

2018 CCEDC MASTER GARDENER PLANT SALE

Note: Quantities limited, no guarantee of availability. All plants require full sun unless otherwise noted under "Comments."

2018 Annuals

Botanical Name (Genus and species)	Variety and/or Cultivar	Common Name	Flower Color	Height	Comments
<i>Agastache aurantiaca</i>	'Tango'	Hummingbird Mint	red-orange	12-18"	Brilliant, fiery orange, tubular flowers; compact spikes above mint scented, grey-green foliage; blooms throughout the summer and into the fall; tolerates heat and humidity; extremely useful in containers or tubs, or integrated into the perennial border; requires good drainage; flowers are edible, use in salads or as a garnish; hardy to zone 6; drought tolerant; attracts butterflies and hummingbirds; rabbit and deer resistant.
<i>Angelonia angustifolia</i>	'Angelface® Blue'	Summer Snapdragon	purple-blue	18-24"	Tall spikes; upright well-branched habit; rarely needs staking; blooms summer to frost; beds, containers, borders; no deadheading needed; great long lasting cut flowers; slightly grape-scented leaves; heat and drought tolerant; deer resistant; native to North America.
<i>Angelonia angustifolia</i>	'Angelface® Perfectly Pink'	Summer Snapdragon	pink	18-30"	Blooms all season, no deadheading necessary; grape-scented foliage; great thriller for containers; heat tolerant; drought tolerant; deer resistant.
<i>Antirrhinum majus</i>	'Night and Day'	Snapdragon	deep scarlet and white	18"	One of the most striking Snapdragons we have ever seen, Night and Day is a bold study in contrast; the deep scarlet blooms shade almost into black; spread 12"; blooms June-September; long lasting cut flower and garden plant; well-drained soil; full sun to light shade; attracts butterflies; deer resistant.
<i>Argyranthemum frutescens</i>	'Golden Butterfly™'	Marguerite Daisy	golden yellow	18-36"	Golden yellow version of Butterfly Marguerite Daisy; large flowers cover the plant all summer, no deadheading necessary; continuous bloomer; fall interest; heat tolerant; if nights stay in high 70s, trim flowers to induce more branching and fresh growth so plants will be ready when night temperatures drop and bloom begins again; fertilize regularly when used in containers.
<i>Asclepias curassavica</i>	'Red Milkweed'	Butterfly Weed	dark red - orange	3-4 feet	3" flower clusters, blooms spring to fall; upright growth habit; beds, borders; milky sap is poisonous if ingested and can be toxic to human skin; full sun to part shade; drought tolerant; attracts butterflies and hummingbirds; deer resistant.
<i>Asclepias curassavica</i>	'Yellow Milkweed'	Butterfly Weed	yellow	3-4 feet	3" flower clusters, blooms spring to fall; upright growth habit; beds, borders; milky sap is poisonous if ingested and can be toxic to human skin; full sun to part shade; drought tolerant; attracts butterflies and hummingbirds; deer resistant.

Botanical Name (Genus and species)	Variety and/or Cultivar	Common Name	Flower Color	Height	Comments
<i>Begonia benariensis</i>	'Surefire® Red'	Begonia	red	12-24"	Big color and big performance; deep green foliage with striking red flowers; vigorous habit; best performance occurs in sun-dappled part shade; space 12-18"; blooms planting to frost; upright habit; showy flowers; waxy green leaves; use in landscapes or as filler in containers; needs good drainage; deadheading not necessary; sun or shade; heat tolerant.
<i>Begonia benariensis</i>	'Surefire® Rose'	Begonia	pink	12-24"	Big color and big performance; bronze foliage with striking pink flowers; vigorous habit; best performance in sun-dappled part shade; spacing 10-12"; blooms planting to frost; upright habit; showy flowers; waxy green leaves; use in landscapes or as filler in containers; needs good drainage; deadheading not necessary; sun or shade; heat tolerant.
