Healthy Neighborhoods Program

Working with the Albany County Department of Health and the Rensselaer County Department of Health, Cornell Cooperative Extension Albany County has launched the Healthy Neighborhoods Program. This free health and safety program is available to residents in targeted zip codes in Albany (12202, 12206, 12208, 12209, 12210) and Rensselaer (12180, 12182, 12144) counties. Trained Healthy Neighborhoods Program educators schedule a home visit and identify environmental hazards by asking residents questions from a standardized assessment form. Residents are educated about these concerns and provided referrals and follow up resources. Free cleaning, safety, and health products are also distributed to improve the home living environment. For more information and to schedule a home visit call 518-765-3521 or register online at https://pub.cce.cornell.edu/event_registration/main/events.cfm?dept=201.

Childhood Lead Poisoning Prevention Program - Free Lead Inspections

Do you or anyone in your home have asthma? Is that person on Medicaid? If you answered yes to both questions, Cornell Cooperative Extension Albany County may have a role to help you. The Asthma Project has trained educators available to identify asthma triggers in your home AND will help to facilitate simple repairs to eliminate these triggers. This is a FREE program if you qualify. If interested or if you have questions, please contact Diane at 765-3521 or by email at dfp46@cornell.edu.
