

FEBRUARY

Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
31	01	Groundhog Day! Watch him emerge from his hole and research some history. Why is it a groundhog and why is that maybe not the best choice?	03	04	05	06
07	08	09	10	11	The Great Backyard Bird Count begins! Record what birds you see.	13
14	Great Backyard Bird Count ends.	16	17	Start looking into maple sugaring. When does it start in your area? If you have large sugar maple trees you could look into tapping them.	19	20
21	22	23	24	25	26	Come to the 4-H leader workshop to learn about what you can bring to fair. Also today: Seed workshop!
28	Leap day!	01	This is a good month for looking for tracks. Do you have any visitors you weren't aware of?	03	04	05
					Look at the average snowfall in your area. How does this year differ?	4-H

NATURE JOURNAL CALENDAR

Take a look at what's happening in the month of February and then come back here and record what's happening in your backyard!