<i>Begonia boliviensis</i>	'Bossa Nova® Orange'	Begonia	orange	12-16"	Colorful, continuous blooming flowers; deadheading not necessary; trailing habit, spiller in containers; part shade to shade ; drought tolerant.
<i>Begonia boliviensis</i>	'Bossa Nova® Pure White'	Begonia	white	12-16"	Colorful, continuous blooming flowers; deadheading not necessary; trailing habit, spiller in containers; part shade to shade ; drought tolerant.
<i>Bidens ferulifolia</i>	'Goldilocks Rocks®'	Bidens	golden yellow	12-14"	Continuous, long blooming, planting to hard frost; heat tolerant; deadheading not necessary; voted most likely to thrive; mounding, trailing habit; use in hanging baskets, containers and gardens; drought tolerant.
<i>Calibrachoa</i> hybrid	'Superbells® Blue Moon Punch™'	Calibrachoa or Million Bells	purple with deep purple eye	6-12"	Cascading petite purple flowers cover this plant with thousands of blooms from planting to hard frost; fertilize regularly with well-balanced water soluble fertilizer; best use in hanging baskets, containers, raised beds with great drainage; deadheading not necessary, will benefit from a trim with sharp scissors when plant starts to look too open; heat tolerant; fall interest; part sun to sun; attracts hummingbirds;
<i>Calibrachoa</i> hybrid	'Superbells® Double Ruby'	Double Calibrachoa or Million Bells	red	6-12"	Cascading small double red flowers cover this plant with thousands of blooms from planting to hard frost; fertilize regularly with well-balanced water soluble fertilizer; best use in hanging baskets, containers, raised beds with great drainage; deadheading not necessary, will benefit from a trim with sharp scissors when plant starts to look too open; heat tolerant; fall interest; part sun to sun; attracts hummingbirds;
<i>Calibrachoa</i> hybrid	'Superbells® Tropical Sunrise'	Calibrachoa	pink/red/yellow	6-12"	A kaleidoscope of color from planting to hard frost; great for hanging baskets, window boxes or upright containers; trails up to 18"; needs good drainage; prune with scissors periodically to keep full and promote continuous blooms; sun to part sun; attracts hummingbirds.
<i>Calibrachoa</i> hybrid	'Superbells® Yellow Chiffon'	Calibrachoa or Million Bells	white with yellow throat	6-10"	Covered with hundreds of flowers all summer; mounding, trailing habit; mixes well with other plants; great container plant; space 8-10"; requires adequate fertilizer; needs well drained soil; trim back to encourage branching; low maintenance; disease resistant; sun to part sun; heat tolerant; attracts hummingbirds.

Botanical Name (Genus and species)	Variety and/or Cultivar	Common Name	Flower Color	Height	Comments
<i>Calendula</i> hybrid	'Lady Godiva™ Orange'	English Marigold	orange	10-16"	Large, fully double flowers means less seed set and fewer seedlings; continuous bloom from planting to hard frost, deadheading not necessary; heat tolerant; attracts butterflies; deer resistant.
<i>Canna</i> x <i>generalis</i>	'Lou's Red'	Canna	red	4-5 feet	Tropical foliage; back of border; rhizomes must be dug in fall; full sun; attracts hummingbirds.
<i>Canna</i> x <i>generalis</i>	'Wyoming'	Canna	orange	5-7 feet	Tropical foliage; back of border; rhizomes must be dug in fall; full sun; attracts hummingbirds.
<i>Capsicum annuum</i>	'Black Pearl'	Ornamental Pepper	purple	14-18"	Black-leaved ornamental pepper; bright purple flowers change into black pearl-like peppers which mature to a bright red; upright habit; peppers are edible, however, peppers are hot and NOT recommended for eating; deadheading not necessary; heat tolerant; sun to part shade.
<i>Carex flagellifera</i>	'Graceful Grasses® Toffee Twist'	Toffee Twist Sedge	n/a	18-24"	Fine textured grass; iridescent bronze leaves offer an elegant sweeping, trailing habit; great in combinations, borders or containers; fall, foliage interest; sun to part sun; deer resistant.
