified vehicles. Universal calibration for easy bolt-on performance. Manual choke (cable actuated - hand controlled) for precise cold start control. Vacuum secondaries for use on a wide variety of vehicles. Compensate for all vehicle weights, gearing and transmissions to allow smooth opening of secondaries. Single feed fuel inlet for easy installation. Integrated 700R4/200R4 transmission kick down cable mounting. Power valve blow-out protection. 100% wet-flow tested by Holley technicians to assure it arrives ready to run! **Notes:** Not legal for install or use on emissions controlled vehicles. May not clear stock hood.

UN0009 63-67 Carb. - 4160 - 600 CFM - Polished Aluminum **\$335⁹⁹**

HOLLEY CARBURETOR - 4160C - 600 CFM

Performance upgrade for stock to mildly modified V-8 engines. Calibrated for excellent street performance right out of the box. Factory preset electric choke for easy startups. Vacuum secondaries for use on a wide variety of vehicles. Compensate for all vehicle weights, gearing and transmissions to allow smooth opening of secondaries. Single feed fuel inlet for easy installation. Integrated 700R4/200R4 transmission kick down cable mounting. 100% wet-flow tested by Holley technicians to assure it arrives ready to run! Includes new rear bowl fuel inlet to allow for dual feed or custom. Adjustable needle and seats to accommodate varying fuel pressures. **Notes:** Not legal for install or use on emissions controlled vehicles. May not clear stock hood.

#UN0025

HOLLEY INTAKE MANIFOLD - BIG BLOCK CHEVY - 4500 EFI

Features open plenum/single plane design. No EGR provisions. 3000-7500 RPM power band. 4500 carburetor mounting flange. Includes fuel rails and mounting brackets. Designed for today's larger cubic inch big block Chevy race engines. Perfect for hard core drag racers in the NHRA Super Comp, Super Gas and Street classes as well as IHRA Quick Rod, Super Rod and Hot Rod categories. Oval port dimensions: 1.87" high x 1.60" wide. Rectangle port dimensions: 2.28" high x 1.48" wide. Height: front 5.96", rear 5.96".

Notes: Not legal for install or use on emissions controlled vehicles. May not clear stock hood.

UN0025 63-67 Holley Intake Manifold - Big Block Chevy - 4500 EFI - Oval **\$390⁹⁹**

UN0027 63-67 Holley Intake Manifold - Big Block Chevy - 4500 EFI - Rectangle **\$390⁹⁹**

#UN0024

INTAKE MANIFOLD - BIG BLOCK CHEVY- 4150 EFI

These intakes are ideal for converting your big block high performance or racing engine from carburetion to fuel injection. Computer designed and dyno proven to produce more horse power and torque than other EFI manifolds.

Includes anodized and laser etched fuel rails and two sets of mounting brackets (brackets allow use of 1.48" or 2.56" O-Ring to O-Ring injector lengths). Open plenum/single plane design. No EGR provisions. 3500-8000 RPM power band. 4150 carburetor mounting flange. Includes fuel rails and mounting brackets. Oval port dimensions: 1.87" high x 1.60" wide. Rectangle port dimensions: 2.28" high x 1.48" wide. Height: front 5.96", rear 5.96".

Notes: Not legal for install or use on emissions controlled vehicles. May not clear stock hood.

UN0024 63-67 Holley Intake Manifold - Big Block Chevy - 4150 EFI - Oval **\$356⁹⁹**

UN0026 63-67 Holley Intake Manifold - Big Block Chevy - 4150 EFI - Rectangle **\$356⁹⁹**

HOLLEY INTAKE MANIFOLD - SMALL BLOCK CHEVY - EFI INTAKE AND FUEL RAIL KIT

Features single plane design with isolated plenum. 4150 square bore mounting flange. Power band: 2500-7500 Rpm. Height: Front 4.18", Rear 5.28". Port Size: 1.92" Height 1.20" Width. Lower throttle body mounting height to help with hood clearance. Holley laser etched logos on the black coated fuel rails and bracket assortment are included so that you can install the injectors of your choice. Fuel rail designed for maximum throttle lever clearance. **Notes:** Not legal for install or use on emissions controlled vehicles. May not clear stock hood.

UN0036 63-67 Holley Intake Manifold - Small Block Chevy - EFI Intake and Fuel Rail Kit **\$407⁹⁹**

HOLLEY INTAKE MANIFOLD - SMALL BLOCK CHEVY - CARB SINGLE PLANE KIT

The new single plane Intake Manifold is designed to provide a broad RPM powerband for high-performance street/strip engine applications to a maximum engine speed of 7500 Rpm. The carburetor-mounting pad is designed to accept all stock or aftermarket square-bore carburetors with manual or electric chokes. These intake manifolds are designed to accept most stock hardware and accessory brackets, but offer performance features like an updated plenum divider area, a 1" shorter height than the 300-25 manifold and a choice of two distributor clamp locations. The isolated design of the air/fuel passages helps to increase charge air density and performance. **Notes:** Not legal for install or use on emissions controlled vehicles. May not clear stock hood.

