

IPM for Edible Crops in Greenhouses and High Tunnels

Join us for a workshop and discussion of Integrated Pest Management for edible crops grown in greenhouses and high tunnels. Learn more about pest management, application methods of biocontrols, and how to create an IPM plan. Also hear how a local farm approaches IPM in their operation. This workshop is sponsored by Cornell Cooperative Extension, NYS IPM Program, and SARE.

Date: Thursday September 20, 2018

Location: Long Island Horticultural Research and Extension Center (LIHREC), 3059 Sound Avenue, Riverhead, NY and a farm tour at Sang Lee Farms, 25180 County Rd 48, Peconic, NY

Schedule: 3:30-4:00 PM: Registration at LIHREC, 3059 Sound Avenue, Riverhead, NY
4:00-5:45 PM: Educational sessions and dinner (provided)
5:45-6:00 PM: Travel to Sang Lee Farms, 25180 County Rd 48, Peconic, NY
6:00-7:00 PM: Farm tour, IPM Discussion