<i>Celosia argentea plumosa</i>	'China Town'	Plumed Cockscomb	red	14-16"	Brilliant red blooms on matching red stems atop dark, deep purple leaves are so neon-bright they look freshly painted; early summer into autumn on plants that are quite easy to grow; when the buds begin to set, many things happen at once: the green vanishes in favor of a rich smoldering purple hue, the flowering stems turn red, and the buds burst into brilliant Chinese-lacquer red; spread 8"; any well-drained soil; heat tolerant.
<i>Cuphea</i> hybrid	'Vermillionaire®'	Large Firecracker Plant	orange	18-28"	Brilliant small tubular flowers edged with yellow and red bloom continuously on a tidy mound of dark green foliage; great for garden beds or large containers; deadheading not necessary; best in full sun; heat and drought tolerant; attracts butterflies and hummingbirds.
<i>Dichondra argentea</i>	'Silver Falls'	Silver Ponysfoot	greenish-yellow to white (inconspicuous)	2-3"	Tiny 1/2 inch stems and leaves are soft silver; trailing habit; can cascade 3-5 feet; full sun to light shade; drought tolerant.
<i>Eucomis</i> hybrid	'Leia'	Aloha Lily, Pineapple Lily	dark pink	10-15"	Spectacular pineapple-shaped spikes hosting hundreds of small pink florets bloom late summer above a basal rosette of bright green, flat foliage with wavy edges; flowers have slight fragrance of coconut; use in borders or containers; prefers moist well-drained soil; bulbs must be dug in fall; sun to part shade; drought tolerant once established.
<i>Euphorbia graminea</i>	'Diamond Frost®'	Euphorbia	white	12-18"	Full to part sun; mounded habit; beds, containers; clouds of airy flowers spring to frost; deadheading not necessary; heat and drought tolerant; deer resistant.
<i>Heliotropium arborescens</i>	'Marine'	Heliotrope	deep purple	15-20"	Large clusters of vanilla-scented flowers; compact, upright form; prefers moist, well-drained soil; use as focal point in containers or garden; sun to part sun; attracts butterflies and hummingbirds.
<i>Impatiens hawkeri</i>	'Infinity® Orange Frost'	New Guinea Impatiens	light orange	10-14"	Dark green to purple foliage; vigorous, mounded, upright plants with large flowers planting to frost; great flowering color for shaded areas; space 6-8"; easier to keep hydrated in large pots or in the ground; low maintenance, self-cleaning, deadheading not necessary; not susceptible to impatiens downy mildew; part shade to shade.

Botanical Name (Genus and species)	Variety and/or Cultivar	Common Name	Flower Color	Height	Comments
<i>Impatiens hawkeri</i>	'Ruffles™ Lavender'	New Guinea Impatiens	lavender	10-14"	Continuous soft ruffled blooms planting to frost; not susceptible to downy mildew; no deadheading required; great for containers or landscape; fine in hot sun as long as they are well watered; shade to part shade .
<i>Impatiens x hybrida</i>	'SunPatiens® Compact Red'	Impatiens	red	24-36"	Large 2-3" flowers on bushy well-branched plants; spring to frost; containers, borders; space 12-24"; downy mildew resistant; full sun to part shade; heat tolerant.
<i>Impatiens x hybrida</i>	'SunPatiens® Compact White'	Impatiens	white	18-24"	Large 2-3" flowers on bushy well-branched plants; spring to frost; containers, borders; space 12-24"; downy mildew resistant; full sun to part shade; heat tolerant.
<i>Ipomoea batatas</i>	'Sweet Caroline Bewitched Green with Envy™'	Sweet Potato Vine	n/a	10-16"	Great lime-green foliage component in combinations, trails up to 28"; deadheading not necessary; very adaptable to light, works in both sun and shade, but colors are deeper and brighter in full sun; cut back or remove stems if plant 'takes over' the container; excellent heat tolerance.
