

## **Neighborhood Revitalization Coordinator**

The Neighborhood Revitalization Coordinator is involved with planning, coordination and implementation of projects in partnership with multicultural communities. The primary responsibility will be to build relationships and partner with residents, local agencies, elected officials and community stakeholders to identify areas where housing and community development solutions can intersect.

Coordinator will identify projects, such as block and community clean ups, community gardens, neighborhood outreach and engaging volunteers from within the community.

The Coordinator's role may involve asset mapping, gathering neighborhood feedback to help shape the vision for the project, relationship building, and volunteer and volunteer leader recruitment and training. Must be bilingual in Spanish.
