Can you hear the crickets? Can you catch one? Do you know how they sing? Why do they sing?

27 Can you hear any cicadas buzzing? My mom and I call them hot bugs, because you only hear them when it's quite hot.

When do your trees start to turn colors? In some areas it is in the last week of August. Keep an eye out!

See what's happening in the month of August. Then take notes about what's happening in your backyard here in this calendar!
