

Bridge for Billions Need-based Financial Aid Information

We believe that entrepreneurial talent is everywhere, but opportunities are not, so we're working hard to bridge that gap. For each of our cohorts, **we allocate a limited number of partially-funded financial aid offers that are exclusively need-based.**

In order to apply for financial aid you must:

- ✓ Be requesting financial aid for economic reasons
- ✓ Belong to one of our eligible categories:
 - Refugee
 - Single parent
 - No access to higher education
 - Personal annual income below 10.000 USD
- ✓ Provide **documented evidence** for your situation. Some examples of supporting documentation are:
 - bank statements
 - annual tax statement or benefits statements
 - other formal document that proves the described situation
- ✓ Understand that we do not provide a 100% fee waiver to any applicants
- ✓ Know that aid can vary depending on your country of origin, residence, and financial background.
- ✓ Understand that we might not be able to provide financial aid to all applicants, and we will prioritize those who have not had access to other opportunities.

IMPORTANT: You will be asked to provide documentary evidence demonstrating your personal circumstances. A financial aid request with no documents cannot be taken into consideration.