UN0035 63-67 Holley Intake Manifold - Small Block Chevy - Single Plane Kit **\$285⁹⁹**

HOLLEY INTAKE MANIFOLD - SINGLE PLANE - BIG BLOCK CHEVY - OVAL

Carburetor intake manifold 396Ci-502Ci with Oval Port Heads. Single plane / open plenum design. Deep plenum design with isolated runners. 4150 square bore carburetor mounting flange. Power band: 4500-8500 Rpm. Height: front 4.75", rear 6.25". Port size: 1.85" height 1.60" width. **Notes:** Not legal for install or use on emissions controlled vehicles. May not clear stock hood.

UN0023 63-67 Holley Intake Manifold - Single Plane - Big Block Chevy - Oval **\$271⁹⁹**

HOLLEY INTAKE MANIFOLD - SMALL BLOCK CHEVY - LATE DUAL PLANE - SQUARE BORE EGR

Street Dominator Intake Manifold with EGR 1987-Later with cast iron head. High rise dual plane design. Square carburetor mounting flange. EGR provisions. Power band: idle-6000 Rpm. Height: front 3.68", rear 5.02". Port size: 1.90" height 1.16" width. **Notes:** Not legal for install or use on emissions controlled vehicles. May not clear stock hood.

UN0031 63-67 Holley Intake Manifold - Small Block Chevy - Late Dual Plane - Square Bore EGR **\$236⁹⁹**

HOLLEY INTAKE MANIFOLD - SMALL BLOCK CHEVY - EARLY SINGLE PLANE - SQUARE

Strip Dominator Intake Manifold 1957-86 262Ci-400Ci, 1987-Later with aluminum heads. Single plane with isolated plenum. Square bore carburetor mounting flange. Isolated water cross-over. Power band: 4500-7600 Rpm. Height: front 5.11", rear 5.97". Port size: 2.05" height 1.22" width. **Notes:** Not legal for install or use on emissions controlled vehicles. May not clear stock hood.

UN0030 63-67 Holley Intake Manifold - Small Block Chevy - Early Single Plane - Square Bore **\$262⁹⁹**

HOLLEY INTAKE MANIFOLD - SMALL BLOCK CHEVY - EARLY SINGLE PLANE - SQUARE BORE - KEITH DORTON

This is a great manifold designed for competition engines built for circle track and drag racing using 23 degree standard port heads. Ideal for classes that require cast iron heads that require an unported intake manifold. Power band: 4500-8500 Rpm. Isolated water cross-over. Square bore carburetor mounting flange. Single plane with isolated plenum. Port size: 2.00" height, 1.20" width. Height: front 6.13", rear 6.13". **Notes:** Not legal for install or use on emissions controlled vehicles. May not clear stock hood.

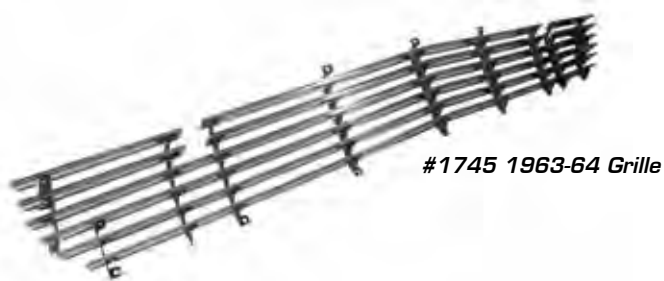

UN0029 63-67 Holley Intake Manifold - Small Block Chevy - Early Single Plane - Square Bore - Keith Dorton **\$350⁹⁹**

HARDTOP STORAGE CART

This easy-to-use cart is the perfect way to store your Corvette's hardtop or roof panel when it's not in use. Sturdy aluminum construction and padded contact points offer stable and safe support, and the best part is you can roll it around the garage on four swivel casters. Some assembly required. Instructions included.

51000 63-67 Hardtop Storage Cart.....**\$159⁹⁹**

HARDTOP REAR WINDOWS

Constructed of crystal-clear plexiglass like the original. Additional packaging charges apply.

0797 63-67 Hardtop Rear Window**\$407⁹⁹**

Call or go online today to see our complete line of products and place your order!

FLANNEL HARDTOP COVER

This flannel Hardtop Cover protects the inside and outside of your hardtop like a security blanket during storage. Cover simply drapes over hardtop to provide protection and easy use.

