HOW IT WORKS

This passport is your ticket to discovering the 38 farms participating in the 10th Annual Open Farm Day, brought to you by the Agricultural Economic Development Program at Cornell Cooperative Extension of Madison County. On Saturday, July 28, from 10am to 4pm, we invite you to visit the farms listed in this passport and explore Madison County's fantastic array of local agricultural enterprises. All you need is an Open Farm Day passport and a cooler to bring home tasty local foods!

This passport is divided into four regions with numbered stops to clearly indicate the location of Open Farm Day participants. Open Farm Day stops can also be viewed on our mobile-enabled website at OpenFarmDayMadisonCounty.com. For your convenience, "Open Farm Day Stop Here" signs will be posted at each location for easier navigation. Each year, different farms participate, so please be sure to check out which farms are involved this year!

Farms offer a variety of activities such as tours, rides, free samples and animal interaction! To help plan your day, please read the farm descriptions. You may use the symbols at the bottom of this page as a guide to know what unique offerings each farm has. On the website, you can also search by each category (for example, animal interaction). When visiting a passport destination, present your stamp card on page 2 to receive a sticker. Collecting three or more stickers and filling out the visitor's survey on page 4 will earn you this year's prize – an insulated shopping tote! To collect your prize, simply show the farm your three stamps and turn in your completed survey. Prizes are available while supplies last. To ensure supply, we ask that each family take only one prize.

For more information on Open Farm Day and passport availability, please visit OpenFarmDayMadisonCounty.com or "Like" Open Farm Day on Facebook for the latest Open Farm Day news.

Open Farm Day Etiquette:

- Pets are not allowed on Open Farm Day farms.
- Please take only one insulated shopping tote per family
- Please do not stray on farms; stick to designated visitor areas and exercise reasonable care regarding disclosed risks
- Please follow all posted rules of conduct at specific operations and do not willfully remove, deface, alter or otherwise damage signs or other personal property

11 LOOMIS MAPLE HOMESTEAD

79 NORTH STREET, MORRISVILLE, NY 13408

Our family has produced maple syrup for over one hundred years and the tradition continues at our farm. Sap is collected from the trees with traditional buckets as well as a modern vacuum pipeline system. We recently completed an eco-friendly upgrade to our production facility, which includes a reverse osmosis system and a new evaporator, cutting our total energy consumption in half. In addition to maple syrup, we produce a variety of other maple products – candy, cream, jelly and granulated sugar. We sell homegrown beef by the half, quarter, and individual cuts, including hamburger with no additives. Come visit our sugarhouse where you can learn about making maple syrup!

20 HERMIT POND FARM

10601 MERRILL ROAD, WEST EDMESTON, NY 13485

Hermit Pond Farm is home to 50-80 cashmere goats, a dozen cats, and one aging refugee from city life. The Hermit Pond goats are almost all black, with fine, crimped fiber. They have earned a nice

collection of ribbons from cashmere goat shows, and prize-winning bucks have been purchased to enrich the bloodlines. Located in Brookfield, Hermit Pond Farm is one of the oldest cashmere goat farms in the Northeast. Come and watch the antics of the 3-month-old kids, admire the handsome bucks, hold a bottle baby, and learn a bit about these amazing animals and their fiber.

Making Healthy Living a Priority

Price Chopper Supermarkets has been a leader in the supermarket industry for 85 years, working to bring the freshest, highest quality foods to our shoppers and support the communities in which we do business. We have taken very seriously our role as both steward of the freshest food possible, and advocate for a safe, healthy food supply. Traditions, history and cutting edge resources are outlined here to offer a snapshot of our commitment to a healthy future for our communities and our children.

Home.Grown.

Price Chopper has been part of the fabric of NY agriculture for generations, with partners like Reeves Farm in Baldwinsville and Shaul Farms in Fultonville. We embrace local flavors and source local products at every opportunity. Find them throughout the store!

Community Health

Senior Nutritionist, Ellie Wilson, and our pharmacists work with public and allied health partners in many of our communities to help them become healthier places to live. We continue to add programs and services that are important to our shoppers and their health.

Organic

We offer a wide variety of organic produce, dairy and grocery items throughout the store. Find these items easily with the Organic shelf tag guiding the way.

Kids Cooking Club

The Price Chopper Kids Cooking Club with Jodie Fitz is a cooking education program designed to promote a love of food and cooking at an early age, encourage families to cook together and promote a healthier lifestyle. There are online videos, monthly newsletter with quick and easy recipes, as well as visits to schools and community events to get kids excited about preparing and eating great food!

EatingWell®

Price Chopper has been working with EatingWell® Media Group to bring our guests the information and inspiration they need to make healthy eating a way of life. EatingWell® delivers delicious recipes that meet stringent guidelines for taste and nutrition and are easily made by home cooks. All EatingWell® recipes are consistent with the recommendations of: the American Heart Association, the American Cancer Society, the American Dietetic Association, and the Dietary Guidelines for Americans.

We're Produce Proud.

We work with our farming partners to source in-season fruits and vegetables at peak freshness. From unique heirloom items to a wide range of organics to exotic, nutrient-rich varieties, we're passionate about offering you healthy, delicious choices to put on your family's table.

Gluten Free

Enjoy easy gluten free shopping at Price Chopper! Use the shelf tag to quickly find favorites and new products throughout the store and check out the Health and Wellness link at www.pricechopper.com for gluten free cooking videos, recipes, guides and articles.

Family Mealtimes Matter

Family Mealtimes Matter started in 2009 as a collaboration between Cornell Cooperative Extension of the Capital Region and Price Chopper. We develop educational materials, an outreach campaign, recipes and fun ways to help families enjoy meal and snack time together. In 2011, we added a new partner, Eat Smart New York, nutrition educators for SNAP nutrition assistance, to our efforts. Families that eat together eat better!

Roots

This year Price Chopper celebrates its 86th anniversary. Immigrant Lewis Golub started with a lunch counter and dairy store in Schenectady, NY, and then a wholesale grocery warehouse, with sons Ben and Bill working alongside him. They continually brought innovative ideas to market, including the "Grower Producer" programs that encouraged local farmers by offering to buy the best of their crop, and the Empire State Red Label program that established the egg industry in New York State. Price Chopper continues to work with our farming community in many ways.

At Price Chopper, we are very proud of our traditions, and we are excited to be on the leading edge of creating a wholesome and healthful food experience for our communities.