<i>Ipomoea batatas</i>	'Sweet Caroline Bewitched After Midnight™'	Sweet Potato Vine	blackish purple foliage	10-16"	Grown for its striking, vigorous foliage which trails up to 28"; deepest colors in full sun; excellent as an annual groundcover or in containers; deadheading not necessary; heat tolerant; full to part sun.
<i>Lantana camara</i>	'Bandana® Cherry Sunrise'	Lantana	pink with orange	12-26"	Large 1.5-2.5" flowers on dark-green fragrant foliage, spring to frost; mounded habit; space 12-24"; no deadheading; fruits and leaves toxic, if ingested; heat & drought tolerant; attracts bees, butterflies and hummingbirds; deer resistant.
<i>Lantana camara</i>	'Luscious® Grape'	Lantana	purple with white and yellow centers	24-30"	Containers, great massing in beds, borders; spring to frost; trails up to 36"; no deadheading; fragrant foliage; fruits and leaves toxic, if ingested; heat & drought tolerant; attracts butterflies and hummingbirds; deer resistant.
<i>Lantana camara</i>	'Luscious® Royale Cosmo'	Lantana	pink, magenta-purple with yellow-orange highlights	12-26"	Small magenta flowers in clusters all over the dark foliage from planting to hard frost; extreme heat tolerance; deadheading not necessary; leaves toxic to pets; fertilize pots regularly; deadhead if many seeds develop; trim back to shape or promote increased branching if desired; drought tolerant; attract birds, butterflies and hummingbirds.
<i>Lantana camara</i>	'Samantha'	Lantana	yellow	10-16"	Containers, great massing in beds, borders; spring to frost; mounding habit; no deadheading; fruits and leaves toxic, if ingested; heat and drought tolerant; attracts butterflies and hummingbirds; deer resistant.
<i>Lobularia hybrid</i>	'Snow Princess®'	Sweet Alyssum	white	4-8"	Trailing habit; prefers evenly moist soil; space 8-10"; deadheading not necessary; beds, containers; continuous bloom; fragrant flowers; needs good drainage; heat tolerant; full sun to part sun; attracts butterflies.
<i>Osteospermum hybrid</i>	'Lemon Symphony'	African Daisy	yellow	8-14"	Vivid yellow flowers bloom from planting to frost; trails up to 24"; great in hanging baskets; requires good drainage; deadheading not necessary; sun to part sun.
<i>Osteospermum hybrid</i>	'Soprano® Purple'	African Daisy	purple	8-14"	Daisy-like flowers all season on compact plants; good early spring and fall plant; low maintenance, deadheading not necessary; mounding habit; use in containers or landscape; full to part sun.

Botanical Name (Genus and species)	Variety and/or Cultivar	Common Name	Flower Color	Height	Comments
<i>Pelargonium citrosum</i>		Scented Geranium, Citronella Plant	lavender	12-24"	Deeply lobed, soft, finely textured leaves emit scent of citronella when rubbed or crushed; scent not proven to repel insects; great for containers or beds; deadhead and pinch to prevent legginess; prefers well-drained soil: full sun to part shade: drought tolerant.
<i>Pelargonium x hortorum</i>	'Red Happy Thought'	Fish Geranium; Horseshoe Geranium; Zonal Geranium	cherry red	10-18"	Bears clusters of bright red single flowers above velvet/fuzzy-textured foliage; cream-yellow leaf centers and bright green leaf margins; upright growth habit; water only when dried out; sun to part shade; attracts butterflies and hummingbirds; deer resistant.
<i>Pelargonium x hortorum</i>	'Vancouver Centennial'	Geranium	red	10-14"	Maroon center/chartreuse edged leaves; star-shaped, bright, scarlet orange flowers with serrated edges; beds, containers; full sun to part shade.