26584 63-67 Premium Flannel Hardtop Cover**\$40⁹⁹**

DECK PROTECTORS

Prevent scratches by covering the area where your top comes in contact with your rear deck. Made of static-cling film, they require no adhesives and they're die-cut specifically for your model year!

ELECTRIC HEADLIGHT DOOR KIT

This Electric Headlight Door Kit replaces the stock electric actuated system on all 1963-67 Corvettes. When installed, this kit operates the headlight doors more reliably, smoother & in sync than stock. The C2 Electric Headlight Kit uses current sensing technology to provide a system that needs no adjustment & is extremely safe. No permanent modification to your classic Corvette is needed. Owners have the option to return their vehicle back to its original configuration if desired, leaving no holes or spliced wires behind. Once installed, you will no longer need to operate the headlamp doors separately with the problematic factory momentary switch, the control module will automatically actuate them when the headlamps are turned on/off. The doors can also be manually opened & closed for headlight maintenance/cleaning by simply rotating them by hand (unlike originals that require the owner to open the hood and locate/spin a tiny wheel on the motor.) The kit comes complete with everything you need for installation including two electric actuators, a control module, harness, mounting brackets & hardware.

26339 63-67 Kenwood Front Speakers w/ AC **\$86⁹⁹**

FRONT SPEAKERS - 80W CAPACITY

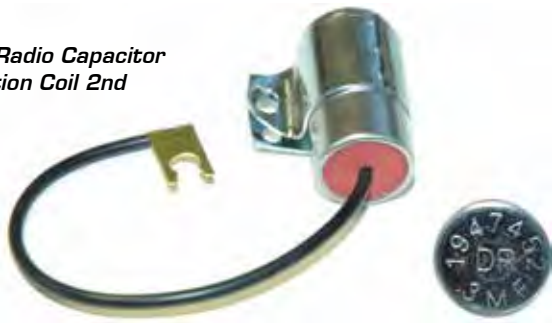

Custom Autosound's front speakers are an excellent replacement for the original in-dash speakers. They handle up to 80 Watts and fit directly under the dash. Each assembly includes two speakers, correct mounting brackets and wiring. **Note:** Will not work with stock radios.

BORGESON
Steering You Forward

PERFORMANCE STEERING BOXES

Does not require you to change your oil pan & eliminates the control valve, power steering cylinder & hoses. Available with 12.7:1 performance ratio or 14:1 sport ratio. Direct replacement for worn power assist or manual steering gears. **Quicker, more responsive steering. Excellent road feedback and stability. 100% new - not rebuilt.** Latest in steering technology and performance. New Pitman Arm included!

Notes: 1963-67 Corvette kits come complete with gear, column template, rag joint type steering coupler, stock type power steering hose kit and pitman arm. Use manual steering linkage.

#4505 KYB Gas Shock Absorber - Front

#43902 Front Heavy Duty Bilstein Shocks

#1398 Front Shocks

FRONT SHOCKS

Monotube construction, seamless eye rings and cylinder and unmatched valving action provide outstanding handling, improved traction and better response. **These long-lasting, trouble-free shocks outperform the rest, and are covered by a limited lifetime manufacturer's warranty.** For use with radial or bias-ply tires.

COMPLETE FRONT MONOSPRING SYSTEM

A complete system to replace your old, outdated coil springs and heavy factory A-Arms with lightweight Lower A-Arms and a specially designed, transversely mounted composite spring. Enhances ride and handling. **Fully adjustable. Ideal for all driving applications. Bolt-on installation. Covered by a manufacturer's 5-year, limited warranty.**

- 40585** 63-67 Complete Front Monospring System \$1141⁹⁹

HEAVY DUTY UPPER A-ARMS

Box-tube MIG welded A-Arms are stronger and lighter than stock. Poly bushings allow arms to pivot more freely with less deflection than stock rubber bushings. Relocated ball joint mounts are designed to allow up to 5° positive caster and a greater camber adjustment range for handling far superior to stock. A-Arms are shipped pre-assembled with offset cross-shafts, ball joints and poly bushings already installed. Ball joints included. **Limited lifetime warranty.**

- 40584** 63-67 Upper A-Arms - Heavy Duty - Ball Joint - pr \$786⁹⁹

PERFORMANCE FRONT COIL SPRINGS

For less money than a set of stock coils, you can upgrade your Corvette to Vette Brakes & Products' Performance Coil Springs. **They're made of high-grade American Steel, then powder coated for great looks, durability and corrosion resistance.** 1963-67 Performance Coil Springs give you even greater handling capacity, and lower your Corvette approximately 1" while upgrading to F-41 specifications.

