

4-H LEGO ROBOTICS CAMP Application

Learn how to build robotic devices using LEGO EV3 and LABVIEW Software.

You will learn how to use motors, touch sensors, light sensors, gears and pulleys, and more!!!

WHEN: July 23 – 27, 2018, 8 a.m. – 11 a.m.

WHERE: Greater Plains Elementary School Cafeteria, West End Ave; Oneonta, NY.

WHO: Students entering 6th, 7th or 8th grade who want to explore technology and engineering.

There are a limited number of seats. *Do Not Delay* if interested.

COST: \$100 (all proceeds go to OHS Team 4203 operational budget)

SUPPLIES: The camp will supply all necessary materials and equipment

Application Due Date: Postmarked July 1, 2018

Camp Instructors: OHS FIRST Robotics Team 4203 and their Mentors

What Is Going To Happen: Campers will design, build and program a variety of robotic devices. Campers might work in teams of three, so this camp is intended for those who can work well with others in small groups.

Successful applicants will also be given a medical release form to fill out prior to the start of the camp.

Questions: Call Paul Agoglia at 434-0614 or email at pagoglia@stny.rr.com
