

the LUX SERIES

Introducing the new LUX Handle

The LUX SERIES

The new LUX SERIES marries our custom heavy glass shower enclosures with a stylish and distinctive 8-inch pull handle to take your shower door to the next level.

The focus of this series lays on the modern simplicity and elegance of its rounded pull handle with mitered corners. The handle is made from plated brass to create a LUXurious feel while offering sturdy and wear-resistant hardware to last!

*LUX French Doors without header (LUXN-922)
featuring Clear (CL) frameless glass with Chrome (SV) finish.*

BECAUSE THE SHOWER IS EVERYTHING

METAL FINISHES

AQUAGLIDE^{XP}
CLEAN THAT LASTS

Protect
Your Investment.

Factory-applied AquaGlideXP is an ultra-protective coating that bonds to the glass, repelling moisture and soap film.

LUX Panel/Swing Door/Panel configuration without header (LUXN-925) shown with Clear (CL) glass and Chrome (SV) finish.