#40595

POLY SMART STRUT® KITS

Polyurethane Smart Struts eliminate change in rear wheel camber. At 2 1/2" of wheel travel, the 1963 Corvette rear camber setting changes over 2°. The same car equipped with Smart Struts has measured camber change of less than one-tenth of a degree at over 5 1/2" of wheel travel— now that's proven results! Smart Struts are guaranteed to improve handling and reduce uneven tire wear. **They also reduce hub bearing wear by reducing side loading. Limited lifetime warranty.**

Poly Smart Strut Kits include:

- Custom Strut Rod Mounting Brkt
- Camber Adjustment Cams
- Polyurethane Rod End Bushings
- All Hardware & Instructions

40595 63-67 Poly Smart Strut Kit **\$249⁹⁹**

REAR SUSPENSION HARDWARE KITS

All the nuts, bolts, washers, lock washers, slotted nuts, castle nuts, cushions and cotter pins needed to rebuild, repair or replace the same items in the following areas:

- Center & Outer Rear Springs
- Outer Half Shafts
- Upper & Lower Shocks
- Strut Rod Brackets
- Strut Rod Adjusting Cams
- Rear Crossmember
- Carrier Bracket w/Cushions
- Trailing Arm

1807 63-64 Rear Suspension Hardware Kit - 120 pc **\$172⁹⁹**

1808 65-67 Rear Suspension Hardware Kit **\$163⁹⁹**

POLY ADJUSTABLE STRUT RODS *Now with Forged Ends!*

Designed to help keep rear tires in correct vertical alignment, Adjustable Strut Rods decrease negative camber settings that can wear down your tires and adversely affect your car's handling. These rods are stronger than stock and feature polyurethane bushings for long life. Best of all, there are no adjustment cams - simply lengthen or shorten the strut rods by turning them, then tightening the jam nuts— that's it! Poly Adjustable Strut Rods give you triple the adjustment range of stock camber adjustment rods.

X2464 63-67 Strut Rods - Poly - Adjustable - pr **\$112⁹⁹**

TOURING SUSPENSION KIT

This specially designed package improves both ride and handling. Balanced anti-sway bars assure flat, neutral steering. New springs restore ride height and lifetime gas shocks smooth and control your Corvette. Upgrade the 9-Leaf Steel Spring in the standard touring kit to a 330# Composite Monospring for only \$100 more!

Touring Suspension Kit includes:

- 1.125" Front Anti-Sway Bar Kit
- KYB GR-2® Shocks
- .750" Rear Anti-Sway Bar Kit
- 9-Leaf Steel Spring
- 460 lb./in Powder Coated Coil Springs
- Leaf Spring Hardware Kit

40605 63-67 Susp. Kit - Touring **\$849⁹⁹**

40606 63-67 Susp. Kit - Touring w/ Monospring **\$949⁹⁹**

Upgrading your suspension is a sound investment that yields immediate performance benefits!

Our Suspension Kits reward you with superior ride and handling from premium quality components. Once you've experienced the smooth performance you'll wonder how you ever got along without it!

Note: All Suspension Kits contain oversized packages and require additional freight charges. Please ask your sales representative for details.

PERFORMANCE SUSPENSION KIT

Designed for more aggressive driving, this package is a step above the famous F-41 option. Monospring rides better than a steel spring, gas shocks dampen better and adjustable strut rods lock down the rear end. Performance Suspension Kit includes:

- 1.125" Front Anti-Sway Bar Kit
- Bilstein® Shocks
- 355 lb. Composite Monospring
- .750" Rear Anti-Sway Bar Kit
- Poly Adjustable Strut Rods
- 550 lb. Powder Coated Coil Springs
- Monospring Hardware Kit

40607 63-67 Suspension Kit - Performance **\$1309⁹⁹**

COILOVER SYSTEM W/ REBOUND ADJUSTABLE SHOCKS

The RideTech CoilOver System for your Corvette includes everything you need to make your vintage classic handle like a new

Corvette. The package contains front upper and lower control arms, tall spindles, billet steering arms, inner & outer tie rods, front MuscleBar, rear trailing arms and 4 HQ Series CoilOvers for every corner of your vehicle. The benefit of buying a complete suspension system is that RideTech has removed the guesswork by collecting data to determine the perfect spring rates and components to improve your vehicle's performance and ride quality. Requires part #22377 Stock or part #22376 Upgrade Brake Kit.

52490 63-67 CoilOver System - Front & Rear w/ Rebound Adjustable Shocks **\$7011⁹⁹**

Front Coilover Kit

These kits are assembled to order, and are tailored to your engine size and chassis options for greatly improved handling. Other spring, shock, and bushing options are available for track enthusiasts; as well as complete rear arm assemblies with bearings and rotors pre-installed. Call with your specific needs and let us build a kit custom tailored for you!"

