Selling & Ordering Glossary of Terms

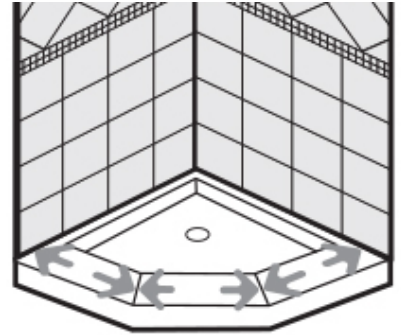

Accurate Measurement - Measure your shower door opening width at the bottom, middle, and top.

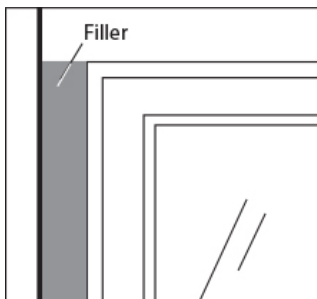

Buttress - A panel that is elevated off of the curb, sometimes called Knee Wall.

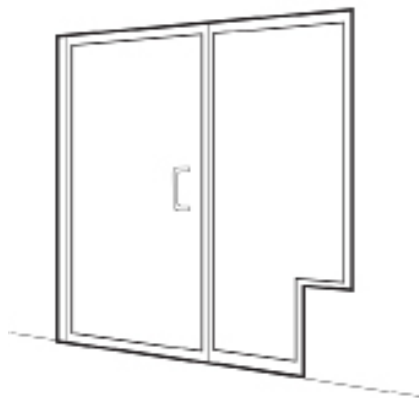

Centerline - An imaginary line used as the center point of the shower enclosure. Often times the center of the curb.

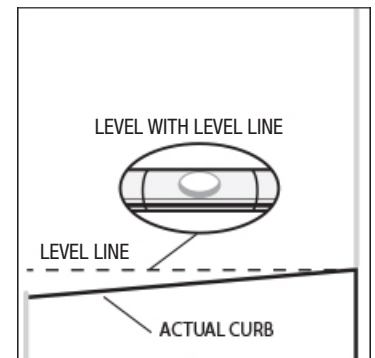

Filler - Additional material which matches enclosure lineals that is used to fill gaps or uneven openings. Fillers may be tapered if required to fill out-of-square or out-of-plumb conditions.

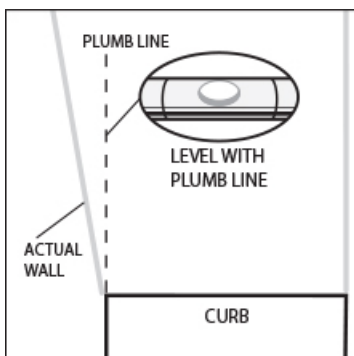

Notch - Cutout(s) or section(s) removed from a panel.

Out-of-Level - Non-level, horizontal curb, ceiling and or buttress wall condition.

Out-of-Plumb - Non-level, vertical wall condition.

Perfect Overlap - The condition in which a Bypass Slider is sized to have ideal panel sizes to minimize panel overlap and maximize the walk through opening.

Showerhead Position - Determine showerhead position as if looking at the shower from the outside.

Build the Model Number

When placing an order for a Basco shower enclosure, the following items are required:

- Model
- Glass Type
- Finish Option
- Width Designator
 - ◊ Range based units designated as "Fits Openings Between"
 - ◊ Exact width units labeled as "Specify Width Between"
- Finished Height
- Any Additional Optional Features

A drawing may be necessary to properly communicate the exact measurements, layout and configuration of the units required.

Protect the Investment

AquaGlideXP *Clean that lasts*

Available in any glass option, AquaGlideXP is a revolutionary ultra-protective coating that bonds to the glass and keeps it in pristine condition backed by a 10-year warranty when factory applied.

- Low maintenance - requires less cleaning than untreated glass.
- Effective water repellant at an affordable price.
- Minimizes mildew, soap scum and hard water build up.
- Can be applied to any glass thickness or style.
- Recommended periodic squeegee use and Basco's Maintain cleaner for best results.

To ensure long-lasting beauty & warranty protection, Basco strongly recommends the AquaGlideXP Maintenance Wash.

Guardian ShowerGuard

Guardian ShowerGuard is an engineered clear glass that permanently protects and shields water.

- No maintenance - requires no special cleaners or added treatments.
- Premium water shield built into the glass.
- Permanent sealant insures long lasting beauty of glass surface.
- Available in Infinity & Rotolo 1/4" glass models only and cannot be added to other glass options.
- Recommended periodic cleaning for best results.

- **AquaGlideXP Glass Protection** - add \$158 for any Infinity or Classic Single Swing enclosure. For Clear glass, replace code "CL" with "XP" (eg. 1422XPOR). For all other glass options, please note when ordering to add AquaGlideXP.
- **Custom Size** - See Custom Size/Height column for model number & price and specify desired width and height. 1422 max. height is 84" (Autumn, Fluted, Rain, Tempest & Vessence glass options have maximum height of 80").
- **Extra Panel** - add \$105 ea.
- **Optional Curb (SCX915)** - add \$71 ea. Adds 7/16" to the height. For applications requiring a higher threshold to accommodate fiberglass or acrylic modulares with radius corners or for out of level conditions, prefix the unit number with the letter (R). For example - R1422FGOR.
- **Fillers** - For best performance, Basco recommends the opening be square and plumb. If the opening curb or walls are out of level beyond 3/8", purchase tapered fillers for proper fit. Specify taper size when ordering and add \$30 for taper.
- **Add \$81/ea:** Curb Filler (SCX878SV), **Add \$45/ea:** 1/2" Wall Filler (SCX553SV), **Add \$71/ea:** 1" Wall Filler (SCX590SV). Chrome prices shown. See pg. 47 for a complete list of filler finish options and pricing.