<i>Pelargonium x hortorum</i>	'White Splash'	Fish Geranium;	white with hot pink center	12-16"	Strong stemmed single flowers above dark green foliage; white, showy flower clusters with hot pink eye; compact growth; water only when dried out; sun to part shade; attracts butterflies and hummingbirds; deer resistant.
<i>Pelargonium x hortorum</i>	'Wilhelm Langguth'	Exotic Geranium; Zonal geranium	red	12-15"	Soft green and white variegated foliage below attractive red flowers; excellent accent in the garden, window boxes, landscape plantings; upright mature form; full to part shade; attracts butterflies and hummingbirds; deer resistant.
<i>Pennisetum glaucum</i>	'Purple Majesty'	Pearl millet	creamy-yellow to tan	3-6 feet	Wide foliage and stems turn deep purple in summer; 12" tight cylindrical creamy-yellow flowers form shiny purple-brown seeds; stunning in borders or large containers; favored by song birds; drought tolerant; attracts butterflies.
<i>Pennisetum setaceum</i>	'Graceful Grasses® Rubrum'	Purple Fountain Grass	pink	30-36"	Use as an accent in borders, containers, great in mass plantings; bronze-purple foliage and burgundy toned seed head rise about the foliage to 48"; great in containers, borders, cut and dried; tolerates black walnut; sun to part sun; heat and drought tolerant; deer resistant.
<i>Pennisetum setaceum</i>	'Rubrum' 'Graceful Grasses® Fireworks'		pink	24-30"	Annual grass; striking pink and white variegated foliage; strong upright arching habit; great in beds or containers; adds fall interest; heat tolerant; deer resistant..
<i>Pentas lanceolata</i>	'Pink Profusion'	Pentas	pink	24-36"	Strong, upright habit; beds, borders; provide good drainage; flower head 3" across; blooms spring thru fall; full sun to shade; drought tolerant; attracts butterflies and hummingbirds.
<i>Pentas lanceolata</i>	'Red'	Pentas	deep red	24-36"	Strong, upright habit; beds, borders; provide good drainage; flower head 3" across; blooms spring thru fall; full sun to shade; drought tolerant; attracts butterflies and hummingbirds.
<i>Pentas lanceolata</i>	'Starburst'	Pentas	pink w/ white edges	24-36"	Upright habit; star-like blooms summer to frost; flower heads 2-3" across; water regularly; thrives in summer; pinch the tips of the stems (just above a leaf) often to encourage a bushy plant and continued blooming; full sun to light shade; attracts hummingbirds and butterflies.
<i>Plectranthus</i>	'Nicoletta'	Plectranthus	purple	7-10"	Use in containers, beds, borders; silvery green leaf; spreading; full sun to part shade.
<i>Plectranthus amboinicus</i>	'Ochre Flame'	Plectranthus	lavender-pink	12-24"	Grown for foliage; beds, borders, containers; green/chartreuse leaves; sun to part sun.

Botanical Name (Genus and species)	Variety and/or Cultivar	Common Name	Flower Color	Height	Comments
<i>Plectranthus amboinicus</i>	'Variegatus'	Variegated Cuban Oregano	lavender-pink or white	6-12"	Grown as a culinary herb and attractive ornamental; creamy white edges on soft gray-green leaves stand out in gardens and containers; leaves have a strong, oregano-like flavor and are commonly added fresh or dried to flavor stews, poultry or red meat; full sun to partial shade; drought tolerant; attracts butterflies.
<i>Plectranthus scutellarioides</i>	Assorted Varieties - for SHADE	Coleus	assorted	varies	Syn. <i>Solenostemon scutellarioides</i> ; colorful foliage; beds, borders, containers; pinch tips for bushier plants; see our reference book for information on each variety.
<i>Plectranthus scutellarioides</i>	Assorted Varieties - for Sun, Part Sun, orShade	Coleus	assorted	varies	Syn. <i>Solenostemon scutellarioides</i> ; colorful foliage; beds, borders, containers; pinch tips for bushier plants; see our reference book for information on each variety.