Rear Coilover Kit

COILOVER SUSPENSION CONVERSION KITS

Coilover Suspension Kits make it possible to gain all the advantages of a coil over suspension and fine-tune your ride with much more control and versatility. With the turn of a knob you can make your suspension stiffer and more responsive for track days, or more plush and comfortable for daily driving conditions. Personalize your settings to strike your own custom balance of comfort and handling.

ADVANTAGES OF A COILOVER SETUP:

- Easier suspension adjustments
- Makes all four corners truly independent
- Maintains a consistent spring rate regardless of suspension travel or deflection
- High-quality shocks are rebuildable and revalve-able
- Shocks are more rigidly mounted for better performance & durability.

Detroit Speed Suspension Kits

Detroit Speed's Independent Coilover Suspension Kits give you the control to set up your 1963-1982 Corvette with superior handling, improved ride quality, precision steering, greater adjustability and faster spring changes. Kits are available with Non-Adjustable, Single-Adjustable or Two-Way-Adjustable Shock Absorbers.

Detroit Speed SpeedRay Front Suspension Kits

The system features 'Detroit Tuned' quick ratio power rack and pinion steering along with forged in the USA DSE aluminum uprights. The bolt-on powder-coated cradle assembly improves suspension geometry, provides rigid mounting for the rack and pinion, and includes integrated tie down eyelets. DSE/JRi 'Detroit Tuned' Coilover shocks/springs allow for spring rate tuning and ride height adjustment. It also includes a splined anti-roll bar with aluminum arms, composite bushings, powder coated tubular upper and lower control arms with Delrin bushings, forged offset upper control arm mounting brackets with caster tuner bushings to optimize suspension geometry and provide clearance for Gen V LT4 engines. The kit also includes Torrington bearings and a spanner tool for easy spring height adjustments. The body and engine do not need to be removed for installation of the SpeedRay™ front suspension. Available as a bolt-in kit.

SpeedRay Features:

- TIG-welded tubular upper & lower control arms
- Detroit Speed/JRi aluminum body coilover shocks with "Detroit Tuned" valving - Detroit Speed / JRi Shock upgrades available.
- Coilover Springs
- "Detroit Tuned" power rack & pinion steering
- Integrated splined sway bar with composite bushings
- Forged control arm cross shafts with caster tuner bushing
- Forged aluminum Detroit speed spindles
- Made in the USA

Detroit Speed Suspension Kits

Detroit Speed's Independent Coilover Suspension Kits give you the control to set up your 1963-1982 Corvette with superior handling, improved ride quality, precision steering, greater adjustability and faster spring changes. Kits are available with Non-Adjustable, Single-Adjustable or Two-Way-Adjustable Shock Absorbers.

Detroit Speed DECALink™ Rear Suspension Kits

The DECALink™ Independent Rear Suspension features an exclusive DSE suspension geometry for superior handling and ride quality. The IRS utilizes modern CV axle shafts and hub bearings, keeping suspension loads from being transmitted through the axle shafts. The DECALink™ IRS works with an original 17-spline differential assembly with upgrades to 30-spline or a Hammerhead 12-bolt differential. Note: Minimal welding is required.

DECALink Features:

- Detroit Speed aluminum uprights forged in the USA
- Detroit Speed/JRi "Detroit Tuned" coilover shocks - (upgrades available)
- Coilover springs
- Rear Sway Bar
- Torrington bearings

SELECTA SPEED WIPER MOTOR KIT

A downpour of rain will no longer hinder your ability to clearly see the road. This kit provides you with the performance and convenience of a late model wiper system in a package that easily and cleanly mounts in your car. The wiper kit contains a low profile, seven-speed wiper motor with 5 delays, low speed & high speed, rotary switch, adapter plate, and wiring harness. The CNC aluminum adapter plate mounts the wiper motor to the stock firewall bolt pattern and requires no permanent modifications to the vehicle. The supplied wiring harness uses the factory wiper grommet opening and requires no cutting of the factory harness. This allows owners the option to return their classic Corvette back to its original configuration, leaving no holes or spliced wires behind.

52393 63-67 Selecta Speed Wiper Motor Kit **\$575⁹⁹**

1963-67 WINDSHIELD WIPERS & WASHER

SELECTA SPEED WASHER PUMP KIT

This Windshield Washer Pump Kit is designed to be used with the Selecta Speed Wiper Motor Kit. This replaces the OEM washer pump. This kit has a push button function on the wiper switch. This kit also has a power and ground wire in the wiring harness to install the Washer Pump Kit.

52394 63-67 Selecta Speed Washer Pump Kit **\$49⁹⁹**

WIRING HARNESS SYSTEM - RESTOMOD

Designed with the foresight, engineering, and flexibility to bring your electrical system up to date. Choose the routing of the wiring to fit your needs and accommodate all of the most popular custom/ aftermarket and reproduction/original accessories available. Includes many of the vehicle's basic electrical devices and detailed instructions. Note: System is for restomod vehicles, will not support points ignition, ammeters, or stock alternator/generator.

