

# Advanced Leaf Casting

**Tuesday, June 12, &  
Tuesday, June 19, 2018  
10:00 AM – 12:00 PM**

**2 Part  
Class**

Cornell Cooperative Extension Orange County  
18 Seward Ave., 3rd Floor, Middletown, NY 10940-1919

**Capture the artful ways of nature by  
casting leafy treasures in concrete.**

These “sculptures” preserve the graceful shapes, intricate vein patterns and curving margins of the leaves. Concrete leaf castings are beautiful, inexpensive and fun to make. You can display them as decorative garden accents, use them as a surface for holding birdseed; or as a gift for a special friend. Best of all, the casting weathers elegantly, becoming more picturesque with age.

If you enjoyed our previous leaf casting workshops or if you have wanted to, you are going to be ecstatic! We will be creating larger, sturdier castings using multiple leaves which will be suitable as a water feature or garden sculpture.

We provide a great selection of leaves and all the materials you’ll need. Your leaf casting will cure for seven days, and then, one week later, you’ll return to “unmold” your creation, clean it and paint it if you choose.

**Cost: \$35 per person. Gardening in Orange County subscribers, \$31.50 per person. You must be 18 years of age or older. Space is limited to 12 participants, so please register early to avoid disappointment.**

**Deadline for registration: June 6, 2018. Register online, or contact Jill at 845-344-1234 or jd863@cornell.edu for more information. Sorry, no refunds. If you can’t attend, please send someone in your place.**

**Please wear old clothing as you will be working with concrete.**
