PARENTING SKILLS WORKSHOP SERIES #91

March through May 2018 - For families with children of all ages including TEENS

Parenting is hard work. There are some basic skills you can learn that will make it easier. During this eight week program you can learn five (5) skills that will help you deal more effectively with challenging parent-teen/child situations. **ENCOURAGEMENT, CAN-DO, CHOICES, SELF CONTROL AND RESPECTING FEELINGS**, will be taught by trained facilitators. Active participation and practice in class and at home are expected. Refreshments will be provided and door prizes will be given each evening. Child care will be available for children 6 months up to age 12. Youth 13 and older will meet with a separate facilitator for small group discussion. A limited number of gas vouchers are available; however, you must check the box on the back of this form by the deadline date to be eligible. Gas vouchers are available on a first come basis. Please indicate bus tokens/child care needs on the registration form.