ADVANCED DRIVER ASSISTANCE SYSTEM - ADAS+

As new cars hit the roads with advanced safety features, drivers of older cars may wish they had access to the same vehicle technology being offered... and now they can! The ADAS + Advanced Driver Assistance System is a forward crash and lane departure warning system with the added benefit of a built-in digital video recorder (DVR). Benefits: NEW! Automatic Calibration, Forward Collision Avoidance, Lane Departure Warning, Pedestrian Detection, Forward Car Departure Alert, Motorcycle Collision Alert, Safe Distance Alert, Virtual Bumper and Video & Event Recording.

UNIVERSAL CMOS CAMERAS

#57064 — This low-cost aftermarket Complementary Metal Oxide Semiconductor - CMOS - camera is ideal if you're looking to save some money and for a non-OEM solution. It utilizes a unique multi-mount mounting system that allows for horizontal or vertical camera mounting. The image can be flipped during installation to accommodate both mounting positions. This camera features parking gridlines and as an added bonus. These parking lines can be turned off during installation.

#57065 — This low-cost aftermarket CMOS camera is ideal if you're looking to save some money and for a non-OEM solution. It utilizes a unique snap-in mounting system that requires minimal surface area to attach the camera. This camera features parking gridlines and as an added bonus, these parking lines can be turned off during installation. The camera also features image reversing for forward mounting applications that can be turned on during installation as well.

#57066 — This low-cost aftermarket CMOS camera is ideal if you're looking to save some money and need a reliable camera. It features two unique mounting options; it can be installed behind the license plate or on a flat vehicle surface with minimal surface area requirements. This camera provides superior night vision thanks to the infrared lights on both sides of the camera. This camera features parking gridlines and as an added bonus, these lines can be turned off during installation. When using parking lines, it is recommended to mount the camera on the centerline of the vehicle.

w/ Infrared Light..... **\$99⁹⁹**

UNIVERSAL SNAP-IN ADJUSTABLE BULLET CAMERA

This camera is perfect for mounting on flat surfaces where traditional license plate or lip mount cameras would not work. A small hole is all you need to mount this camera onto the vehicle. A fully adjustable camera head allows the driver to swivel the camera into a position that provides the optimum view for their particular vehicle. This camera features parking gridlines and as an added bonus, these parking lines can be turned off during installation. The camera also features image reversing for forward mounting applications that can be turned on during installation as well.

LCD DISPLAY MIRRORS

#57072 — This rear view mirror provides the driver with a view from the installed backup camera with its crystal clear 4.3" embedded LCD screen. When you put your vehicle into reverse, the display will automatically turn on. When not in reverse, the screen completely disappears letting you utilize the mirror portion.

#57074 — You probably haven't seen an LCD Display Mirror like this before. This mirror is capable of displaying either a single camera feed on its bright 7.3" LCD screen, or

dual camera views in split screen mode on two 3.6" side-by-side screens. Either way, you get a new super-large image capability not seen in a rear view mirror before, or the versatility of two display screens side-by-side. Featuring 3 camera inputs, this mirror allows

you to connect not just a reverse-triggered back up camera, but two additional video inputs as well. You can manually activate the additional cameras with the flip of a switch (not included) or by using one of our innovative Curb Alert Park View PRO sensor systems.

RADAR BLIND SPOT SYSTEM

This is the one retrofit Radar Blind Spot monitoring and detection system that works like an original equipment-based system. It works closer to the systems found on new vehicles than any other system available. Newly updated and improved from our original system, Brandmotion's radar-based system works with any vehicle with plastic fascias (all bumpers except metal pickup truck bumpers) and offers the only system based on automaker-validated original equipment components, resulting in true OEM-like fit, finish and performance. Brandmotion offers the first aftermarket solution to include cross traffic detection as well as the first system to eliminate 95% of false triggers common in other systems. The system uses CAN data to accurately obtain vehicle speed and is compatible with all vehicle makes and models 2005-current. Includes all necessary mounting hardware including under rear fascia sensor mounting brackets.

PARKING SYSTEM - SWITCHABLE TO FRONT OR REAR

Avoid common backup accidents!

Brandmotion's Switchable Front or Rear Parking System can be installed on any vehicle - car, SUV

or truck. Distance readout is shown on LED display that can be installed conveniently on the vehicle dash, or inverted for headliner or rear vehicle mounting. An audible tone increases in frequency as objects are approached. Sensors mount into the front or rear bumper with integrated rubber isolators to improve performance on steel bumpers. Special angle mounts allow sensors to work on all vehicles types. Sensors have adjustable sensitivity to avoid false triggers due to tow hitches or spare tire carriers. Sensors come in black and can be easily painted.

