Cornell Cooperative Extension Onondaga County

Cornell Cooperative Extension of Onondaga County in partnership with the Town of Skaneateles and Skaneateles Lake Association present:

Informational Public Forum: Harmful Algal Blooms (HABs) & Water Quality on Skaneateles Lake

June 6, 2018 | 7:00pm-9:00pm

Skaneateles High School Auditorium
49 E. Elizabeth St., Skaneateles, NY 13152

Photo provided by Nigel Moll

Why attend?

September 2017 was the first confirmed report of a HAB on Skaneateles Lake. This forum will include:

- Updates from the Skaneateles Town Supervisor and the Skaneateles Lake Association's Action Plan
- Presentation from HABs expert Dr. Timothy Davis, Associate Professor at Bowling Green State University
- Q & A session with panelists from Onondaga County Health Department; Onondaga County Emergency Management; the Village of Skaneateles' Director of Municipal Operations; President of the Skaneateles Lake Association; GHD, the Village's water system engineer; and Dr. Timothy Davis

Who should attend?

Skaneateles Watershed residents and those looking to learn more about the water quality of Skaneateles Lake and what *you* can do to reduce exposure and threat of HABs.

Attendees are strongly encouraged to submit a question for the panel prior to the event.

Please RSVP & submit your question here: https://reg.cce.cornell.edu/HAB_231.

For questions regarding the forum please contact Shannon Fabiani, CCE Onondaga, at sf226@cornell.edu or 315-424-9485 ext 232.

Event is free and open to the public.
Support for this event comes from:
