Liberty, NY

ID and Management for Homeowners and Municipalities

Invasive species cause economic and environmental damage and can harm human health. Learn how to identify hemlock woolly adelgid, emerald ash borer, Asian longhorned beetle, Southern pine beetle, and oak wilt in your area.

Payment is required in advance. Sorry, no refunds.
Call **845-292-6180** • E-mail **sullivan@cornell.edu** • Visit **sullivancce.org**
*Anyone can enroll in CCEESC for an annual contribution of \$25 per household.

Invasive Species | CCEESC | April 20, 2018 | Noon
Please submit payment and registration to 64 Ferndale-Loomis Rd., Liberty, NY 12754