57042 53-67 Switchable - Front or Rear - 4 Sensor Parking System **\$139⁹⁹**

FREEDOMCHARGE MAX UNIVERSAL QI WIRELESS CHARGING KIT

FreedomCharge MAX makes charging your phone even easier:

The updated triple coil allows for charging through thick cases including OtterBox®.

FreedomCharge MAX uses the wireless charging standard, Qi, to keep your phone charged without the hassle of plugging it in. This is a universal vehicle installation kit that can be cut to fit

most any vehicle phone storage tray area. The system works by using inductive charging technology to allow your smartphone to charge without connecting a charger. No longer will you have to search for your charger and orient it the correct way just to plug in your phone. Add a new level of convenience to your car and keep your eyes on the road instead of fumbling with a tangled mess of cords.

57062 53-67 FreedomCharge Max Universal Charging Kit **\$164⁹⁹**

57063 53-67 FreedomCharge Power Point T-Harness - for hardwiring to a vehicle's 12 volt power supply **\$38⁹⁹**

UNIVERSAL CENTER ARMREST WIRELESS CHARGING

Seamlessly integrate wireless charging into your vehicle's armrest. Allows phone to be visible and accessible (not intended for use while driving). This kit will fit 90% of vehicles armrests, be sure to check armrest dimensions to make sure it is compatible with product (4.8" x 7.95" x .737"). FreedomCharge uses the wireless charging standard, Qi, to keep your phone charged without the hassle of plugging it in. This is a universal vehicle installation kit that can be cut to fit most any vehicle phone storage tray. The plastic substrate and rubberized phone mat can be cut using household tools - scissors and a utility knife. The system works by using inductive charging technology to allow your smartphone to charge without connecting a charger. No longer will you have to search for your charger and orient it the correct way just to plug in your phone. Add a new level of convenience to your car and keep your eyes on the road instead of fumbling with a tangled mess of cords.

POLICIES

Terms and Conditions: Goods and/or services sold by our company, hereinafter referred to as "Seller", to customer, hereinafter referred to as "Buyer", are expressly subject to these terms and conditions set forth below. Any proposal for different or additional terms and conditions contained in any prior oral or written communication, including, without limitation, are hereby objected to and rejected, but such proposal shall not operate as a rejection of this agreement unless such variances are in the terms of the description, quantity, price or delivery schedule of the goods and/or services but shall be deemed a material alteration thereof, and this agreement shall be deemed accepted by Buyer without said additional or different terms. Buyer's acceptance of shipment or performance and/or payment for the goods or services constitutes acceptance of Seller's terms and conditions. The Seller may, from time to time, change or supplement these terms and conditions.

Payment: We Accept Credit & Debit Cards, Checks and Money Orders. Payment must be received in full prior to shipment.

Prices Subject to Change: All prices and/or discounts are subject to change without prior notice. All prices quoted by Seller will be in effect for a period of thirty (30) days from the date of the written quotation unless otherwise stated. While every effort is made to ensure accuracy, Seller is not responsible for errors or omissions or unforeseen price adjustments in distributed catalogs or our website. Note: Some non-discount, limited discount or pre-discounted items may be excluded from certain promotional pricing and cannot be combined with other offers.

Limited Warranty: Seller makes every effort to list the warranty for each product on the product webpage. Unless otherwise specified, all products are warranted to be free of defects in workmanship and materials under normal use for a period of 30 days from the invoice date.

Limitation of Liability: Seller's liability on any claim for loss or damage arising out of this contract or from the performance or breach thereof or connected with any goods or services supplied hereunder, or the sale, resale, operation or use of goods, whether based on contract, warranty, tort (including negligence) or other grounds shall not exceed the price allocable to such goods or services or part hereof involved in the claim regardless of cause or fault. Seller shall not under any circumstances be liable for any labor charges without its prior written consent. In no event shall Seller be liable for any incidental or consequential damage, including but not limited to, loss of profits or revenue, loss of use of products or associated product, cost of capital, cost of substitute products, facilities or services, downtime costs, or claims of customers of Buyer for such damage.

Shipping Damage, Lost or Missing Merchandise:

Unless otherwise noted, all sales of goods are made F.O.B. point of shipment and, in all cases, title and risk of loss or damage shall pass upon Buyer with delivery to the carrier at point of shipment. Seller reserves the right of carrier selection. Delivery dates given in advance of actual shipment of goods or performance of services are estimates and shall not be deemed to represent fixed or guaranteed delivery dates. Buyer is required to examine all shipments upon arrival to ascertain condition. If any shortages or damages occurred in transit, please contact Seller within 5 days of receipt for instructions on how to proceed. Failing to do this could jeopardize the refund or replacement of the damaged or missing items. Please save the original box and packaging materials for inspection by the carrier. Damage/loss claims cannot be filed after 15 days from the date of receipt of the package. Items shipped via truck must be opened and inspected while the driver is still on the premises, and damage noted if there is any.