<i>Portulaca grandiflora</i>	'Mojave® Tangerine'	Purslane or Moss Rose	orange	4-8"	Large 2" single-petaled blossoms with exposed stamens, spring through fall, offering a two-tone effect; low growing, trailing habit to 18" spread; containers, hanging baskets, beds; space 8-10"; heat tolerant; drought tolerant; attracts butterflies and hummingbirds.
<i>Ruellia brittoniana</i>	'Purple Showers'	Mexican Petunia	purple	36-48"	Airy branching habit; continuous bloom into fall; tolerates wet as well as normal garden soils; flowers last only 1 day, but plants often produce a non-stop succession of bloom; sun to part shade; attracts butterflies and hummingbirds.
<i>Salvia hybrid</i>	'Rockin'™ Deep Purple'	Salvia	purple with black calyx	30-40"	Continuous blooms of purple with black calyx on tough plants that last from planting to frost; deadheading not necessary; will not set seeds; trim to keep shape or size if desired, will branch out and become thicker and more full of flowers; use in containers, as ground cover, mass planting or focal point; attracts bees, butterflies and hummingbirds; deer resistant.
<i>Salvia splendens</i>	'Ablazin® Purple'	Salvia	eggplant purple	18-26"	Continuous blooms of eggplant purple with deep green foliage from planting to frost; deadheading not necessary; require full sun; use in containers, as ground cover, mass planting or focal point; attracts butterflies and hummingbirds; deer resistant.
<i>Scaevola hybrid</i>	'Whirlwind® Blue'	Fan Flower	blue-purple	8-12"	Blooms all summer; low maintenance, deadheading not necessary; plant alone or in combinations in all container types and landscapes; spreading 12-16"; heat and drought tolerant; attracts butterflies; deer resistant.
<i>Streptocarpus saxorum</i>	'Concord Blue'	Streptocarpella	blue purple	8-12"	Airy blue flowers bloom all season; adaptable as a house plant; deadheading not necessary; mounded habit; part shade to shade ; use in hanging baskets, patio containers and beds.
<i>Strobilanthes dyerianus</i>	'Persian Shield'	Persian Shield	n/a	18-36"	Features ovate-lanceolate dark green leaves (to 8" long) that are flushed with silvery-purple iridescence above and dark purple beneath; pinch stems as needed to avoid legginess and stimulate bushiness; upright habit; use as "thriller" in containers, or in landscapes and combinations; best foliage color in part shade; full sun to part shade; heat and drought tolerant.
<i>Thunbergia alata</i>	'Susie Eyed Mix'	Black-Eyed Susan Vine	white, yellow and orange with black eye	5-8 feet	VINE: Bold, flower-happy, mixed colors of blooms; train it up a trellis, festoon the mailbox or pillar, or show off against a wall or fence; space 1 foot apart; blooms are a good size, held wide open and measuring about 1¼ to 1½ inches across; does best in cool summers; moist, well-drained soil.

Botanical Name (Genus and species)	Variety and/or Cultivar	Common Name	Flower Color	Height	Comments
<i>Tithonia rotundifolia</i>	'Red Torch'	Mexican Sunflower	red-orange	5-6 feet	Bold, bright 3" blossoms on strong stems; velvety dark green foliage; blooms mid-summer to frost; great cut flowers; tolerates poor soils; heat and drought tolerant; attracts butterflies and hummingbirds; deer resistant.
<i>Tithonia rotundifolia</i>	'Yellow Torch'	Mexican Sunflower	apricot-yellow	5-6 feet	Bold, bright 3" blossoms on strong stems; velvety dark green foliage; blooms mid-summer to frost; great cut flowers; tolerates poor soils; heat and drought tolerant; attracts butterflies and hummingbirds; deer resistant.
<i>Torenia</i>	'Catalina® Midnight Blue'	Wishbone Flower	blue w/ yellow center	8-16"	Self-cleaning, no deadheading; hanging baskets, combinations, window boxes; heat and shade tolerant plants have snapdragon-like flowers all season; mounding/trailing habit; unique, yellow-throated blooms; part shade to shade ; attracts birds & hummingbirds; deer resistant.
