Category I
Dairy/Livestock/Field Crops

The Northwest New York Dairy, Livestock and Field Crops Program is directly affiliated with Cornell University’s Department of Animal Science and Pro-Dairy. This affiliation allows the team to provide the latest research-based knowledge regarding the dairy, livestock and field crops industries.

Programming Areas Covered:
- Dairy Production
- Farm Business Management
- Small Farms
- Crops and Soils
- Grazing

Enroll in Category I to receive:
- Information on dairy, beef, swine, sheep and field crop production
- Free farm visits and consultations by specialists
- Educational program notices
- Ag Focus, a monthly publication

Web: nwnyteam.cce.cornell.edu

Category II
Vegetables

Lake Plains Vegetable Program specialists provide up-to-date information regarding commercial upland and muck vegetable production and storage as well as information on controlling pests through an Integrated Pest Management approach. Specialists teach the latest conserving, progressive, productive and profitable management practices while also keeping producers informed of new crop variety trials and demonstrate optimum yield, quality and pest tolerance.

Programming Areas Covered:
- Fresh Market Vegetables
- Muck Vegetable Production & Post Harvesting
- Vegetable Processing
- Organic

Enroll in Category II to receive:
- Upland and muck vegetable production information
- Free farm visits and consultations by specialists
- Educational program notices
- Veg Edge newsletter (via e-mail) which will be published monthly from Jan-May and Oct-Dec (8 issues) and weekly from May-Sep (20 issues).

Web: cvp.cce.cornell.edu

Enroll in one or both categories to receive:
- Direct mailings of "emergency information" for commodities of interest to you
- Voting privileges at Cornell Cooperative Extension of Genesee County's annual meeting
