

Frost Valley YMCA

Job Title: Livestock Specialist – Full Time Seasonal

Job Description:

We are looking for a livestock specialist to join our farm team at Frost Valley YMCA. This position is directly responsible for the educational programming and care of the livestock at Farm Camp. Daily responsibilities include the coordination of barn chores, development and delivery of creative livestock programming, development and implementation of specialty livestock programming, and being a positive part of the summer camp team.

Additional Responsibilities:

- Create a fun and safe environment for campers with the camp livestock.
- Design week long curriculum for hour and a half long educational activity sessions.
- Communicate and work with the Farm Property Manager on the health and well-being of livestock.
- Other duties as assigned.