<i>Verbena</i> hybrid	'Superbena® Royale Cherryburst'	Verbena	cherry red w/ white stripes	6-12"	Pinwheels of dazzling color bloom from planting to frost; delightful in containers; trails to 24"; amazing in landscape plantings, in borders or as mass plantings; sun to part sun; heat tolerant and mildew tolerant; drought tolerant; attracts butterflies; deer resistant.
<i>Verbena</i> hybrid	'Superbena® Royale Peachy Keen'	Verbena	peach	6-10"	Clusters of flowers all season; vigorous trailing annual ground cover; space 12-14"; low maintenance; hanging baskets, window boxes, landscaping, combinations; self-cleaning, deadheading not necessary; mildew resistant; heat and drought tolerant; attracts butterflies & hummingbirds.
<i>Verbena</i> hybrid	'Superbena® Sparkling Amethyst'	Verbena	purple and white	6-12"	Wheels of delightful purple and white petals from planting to frost; fantastic spiller in containers, front of borders and in masses; trails up to 18"; heat tolerant; mildew resistant; sun to part sun; drought tolerant; attracts butterflies; deer resistant.
<i>Zinnia elegans</i>	'Candy Mix'	Zinnia	mixed colors	30"	Pompon flower; novelty appeal with no two flowers alike; extra long-lasting double flowers; good cut flowers; attracts butterflies.
<i>Zinnia</i> hybrid	'Mazurkia'	Zinnia	deep red tipped in white	24"	3" bi-color Hidden Dragon flowers mature from single to double to pompon form; freely blooms from mid summer to late fall; upright plants spread to 12"; great in landscapes and containers; excellent cut flowers; disease resistant; heat and drought tolerant; attracts butterflies.
<i>Zinnia</i> hybrid	'Profusion Deep Apricot'	Zinnia	dark apricot	12-15"	2" daisy-like blooms surround a bold, eye-catching central cone; dense, bushy, many-flowered plant; 12-15" wide, space plants generously; remove foliage from cut flowers; disease resistant; drought tolerant; attracts butterflies.
<i>Zinnia</i> hybrid	'Profusion Double Cherry'	Zinnia	red	10-12"	1" to 2" daisy-like flowers; tough and sturdy with strong stems; good cut flowers; superb long season color; deadhead to encourage new growth; kid friendly; low maintenance; excellent cut flowers; drought tolerant; attracts butterflies.
<i>Zinnia</i> hybrid	'Profusion Double Yellow'	Zinnia	yellow	12-15"	2½- to 3-inch double blooms all summer on super-vigorous dwarf plants, 18-24" wide, space plants generously; plants are self-cleaning and disease resistant; kid friendly; low maintenance; excellent cut flowers; drought tolerant; attracts butterflies.

Botanical Name (Genus and species)	Variety and/or Cultivar	Common Name	Flower Color	Height	Comments
<i>Zinnia</i> hybrid	'Profusion Yellow'	Zinnia	yellow	12-15"	1" to 2" daisy-like flowers; tough and sturdy with strong stems; superb long season color; deadhead to encourage new growth; kid friendly; low maintenance; remove foliage from cut flowers; disease resistant; drought tolerant; attracts butterflies.
<i>Zinnia marylandica</i>	'Zahara® Sunburst'	Zinnia	dark orange tipped in yellow	12-18"	2½ non-stop blooms cover super-compact plants early summer to late summer; strong disease resistance allows close planting for spectacular beds; heat and drought tolerant; attracts butterflies.
Cornell Cooperative Extension is an employer and educator recognized for valuing AA/EEO, Protected Veterans, and Individuals with Disabilities and provides equal program and employment opportunities. The County of Dutchess partially funds Cooperative Extension programming in Dutchess County. Please contact the Cornell Cooperative Extension Dutchess County office if you have any special needs.