Refused Shipments: If a shipment is refused, customer will be charged for

shipping and handling plus a restocking charge of 15% of the product value.

Returns: You may return products other than Special Orders, if returned in unused, original condition in original packaging. There is no need to call for authorization. Complete the Return Form enclosed with your shipment and send the package back to us. It is recommended that you insure the package and retain your receipt of shipment. No COD returns will be accepted. Qualified returns will be refunded in the same method they were paid (i.e. credit card refund or refund check). There will be a full refund on returns up to 30 days from invoice date. Qualified returns older than 30 days but less than 90 days, will be assessed a 25% restocking fee. Special orders, custom products, electrical products, tools, books, videos, CD's/DVD's, exhaust products after installation, returns of partial sets/kits or returns more than 90 days old will not be accepted. Any unauthorized returns will be mailed back to customer at customer's expense.

Core Return Policy: Our rebuilders are not able to accept core returns on items once they have been modified in any manner. In order to receive full core credit, core returned must be from a vehicle that is the same year, application and options as the item ordered. Core must be complete, in rebuildable condition and drained of all fluids to receive full credit. Cores are to be shipped to Seller pre-paid by the customer. Core verification takes approximately 3-4 weeks. If you have any questions, please contact our Customer Service Department prior to returning.

Force Majeure: Seller shall not be liable for failure to deliver or for delay in delivery or performance due to (i) a cause beyond its reasonable control, (ii) an act of God, act or omission of Buyer, act of civil or military authority, governmental priority or other allocation or control, fire strike or other labor difficulty, riot or other civil disturbance, insolvency or other inability to perform by the manufacturer, delay in transportation, or (iii) any other commercial impracticability. If such a delay occurs, delivery or performance

shall be extended for a period equal to the time lost by reason of delay.

Indemnification: Buyer hereby (1) waives, releases and discharges any and all claims with the exception of claims for breach of this sales contract of every kind, including, but not limited, to injury or death of any person or damage to property, which it may have at any time against Seller, its agents or employees, by reason of or arising out of any condition of or defect in the goods and (2) covenants to indemnify and hold harmless Seller, its agents and employees from and against any and all loss, damage, expense, claims, suits, costs of defense, including attorney's fees which Seller or any of its agents or employees may sustain or incur at any time for or by reason of any injury to

or death of any person or persons or damage to any property arising out of any condition of or defect in the goods or any claimed inadequate or insufficient safeguards of safety devices or warnings.

Governing Law: This Agreement shall be governed by and construed according to the laws of the State of Pennsylvania.

Entire Agreement: This Agreement sets forth the entire agreement and understanding of the parties relating to the subject matter herein and supersedes any prior discussions or agreements between them. No modification of or amendment to this Agreement, nor any waiver of any rights under this Agreement, shall be effective unless in writing, duly executed by both parties.

Severability: If any provision of this Agreement is held to be invalid by a court of competent jurisdiction, then the remaining provisions shall nevertheless remain in full force and effect.

Assignment: Buyer shall not assign or delegate any or all of its duties or rights hereunder without Seller's prior written consent. Any assignment or delegation made without Seller's consent shall be null and void.

Headings: Headings used in this Agreement are provided for convenience only and shall not be used to construe meaning or intent.

About California Proposition 65

California's Proposition 65 entitles California consumers to special warnings for products that contain chemicals known to the state of California to cause cancer

and birth defects or other reproductive harm if those products expose consumers to such chemicals above certain threshold levels. We care about our customers' safety and hope that the information below helps with your buying decisions.

We are providing the following warning for products linked to this page:

WARNING: This product contains chemicals known to the State of California to cause cancer and birth defects or other reproductive harm.

Motor Vehicles

California requires the following notice:

WARNING: Motor vehicles contain fuel, oils and fluids, battery posts, terminals and related accessories which contain lead and

lead compounds and other chemicals known to the State of California to cause cancer, birth defects and other reproductive harm. These chemicals are found in vehicles, vehicle parts and accessories, both new and as replacements. When being serviced, these vehicles generate used oil, waste fluids, grease, fumes and particulates, all known to the State of California to cause cancer, birth defects, and reproductive harm.

Tools

California requires the following notice:

WARNING: Some dust and particles created by power and hand tools from cutting, sanding, sawing, grinding, drilling and other activities contains chemicals known to the State of California to cause cancer and birth defects or other reproductive harm.

Your risk from exposure to these chemicals varies, depending on how often you do this type of work. To reduce your exposure, work in a well-ventilated area and with approved safety equipment, such as dust masks that are specially designed to filter out microscopic particles.
